WOULD BE A GREAT BOON

If Street Railway Work Could be Begun.

Plans for $40,000 Technical School Approved.

In the opinion of the city officials one of the greatest boons Hamilton could experience at this particular time would be a settlement of the difficulties with the street railway by which half a million dollars would be spent re-constructing the roadbed and building permanent roads on the streets where the company has its track. Although it was expected that with the approach of spring, work would open up the officials say that the situation is almost as bad as it was two months ago and they are flooded with applications from men who say it is impossible to get work. Relief Officer McMenemy had not figured but the large overdraft in the charity account yet and he says the demands for charity are still heavy. Many families, he says, who were able to get along without assistance up till now by getting credit from the grocers, expecting that they would be able to get work in the spring, will have no opportunity of saving money this year.

The deputation of school trustees who spent a week in New York, Boston, Springfield and other cities across the border, getting points on technical education, met Government Inspector Leake last night and prepared a report which will be presented to-night to the special committee dealing with the matter. The report recommends that a technical school, two storeys with a basement, 70 feet by 140 feet, and costing over $40,000, be erected on the south side of the Collegiate Institute grounds. Much valuable information is contained in the report and it is expected the committee to-night will decide to recommend to the Board of Education that the work be proceeded with.

City Engineer Barrow says that anyone doubting the filtering qualities of the sand at the Beach can get a pretty good demonstration by watching the well being sunk in connection with the new water service on the sandstrip. The water has poured in through the sand so fast that it was necessary to use a small dynamo and pump to keep the excavation clear while the well was being sunk. Mr. Barrow says it is an excellent opportunity to find out just how much water filters to the cubic foot, and he will have measurements made. The contractor who is doing the work says that he would not undertake to install the well on the north side of the canal, on account of the rocky ground, unless the work is done by day labor.

Engineer Gavey, who is assisting Engineer Sothman, the Hydro-Electric expert, in preparing the plans for Hamilton's proposed municipal lighting plant, is in the city to-day. He says the plans and specifications are about complete. This afternoon he will meet the power sub-committee at 3.30 and go into the matter with them.

The Mayor thinks it will be necessary to hold the conference with the Cataract Company on the power question on Saturday afternoon, or some morning next week. Next week is committee week, and there will be little time to take it up at night. There must be some report ready for the next Council meeting, as it is proposed to have the power question finally settled then.

Word was received here to-day that an appointment had been made at Ottawa for a deputation to meet the Government about the revetment wall on Friday at noon. Chairman Jutten and his colleagues will leave to-morrow night.

Building permits were issued to-day to P. Christopher for a brick garage building on Bay street, between York and Vine streets, to cost $1,200, and to E. W. Middleton for a brick house on Emerald street, between Barton and Birge streets, for William Waddell, to cost $2,000.

DEATHS OF A DAY.

Mrs. Wilson Passed Away This Morning, Aged 80.

Mrs. Mary Wilson, widow of Alex. Wilson, formerly of Beeton, Ont., passed away at an early hour this morning, at the residence of her son-in-law, John Dorsey, 136 Birge street, after a short illness, in her 80th year. A funeral service will be held on Thursday evening at 7.30, and the remains will be taken to Beeton for interment on Friday morning via the G. T. R.

George Thomas Andrews, eldest son of John Andrews, aged 14 years, died at his parents' residence, mountain top, to-day. The funeral will take place on Friday at 2.30 p. m.

Miss Lillian Moore, a well known young lady of this city, passed away this morning at the residence of her father, C. P. Moore, mountain top, after an illness of some duration. She was an adherent of Knox Church, and beloved by all with whom she came in contact. The funeral will take place on Saturday at 3.30 p. m. to Hamilton Cemetery.

THE GREATEST CLEARING SALE IN YEARS.

Ten Days of Great Value-Giving.

R. McKay & Co. are starting to-morrow morning a ten days' clearing sale that will eclipse anything in the matter of sale events ever atempted in Hamilton, offering to the general public merchandise of quality such as this store is noted for carrying at prices that will appeal to every woman. This sale will consist of their entire new spring importations, many of which have just arrived, marked off and passed into stock. These new and late novelties will also be found in the sale. Readers of this issue will do well by looking over the price reductions contained in their regular advertisement in this issue, and would advise early shopping to-morrow morning, the first day of the sale.

TEA TABLE GOSSIP.

—St. Andrew's Society will hold its quarterly meeting to-morrow night.

—Mrs. Wm. Mulveney and Mrs. Brock Green, 24 Wentworth street south, will not receive again this season.

—The big linen sale at the Right House is a hummer, judging by the crowds. Better get your supplies to-morrow.

—There is a decided improvement to-day in the condition of Charles Kelly, who cut his throat in the Commercial barber shop yesterday morning.

—The Women's Guild of Christ's Church, Bullock's Corners, propose having a sale of work and social on the afternoon and evening of Tuesday, May 5th, at the home of Rev. S. Bennetts.

—O. S. Clappison, of this city, a student with Dr. J. F. McDonald, has been granted his degree of D. D. S. Mr. McIntyre, a Beamsville young man, who studied here, has also passed his examinations.

—The Stoney Creek branch of the Wentworth Historical Society will hold a service on the battlefield on Sunday afternoon. The 13th and 91st Regiments have been invited. Bishop DuMoulin will officiate.

—W. H. Seymour, who was operated upon yesterday at the City Hospital for appendicitis, is reported to be improving to-day. Dr. Rennie said it was a bad case, but his patient's condition was favorable.

—Readers are reminded of the mass meeting of the Church of England Laymen's Missionary Movement, to be held in the Alexandra Rink this evening. The speakers will be Hon. A. B. Morine, K. C., of Toronto, and Mr. W. D. Gynne.

—See the latest hats in the hat window at waugh's, post office opposite; very newest, one fifty, two dollars and two fifty. See also the range of newest colored shirts at fifty and seventy-five cents; specials in black or tan half hose, two pairs twenty-five cents.

—The spinsters' convention in St. Joseph's lecture hall was presented again last evening to a large and appreciative audience. There were more laughs to the minute in this than at a comic opera, and all enjoyed it greatly. The same persons presented it last night as gave it the night before.

—Mr. J. W. Bengough, of Toronto, is the guest of Mr. and Mrs. Elmore Richards, 88 Wentworth street south. Mr. Bengough will give his recently completed dramatization of "Pickwick Papers," illustrated with sketches of the chief characters at the Dickens Fellowship entertainment at the Conservatory of Music this evening.

—To-night at Britannia Roller Rink there will be eighteen skating numbers, with band in attendance. For the remainder of the season the management has decided to run band sessions on Wednesday, Friday and Stturday of each week. On Monday, Tuesday and Thursday nights the rink will be open for the convenience of beginners.

—There was a good turnout of those interested in horticulture at this morning's session of the two-day horticultural institute under the direction of the Provincial Department of Agriculture. Two lectures were given. Prof. H. L. Hutt, of the Ontario Agricultural College, spoke on "Kitchen Gardens for the City," and Mr. Wm. Hunt, of the same college, spoke on "Flowers, Annuals and Bulbs." The closing session this afternoon is also well attended.

THE BIG LINEN SALE.

Interest at Fever Heat at Right House To-day—Thousands of Bargains.

Scores and scores of people have been busy all to-day around The Right House linen counters, taking advantage of the wonderful bargain chances of the Thomas C. Watkins' gigantic sale of household linens, sheetings and pillow cottons.

Many exclamations of appreciation were heard on every side. One woman who had purchased seventy dollars' worth of linens and sheetings said: "These are by all odds the greatest bargains I ever saw. I don't see how they can offer so much better values than anyone else. Why ordinary Right House values would be bargains anywhere else. These bargains are simply wonderful."

The Right House advertisement in this paper gives further details of this big sale. Every housekeeper in Hamilton and vicinity should read it and profit by the astounding savings that the reductions present.

Children's Hair.

The seeds of disease of the scalp are often sown in early childhood, either by neglect of cleanliness or by harsh treatment. Let us take care of your children's hair. Hennessey's beauty parlors, 'phone 2581, 7 King street east.

House Cleaning Necessities.

If you are in need of a brush, broom, tub, pail, carpet beater, etc., we have it, or will gladly get it for you. In house-cleaning soaps we have Brook's Monkey Brand, Pride of the Kitchen, Sapolio, H. H. Carpet, Shinon, Fairbank's Scouring, Old Dutch, Which, Gold Dust, Silver Dust, Pearline, 1776. Liquid veneer for polishing furniture. Peebles, Hobson & Co., Limited.

WILL CITY GET NEW RAILWAY SYSTEM?

(Continued from page 1.)

if he can prevent it unless the company under the new agreement is able to breathe more freely than in the past. The company, he said, proposed giving the city the best service it could under the circumstances, if a settlement was not reached.

Mayor is Confident.

Mayor Stewart to-day took a very cheerful view of the situation, and could not conceive that the company would decline the city's offer to guarantee the bonds. "I take a very strong stand on the ground of concessions," he said. "The whole trouble with the company in the past is that it has not been able to finance improvements. I believe that to be true. Our offer will get over this difficulty. The company has stated before that it would improve the system if the city would guarantee the bonds. Why should it come to us now asking for concessions when it is making more money than it was making two years ago."

It will be necessary to submit a by-law to the people if the city's offer is accepted. The Mayor says this would be as much to guard the company's interests as it would to get an expression of opinion from the ratepayers. Colonel Gibson, he says, told the aldermen that if the council endorsed an arrangement that was satisfactory to the company he would take a chance on getting legislation legalizing it, and begin the work of reconstruction at once. The Mayor has no doubt that the people will endorse the proposition to guarantee the company's bonds. The city would have to get a special act of Parliament passed legalizing it.

Old Rails for Extensions.

Colonel Gibson's objection to the company building extensions at present under this arrangement may be overcome by a suggestion from the Mayor that the best of the old rails that would be taken up could be used for the extension work. Many of these rails, the Mayor thinks, are as good as new. The people on the outskirts, he thinks would be quite satisfied to get a fairly good service without demanding new roadbed and ninety pound rails.

If a settlement is made the Mayor would ask to have the company establish a sinking fund, which would necessitate its putting aside each year $65,000 to pay off the interest and bonds. The $500,000, he says, should be put in trust and paid out after each piece of work had been certified to by the city officials and the aldermen.

THE WEATHER.

FORECASTS.—Fresh west to north-west winds; a few light scattered showers, but mostly fair and cool. Thursday, moderate winds; fair; not much change in temperature.

Pressure is still comparatively low from the lake region to the Maritime Provinces, and it is now higher in the Western States. Rain has fallen heavily in the Maritime Provinces, and showers have been general in Ontario and Quebec. In the western provinces the weather has been mostly fair and cold.

Washington, April 29.—Forecasts:

Eastern States and Northern New York: Partly cloudy to-night and Thursday; possibly local rains to-night; light to fresh west winds, becoming variable.

Western New York: Local rains to-night. Thursday, partly cloudy; slightly rising temperature.

Lakes Ontario and Erie: Fresh winds, mostly west; partly cloudy to-night and Thursday; probably light rain to-night on Ontario.

THIS DATE LAST YEAR.

Variable winds and showery; cooler; northwesterly winds by night.

LOOKS GOOD.

Our attention was attracted to a fine specimen of silver-lead ore in A. M. Cunningham's art window. It is Mexican ore just brought from the mines of the Sorora Mining Co., Ltd., by Robert Christie, of Owen Sound, the President of the Company, who is at present at the Royal.

Fabulous stories have reached Hamilton from time to time of the wealth of Mexican mines where silver ores, such as this sample, are found in immense ledges of enormous depth and the Sonora Mining Co. bids fair to rival in productiveness the greatest of these mines.

R. A. Thompson, M. P. P., of Lynden, and E. Morwick are the local directors of the company.

—Mrs. John W. Howell, 126 Markland street, will not receive again this season.

To Contractors

Tenders will be received at the office of R. H. Foster, secretary of Board of Education, for the several works required for the alterations and additions to the Picton Street School, until 5 o'clock of the 6th day of May, 1908.

Each tender must be accompanied by a certified cheque made payable to the Board of Education, of the City of Hamilton, for at least 10% of the amount of tender. This cheque to be forfeited in case contractor fails to sign contract when called upon to do so.

Lowest or any tender not necessarily accepted.

Plans and specifications may be seen at the office of Stewart & Witton, architects, Hamilton Provident & Loan Building.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p. m., for dredging required at the following places in the Province of Ontario:—
Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Elgin, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.
Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.
Combined specifications and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.
An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000), must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.
The Department does not bind itself to accept the lowest or any tender.
By order
FRED GELINAS, Secretary.
Department of Public Works,
Ottawa, April 23, 1908.
