NEW YORK, Sept. 9.

Gold 112; sight exchange 109½; money 7 per cent. There is quite a feverish feeling in the stock market.

The Royal Commission.

OTTAWA, Sept. 10.

Five more of Mr. Huntington's witnesses were examined yesterday, and neither of them knew anything in support of the charges.

Dakers, of the Montreal Telegraph Co., Montreal, said his books showed that messages passed between Sir John McDonald and Mr. Abbott Aug. 24 and Aug. 26, 1872, but the originals had been destroyed under the rule.

Judge Coursol knew nothing of any corrupt agreement between Allan and any Cabinet Minister. He had asked Mr. Huntington, the day before, why he had designated him as a witness, and Huntington had replied that his (Coursol's) name had been suggested to him, but that he (Huntington) had no idea why. Then there was a laugh at the expense of Huntington.

Sheriff LeBlanc, a member of Sir Geo. Cartier's election committee; J. B. Beaudry, a Pacific Railway Director, and Rice, Manager of the Merchant's Bank, of which Sir Hugh Allan is President, testified that they knew absolutely nothing in support, directly or indirectly, of the charge that Sir Hugh subscribed to the election fund in accordance with an agreement that he was to receive the Pacific Railway contract.

The loss by the Havana fire is estimated at from $3,000,000 to $8,000,000. The insurance is only $524,000, and nearly all in English Companies. Notices were promptly given that the insurance would be paid. In less than three hours the entire Square was a mass of ruins. Upwards of 2500 people are homeless, and nearly all lost everything. NEW YORK, September 6—There has been less activity, but tonnage being scarce, the market rules very strong, with every indication of continued high rates, as, in addition to the immense surplus of grain, petroleum, etc, to go forward, a large cotton crop is maturing, for the movement of which there are already orders for ships in the market. Small tonnage for short foreign and coastwise business is much wanted at full rates, with some improvement in the coal trade. Long voyage tonnage is also scarce and wanted

Ayer's Sarsaparilla.

FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this EXTRACT OF SARSAPARILLA. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system strives to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by
