**A NEW DEPARTURE.**
Revolution in Incandescent Electric Lighting. The new Low Tension Alternating Compensater System, brought out for the first time by the
TORONTO ELECTRIC LIGHT COMPANY
the pioneers of electric lighting in the city.
This system uses a current of 300 volts and supplies lamps at a pressure of only 45 volts, which strength is admitted by experts to be
PERFECTLY HARMLESS.
Preliminary experiments are a grand success, and machinery is now in process of construction. The district within half a mile from the corner of King and Yonge-sts. will be first covered.
MAKE NO CONTRACTS
for incandescent lighting till you see the new system. Ten candle power lamps for less than
HALF A CENT AN HOUR.
Lamps and fixtures put in by the Woodward Company will be exchanged if desired for the new lights, without cost to the consumer. 6

CATARRH THROAT OR LUNG STANDING PERMANENTLY CURED.
Listen to W. H. Storey, of W. H. Storey & Son, piano manufacturers, Acton, Ont., also President Manufacturers' Association of Canada.
DR. WASHINGTON, 78 McCaul-street, Toronto.
DEAR SIR,—I assure you I feel grateful for the radical cure you have effected in my throat trouble and, though I dislike having my name appear in connection with the testimonial business, yet having regard for those who are similarly affected, as well as having a desire to recognise the results of your treatment, I make a departure in this case. Prior to my acquaintance with you I had suffered for two years from repeated attacks of catarrhal sore throat, each succeeding attack being more prolonged and violent than the former. At times I had violent fits of coughing and would discharge large quantities of mucus. Feeling alarmed, I sought the best medical skill available, including a much noted Specialist, and took almost everything known to medicine without experiencing a particle of relief. Last spring I went to Europe. The change did me good, but on my return the old trouble was renewed. Seeing you advertised to visit this place I thought I would consult you, although I confess with not much hope of receiving any benefit. However, I was favorably impressed with your candor and resolved to give your treatment a trial. The result, I am happy to inform you, is a complete cure, and one so marked in its character as to surprise both myself and my friends. From the first your medicine seemed adapted to my case and gave relief. In two months I was entirely well, and so continued during the most unfavorable season of the year. You are at liberty to make what use you please of this letter and I shall be pleased to answer any enquiries relative to my case. Yours very truly,
Acton, Jan. 19, 1887. W. H. STOREY. 246

CRYSTAL
**CARBON LIGHT**
A system of increasing the illuminating power of gas by the use of a cheap, solid hydro-carbon, whereby a dull flickering flame is rendered intensely white and steady. It affords the means of saving one-half the consumption of gas, besides giving a better light than the common burner.
The lamp is a cheap and ornamental gas fixture, is simple in operation, and cannot get out of order, and is specially adapted for
Lighting Churches, Halls, Stores, Stations, Streets and Private Houses.
