ENUMERATORS PAD CENSUS RETURNS

DIRECTOR REPORTS FRAUDS AT TACOMA

Over 33,000 Too Many on List—Recount Will Be Demanded

Tacoma, Wash., Oct. 17.—Following the announcement of the director of the census that Tacoma's census count was padded with more than 30,000 fake names, the leading business men and members of the commercial organizations to-day started a movement for a complete recount of the census by paid enumerators of the government. Mayor Fawcett is at the head of the movement.

Great indignation was caused by the news from Washington of the action of Director Durand in charging that thousands of fictitious names had been found in Tacoma's census returns and the charge is vigorously denied by those having active part in the enumeration. Demands for a recount are heard on every hand.

A mass meeting of Commercial club members will be held at the club rooms this afternoon and the board of directors of the chamber of commerce will meet in special session at the Union Club. At both meetings formal protests against Durand's action will be made in the form of resolutions and emphatic demands that the government at once recount the city will be framed and wired to Washington. Plans for recounting the city as a city undertaking in case the government refuses, will also be considered at the meeting.

Prosecutions May Follow.

Washington, D. C., Oct. 11.—Staggered by the enormous growth shown by the returns of the census for a number of western cities, Director Durand, of the census bureau, ordered an investigation, the result of which appeared in the announcement that gross frauds had been perpetrated. Mr. Durand gave out, also a letter from President Taft, directing that persons implicated in the alleged frauds be prosecuted.

Cities specifically mentioned as being affected by the frauds are: Tacoma, Seattle and Aberdeen, Wash.; Portland, Ore.; Minneapolis, Minn.; Boise, Idaho; and Fort Smith, Ark.; but it is said that there are many others. The result of a second enumeration of Tacoma, Wash., was announced Saturday. The city shows a population of 83,972, an increase of 45,258, or 120 per cent. over the population of 1900. The first figures turned in for Tacoma was 116,248. In other words, the actual population was padded to the extent of 33,296, which would have meant a further addition of 40 per cent. These additions were made in 34 out of 73 enumeration districts in Tacoma. In some of these districts the number reported proved to be several times greater than the actual population. In ten districts enumerated the figures showed 29,753 names, whereas the correct number proved to be 11,646.

The letter of President Taft, dated Beverly, Mass., October 11, in part was as follows: "The cases of all those who appear to have violated the law should be investigated by the grand jury, and if sufficient evidence is found to justify it, they should be indicted and prosecuted at once. Nothing will so conduce to securing a proper census as the prosecution of those who attempt a fraud upon the law. I am led to believe that the present census has been much freer from attempted frauds than any previous census."

MRS. JULIA WARD HOWE DEAD.

Boston, Oct. 17.—Julia Ward Howe, famous as the author of the "Battle Hymn of the Republic," died to-day at the home of her daughter, Mrs. Maud Elliott, at South Portsmouth, R. I., according to a telephone report received here.

Mrs. Howe had been seriously ill for several weeks.

Julia Ward Howe was born in New York in 1819 and was extremely well educated for a girl of her time in the early part of the 19th century. She married Samuel Gridley Howe in 1843. All Mrs. Howe's life she stood out foremost in the ranks of good and sincere women and earned the sobriquet of "America's Grand Old Woman."

RAILWAYS IN WASHINGTON.

Over 5,700 Miles of Track in That State.

Olympia, Wash., Oct. 16.—Figures compiled by the state tax commission show that there are 5,725.845 miles of railroad in Washington at the present time, and that the Northern Pacific has more than twice as much as any other road. Its total mileage, including tracks of all kinds, is 2,425.858. While the Great Northern, the next largest, has but 1,145.424 miles. The Northern Pacific has more main line track than the total mileage of any other road in the state, with the single exception of the Great Northern.

GOOD SHOWING AT FALL FAIR

DEFICIT WILL BE A VERY TRIVIAL ONE

At Present Calculations is Less Than $800 and May Be Reduced

(From Monday's Daily.)

It comes as a very pleasant surprise to the people of Victoria to learn that the deficit in connection with the financing of the late fall fair under the auspices of the B. C. Agricultural Association is a very trivial one—less than $800. The secretary, George Sangster, said this morning that he even hoped to make the balance on the wrong side of the ledger smaller still, as a number of bills yet remain unpaid on which there will be discounts aggregating a considerable amount. As at present calculated, the actual deficit is $794.76. The financial statement of receipts and expenditure in detail is as follows:

CHARGE AGAINST WOMAN.

Accused of Having Attempted to Kill Her Sister-in-Law.

Ashland, Ore., Oct. 17.—Emma Stone Dorman, a married woman about 35 years of age, is lodged in the city jail on a charge of attempting to kill her sister-in-law, Mrs. Lena Truitt.

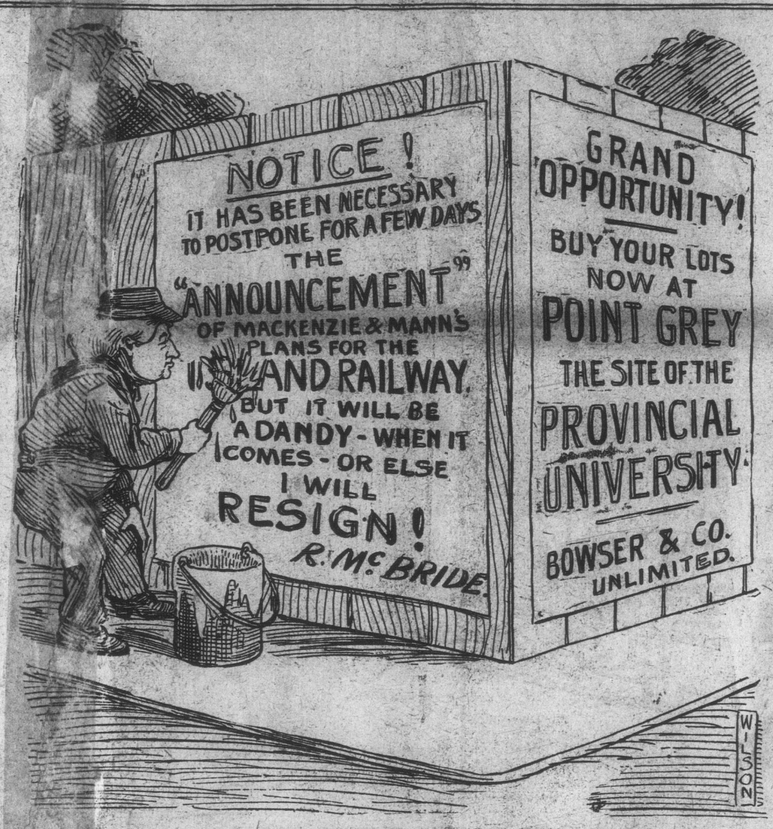
Wood, supposed by the authorities to have contained dynamite, was used in the Truitt stove. Two explosions occurred which wrecked the stove and endangered the lives of Mr. and Mrs. Truitt.

WILL VISIT TORONTO.

Earl and Lady Grey Will Arrive on Thursday Morning.

(Times Leased Wire.)

Toronto, Oct. 17.—Announcement is made that the Governor-General and Lady Grey will leave Ottawa by special train on Wednesday night, arriving in Toronto on Thursday morning, but as yet only partial arrangements for their reception have been completed. Earl Grey will present the prizes at St. Andrew's college on Friday forning.



BOMB EXPLOSIONS FRENCH CAPITAL

Anarchists Suspected of Planning Outrages—Over Hundred Arrests Made

(Times Leased Wire.)

Paris, Oct. 17.—Paris virtually is under martial law to-day following bomb outrages believed to have resulted from a refusal by Premier Briand to allow a demonstration of railroad strikers in the Boise De Venicennes.

One bomb partially wrecked the home of M. Massard, director of La Patrie, a newspaper opposing the strike. The explosive also damaged the home of Mme. Sarah Bernhardt, which adjoins that of Massard. No one was injured in the explosion.

A second bomb was fired in the Ternes quarter and one man was injured.

On Massard's door was found a card reading: "This is the strikers' first warning."

The police have arrested 120 anarchists on suspicion of having plotted the outrages.

ELECTRIC CARS COLLIDE.

Twelve Persons Injured in Accident at Los Angeles.

Los Angeles, Cal., Oct. 17.—Twelve persons were injured, one perhaps fatally, when a Covina car of the Pacific electric line crashed into a southbound Pasadena car at the entrance to the Macy street bridge to-day. W. Al Wade, of South Pasadena, was injured internally. He was taken to a hospital where his condition was pronounced serious.

STANLEY KETCHEL'S ASSAILANT IN CUSTODY

Explains Flight After Tragedy—Declares He Fired in Self-Defence

(Times Leased Wire.)

Springfield, Mo., Oct. 17.—Stanley Ketchel's body was sent to Grand Rapids to-day and the inquest will be held to-morrow.

Walter Dipley, alias Hurtz, the slayer of Ketchel, will be called as a witness, although he is expected to refuse to testify. Dipley to-day made a statement explaining his flight after shooting Ketchel by saying he was a deserter from the navy and feared his desertion would be exposed if he was arrested.

"I shot Ketchel in self-defence," said Dipley.

The authorities do not believe his statement regarding the shooting, but consider it likely he was a deserter. They are somewhat puzzled over the women's connection with the case. She had repeatedly made contradictory statements, first saying she was the slayer's wife and then saying her name is Goldie Smith. Dipley said her name is Mrs. Knight. Her career prior to the shooting is not known.

Fitzsimmons, Corbett, Johnson, Sullivan, Papke and hundreds of others have wired telegrams of condolence to the dead fighter's parents.

MUCH BUSINESS BEFORE BOARD

COUNCIL WILL HAVE INTERESTING SESSION

Mayor to Advocate Creation of a Board of Control and a New City Hall

(From Monday's Daily.)

An unusually large number of important matters are slated for consideration at this evening's meeting of the city council. Mayor Morley is to advocate the introduction of the board of control system and also outline a scheme for new municipal buildings. The question of paving material and paving contracts is likely to arouse considerable discussion when the tenders for the work to be done on McClure street comes to be finally considered. A large number of local improvement works will also be passed upon, among them being the widening of Douglas street between Humboldt and Superior streets.

In regard to this latter project the city engineer has prepared the following report:

"Attached herewith is a plan for widening Douglas street between Humboldt street and Superior street. This is the plan submitted to your last meeting, in amended form, showing an alternative route indicated by blue lines. The alternative plan will take a wedge shaped strip from the C. P. R. hotel site, beginning 39 feet wide at Belleville street and running to a point at Humboldt street. A strip will be taken from the property of Hon. J. S. Helmcken, 60 feet wide at Belleville street and tapering to 20 feet at Elliott street. There will be a strip 9 feet wide taken from the west side from the Goodman and Sikene properties on Douglas between Elliott street and Superior street. The city assessor estimates that it will cost $26,000 for widening this street as proposed a week ago, and shown in red on the accompanying plan. He estimates that to widen this street as proposed, and shown by the blue lines, will cost approximately $28,000. To pave this street in either case will cost approximately $40,000."

City Engineer Smith makes this suggestion regarding the site for the proposed public convenience, in the following report, which will be considered this evening:

"Attached herewith is a plan of the vacant city property, just east of

PREMIER OF N. S. W. WILL PROBABLY RESIGN

Labor Party May Gain Another Seat in One of Second Ballots

Sydney, N. S. W., Oct. 17.—The result of New South Wales election is doubtful up to the present time. The Laborites have a majority of two, and they may gain a seat in one of the second ballots, of which there are three. The resignation of Premier Wade is certain.

STREET RAILWAY MEN DISSATISFIED

Declare Company Dismissed Employees Because of Their Union Proclivities

(Special to the Times.)

Winnipeg, Oct. 17.—Dissatisfaction of street railway employees over the summary dismissal of a number of motormen and conductors found vent in a closely guarded meeting on Sunday morning. The men claim that the victims were selected by spotters because of their union proclivities, rather than real faults, and while the concrete results of the meeting were not made known, it is believed that one faction insisted upon the reinstatement of the men, while another faction claimed the company was doing nothing more than right under the circumstances of strong representations made by the public. It is understood the meeting adjourned until Tuesday, and meanwhile a committee will interview company officials.

It is said that owing to a scarcity of men during the summer inspectors have ignored minor breaches of discipline, not caring to suspend men when unable to properly man all their cars, and that some of the men undoubtedly have taken advantage of this leniency.

WILL RESIDE IN VICTORIA.

(Special to the Times.)

Winnipeg, Oct. 17.—James Barnet, accountant in the office of General Superintendent Cameron, of the Canadian Northern, on retiring from the service of the company, was presented with a handsome travelling case by members of the staff. Mr. Barnet leaves on Tuesday for Victoria, where he will reside.

HOUSE OF BRAGANZA BANISHED FOREVER

Portuguese Government Will Revoke Titles and Orders of Nobility

(Times Leased Wire.)

Lisbon, Oct. 17.—The provincial government of the republic of Portugal today decreed that the house of Braganza, of which Dom Manuel is the titular head, shall be banished from Portugal forever. The government ordered that titles and orders of nobility shall be abolished or revoked.

Government officials hereafter will handle state functions heretofore attended to by the priests. The church will have no voice in state management, and schools have been ordered removed from the church's domination.

JAPANESE CADETS SAIL.

Tokio, Oct. 17.—The training cruisers Asama and Kasagi, with 149 cadets on board, sailed from Yokoshuka to-day for a cruise to the American coast of the Pacific ocean. The two school ships will go as far south as Panama.

Japanese papers state that the vessels will be at Panama for the celebration there on December 30. It is believed that President Taft will have left Panama by that time.

SIR THOMAS HAS ARRIVED

PRESIDENT OF C. P. R. REACHED THE CITY TO-DAY

Party is Quartered at Empress Hotel and Will Remain Several Days

(From Monday's Daily.)

Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, reached the city this afternoon, coming over from Vancouver on the Princess Charlotte. Accompanying Sir Thomas are C. R. Hosmer, one of the directors of the company and Wm. Whyte, second vice-president. The party is quartered at the Empress hotel and will remain in the city for several days.

Sir Thomas, while here will, it is anticipated, reach a decision as to when work shall be started in the near future on the additional wing it is proposed to the Empress hotel and to make announcements on other questions of interest to Victoria and Vancouver Island. The board of trade will seek an interview with him on a number of matters.

It is likely that Sir Thomas while here will be able to state with some exactitude the date when the improved steamship service on the Pacific shall be inaugurated by the C. P. R. At the recent annual meeting of the company in Montreal, he announced that the Pacific service would be improved in the near future and that larger steamships would be constructed for service on the Atlantic. It is assumed that the Empress of Britain and the Empress of Ireland, the palatial steamships at present in use on the Atlantic, will be transferred to the Pacific. In this connection it is interesting to recall that Sir Thomas some five years ago said that when the Atlantic Empresses were transferred to this coast, it was not improbable that they would call at and depart from some port on the west coast of the Island.

SIR THOMAS SHAUGHNESSY.

While the Cameron Lake extension of the E. & N. railway has not yet been opened for regular traffic, everything is in readiness to do so and it is probable that Sir Thomas and party will take a run over the road on a special train before leaving for the mainland.

TRIAL OF DR. CRIPPEN.

Hearing of Murder Charge Will Begin in London on Tuesday.

London, Oct. 17.—Dr. H. H. Crippen, accused of the murder of his wife, Belle Elmore Crippen, will go to trial on the charge to-morrow.

Lord Chief Justice Alverstone will preside, and King's Counsel Moore will conduct the prosecution, with Barrister Humphreys assisting.

Barrister Tobin and Jenkins will defend Crippen and Barrister Smith and Barrington-Ward will defend Miss Ethel Clarke Leneve, charged with being an accessory to the alleged murder. Miss Leneve's trial will begin at the completion to that of Crippen. Solicitor Newton will prompt the defence and it is expected the Crippen trial will last a week.

BURRO CAUSES WRECK.

Fireman Killed and Engineer Injured When Engine Is Derailed.

Roswell, N. M., Oct. 17.—Fireman J. H. Sauter is dead and Engineer A. A. Richey fearfully scalded as the result of a wreck on the Santa Fe line near Greenfield. The train ran down a burro. The little animal was caught beneath the pilot and the engine was derailed. None of the passengers were hurt.

HINDU IMMIGRATION FALLS OFF.

San Francisco, Cal., Oct. 17.—The fact that only 20 Hindu immigrants were aboard the liner Mongolia when that vessel arrived here is believed by the Anti-Asiatic Immigration League to indicate that the wholesale turning back of immigrants from this port have had its effect.

Twenty is the smallest number ever brought over by a trans-Pacific liner since the Hindu invasion began.

CHAMPIONSHIP BASEBALL SERIES

EYES OF FANS TURN TO PHILADELPHIA

Chicago Cubs and Mack's Athletics Meet in the Opening Game

(Times Leased Wire.)

Athletics 4, Cubs 1.

The world's championship baseball series:

Contestants—Chicago Nationals and Philadelphia Americans.

Stake—World's championship and a part of the receipts.

Number of games—Until one team has won four games.

Games—In Philadelphia October 17 and October 18; Chicago, October 20 and 21; in case of extra games, Philadelphia October 22; Chicago October 23; site for seventh game, if necessary, to be decided by lot.

Division of receipts—Ten per cent to the National Commission, 60 per cent. of 90 per cent. of the first four games to the players on a basis of 60 per cent. to the winners and 40 per cent. to the losers. Remainder to the club owners.

Estimated receipts—Ten per cent. above last year's, which were $40,271.50, first game; $41,884.50, second game; $20,676, third; $21,103, fourth; $32,173, fifth; $12,517, sixth; $19,677, seventh. Total, $188,302.50.

Umpires—O'Day and Rigler, from the Nationals; Connolly and Sheridan for the Americans.

Former winners—1903, Boston Americans over Pittsburg Nationals, five games to three; 1905, New York Nationals over Philadelphia Americans, four games to one; 1906, Chicago Americans over Chicago Nationals, four games to two; 1907, Chicago Nationals over Detroit Americans, four game to none (one a tie); 1908, Chicago Nationals over Detroit Americans, four games to one; 1909, Pittsburg Nationals over Detroit Americans, four games to three.

Players eligible—Twenty-three Cubs and twenty-three Athletics.

Betting—Even in Chicago and 10 to 9 on the Athletics in Philadelphia.

Number of former world's championships won by teams—Two for Chicago and none for Philadelphia.

Number of pennants won by respective managers—Four by Chance and three by Mack.

Philadelphia, Oct. 17.—Father Penn is far from a sober gentleman to-day. His Quaker hat is tilted to one side; his spectacles hanging to one ear; his wig awry, and his general appearance resembling extreme perturbation.

And well he may look this way, for his pet Athletics are to begin battle to-day with the terrible Cubs from Chicago for the baseball supremacy of the entire mundane sphere and the interstellar spaces.

Shibe park was the centre of the baseball world to-day and it was to this great playground that the tens of thousands poured in a mad rush to lend their moral support and vocal chords to the all-important object of returning Mack's men a winner in the first game of the momentous series. There was no other thought in the minds of Philadelphians, from Mayor Reyburn down to the gamins on the streets.

The best that may be said for the Athletics and their supporters is that they are hopeful of winning the greatest honors that can come to a ball team. A week ago Manager Mack and his men were extremely confident, but as the moment of the initial clash drew near it was only natural that apprehension should make its appearance and the inevitable nervousness crop out. Maybe it's a good thing, too, for "determination" is now written all over the Athletics' camp.

The feeling is general that this is the American League's year. Not since the Chicago White Sox surprised the baseball world by beating practically the same team of Cubs that will line up this afternoon has an American League pennant flown the prize banner. As the present crop of Athletics is by far the strongest that ever represent-
