The reason why the surgeons of the International Throat and Lung institute, 173 Church street, Toronto, are making so many wonderful cures of catarrh, catarrhal deafness, bronchitis, asthma and consumption are: They have none but skilled and qualified medical men connected with the institute. They adhere strictly to their specialty and they use the spirometer invented by M. Souvielle, ex-aide surgeon of the French army, an instrument which conveys the medicines in the form of cold inhalations to the parts diseased, which is the only way these diseases can be cured. They are treating hundreds of patients every month, having twelve surgeons engaged in their work in Canada alone. Send a three-cent stamp for a copy of their International News, published monthly at 173 Church street, Toronto. e-d

A Quartz Thief.

A rather laughable incident occurred on last Saturday morning on King street east. The Toronto mining bourse has for the last two days displayed at their door a block of quartz taken from the Keewatin district and which is very rich in sulphurets as well as in gold, and many persons have mistaken the glitter of the former for that of the latter. One of these individuals desiring to become rich too suddenly made a bold dash for the piece of rock, expecting to run away with it and extract the gold, but fortunately, or unfortunately for him, finding it weighed about a dozen times more than he anticipated he suddenly dropped it after carrying it about fifty feet and took to his heels. He was not pursued but the incident caused a good deal of amusement. The block was replaced and is attracting much attention.

OVER THE DON.

Ald. Leslie, J. P., held a magistrate's court on Friday evening at the Leslieville hotel. Edwin Robertson was charged with malicious damage to the property of Joseph Redford at Mill road, Riverside. The parties are neighbors and they had a dispute about a pump to end which Robinson was accused of damaging an out building. The case was proved and the worthy alderman fined defendant $2 and costs and 75c amount of damages.

The members of the York township council meet in their new hall at Eglinton to-day for the transaction of business when the newly appointed road commissioners will be sworn into office. The pipes for the water source have been delivered along the Kingston road as far as Leslieville. They will be laid down at once.

A large quantity of material has been laid at the foot of McGee street for the purpose of commencing work for the drainage of the street. Residents of Saulter street seem dissatisfied that their sewer was not commenced first, as it was first passed in the city council to be done.

Mr. J. W. Potter, secretary of the board of Riverside school trustees, forwarded on Saturday to the secretary of the bureau of industry the names of persons owning over five acres of land in school section No. 10, York, and how cultivated, whether as farms, market gardens or otherwise, for the purpose of information for agricultural statistics for the ensuing report.

The members of the Riverside fire brigade, held their monthly meeting on Friday evening. They elected three trustees, in whom they vested the property of the brigade, and also unanimously resolved to apply to the county judge for incorporation.

Thomas and John Crozier of Riverside, are in no way related or connected with the man Crozier, implicated in the burglary in the west end of the city. They have been annoyed by enquiries.

Yesterday afternoon two of the local sports amused themselves driving around the streets furously in a covered buggy. They were under the influence of liquor and came to grief on trying to turn the corner of Matilda street and Mill street, smashing the two hind wheels of the buggy, one of which rolled down the banks of the Don. The vehicle is completely smashed. A magistrate will investigate the matter.

The Quickest Thing on Record

Is Kram's Fluid Lightning for Neuralgia, Headache, Toothache, etc. It does not blister or discolor the skin; requires but one application to banish all pain magically without using any greasy liniment or carrying your head in a poultice for weeks. Try a twenty-five cent bottle from the druggist.

The Princess Louise and Lord Lorne.

From the London World.

Some of the papers announce that her royal highness the Princess Louise and the Marquis of Lorne will reside, on their return from Canada, at Dornden, "a place which they have purchased near Tunbridge Wells." The Princess and Lord Lorne bought Dornden shortly after their marriage, and frequently resided there for several years; but when they went to Canada they resolved to get rid of the place, and after having been in the market for a considerable period, it has lately been sold to a Liverpool merchant. Princess Louise and Lorn Lorne will probably have the use of Roseneath, the Duke of Argyll's beautiful place on the Gareloch, as a country residence. They will go to Italy for the winter directly after their return from Canada. All rumours respecting Lord Lorne's successor at Ottawa are speculative and premature.

Calvert's Carbolic Cerate.

The finest healing compound under the sun. There is no sore but will succumb to its wonderful healing propensities. It is an invaluable dressing for Cuts, Burns, Bruises, Pimples, Scalds, Boils, Festerings, etc. Price twenty-five cents at the Drug Store.

Mollie Matches' Present Amusement.

Possibly there is no thief better known to the police of Canada than the celebrated Mollie Matches. His skill as a burglar is known all over the United States and this country, and his face has graced several penitentiaries. He is now handling a mallet and chisel in the marble works of the Joliet (Ill.) prison. Matches is booked for fifteen years as a guest of the state of Illinois for a little bank robbery in which he was the leading figure, at Galesburg, about a year ago. Being quite a philosopher, says a correspondent, Mollie bides his time, and doesn't expect to stay so long against his will, if he can, through the governor or in any other manner, find his way to liberty and his old tricks. There is no shrewder man in Joliet than this same Mollie Matches.

In the cure of severe coughs, weak lungs, spitting of blood, and the early stages of consumption, Dr. Pierce's "Golden Medical Discovery" has astonished the medical faculty. While it cures the severest coughs, it strengthens the system and purifies the blood. By druggists.

The Mail Once More.

An abusive letter having appeared in the Mail reflecting upon the Rev. Mr. Robertson, superintendent of missions in the Northwest, the home missions committee of the church passed a very strong resolution at its meeting on Wednesday, sustaining Mr. Robertson and complimenting him on his work in the Northwest.—Brantford Expositor.

Robert Munroe, engine-driver between Kincardine and Hamilton, says: "It was impossible for any person to be a worse subject of Dyspepsia and a greater sufferer than I was. I often had to lie down in the caboose, and actually thought I would die before I reached my destination. I purchased a bottle of McGregor's Speedy Cure, and it cured me." Free trial bottles at Dung Store. Regular size, fifty cents and one dollar.

"SPECIALISTS."

Mr. Wesley Bullen, merchant, Front street Belleville, Ont., says: "I was affected with nasal Catarrh for fifteen years, and after using Dr. M. Souvielle's Nasal Spirometer and medicines, am entirely cured. I can recommend any one troubled with the above named disease to try his wonderful cure. It will cure the worst cases of Catarrh."

Respect'ully yours
WESLEY BULLEN.

THE INTERNATIONAL THROAT AND LUNG Institute is the only one in Canada where diseases of the air passages alone are treated. We have twelve eminent specialists employed in our practice in Canada alone. With the aid of Dr. M. Souvielle's invention, the Spirometer, and the new treatments we adopt, we are making wonderful cures of Catarrh, Catarrhal Deafness, Bronchitis, Asthma, Consumption, and all diseases of the head, throat and lungs. Consultations and a trial of Spirometer free. Those unable to come to the Institute, or see our surgeons, who visit all the principal towns and cities of Canada, can be successfully treated by writing, enclosing a stamp for a copy of our *International Times*, published monthly, which will give you full particulars and references, which are genuine.

Address 173 Church Street, Toronto, or 15 Philips Square, Montreal.
