WINGHAM has a corporation baby. One night recently it was left at the door of a respectable merchant of that town. So far it appears to be "nobody's child."

ADVICE TO FARMERS.—Bring your butter and eggs to James Armstrong's, and secure your Tea for the harvest. He is selling 3 lbs. of good tea for $1.00.

AFTER to-day the Misses Armstrong's dress and mantle making establishment will occupy the rooms over Mr. D. Hamilton's store. Ladies, please take note.

THE Red Stockings of Listowel scored another victory on Wednesday, at Galt, defeating the Mutuals of that town by one run. Red Stockings 16; Mutuals 15.

GENTS! GENTS! If you want a perfect fitting suit of clothes leave your order at Climie, Hay & Co.; a large stock of English, Scotch and Canadian tweeds to select from.

The estate of J. C. Ayer, who died at Winchendon on Thursday night, is probably worth from $15,000,000 to $20,000,000. He was a persistent advertiser in the leading newspapers.

Berlin News publishes "verses" of Scripture among its "news" items. News man need't think that because he never saw these verses before they must needs be news to his readers.

On the Twelfth the Great Western Railway conveyed upwards of 5,000 passengers to and from London, and so perfect were the arrangements that this large crowd was handled without any inconvience.

Parties intending travelling in Canada or United States will be cheerfully furnished with information as to the best rates and routes by calling on John Livingstone, Jr., down town ticket agent, Great Western Railway.

ONE day last week, Mr. Dennys, baker, met with a painful accident through a fall while in a dark cellar. He cut his knee cap so severely that surgical aid was found necessary. Fortunately the wound is healing fast.

AN Internationional base ball championship match takes place at Woodstock to-day (Friday) between the Worcesters of Worcester, Mass., and the Tecumsehs of London. The P.D.&L.H.R.offer reduced rates. Return tickets from Listowel 55 cts.

A BAND tournament is on the tapis in Mitchell. It will probably take place in September. The Listowel band should enter the competition. Their chances of carrying off some of the honors are good if the awards are distributed according to merit.

DOWN THE ST. LAWRENCE.—One of the cheapest and most attractive pleasure excursions offered this season is that of the Richlieu & Ontario Navigation Co. Their fine steamboats leave Hamilton and Toronto daily for the Lower St. Lawrence, passing through the beautiful and romantic lake of the Thousand Islands and the St. Lawrence rapids by daylight. Through tickets for this inviting trip can be obtained at Livingstone's Drug store.

JUDGE LIZARS held the Court of Revision for appeals against the Listowel and Elma 1877 Voters' Lists on the 12th inst. Out of 33 appeals filed by the Reformers of Listowel only three were sustained, and two of those (Thomas and Adam Davidson) were merely changed from 'owners' and assessed as 'farmer's sons.' One vote is rather a small recompense for so much trouble. We are yet without the official figures of the Elma lists, but so far as we have ascertained, the Conservatives have gained a few votes through the appeals made by both parties in that township.

UP THE LAKES.—Whither shall we go from this oppressive heat? is the oft repeated question just now. Take a trip up the lakes by one of the North-West Transportation Co.'s magnificent boats. This route is cool, cheap and highly picturesque. The scenery in the neighborhood of Prince Arthur's Landing, Fort William, Kakabaca Falls and Sault Ste. Marie is grand in the extreme. The trip from Listowel up and back would occupy about ten days. John Livingstone jr. is agent for the Beatty line, from whom through tickets at reduced rates can be procured.

FOR heat intense and continuous the past twenty days are perhaps without a parallel in Canadian meteorological annals. Day after day the thermometer has stood among the nineties, and on Wednesday, which was thought to have reached the climax, over 100 deg. of heat were registered in different parts of the Province. While the number of sunstrokes in Canada is comparatively small a great deal of sickness has been engendered. The effect of the heat in some of the large cities of the United States is terrific. In one day alone (Monday) no less than 150 cases of sunstroke were recorded, between forty and fifty of which proved fatal.

Farmers purchasing teas, sugars, currants, etc., in quantities during harvest, will have special inducements at Alex. Morrow's west end store.

Junior B. B. Match.

Championship matches are the order of the day. On Friday last the "junion championship" of Listowel was decided between the Beavers and the Canadians, two rising town clubs. The "lightning curves" of "Prof. Poole" and other equally astonishing feats, "put a head on" the Canadians, and gave victory to the Beavers, by a score of 20 to 18.

Band Uniform.

Our boys are in possession of their new uniforms, which give them quite a military bearing and a very much improved appearance when they are donned. The suit consists of a navy blue military tunic, with slashed skirts and cuffs, the latter trimmed with white braid; also white belts and shoulder straps. The caps are after the American military pattern; their color is dark blue turned out with white. Pants are dark with white stripes down the sides. They were furnished by Messrs. Hay & Burt, and were designed, cut and made at Mr. Clark's tailoring establishment.

Der Perth Volksfreund.

The initial number of this new German paper made its appearance on Friday, 12th inst. It is a well got up, neatly printed 32 column sheet, containing a large amaunt of reading matter. The prospectus sets forth the object of the paper, which is to promote and educate the Germans of this and neighboring counties in political, social and literary topics. Such a journal published in the German language, has been very much needed, and now that it is obtainable we trust our Teutonic friends in this section will evince their appreciation of Mr. Scherer's efforts in their behalf and subscribe for the *Volksfreund* at once.

A Loyal Orangeman.

Although the Orangemen as a body celebrated the anniversary of the Battle of the Boyne elsewhere, yet this town was not wholly without a demonstration. Mr. James Bailie of Wallace boundary, having missed the excursion train to Brussels determined to have a "walk," even though he was alone, and like the old woman who went to the battle of Bellnamuck armed with a bisson to show what side she was on, so to the pleasure of himself and the delight of widows and old maids—it may be presumed, as he is a bachelor—he paraded the streets, his person ornamented with a loyal display of ribbons, mottoes and insignia, the latter indicating his connection with the Orange fraternity in "Old Ireland." Jimmie had a grand celebration all of his own.

The New Flouring Mill.

Messrs. Moyer & Brick's mill is nearly completed, and will be ready for operation in a few weeks. The building is a solid looking three-story brick, and although not of the most extensive proportions, it will be amply large to meet the requirements of a general gristing mill. Its capacity is adapted for three run of stones, which, together with a portion of the mill machinery, have arrived and are being placed in position. Mr. J. Beck of Baden, is contractor for the corliss engine which is to supply the motive power. The greater part of the machinery, shafting, etc., also comes from the Baben manufactory. Messrs. Moyer & Brick expect to commence running about the middle of August. No doubt their enterprise will be very beneficial to the farmers in this neighborhood. May success attend their creditable undertaking.

Merchants and Hotel-keepers.

The most amusing game of the season was the base ball match played on Tuesday between nine selected from the stores in town and an equal number of hotel and ex-hotel keepers. The gorgeous fielding, marvellous batting and superb handling of the ball by a majority of the players were altogether astonishing to ordinary base ballists. The game should have been witnessed to be fully appreciated. It would be invidious to attempt a description of the herculean efforts made to control the ball. We subjoin the score, and let is speak for itself.

New Block of Buildings.

Mr. John Hall, architect, has just completed the plans for a handsome block of two stores to be erected in Listowel on Main street, for Mr. J. C. McLagan of Guelph, which when finished will compare favorably with the finest buildings to be found in our largest cities, and at once an additional ornament to our enterprising town, and a credit to their proprietor. The building will be of white brick, with Guelph cut stone sills, lintels, key stones, etc., three stories high; the ceilings being: cellarage 7 ft.; ground floor, 14 ft. 6in.; second floor, 12 ft.; and third floor 15 ft. Frontage will be iron and glass on ground floor, and rest upward in handsome figured design. All modern improvements have been taken advantage of. The second floor will be fitted for offices and the third floor for a magnificent hall. We understand that the Masonic fraternity of Listowel are likely to have the latter specially fitted up for the purposes of a lodge room.

How he was "taken in."

Rather a good joke is going the rounds at the expense of a certain whiskey detective, who resides not a hundred miles from this town, and who has gained a somewhat unenviable reputation for intermeddling in other people's affairs. It appears that a certain individual of the Teutonic race, who was not over-exact as to how he obtained money, called one day at the inspector's place of business and stated that he knew of the existence of an illicit still, and that in consideration of five dollars, would direct him to the place. The money was paid, and Mr. Detective hitched up his nag, and all alone soon arrived at the place indicated, where he found a middle-aged woman engaged in spinning. Upon introducing himself and asking her if she did not know of the existence of a whiskey-making apparatus on the premises, she answered in the affirmative, but intimated in broken English that she would not tell of its whereabouts unless she got two dollars for doing so. This sum was handed out, and the official was shown to a trap door leading to a cellar, down which he descended, but soon found himself enveloped in total darkness and immersed in water. Notwithstanding his entreaties to be let out, he had to remain until noon, when some of the men about the premises appeared upon the scene and threatened to prosecute him as a thief, but upon his promising to say no more about the matter, he was let go. He returned home moralizing on liberty and free trade.—*Ex.*

PALMERSTON.

I. O. O. F.—Rev. W. Ayers, of Windsor, Ont., preached a sermon to the Oddfellows in the C. M. Church on Sunday last, 15th inst. The Oddfellows turned out in full regalia and made a very respectable appearance. The order is very strong in this town; their number is now 71, and new members are coming in every week. The Rev. W. Ayers, and the Rev. Mr. Cameron, Presbyterian minister here, occupied the pulpit. Both are members of the Order. The large church was filled to overflowing, and at the close of the service a collection was taken up in aid of the widows and orphans fund.

BUILDING.—Mr. M. C. Potts has let the contract of his brick store on Main street; the building is to be 24x54 ft. and 27 ft. high, with iron roof. Mr. Adam Thom has commenced the work on his brick block, consisting of two stores with dwellings above. The building will be 40x40 ft., two stories in height, and stone cellar the full size of the building. A. Campbell, Esq., has commenced the erection of a large brick building on William street, near the corner of Main street; part of this building will be used as a bank.

RAILWAY BONUS.—The by-law granting a bonus of $15,000 to the Stratford and Huron Railway, will be voted on on Friday, 19th inst., and no doubt will be carried by a large majority. The by-law granting a bonus to the same road was carried last Saturday in Harriston, for $20,000; the majority was 92.—COM.

WALLACE.
