LISTOWEL STANDARD.

FRIDAY, MARCH 21, 1879.

TOWN AND COUNTRY.

Oysters 15c., 20c. and 25 cts. per can, at Barnes'.

THE National Policy takes like a charm in this neighborhood.

MRS. T. Goodfellow is at present in Toronto selecting her spring and summer Millinery.

Fresh fish of all kinds constantly on hand; orders left promptly attended to.
J. H. BARNES.

WALLACE Township Council proceedings and a quantity of other local matter have been unavoidably held over.

LOST.—Anyone finding a gold seal, with the initials "J. H. B." will be suitably rewarded upon leaving the same at this office.

PROF. HILLYER, wizard and wonder worker, occupied the Osborne hall two evenings this week. His entertainments were not very extensively patronized.

APPRENTICE WANTED.—An active intelligent lad of about 16 years, wanted, to learn the printing business. Apply personally at the STANDARD office.

MEETING.—A meeting of the Listowel Conservative Association will be held in Martin's hall this evening, at 8 o'clock. All Conservatives are earnestly requested to attend.

THE debate on the Quebec outrage resulted in Mr. Mousseau's motion of censure on Governor Letellier being carried on a division of the House by a majority of 85, the vote standing 136 yeas to 51 nays.

AUCTION SALE.—Mr. David Watson, (lot 30, 8th con. Elma,) who intends leaving for Manitoba shortly, will dispose of his farm stock and implements by auction on Tuesday, 25th inst. He has engaged Mr. R. L. Alexander as auctioneer.

WOOD'S HOUSEHOLD MAGAZINE for April has arrived. It is as spicy as usual. The ladies department, conducted by Mrs Woods, contains a great deal about spring fashions, which will no doubt be of absorbing interest to its fair readers.

MANITOBA fever is still spreading. The railway officials here are hourly besieged with anxious enquiries about the departure of the first excursion train. Note Mr. Flaherty's communication in this paper.

ATTENTION is directed to the advertisement of Mr J J Moore, the new occupant of Mr. R. Bass' old stand. Mr. Moore is just receiving a new stock of fresh goods, which he purposes selling at low prices. In doing so he hopes to secure a liberal patronage from the public.

FIREMEN'S HALL.—The new firemen's hall will be formally opened on Thursday evening next with a grand social assembly, under the auspices of the fire brigade. The members of the town Council and leading citizens generally are expected to be present. The occasion will doubtless be a pleasant one. We understand that the tickets of admission have been placed at 50 cents a couple.

THANKS.—Mr. Hesson, M. P. for North Perth, will accept our thanks for late parliamentary documents. The representative of this riding is by no means a mere voting machine in the House. He has already given expression to his views in debate on more than one question of public interest, as well as assisting in committee work. The honest manner in which he gave his opinions on the insolvency law meets the approval of his constituents generally.

MISSIONARY MEETING.—The missionary meeting of Knox Church was held on Monday evening last. Revds. McLeod, of Stratford, and Stewart of North Easthope were the deputation expected to attend the meeting, but the latter gentleman did not come at all, and Mr. McLeod only arrived at a very late hour. However, the absence of these gentlemen did not interfere so very much with the meeting, as their places were filled by Rev. Mr. Renwick, of Newry, and the worthy pastor of the congregation, Rev. Mr. Bell, who entertained the meeting with appropriate addresses.

SIMULTANEOUS with the advent of the National Policy, the grain market took an upward bound. On Saturday last fall wheat brought $1.04 on the Listowel market. Perhaps the recent acquisition to our market of a "National Policy" buyer had something to do with the sudden rise. The farming community no doubt heartily appreciate this double blessing. With the encouragement afforded by a 15 cent protective tariff to each bushel of their wheat, and the assurance that Mr. D. D. Campbell will keep the market price up to the highest notch, farmers about Listowel have good reason to don cheerful countenances once more. We trust that their next great blessing will be an abundant harvest, in which event even "Geordie Brown"—the "Geordie" up the boundray we mean—may be found doing homage to Sir John.

LISTOWEL PUBLIC SCHOOL.—Result of an examination in History held in the senior department of Listowel Public School on Friday last; maximum, 100: *1st Class*—Wm Green 94, John Philp 94, Wm Lochhead 94, Kate Sproat 93, St. Clair Nichol 92, Geo Douglas 92, Wellington Knox 90, Wm Phillips 88, John Lochhead 83, A J Edwards 83, Albert Hawkins 82, Susie Hunt 80, Lottie Sanderson 79, Maggie Climie 74, Emil Hess 70, Wm Hunt 68, Frank McDowell 64, Eddie Hunt 61, Esther J Irwin 50. *2nd Class*—Mary Climie 94, Helena Bradley 93, Alfred Craig 93, Hattie Hawkins 88, Benj. Gray 85, David Douglass 80, Moses Brendle 79, Richard Armstrong 77, Norman Bradley 75, Lillie Climie 72, Thomas Austin 70, Florence Nichol 64, Edward C. Stewart 62, John Watson 57, Henry Hay 55, Lizzie Draper 54, Addie Clayton 51, Mary Irwin 50, Willie Rogers 49, James McIlwraith 46, Richard Peardon 45, Lizzie Edmondson 38, Thos Forbes 35. *3rd Class*—Harry Dillabough 95, Fred Bradley 74, Jessie Climie 74, Alex Ferguson 69, Bella McDowell 69, Jennie Green 64, Maggie Wallace 63, Minnie Walker 57, Maggie McIlwraith 55, Sarah Large 51, Emily Draper 49, Wm McIlwraith 47, Mary J. Evans 42, Minnie Philp 35, Victoria Veilie 35.

TOWN CLERK.—Owing to recent developments implicating the Clerk of this town in some questionable transactions, that functionary was given to understand that his resignation would be accepted. By the proceedings in Council on Monday evening, which are reported in another column, it will be seen that Mr. Devlin has been displaced, and Mr. Wm. Hamilton appointed Town Clerk in his stead. As Mr. Hamilton possesses the reputation of being thoroughly trustworthy, and a person of good business qualifications, we have no doubt that his appointment to the Clerkship will prove satisfactory. Though cognizant of some of the dishonorable transactions of the late Clerk, we have thus far refrained from making any allusion to them whatever, partially for the reason that an exposure coming from us might have been wrongly attributed to partizan motives, and perhaps partly on account of reluctance to meddle with personal character, however deserving of exposure the subject may be. The accusations made against Mr. Devlin are of a most serious character, and while compassion may have restrained those who have hitherto placed confidence in him from taking criminal action, the gravity of his offence makes anything short of justice in his case almost if not a crime. We are not aware that any of the parties interested in his "business transactions" have instituted proceedings against him so far. It is now understood that he has left town, probably for good. Even should he escape punishment, the disgrace which has already overtaken him should be a warning that the way of the transgressor is an unenviable path to tread.

PASSED HIS INTERMEDIATE.—The well wishers of the Listowel High School will be pleased to learn that upon a reconsideration of the examination papers of Angus McKay, a pupil of this school, by the Examining Board at Toronto, it has been discovered that he was entitled to pass the "Intermediate." His papers were sent down in December last, but not having been announced among the successful candidates, as the Head Master was confident he should have been, Mr. Crozier undertook the trouble to find out the "wherefore," and the result, as will be seen, has justified his enquiries. This makes *six* pupils who have passed the December Intermediate examinations, which speaks well for the management of the school. If proof of this assertion is wanting, reference might be made to Stratford High School, which only succeeded in passing *one* pupil at the December Intermediate, notwithstanding that the number of scholars in attendence is about double that of Listowel. The comparison is certainly in favor of the Listowel school. While alluding to the Stratford High School we should like a little information from the Educational Department or from any other reliable source. The government grant to the High Schools is awarded (or is supposed to be) on the basis of the Inspector's report, the grant being proportioned in accordance with the rating of the various branches of the school. In the schedule under the letter (*C*) is stated the character of the work done in the lower school (below the Intermediate.) The number of pupils who pass the Intermediate must be the proper criterion of what has been accomplished in that department; yet we notice that for the latter half of 1878, the Stratford High School, with but *one* successful Intermediate, receives a government grant of $15, while the Listowel School with *six* successful Intermediates, receives only $11. As Listowel gets no government allowance at present for "School accommodation"—a fact which should be borne in mind when the ratepayers will be afforded an opportunity to vote a sufficent bonus to erect a school building that will be entitled to receive something better than a brace of ciphers from the government—there is all the more reason for seeing that in other respects the school is not deprived of the full grant that its qualifications entitle it to. Upon the "Intermediate" basis, it is evident that either Stratford receives too much, or Listowel too little. Perhaps someone who knows will explain.

CHARITY CONCERT.—The charity concert given in the Osborne hall on Friday evening last, under the direction of Mr. B. B. Sarvis, was the best amateur entertainment that has taken place in town this winter. In every particular it was worthy of being pronounced a success. The audience was large and appreciative, the programme was well arranged and well executed, and the chairman was a perfect "master of the situation." The first part of the programme commenced with a double quartette, "Carnavale," (Rosini,) by Misses Hampton and McDowell, Mrs. Sarvis, and Messrs. Wilson, Bell, Wright, Large and Sarvis, which was well rendered. This company of choristers appeared again at intervals during the evening, their selections being "Serenade," (Smart,) and "Thus spake one summer day," (Abt.) Mr. B. B. Sarvis sang "Broken Down" in good style. A piano solo, "Cast thy bread upon the waters," by Mrs. Sarvis, was sang very sweetly and elicited hearty applause. Miss Morey contributed two solos, "The Valley of Chamouni" calling forth a well meritted enchore. Miss Henderson's rendition of the solo, "Send me one flower from his grave," was well received, and in response to an enchore she sang the somewhat popular ballad, "He's got the money too." Mrs. Barnes favored the audience with several solos. In her rendition of "The Bridge," her reputation as an accomplished singer was fully sustained. In response to the hearty enchore that it called forth, she sang another favorite solo. A piano duet was exceedingly well executed by the youthful musicians, Masters Hess and Sarvis; their performance was warmly enchored. Miss Huxley rendered an instrumental solo by Sydney Smith, entitled "Par Redouble," in very fine style, displaying a high degree of musical taste and proficiency. "Thou art so near and yet so far," a solo, by Miss Bolton, was pleasingly sang. The same remark will apply to the duet, "Two wand'ring stars," by Mr. and Mrs. Sarvis. The last piece upon the programme was a solo and chorus, in which Miss McDowell took the principal part, being assisted by the ladies and gentlemen comprising the double quartette choir. We mustn't omit mention of the "mysterious bagpipes," by "unseen hands," which excited general curiosity; the performance—on the organ it is presumed—was a very good imitation of the Highland bagpipes, and did no discredit to "Sandy's" favorite instrument. Another pleasant feature of the entertainment deserving of special mention was the excellent music furnished by the string band, in which Messrs. Shields, Bolton, Hess, Sarvis, Clippardt and Wilson took part. These gentlemen are all good musicians, and capable of producing a "harmony of sweet sounds" that it is a delight to listen to. The duties of pianists and organists were discharged by Miss Huxley and Mr. Chas. Shields in a most satisfactory manner, while the functions devolving upon the chair could not have been managed better than in the able hands of Mr. B. Rothwell. The hearty votes of thanks which were tendered to all who had taken part in the performance, indicated that the audience was thoroughly well pleased with the entertainment. The object being the most worthy one of Charity, each contributor to its success is deserving of praise, and in this connection it is only right that special credit should be given to Mr. John Osborne, who gave the use of his fine hall free of charge; to Mrs. Barnes, who not only volunteered her excellent services, but also gratuitously furnished the piano used on the occasion; and also to Mr. Sarvis, to whose able direction complete success was in no small measure due. The proceeds, amounting to between $30 and $40, have been placed in the hands of a relief committee for judicious disposal.

TOWN COUNCIL.

It was moved by Dr. Nichol, seconded by J A Hacking, that the thanks of this council be and are hereby tendered to Mr. B. Rothwell for acting as clerk this evening—carried. The architect's plans for the new High School were submitted for the inspection of members of the Board. A communication was read from Oliver Gee offering his services as street commissioner at $1 per day. The communication was referred to the Road and Bridge Committee. A petition was presented from Frame Gooden and others asking that a sidewalk be built on the north side of Inkerman street from McDowell street to Maitland street, and requesting that the same be completed at the earliest possible date—referred to Road and Bridge committee. The Reeve gave notice that at next meeting of Council he would introduce a motion to rescind clause 41 of the Rules of this Council. The Finance Committee reported, recommending payment of the following accounts:—Wm Walker, blacksmithing etc., $12.70; J. Livingstone jr., ticket for indigent, $2.60; Wm Gall, achitect, fire hall, $67.75; Wm Dixon, cleaning hose, $5; J W Brisbin, stationery; $1.85; A Austin, cleaning engine, $11.25 W M Climie, mattrasses for lock-up $7.80; *Globe* Printing Co. $2.60; John Hampton, constable fees, etc., $2.75; Wm Bond, drain and spout, $4.50. The committee also recommended that Edward Hammond be refunded $9, error in assessment; that Robert Woods, collector, be credited with $3.15, error in assessment of C Wilcott's lots on N. John street; that W S Garrock be refunded $9, error in assessment; that J P Newman and W H Hacking be refunded $1 each, amount paid by them for tenants' dogs, and that the collector be instructed to collect the same form the owners; the committee further recommended that the grant of $100 to the Listowel brass band be allowed. It was moved by J Binning, seconded by J G Tremain, that the report of the Finance Committee be received and the amounts paid—carried. The Board of Works Committee reported that they had fixed the price of breaking stones at $4.25 per cord, and for small stones, 75cts. per yard. An applicattion was read from the Secretary of the Elma & Wallace Agricultural Society, praying that a grant of $100 be made to the Society for the current year—referred to Finance Committee. Accounts from J W Devlin, for 2½ months salary, $31; R. Martin, for use of hall $9; and R Hemphill's claim for services, were also referred to Finance Committee. The collector was allowed until the first meeting of Council in April to return the assessment roll. On motion the Council adjourned.
