Efforts are about to be made to grow the tea plant in the states of Georgia and Alabama, and it is contended, by writers for the press, that tea can be cured in America by a process which will render it purer and more wholesome than that imported from China.

The steamboat Wyandotte was wrecked a few miles above Vicksburgh, on the 21st ult., by which sad disaster thirty lives were lost.

The High Bridge at Harlæm, New York, which has occupied nine years in building, is now completed, and the Croton water let through the coffer dam.

The prospect of acquiring abundance of gold in California, continues a prominent subject of information in the columns of every newspaper in the union.

FANNY KEMBLE BUTLER.—The Fanny Kemble Butler divorce case, says a Baltimore paper, attracts much attention in this city, as it doubtless will throughout the country. At the time they married, it was thought by all to be an ill assorted match, and, if her statement is to be relied upon, it has truly proved so. In reading her statements, it will strike every one with surprise, that the most spirited personator of Catharine, on the stage, should have found a Petruchio, in real life.—The Boston papers of the 4th instant give the conclusion of the pleadings in this case, at Philadelphia. Two or three weeks, it is expected, will elapse before the decision of the Court is given. The general opinion in Philadelphia is said to be that the case will be decided against Mr. Butler.

The ship *Memnon*, which sailed from New York on the 6th November, arrived at Liverpool in the remarkable passage of *fourteen days and seven hours*—beating many vessels which left thirty days before her.

THE BOOK OF COMMON PRAYER.—King Edward VI., in the year 1548, issued a commission, consisting of thirteen English divines, with Archbishop Cranmer at their head, for the purpose of preparing a book of Common Prayer. The commission met at Windsor in 1548, and drew up a Book of Common Prayer, which was approved by Convocation, and finally ratified by an act of parliament in the January following. This book, which is substantially the same as our present Common Prayer Book, was enjoined to be used for all Divine offices from the Feast of Whitsunday, 1549. The Bishop of Gibraltar has proposed, in a letter to the Archbishop of Canterbury, that this 300th anniversary should be specially observed as a day of thanksgiving and jubilee in our churches throughout the whole extent of the British empire, on Whitsunday, 1849.—*The Churchman's Almanack.*

At the Liverpool Police court, on the 10th inst., a shipmaster was fined £50 for having offered a bribe of a sovereign to a customhouse officer, in order to induce him not to inform of some cigars and tobacco that were concealed in a drawer in the ship's cabin; and an additional penalty of £5 was inflicted for the attempt to smuggle the tobacco.

The copying telegraph has been tried from London to Slough; it is calculated it will transmit 400 letters per minute with a single wire.

A golden bracelet, of the intrinsic worth of about £20, which is thought to have been deposited at the time of the conflict between the Romans and the sons of the British king Cunobelin, was lately found by a ploughman on the estates of Mr. R. Fox, near Wendover, Bucks, and is to be presented to the British Museum.

Wistar's Balsam of Wild Cherry at Home.

We have not unfrequently called attention to this article in the columns of our paper, and we have done so with the full confidence that it was a good one, and deserving the patronage of the public. We have had a chance to witness its effects upon some of our friends, which in addition to the high encomiums passed upon it by our brethren of the press, not in paid puffs, but in *honest, candid sentiments, from having no other benefit themselves*, makes us desirous of *advising* all those on the occasion to resort to a *remedy for pulmonary affections, to avail themselves of it.* We have too much confidence in Mr. Fowle, the general agent, to believe he would thrust *this* or any *other medicine* upon the community, unless he had *full faith* in its efficacy—in confirmation of which the *proprietor offers a mass of testimony from the most unquestionable sources.*—Neither would we be understood as saying that this will *always cure consumption after it is seated*, although it *seldom fails to relieve the worst cases*—but at this season of the year almost every body is liable to a cold, which, if neglected, will lead to fatal results—by *taking this medicine* we doubt not many lives may be saved.

HALSEY'S FOREST WINE.

Mr. David Marvin, a celebrated practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of Sarsaparilla.—Messrs. S. S. Lampman & Co., the largest and most respectable Druggists in Syracuse, in a letter, say:—"From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good medicine, and will, undoubtedly, become the leading medicine of the day." Dr. Mott, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his patients. Sold by H. G. KINNEAR, St. John.—[*See Advertisement in another column.*]

To intending EMIGRANTS from New-Brunswick!

THE CANADA COMPANY would submit to the serious consideration of all parties who may contemplate leaving New-Brunswick, whether the Western section of Canada, (formerly the Province of Upper Canada,) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, the soil very fertile, and abundance of excellent Lands, to be obtained upon easy terms, from the Government and the Canada Company. The great success which has attended settlement in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country; and is also shown by the success of many natives of New Brunswick and Nova-Scotia, who have settled in many Townships of the Country; and the individual progress made by several thousands of people, who have taken Lands from the Company, corroborates the success which has attended settlement in Upper Canada.

The Canada Company's LANDS are offered by way of LEASE for *Ten Years*; or for SALE, CASH DOWN. *The plan of 15th Cash, and Balance in Instalments, being done away with.*

The Rents payable 1st February each Year, are about the Interest, at Six per Cent., upon the Cash Price of the Land. Upon most of the Lots, when Leased, NO MONEY IS REQUIRED DOWN; whilst upon the others, *according to locality, One, Two, or Three Years' Rent* must be paid in *advance*, but these payments will *free* the Settler from *further* Calls, until the Second, Third, or Fourth Year of his Term of Lease.

The Settler has secured to him the *right* of converting his *Lease* into a *Freehold*, and of course, *stopping payment* of further Rents, before the expiration of the Term, upon paying the purchase of Money specified in the Lease.

The Lessee has thus *guaranteed* to *him* the *entire benefit* of his *Improvements* and *increased value* of the Land he occupies, should he wish to purchase. But he may, if he pleases, refuse to call for the Freehold: the *option* being *completely* with the *Settler.*

A Discount, after the rate of Two per Cent., will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year.—The Lessee has also secured to him the benefit of the SETTLERS' SAVINGS' BANK ACCOUNT.

☞ The Canada Company have published "*A Catechism of Information for intending Emigrants of all classes to Upper Canada*": copies of which, as well as further information, may be obtained *gratuitously*, by applying at the Office of G. BLATCH, Esq., Barrister at Law, Prince William Street, St. John, N. B.
