95 P. C. OF KITCHENER CHILDREN'S TEETH BAD

KITCHENER, Jan. 21.—A successful "dentol drive" was made in all the public and separate schools of the city yesterday by the local dentists, in compliance with the request of the department of education of the Ontario Government. The department recently asked that the teeth of all pupils attending the schools of the province be examined and reported upon.

The Dental Association of Kitchener agreed to make the examination in one day, and the teeth of over three thousand boys and girls were investigated by the eleven dentists of this city during the regular school hours. It has been learned that at least 95 per cent. of the teeth examined had some form of defect.

The teeth of the pupils of the higher forms were in a better condition than the lower forms, the credit being due to the services of the school nurse appointed a few years ago. A report of the examination will be tabulated and forwarded to the Educationa ldepartment in Toronto.

WIFE REBELS AT WEDDING PRESENT OF FALSE TEETH

CHICAGO, Jan. 21.—There are all kinds of honeymoons, but the particular type which fell to Mrs. James E. Thomts led direct to the court of domestic relations, where she yesterday reviewed our financial terminal of love's sweet dream.

Mrs .Thomas has no objection to economy, even though a dollar a week in these hectic retail times cannot be trmed ample. Bue when she learned her allowance was small because of the determination of her husband to buy a splendid monument for his first wife ,she lost interest in everythimy. His wedding present to his wife was a set of false teeth, she says.

Judge Sam. H. Trude decided six dollars a week for 7maintenance was satisfactory. Mrs. Thomas thought so and Mr. Thomas' objections were ruler legally out of bounds.

TURKS COURT MARTIAL THEIR LEADER WHO MASSACRED ARMENIANS

CONSTANTINOPLE, Jan. 21. — The trial by court martial of Behaeddin Chakir and Dr. Nazim, direcors of the Committee of Union and Progress, on charges of having organized massacres of Armenians and Greeks during the war, ended yesterday with their conviction. Both of the men are at present refugees in Germany. Chakir was sentenced to death, and Dr. Nazim to fifteen years imprisonment at hard labor.

JOURNALIST COLLAPSES

VANCOUVER, B. C., Jan. 21.—Eric Ross Goulding, B.A., (Oxford), died yesterday after collapsing in a restaurant. Before the war he was an editorial writer on an Ontario newspaper, and last year was on the Windsor Record for some time. He enlisted in the Royal Canadian Regiment, and part o this face was shot away at Courcellette. His family is believed to be in Toronto.

DRURY TO SPEAK IN LONDON.

Premier to Address Boards of Trade in February

LONDON, Ont., Jan. 21.—Premier E. C. Drury will be the principal speaker at the second annual meeting of the United Boards of Trade of Western Ontrrio, to be held here on February 5 and 6. He is scheduled to give an address on "Land Settlement and Immigration."

One of the main questions to be discussed is a resolution from the Brantford Chamber of Commerce asking that the Dominion Government place a prohibitio ntax on all foreign magazines having a circulation of more than ten thousand in Canada.

OVER THOUSAND NEW CASES OF FLU IN CITY OF CHICAGO

CHICAGO, Jan. 20.—Influenza in a mild form continued to spread yesterday at the rate of one thousand new cases every twenty-four hours, and all available trained nurses were being mobilized by the health department to help combat the epidemic. The total number of influenza cases exceeded four thousand. The hospitals are filled.

During the last forty-eight hours 2,279 new cases of influenza were reoprted, and the deaths numbered twenty-six. There were 382 new cases of pneumonia and 66 deaths.

The headquarters of the machine gun brigade of the permanent force will be at Kingston and Barriefield.

LEADERS IN BOMB PLOT IN N.Y. ARE LININ MEN

NEW YORK, Jan. 21.—Search was being made to-day by the police bomb squad and Department of Justice agents for a haf dozen radicals believed to have been leaders in a bomb plot which is declared to have been nipped yesterday by the arrest of eighteen "Reds."

Two of the men sought, it was said were members of the Russian Red Guards when Lenin and Trotsky seized the Russian Government.

Captur of the eighteen men yesations made o Federal agents by terday was made possible by revelan alien who has been scheduled to sail on the "Soviet Ark" Buford wich 249 other radicals. This man's deportation was held up.

GOES TO PRAY BUT LOSES $50. GAMBLING IN CHURCH PEW

MONTREAL, Jan. 21.—While viewing the beauties of St. James' Cathedral, Dominion Square, James Farrow of Brockville, Ont., was approached by another apparent visitor, and together they discussed the grandeur of the big cathedral and its resemblance to St. Peter's at Rome. By some means the stranger enticed Farrow into a little three-card monte game in a pew at the rear of the church and thus relieved him of $50. At this point the game was brought to a sudden halt by the stranger calling: "Run, here comes the Warden."

Suiting the action to the words he was soon out of sight.

REGINA FACES SHUTDOWN

REGINA, Jan. 21.—The newsprint situation in Regina is fast aproaching that of Winnipeg and unless relief from the resent pnear-famine is received by the end of the week there will be no newspapers published in Regina.

LIST OF CRIMNILS APPROVED BY COUNCIL

PARIS, Jan. 21.—The Supreme Council has adaped the British and French proposals regarding the lists of those guilty of crimes insident to the war whose surrender will be demonded by Germany.

50 CENT BARREL DROP IN FLOUR

MINNEAPOLIS, Jan. 21.—Flour local market today. Standard flour in 98-lb. cotton sacks sold at $14.25 a barrel. The general market decline in wheat was given as the reason for the rop.

Dr. A. S. Grant, secretary of the referendum committee, stated at Toronto that he did not believe in going to extremes in the enactment of prohibition legislation.

IRRITABLE NERVES RESTORED AND HEALTH REGAINED IN A SIMPLE WAY

The man or woman who is rundown, not feeling up to the mark, perhaps irritable, nervous or sleepless can well afford to learn about the wonderful results the newly discovered blood-food is giving to folks that use it.

There is wonderful power in his new blood-food, an every weak, pallid person can be quickly nourished back to health that uses it as directed.

After each meal with a sip or two of water, you simply take two little chocolate-coated tablets, sold in all drug stores under the name of "FERROZONE."

The effect is noticeable at once. You feel happier, brighter, more contented. That old-time feeling of wearniess departs—you forget your "nerves" and no longer get irritable or cross over trifling annoyances.

There is a reason for this change and the reason consists of the fact that Ferrozone contains blood-making materiala you can get in no other way.

Ferrozone makes the blood tingle and sing with new vitality. This ensures lots of nourishment and strength being supplied to every part of the body.

No wonder the eyes brighten and the cheeks radiate color and happiness: With abundance of strength, a keen appetite, good digestion and plenty of sound sleep—all the result of Ferrozone—you quickly feel as if life held new charms and pleasures.

MR. PARSONS TO SPEAK

Mr. F. R. Parsons, past president of the Canadian Manufacturers' Association, and a reresenptative of tthe Dominion Government at the recent Labor conference at Washington, will speak before the Canadian Club here on Friday evening. His subject will be "The Labor Conference in the United States Capitol."

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders, I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE — IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY — AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS — MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attached by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

OUR NATIONAL ECONOMIC PROBLEM.

The following interesting extract from an article by Mr. E. W. Beatty President of the C. P. R. appeared recently in the Montreal Gazette:—

"So much for the manner in which the transportation machinery of the country is carrying out its obligations to the Canadian producer. Other aspects of the transportation problem are less satisfactory. There are many people who look upon Canadian Railways as custodians of magic fortunes which cannot be exhausted. That bookkeeping should be as simple and inexorable in its of losses and vanished profits as a railway as it may be to a corner grocer, is to these people unthinkable. It apparently does not occur to them that to no public is it more important than to the Canadian public that the good reputation of railway securities in the world of thrift and investment should be carefully guarded. To those, however, who understand these things clearly, who view the matter from the standpoint of broad public interest, it is at once apparent that the Canadian public pays a very low rate for the quality of service rendered, and that a time is rapidly approaching when, if Canadian railway securities are not to be made less desirable investors than almost any other kind of industrial security, railway rates will either have to go up. Railway operating costs go down. Such persons recognize that it is not because the situation of the railways is an easy one that certain companies have been able to show net earnings—very low net earnings considered to the actual cash invested in the industry—but because in the past the shareholders of such companies have been, as they are to-day, courageous persons willing to supply the means for constructive enterprises in which no one but themselves had faith, and because, to their officers have been skilled, resourceful and loyal business men assisted by staffs filled with the spirit of pride and devotion to their work. This, indeed, is the thing which has made it possible for Canada's railroads to function successfully during the war without making anything like the demands that foreign roads—less efficient in service, their community, yet earning the same rates and paying the same wages—have made up their public exchequers. I do not believe that this strain upon the railways and this tendency to weaken the general reputation of Canadian Railway securities should continue. The situation, after all, is worthy of his thought and railway capital is not less worthy a servant than other forms of capital whose earnings have not been so consistently depressed.

"The net earnings during the war years, of those companies which showed net earnings, would have been much lower had the Canadian railroads been making expenditures for maintenance which circumstances would have justified, but which conditions prevented during that period. These arrears have now to be made up. During 1918 the Canadian Pacific laid 70,000 tons of steel rail. In place of, say, 600,000 ties, worth 44c in 1914, Canadian Pacific laid 4,434,000 at 85c per tie. The sensational advance in the rate of railway wages is well known. Further advances may be necessary within the very near future, as indicated by discussions in the United States. The price of coal for locomotives was $3.03 in 1913. Now it is $4.77. The cost of hauling an average train (freight and passenger) one mile has risen from $1.604 in 1913, to $2.494 in 1918, and is higher to-day. The operating expenses of one mile of line in 1913 were $4,152; in 1918, $7,046; and to-day they are even greater. On the other hand, railway rates, taking all classes of revenue together, have advanced scarcely 25 per cent. I venture to say no other industry in the Dominion can show such moderation."
