ABDOMINAL SUPPORTERS, TRUSSES, INHALING TUBES, &C.

M. HERBERT is now manufacturing ABDOMINAL SUPPORTERS on the latest and most improved principles. It has been asserted by a Medical Gentleman of the largest experience in Pulmonary Complaints, that one third of the cases of Pulmonary Consumption, with a host of other diseases, originate in the falling of the bowels caused by the relaxation of the Abdominal Muscles, such as:—Weakness and Loss of Voice and Disease of the Air-pipes, Short Breath and Wheezing Breathing, Palpitation of the Heart, Sinking feelings, and All Gone at the Pit of the Stomach, Diseases of the Liver, Breaking away of the Bowels themselves, Piles, Gravel, Pain and Weakness, threatening Disease of the Spine, Swelling of the Lower Extremities, with various diseases peculiar to Ladies, &c. &c.

The greatest number of these diseases cannot be cured *without*, but in general may be cured *with*, abdominal support, &c.,—which aid the above *Supporters* are pre-eminently calculated to afford.

M. HERBERT's Abdominal Supporters have been inspected by most of the Medical Gentlemen of Halifax, and there highly approved of by all who examined them. They weigh but a few ounces—allow the most unrestrained action of the body—whilst the only feeling produced by them is that of support and comfort.

M. Herbert is also manufacturing RUPTURE TRUSSES, which are constructed on principles the most modern and improved.

He will also keep on hand VALVULAR INHALING TUBES. These instruments are valuable auxiliaries to the Braces and Supporters, for all Contractions of the Chest—flat chest, stooping chest, pains in the chest; in cases of Cough; in all cases after Pleurisy or Inflammation of the Lungs; in all cases of Asthma; in all cases of Loss of Voice, Weak Voice, Hoarseness and Weak Throat; in all cases where the Breast-bone or Ribs contract or fall down upon the Heart, and prevent its free action; in all cases of Shortness of Breath, and when the chest does not expand well; in the cases of all persons who are in any way predisposed to diseased Lungs by family taint, or long sickness or confinement in bed; in many cases of Dyspepsia, &c. &c. &c.

All the above with Herbert's Ladies', Gentlemen's, and Children's CHEST EXPANDING BRACES, are for sale wholesale and retail at M. *Herbert's* ESTABLISHMENT, No. 6 *Argyle Street*.

ELASTIC CHEST EXPANDING STAYS.

HERBERT'S ORIGINAL MANUFACTURE.

THE very favourable manner in which the CHEST EXPANDING BRACES, manufactured by the SUBSCRIBER have been received, and the benefit many persons have stated they have derived from their use, has induced him to give much attention to remove one inconvenience occasionally alleged by Ladies to the Braces, that they were insufficient to make their dresses sit well, and he now offers the CHEST EXPANDING STAYS as an article well calculated to remove this objection altogether. They embrace all that is essential in stays to make the Dress sit well, with expansion of the Chest and support of the Spine.

The attention of *Ladies* is respectfully invited to the above.

City Items.

The Season continues open and unusually mild—propitious for the poor and needy. Coal is now selling not very briskly at 25s.—Wood from 12s to 14s. per cord.

Febrile diseases, we regret to say, are rather upon the increase, and, on the whole, the sanitory state of the City is not altogether satisfactory.

Country Produce, Poultry of all kinds in particular, though not superabundant, is nevertheless, selling at reasonable rates. The increasingly heavy state of the Roads, however, must, unless frost supervene, necessarily create a comparative advance of price.—*Sun.*

The Hon. Mr. Bell, Lectured on Thursday evening before the Athenaeum.

We would remind our Agents that early remittances, in as large sums at one time as possible, are necessary, and are particularly requested, to enable us to meet our weekly liabilities with punctuality.

REMEMBER

The only original and genuine WISTAR'S BALSAM OF WILD CHERRY, was introduced in the year 1838, and has been well tested in all the complaints for which it is recommended. For ten years it has proved more efficacious as a Remedy for Coughs, Colds, Influenza, Bronchitis, Asthma and Consumption in its incipient stages, than any other medicine.

SETH W. FOWLE, Druggist, Nos. 138 Washington street, Boston, Mass., U. S., proprietor of the original receipt for the manufacture of the genuine medicine, and supplies bodies at wholesale and retail, and of whom it may be exclusively obtained.

Dr. Wm. A. Shew says, "I wish heartily success to your medicine. I consider every case of most of the fatal symptoms of pulmonary disease a direct tribute to suffering humanity; and so hopeless are these cases generally that, physicians are always justified in using any remedy which has actually benefitted others. One thing is certain: the public always have a guaranty that patent medicines will generally be continued only just so long as they are well prepared and continue to relieve or cure."

In a more recent letter he says—"As Wistar's Balsam of Wild Cherry is the only patent medicine to which I have ever given any public recommendation, I shall not be suspected by the candid of giving rash or precipitate testimony as to what I have seen and heard of its effects."

If genuine, signed I. BUTTS.
