The ladies have decided to build a nurses' home at a cost of about $1,700, and will call upon the citizens for assistance in their undertaking. The next meeting will be held Tuesday, April 6th, at half-past three.

NEW WALL MAP OF ONTARIO.

A new and most convenient up-to-date map of the Province of Ontario has just been announced by The Westminster Co. The map is carefully mounted on linen with rollers, printed in colors, showing counties, towns, townships, postoffices, railroads, distances, populations of towns, cities and electoral districts, and is altogether the most satisfactory map of the province yet published. The Westminster Co., Toronto, with commendable enterprise, offer this $3.00 map and a full year's subscription to The Westminster for $2.00, and agree to prepay express charges on the map to any address in Canada. This is an investment as safe as Government bonds and one that will yield better dividends than many a gold mine.

Picking up Knowledge

Is easy enough if you look for it in the right place. This is the right place to learn just what to do for that debilitating condition which Spring always brings. Do you want to be cured of that languid feeling, get back your appetite, sleep soundly, and feel like a new man?

Ayer's Sarsaparilla

will do it. It has done it for thousands. It has been doing it for 50 years. Try it.

Mr. S. Stephenson left for Toronto this afternoon to close a few remaining contracts for advertising in the cycling edition of The Planet.

Bishop Wilmore held a special service of prayer at the residence of J. H. Browning last evening, when Mr. Browning's three children were baptized. Elder Wm. Jenkins assisted in the service.

This morning Constable Browning arrested a Spanish jewelry pedlar, whose name as far as could be gleaned from his broken pronounciation of the English was Jean Tony. The chief warned him against pedding without a license within the city limits, and allowed him to go.

T. B. Walker, a former resident of this city, arrived from Bern, Kansas, where he has resided since last July. Mr. Walker leaves for Erie, Penn., the last of this week, where he will make his home for some time.

John Mullane was before the magistrate charged with obstructing the alley at Philip's mill, North Chatham. Continued complaints are being made to the police concerning these obstructions, and the magistrate gave the defendant a caution before dismissing him.

The outcome of the recent shooting affray, which took place in Jones' livery stable, Ridgetown, on the night of February 25, is that the town council has passed a by-law prohibiting a license being granted for a livery stable within the fire limits or within one hundred feet thereof.

Mr. Side, to whose residence on St. Clair street the fire department was called out on Sunday afternoon, wishes it understood that the alarm was not turned in by himself nor any member of his family, nor were the firemen as unceremoniously dismissed as the firemen stated. Mrs. Side, who was at home, simply told them that the chimney was perfectly safe and that her brother-in-law was with it, and consequently there was no need of throwing any water. She thanked them for their promptness and they left. That, says Mr. Side, is all there was to it.

Mr. James Jones, a highly esteemed resident of the township of Tilbury, who has resided with his son Robert, near Merlin, for the past three or four years, was found in his bed, about five o'clock yesterday morning, unconscious, from a paralytic stroke which he had during the night, and up to a late hour in the afternoon he had not regained consciousness. Mr. Jones is in his eightieth year, and about eighteen months ago had a slight attack from which he apparently fully recovered, and retired the night before in the best of health and spirits. Considering his advanced years he is not expected to recover. For some years he was a resident of the tenth concession of Harwich.

The Dunlap spring Derby, which was opened February 27, is of a pronounced character, of light appearance and extreme featherweight. THE RISING RIVER

It is Blocking up Several of the Sewer Outlets

And Many Cellars are Consequently Being Flooded--No Serious Damage as Yet

Water is backing up badly in many of the city sewers and cellars are flooded. The Victoria avenue sewer is said by residents in that quarter to be wholly inadequate to meet the demands of spring rains and freshets. The reason ascribed for this is that a great volume of water from Chatham township finds, or tries to find its way to the river through this tile.

A number of basements are flooded, furnace fires extinguished and other inconvenience suffered by dwellers on the avenue.

That this condition is not strictly local is evidenced by the fact that at R. C. Burt's dwelling on Wellington street east the same state of affairs exists. Brooklynites have no monopoly of the flood.

Yesterday afternoon J. B. Stringer look anxiously out upon the river calculating the possibilities of its rise above the Rankin dock by morning. Three or more cars of beans were then being removed from a low lying warehouse. The water did not reach them.

What the Thames may do for us tonight depends largely upon the condition of its outlet into the lake. On Saturday the ice was so firm near the mouth of the river that teams crossed freely. Unless this has cleared away a jam may ensue which will back the water up here to even the unusual height reached last spring. Locally no blockade has formed and all is serene.

THE BROKERS' CASES.

It is Contended They Simply Work on Commission--No Judgment Yet.

The concluding scenes in the case against broker and commission agent L. J. Atwater were presented at the police court this morning.

Before the argument of the counsel was gone into, Ald O. L. Lewis intimated to Judge Houston that it was probable that an agreement would be reached by himself and Crown Prosecutor Wm. Douglas, whereby the Atwater examination would be agreed upon as a test case, and judgment rendered in the Atkinson case in accordance with the present verdict.

Ald. Lewis' argument was a lengthy and thorough one. He cited a large number of cases to demonstrate that the act did not have reference to the business carried on by the defendant, which was an entirely legitimate one. He also held that no conviction should be recorded under the charge as it was distinctly shown that the defendant did not enter into any negotiations to "make gain out of the rise and fall of wheat;" but was simply an agent, whose sole interest in the transaction was his commission, which he received whether the transaction was a profitable one or otherwise.

At the request of Mr. Douglas, the case was further adjourned till to-morrow with a view to enabling counsel to arrange the amalgamation of the cases as suggested by Ald. Lewis.

GIVEN A FREE HAND.

London Delegates May Vote for Either Chatham or Brantford.

(London Free Press.)

At a special meeting of the London club, held the other day, Messrs. H. C. McBride, Dr. Balfour, S. J. Campbell, W. R. Waugh, H. E. Boomer and David Mills were chosen delegates to the annual C. W. A. meeting at Toronto on Good Friday. The delegates go uninstructed, and may vote for either Chatham or Brantford for the meet—or any place else for that matter, as London has given up the intention of asking for the C. W. A. meet this year.

ANOTHER GALLANT RESCUE.

Mr. Richardson Certainly Deserves Recognition From the Humane Society.

Sir Arthur distinguished himself this morning. Mr. Richardson is naturally of a retiring disposition and would say very little anent his heroism. The crossings at First, Second and Third streets on Wellington were flooded. A child was struggling in the flood. Mr. Richardson plunged in with no thought of the consequences and soon the young one was safe.

Inspector Delahunty was seen in reference to the matter and promised Mr. Richardson that he would have the water let off at the earliest possible moment.

As Sir Arthur avers that there were fully four inches of water at the scene of the averted fatality bokays are in order.

RHEUMATISM CURED.

Eighteen Months Trying to Get Cured—Had the Best Doctors—He Found what He Wanted in Dodd's Kidney Pills.

Goderich, Mar. 8—Special.—A case of great interest here just now is that of Mr. Alexander J. Sharkey, who for some time has been an extreme sufferer from Rheumatism. His statement to the correspondent is as follows:—

"For eighteen months I was a victim of Rheumatism and during the whole of that time was trying every means to cure it. I had the best doctors in Canada and took their prescriptions with faith and patience.

"I got tired at last for I found the disappointment nearly as killing as the disease.

"But one friend wiser than the others convinced me that my disease must be cured by way of the kidneys and recommended Dodd's Kidney Pills.

"I have used two boxes of these pills to effect a perfect cure, and I don't care who knows it."

On Wednesday, March 17, the Big Forty Minstrels, assisted by the Texas Medley Quartette will give a performance in the Grand Opera House. A big cake walk will be one of the principal features of the evening, and a street parade will take place at noon.

CURES SUMMER COMPLAINT.

LATE NEWS

A BROKEN LEG LED TO HIS DEATH.

Detroit Mar. 10.—James H. Lynch fell and broke one of his legs in alighting from a street car last Friday. He was taken to St. Mary's Hospital. Though his injury was in itself not serious, blood poisoning supervened, and he died early yesterday.

ICE GORGE ON THE ST. CLAIR.

Marine City, Mich., March 10. — The ice in St. Clair river broke away at this place last night, taking one of Alger, Smity & Co.'s rafts, secured at the Toledo salt block, down the river, until it struck solid ice, forming a gorge of ice and logs 20 feet high.

The force of the gorge was terrible, pulling up piles and snapping large chains like twine. Timber all along the river suffered considerably.

GREECE WILL INVADE TURKEY.

Athens, March 10.—The general opinion here is that war against Turkey is unavoidable.

It is believed that armed bands that have been sent out by the National League to different points in Epireus and Macedonia will give the signal for the struggle.

The Greek army on the frontier will then proceed to an invasion of Turkish territory.

The gunboats Action and Ambrayia, with the gun vessel Aghproessa, have been ordered to blockade the gulf of Aria in order to prevent the landing of Turkish troops.

FARGO IS FLOODED.

More Water Lying Around Loose Then the Oldest Inhabitant can Before Remember.

(Special to The Planet.)

Fargo, Mar. 10.—The heavy rains have raised the water in the ditches and creeks until this place looks more like a lake with some houses for islands. People generally have to stay indoors and can only get out by raised walks or going round by the track. It is the greatest flood within the memory of the oldest inhabitants. All business in the store is suspended.

THE MARKETS.

(Via L. J. Atwater's Private Wire.)

Chicago, March 10. — Wheat—Our cables came dull and unchanged at the opening, but brought selling orders from the other side for quite a large lot of May and July. Speculation has been very light principally between pit traders. Frasier cables us from Manchester, England, that cargoes of good Russian wheat are being purchased for 4c per bu lower than No. 2 Chicago spring wheat laid down. We ourselves can't get any bids for cash wheat, and see nothing to encourage a bull in present situation. The govt. report this p. m. is liable to show small reserve in first hands but it is already discounted and has little effect on the curb. The fact is it makes little difference how much wheat there may be back so long as we can't dispose of what we have on hand.

Corn and oats have been weak with with heavy selling by professionals, and little support. Our bids from abroad have been out of line. It looks to us as if we might see lower prices.

Provisions opened firm on 8,000 hogs under estimate. At the advance packers sold and caused the decline in sympathy with wheat. Cash trade was good. The situation looks healthy.

WALLACEBURG'S CHURCHES.

Editor Planet,—I see your correspondent in this town quite frequently speaks of James' St. Methodist and Nelson St. Methodist churches, conveying the impression to your readers outside that there are two Methodist churches in Wallaceburg. I desire to correct your reporter, and for the information of your readers would say that there is only one Methodist church in this town, which was erected in 1875. It is situated on Nelson street. At the time of the last union of the Methodist churches in Canada there were two Methodist churches here, one belonging to the Methodist Episcopal church, and the other to the Canada Methodist body. The latter being the more commodious edifice was taken as the place of worship by the united congregations, and the smaller edifice which formerly belonged to the M. E. body, was sold and taken down and a dwelling erected on the site. So far as I know, we have only three Methodist bodies in Canada, viz., the Canada Methodists, the Free Methodists and the African Methodists. I am not aware of either of the two latter bodies having located in our town, and if not, we, as a matter of fact, have only one Methodist church, and that is situated on Nelson street.

The West Kent Spring Show Will be Held Here.

A meeting of the directors of the West Kent Agricultural Society was held at the Hotel Garner this afternoon. There were present, Directors J. W. Fleming, A. E. Ham, Geo. W. Sulman, J. Chinnick, R. W. Holmes and W. W. Everitt.

Considerable discussion of a business-like nature took place, relative to the prospects of the association and its government.

It was unanimously decided to hold the spring fair on Saturday, May 1.

Directors W. W. Scane, G. W. Sulman and Henry Smyth were appointed a committee to consider and revise the by-laws and prize lists.

The meeting then adjourned till Wednesday evening, April 7.

FOUND AN OLD SEWER.

Watt & Sons are making connections with the old hotel building, conrer of King and Forsythe streets, which is being transformed into the McLachlan terrace. The work is being rapidly pushed forward to completion, and the building will be occupied as soon as ready. The workmen doing the excavating came upon some masonry apparently well preserved, and Ald. Watt, overseeing the work, was for a while in doubt as to whether the bricks so disclosed formed the burial place of some good Indian, or merely formed an underground connection with the vaults of the Bank of Upper Canada which years ago stood near there. Mr. Oldershaw set his mind at rest by explaining that this find was nothing more serious than a well preserved section of a sewer laid in the good old days when modern sewer pipe was an unknown quantity.

CHASE'S KIDNEY-LIVER PILLS.

Chase's Pills have gained popularity because they are a specific for the uric acid condition, prevent Bright's Disease, cure Rheumatism and all Catarrhal conditions of the Kidneys and Bladder. They do this because they possess remarkable alterative, tonic and diuretic properties, exerting a wonderfully soothing influence on irritated or inflamed mucous membranes of the Kidneys or bladder. One pill a dose, 25 a box. The cheapest medicine in the world.

Fifty years of success in curing Diarrhoea, Dysentery, Cholera, Colic, Cramps, Bowel Complaints of summer and fall, etc., stamp Dr. Fowler's Extract of Wild Strawberry as the best remedy in the market. It saves children's lives.

What one of the greatest Artists of the world Says about the Bell Piano....

Tecumseh House,
London, April 28, 1896.

THE BELL PIANO CO., LTD.,
Guelph, Ont.

DEAR SIRS:—It gives me pleasure before leaving Canada to testify to the very excellent pianos of your manufacture which I have met with and used in connection with my song recitals in this country. The Upright Concert Grand which was placed at my disposal by your manager in London. I unhesitatingly pronounce as one of the most elegant instruments that I have ever seen anywhere, and whilst its singing qualities were all that an artist could desire, it possessed in addition that broad, rich, massive tone which is absolutely indispensable for solo purposes. I heartily congratulate you on your latest achievements in piano construction, and believe that so long as the present high standard of your instruments is maintained, your company can have nothing possibly to fear from foreign competition.

I am faithfully yours
