COBALT STOCKS.
TORONTO, July 6.—Hollinger held yesterday's advance well, closing this morning around 13.25. The market for this stock is being left to itself. Its fluctuations just now seem entirely free from manipulation. Jupiter sold off quite sharply this morning, touching 26. It seems to us to be one of the most attractive purchases of the low-priced Porcupines. The company has plenty of funds to continue development work, and is ably managed.

FIVE ALARMS IN TEN HOURS

The Brigade of London Had a Very Busy Time on Sunday.

A BAD BLAZE NIPPED

Noticed by a Citizen Who Gave the Alarm and Had It Put Out Before It Got a Start.

The fire department responded to five alarms in ten hours yesterday afternoon and evening, four of them coming during the intense heat of the day.

The first alarm was struck from a box at 12:30 noon, when a bottle of liniment left on a gas plate at the residence of Mr. T. Donohue, of Sydenham street, exploded, setting fire to the wall. The blaze was extinguished without difficulty, the loss being slight.

At 1:05 the brigade was summoned to the rear of 493 Pall Mall street, where sparks from a passing C. P. R. locomotive had set fire to grass. Five minutes later, the men of No. 3 station in South London were called to the corner of Evergreen avenue and the Wharncliffe road for no reason. Some person, looking down the G. T. R. tracks, had seen smoke from a grass fire near the Cove bridge, outside the city limits, and promptly pulled a box. This was listed as a false alarm.

A Dangerous Blaze.

A slight blaze with a possibility broke out at the Grand Trunk car shops in East London at 3:30, when a quantity of sawdust surrounding a big oil tank caught fire from the heat of the sun. The sawdust was saturated with oil, and was extinguished with difficulty.

The last of the series came at 10:30 at night, when J. Fox, of Clarence street, gave a verbal alarm at the central station that a merry blaze was in progress at the rear of his father's store.

A barn and high board fence were being rapidly consumed immediately adjoining the big factory of John McNee & Son, and while under ordinary circumstances, a fire of such proportions would not have caused any uneasiness, a dozen lines were laid due excitement a dozen lines were laid to prevent a conflagration in such congested territory. The big chemical engine settled the matter satisfactorily, however.

NO MONEY TO PAY FENIAN RAID MEN

Government Failed to Get Parliament to Vote the Necessary $400,000.

[Special to The Advertiser.]
Ottawa, Ont., July 8.—The hundred dollars for each of the Fenian Raid veterans is to be a joy deferred. There is no money. The Government put through a bill last session, but failed to ask Parliament to vote the money. There are now forty thousand applications, and if these were granted an expenditure of four hundred thousand dollars would be required. It is found that there is no authority to make a a governor-general's warrant to cover such an expenditure. Therefore, there can be no distribution until Parliament meets and votes the money. If the veterans increase at the present rate the Government may change its mind and not make any grant at all.

Though their companions rowed around the place for several hours no signs of the men were seen. It is thought they were pulled down by the dangerous undercurrents which exist at this point.
