New York Sun for 1872.

TO ALL WHO CAN READ.

The New York Weekly Sun Doubled in Size without Increase in Price.

With the beginning of 1872, THE WEEKLY SUN has been doubled in size. It now contains eight pages instead of four, making it equal in dimensions to any other weekly secular journal published in this country. At the same time its price has not been increased. It will be furnished to subscribers at the uniform rate of one dollar a year for each copy. To this rate no exception will be made and no reduction will be possible, either to clubs or agents. Every subscriber who sends a dollar will receive a copy for a year.

While THE WEEKLY SUN thus furnishes as much reading matter as other papers published at double or treble the price, it will contain new features which will add greatly to its interest and value as a family newspaper. Its independence of opinion, and its unqualified hostility to Tweedism and Grantism, and every form of public robbery, bribery and corruption, will be maintained, while in point of political news its readers may rely upon always receiving the most accurate, as well as the freshest, intelligence that can possibly be obtained. The enlargement enables us also to devote additional space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading, presenting the quaint and humorous aspects of life, and for useful information repecting not only what takes place in this metropolis and this country, but in all other parts of the world, we now have ample room.

In its new form THE WEEKLY SUN is the cheapest paper of its class in the United States: and we appeal to such of our readers as approve its ideas and objects, and find it interesting and valuable, not only to renew their own subscriptions, but to recommend the paper to their friends and neighbors.

This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election, and political movements will for many months be watched with unusual interest. As a journal, free from the trammels of party, THE WEEKLY SUN will continue to uphold the principles of true republican government. Its readers are invited to sustain it in that work. The truth, irrespective of party prejudice or official influence, will always be told in its columns.

Terms of the Weekly Sun—

A journal containing eight large pages, published every Wednesday morning—To all mail subscribers, whether single or in clubs, *one dollar a year each,* always in advance.

DAILY SUN, by mail, 50 cents a month, or $6 a year.

SEMI-WEEKLY SUN, by mail, $2 a year.

The subscriber would also remind the citizens of St. John that, with increased accommodation in his new quarters, he will be enabled to keep always on hand a LARGE AND WELL ASSORTED STOCK OF BOOTS AND SHOES, both of ENGLISH and DOMESTIC MAKE, and at prices to suit the pecuniary circumstances of the community.

YESTERDAY'S PROCEEDINGS.

FREDERICTON, March 21.

The Provincial Board of Agriculture is now in session here. The members have had under consideration an offer from the St. John Agricultural Society, that if the Provincial Board will allow them $2,000, they will undertake the exhibition in St. John and carry it through. This offer has been declined.

The Sackville Society have offered $2,500 to the Board to have the exhibition in Sackville, and the Board favor the offer; they are now waiting for a Government grant of $1,000.

It has not been yet determined whether any exhibition will be held, but if at all Sackville will be the place.

Hon. Mr. Muirhead arrived last night.

Mr. Hertz, of Denmark, who was engaged by the Hon. P. Mitchell on his last Western tour as an Emigration Agent for New Brunswick, left here for Denmark today on his mission.

Wedderburn moved the House in Committee to amend the Act to incorporate Courtenay Bay Bridge Company and to decrease the capital stock. Agreed to.

A bill to amend the Act providing for the establishment of a Board of Agriculture, was agreed to.

The House has been occupied nearly all the forenoon discussing the Bill to give power to the Common Council of Fredericton to impose a tax on peddlers, traders, and others who are not residents. It does not propose to tax sample men, as has heretofore been the case. The York members agree to it, but the members of other Counties object. It will probably be carried.

A great many members left for their homes this morning.

In the Legislative Council, Covert's Bill, to alter time of meeting of proprietors of Oromocto Island, was agreed to.

Donald's Bill, to allow damages to be collected for loss occasioned by logs and drift wood to meadow lands on the Magaguadavic River, is under discussion. Will probably be thrown out.

In Commons, Horsman again interrogated Gladstone on Alabama question. Gladstone said he had been unable to consult colleagues. He believed speech of Her Majesty at opening of session gave all necessary information. In conclusion he said it would be impossible to delegate to Parliament the power of making treaties.

Advance in Woollens.

The advance in prices of Wools and Woollen Goods in England has been most remarkable, and it is alleged that the United States mills intend to shut down for two months with a view to forcing prices of their manufactured goods upwards. The prospect of high prices for the current year is uncommonly good—or bad,—as the interests of parties dictate:—The following table may interest our farmers, as it shows the rise in Wool from Christmas, 1870, to Christmas, 1871:—

	Christmas 1870.	Christmas 1871.	Percentage of advance.
Port Philip, scoured	18d	28d	55½
Do clean washed	17d	26d	53
Do greasy	8½d	18½d	82½
New Zealand, clean	15½d	24d	55
Do greasy	8d	15d	87½
Sydney, scoured	16d	28d	75
Do fleece	14½d	23d	59
Cape, super scoured	17d	26d	53
Do fleece	11½d	18½d	61

showing an average advance of 62 per cent.

The advance in English wools has, however been still more remarkable, and, although they are not largely used in the woollen trade proper, it is still important to take the fact into consideration.

The following table will illustrate the facts, and the prices quoted are for hogs and wethers in equal proportion:—

RELATIVE VALUES OF ENGLISH WOOLS

	Christmas 1870	Christmas 1871	Per cent of increase
Yorkshire	17d	28½d	67¾
Midland	14½	25½d	76
