TODAYS ATTRACTIONS

THIS AFTERNOON.

Pollard Opera Co. in "A Gaiety Girl" at York Theatre.

Football on Victoria Grounds. Neptunes vs. Beavers, at three o'clock.

THIS EVENING.

Pollard Opera Co. in "The Lady Slavey" at York Theatre.

St. John Typographical Union No. 85 meets at eight o'clock.

THE WEATHER

Forecast:—Wind north to northwest, with snow flurries. Sunday, wind west to northwest, colder.

Local News.

E. S. Dibblee has not as yet received any particulars concerning his brother's death in Siam, which occurred some weeks ago. Word is expected at any time.

Grand Knight W. J. Mahoney and Warden Geo. Lundy, of St. John Council, Knights of Columbus, left last night for Sydney to attend the institution of a new council there.

There will be one of those popular two hour sales at F. A. Dykeman & Co.'s this evening. The goods on sale will be flannelette night gowns, and are well worth double the price that they will be sold at. Many other lines are advertised at special prices for next week's selling.

On the occasion of the marriage of Denis Griffin to Miss Mary Ritchie, the staff of the Canada Saw Co., Ltd., and the James Robertson Co., Ltd., presented them with a set of knives and forks. Mr. Griffin is machinist at the Canada Saw Co.

"When the well is dry then we know the worth of water," said Benjamin Franklin. When eyesight begins to fail, then we know the worth of glasses. The properly fitted kind make eyesight perfect. Consult D. Boyaner, 651 Main street.

When a man spends a reasonable amount of money for an overcoat he expects it to give him good service for a reasonably long time. Its style must be sensible and good, its durability unquestioned. He suits his whims in the other details. M. R. A. overcoats fill the bill exactly.

F. S. Bonnell having severed his connection with the Northern Life Insurance Co., has been appointed provincial manager for the Home Life Association, which recently had amalgamated with it the Peoples' Life Insurance Co. The Home Life is one of the strongest companies in Canada, having as its president the Hon. J. R. Stratton, and as managing director J. K. McCutcheon. The Home Life offices here are situated at 48 Princess St. The many friends of Mr. Bonnell will wish him every success in his new position.

The new ferry steamer Ludlow was placed permanently in commission yesterday and made her first regular trip about 1 o'clock. Ald. Frink, chairman of the ferry committee, said last evening that everything was working smoothly; the new vacuum air pump had arrived but was not yet placed in the boat. This would be done as soon as opportunity offered. He thought the crew were handling the Ludlow in good style. She was so much heavier and bigger than the old boats that additional care had to be exercised in entering the slip. "If she happened to hit a pile," he concluded significantly, "she would make no more trouble in snapping it than she would a walking stick."

POLLARD TO SAY GOODBYE TONIGHT

Good Performance at York Theatre Last Night --- Will Be Another One Tonight.

Another bumper house was present at the York Theatre last night to witness the Pollard Opera Company in "The Lady Slavey," and the little artists fully sustained their reputation as one of the best companies ever seen here. Daphne Pollard and Teddy McNamara will long be remembered by those who have seen them before the foot-lights in this city. Tonight will be the last appearance here of the lilliputian actors, and those who have not had the pleasure of hearing this company sing have a treat in store for them.

A farewell speech to St. John by one of the lilliputians will be delivered and at the conclusion of the performance, Miss Eva Moore will sing "Auld Lang Syne." The Neptune Rowing Club have secured the entire front rows of the balcony and will attend in a body. The matinee bill will be "A Gaiety Girl," and at the evening performance "The Lady Slavey" will again be presented. There are still good seats for both performances, but the advance sale indicates full houses. This fine company have made lasting friends here.

THE ALBERTA ELECTIONS

Ottawa, Nov. 10.—(Special)—The latest returns from Alberta give twenty-one Liberals and four Conservatives.

The four Conservative constituencies are High River, Red Deer, Rosebud and Pakoka. The last is not certain. All the others are Liberal.

As mildew develops more rapidly under certain climatic conditions, so with cancer in the human body. There are certain conditions that favor its development, and when these conditions cease to exist the cancer gradually disappears. Send 6 cents (stamps) to Stott & Jury, Bowmanville, Ont., if you are troubled with cancer.

THE BURNS MEMORIAL

The Committee Has Raised $3,600 Toward It and $2,000 More is Needed.

The New Brunswick Burns Memorial Committee, representing the Fredericton Society of St. Andrew, the St. Andrew's Society of St. John, and the Highland Society of Miramichi, have procured subscriptions amounting to upwards of $3,600 for the erection of a statue of Robert Burns at the capital of the province. These subscriptions have been obtained exclusively in the membership of the societies named, with the exception of a few which have been voluntarily forwarded from other places to the treasurer of the committee. As about $2,000 additional will be required to defray the full cost of the proposed monument, it has been determined by the committee to publish this notice, so that all Scottish residents of the province and all admirers of the immortal bard who have not already subscribed, may have an opportunity of contributing something to the memorial, which it is hoped to make the handsomest public monument in New Brunswick.

All who desire to do so may forward their contributions to the treasurer of the committee, Jas. F. McMurray, Fredericton, and the committee would like any who propose to contribute to do so or to notify the treasurer of their intention at their earliest convenience, as the committee wish as soon as possible to be in a position to let a contract for the work, in order that the memorial may be unveiled on the anniversary of Burns' death, in July next.

It has also been suggested that there may be many communities in the province where substantial amounts could be raised by the Scottish residents organizing Scottish concerts in behalf of the undertaking. Already a very successful concert has been held in Andover for this purpose, the proceeds of which have been forwarded to the treasurer. If there are in any town or village any number of persons in sympathy with the movement who would like thus to assist, the provincial committee would cordially appreciate any effort they might put forward in this behalf, and it is suggested that the next anniversary of Burns' death, on Jan. 25, might be made an occasion for many such concerts throughout the province.

All contributions will be publicly acknowledged.

Oswald S. Crocket, president; A. Stirling McFarlane, secretary.

Fredericton (N. B.), Nov. 11, 1905.

FACTORY INSPECTOR McMULKIN HOME

Factory Inspector McMulkin arrived home Friday from an official trip to points in the province. At Richibucto he visited Jordan's mill, the other two in the vicinity having been closed down. From there he went to Buctouche and looked over two saw mills and two grist mills. One of the latter, owned by J. B. Irvine is, he says, among the finest in the province. He then passed on to Moncton, and a second time went through the mills there, and was assured by the proprietors that the improvements he suggested would be made at the earliest possible moment. He then visited Sayre & Holley's mills at Chipman and came from there to St. John. In every instance he left instructions that boilers must be tested before proceeding with the spring operations.

The inspector seems to be very well satisfied with his trip. He leaves for Charlotte county next week.

SACKVILLE

SACKVILLE, Nov. 10—The marriage of Mariner Trenholm and Miss Winifred Wall was solemnized at the Methodist parsonage, Bayfield, on the 8th inst. Rev. Wm. Lanson performed the ceremony.

Walter Dixon recently received quite serious injuries, being the victim of a runaway accident. He was thrown from his carriage, one arm was badly wrenched, and he received some bad bruises.

Lewis Patterson of Midgic, entertained a number of friends Tuesday evening in honor of his birthday. The host was presented with a handsome easy chair, as a souvenir of the pleasant occasion, by the guests.

Messrs. Thompson, Walton, Hanford Ibbitson and Johnson Scott have returned from a two months' visit in the west.

Miss Susie Anderson of Boteford left yesterday for a visit in Boston.

The Methodist church, Upper Sackville, has recently been improved in its outward appearance by the addition of a coat of fresh paint.

CONDITION CRITICAL

The young son of Charles K. Short, who has been seriously ill for a number of months, is at present no better, and hopes for his recovery are not bright. The unfortunate lad was struck by some small substance on the eye, and nothing serious was anticipated, but a growth has set in, and he is at present in a critical condition.

DEATHS

SPRAGG—In this city, at 304 Union street, on Nov. 9th, Rebecca A., wife of J. Wilford Spragg, aged 52 years, leaving a husband, one daughter, one brother and three sisters to mourn their loss.

Funeral at Hatfield's Point on Sunday at 11 a. m.

PRODUCE AND VEGETABLES

How This Season's Prices Compare With Those of Last Year.

A comparatice statement of prices and produce shows considerable difference in figures over this time last year. Potatoes for instance have taken a leap skyward this season, and high land Delawares are bringing $1.20 on the boat, whereas, last year they could be had at from 90 cents to $1.00. Parsnips brought $1.25 to $1.50 a barrel last year, but are quoted this season at $1.50 to $1.75. Carrots are lower, bringing $1.00 as compared with $1.50 last year. Turnips are bringing 50 cents, beets $1.00 to $1.25, and cabbages four to five cents a head. On the three latter items the figures are about the same as last year. Butter is scarce, and is quoted at 20 to 22 cents, this being an advance of two cents over last season, when it brought from 18 to 20 cents. Cheese has advanced from two to three cents, quotations being 12 to 13 cents compared with 10 cents last year. There is no difference in the price of eggs, which bring from 22 to 27 cents. Hay has dropped considerably, and sells at $11 now as compared with $13 last year.

MANY STUDENTS FOR DALHOUSIE

Largest Number on Record in Arts and Science---25 for Engineering.

The number of new students entering Dalhousie this fall is 122. These are distributed as follows: 96 in arts and in pure and applied science, 11 in medicine and 15 in law. While the total number of new students may have been equalled in former years, the number of new students in arts and science this year is the largest in the history of the college. Twenty-five of them have entered the courses in engineering.

The homes of the new students are thus located: Halifax city and county, 47; the Island of Cape Breton, 17; Pictou county, 14; Colchester county, 11; New Brunswick, 9; Lunenburg county, 7; two outside the maritime provinces and the remainder in Prince Edward Island and the counties of Shelburne, Yarmouth, Annapolis, Kings, Hants, Cumberland and Antigonish.

PASTORS IN WOODSTOCK

Two of Them Uphold the Higher Criticism---Editor Wants Light.

(Carleton Sentinel.)

Rev. A. B. Cohoe, one of the most gifted of the younger Baptist ministers in this country, pastor of a church in St. John, has tendered his resignation. Two reasons are assigned for this move on his part. One is that his leaving the pulpit vacant will tend to make easy an amalgamation scheme. The other, and no doubt the primary cause, is the fact that the reverend gentleman holds and teaches views in which an influential minority, or perhaps majority of the congregation, do not concur, notably on the question of higher criticism, so called, this present day all absorbing theological bone of contention. It is not for a layman to take up the cudgels and argue the merits or the demerits of this new school of teaching.

* * * * * * * * * * *

Most laymen are interested in this higher criticism. They all expect to die. Some of us feel in line for a place in the realms of bliss. There are those who are not so optimistic. The disciples of the old school hold out as a solace to these poor hardened sinners visions of a lake that burns with fire and brimstone,—not a cheering prospect to be sure. The "new lighters" if we may make use of the term, have different ideas. To us it seems as if the time is ripe for an enlightenment by those competent to teach the people. The local clergymen are divided on the question. Three, at least, hold views in accord with the newer ideas. Two local pastors openly teach the doctrine of higher criticism. There are those again who frown upon the very idea of disputing one jot or tittle of the evidence in holy writ. The public is anxious for more light. Surely in view of these widely conflicting views being taught it is high time for the public to learn the truth.

THE SUN LIBERAL?

(Woodstock Sentinel)

Mercy protect us! It is said on good authority that the St. John Sun is about to fall into the hands of the Liberal party. Who would have thought the like possible? The owner of that paper, Mr. W. H. Thorne, is reported to have admitted that negotiations to that end have been opened. It would be most mighty funny to use a slang expression, in the next campaign to see the Sun a champion of Liberalism. The news is too good to be true.

AN INTERESTING LECTURE

Rev. S. Howard, of Portland Methodist church, delivered a very interesting and instructive lecture in the Presbyterian church at Fairville last evening on his trip through Switzerland.

During the evening Mrs. L. M. Curren sang two beautiful solos.

RESIGNATION IS ACCEPTED

Officers and Congregation of Brussels Street Church Accept Resignation of Rev. A. B, Cohoe.

At a meeting of the officers and congregation of the Brussels street United Baptist church last evening the resignation of the pastor, Rev. A. B. Cohoe, was accepted, to take effect Jan. 1. It was given out that the question of union was not touched on at the meeting. The pastor's resignation was accepted with regret.

In his letter, Mr. Cohoe had named February as the time that he desired his duties to end, but had later changed his request to January as the church year will end at that time.

After the meeting, Deacons C. E. Vail and R. W. Kierstead, and A. H. Chipman gave out a statement that nothing had taken place at the meeting other than the acceptance of the resignation of Mr. Cohoe. There had been no discussion of the question of union of the churches. This question, as before told of in the press, would be taken up at a meeting of the pastors and lay representatives of the five west end churches, Germain street, Brussels street, Waterloo street, Leinster street and the Tabernacle, to be held at an early date, when it is hoped that a definite plan satisfactory to all can be arranged.

Rev. Mr. Cohoe was seen after the meeting and told the result. He said that he had no statement to make, any more than to say that he thought that his action was for the best. Mr. Cohoe, on leaving here, will go to his home in Oxford county (Ont.), where he will for a time engage in other work before taking up another pastoral charge.

THE MOHAWKS TALK HOCKEY

An informal meeting of members of the Mohawk Hockey Club was held last evening in "White's," when the hockey prospects for the coming season were talked of. It was decided that the Mohawks would support a city league, and it is also understood that they favor a representative St. John team to play in the provincial league. They will not, however, under any circumstances put a team in the provincial league under their own name, but will assist in any way possible in the formation of a strong all-St. John aggregation. The Mohawks may have a second team this year if there is a league formed to take in such a team. They are in favor of a city league that would be representative of the north, south and west ends of the city. A committee was appointed to ascertain how many of the members will play this season, and they will report at the annual meeting of the club in December. The idea of a strong all-St. John team is a good one, and it is to be hoped that the scheme will be satisfactorily worked up so that the best team possible may be chosen to represent the winter port this season.

SURVEYING HARBOR OF PARRSBORO, N. S.

Assistant Engineer Scammell of Saint John spent last week in Parrsboro completing the survey for the proposed harbor improvements. It is intended to enlarge the channel from the river mouth up past the coal wharf, and it is expected that the work will begin in the early spring. It is not yet determined whether the dredging will be done by pick and shovel or whether it will be possible to do the main part of the work with one of the government dredges. It seems likely however that owing to the great tide the work will be done by hand, and if so a large number of men will be needed when the work commences. The chief asset of Parrsboro is its harbor, and any outlay for improvement is money well expended for the benefit of this town.—Parrsboro Leader.

PERSONAL INTELLIGENCE

Frederic Stevens and bride of New York arrived in the city yesterday and are at the Royal. Mrs. Stevens was formerly Miss Carrie Seely of St. John. Last evening a reception in their honor was held at the home of D. J. Seely, when about twenty-five friends were present.

Miss Nora Peters of Gagetown is visiting in the city.

Miss Josie McKelvie of Charlottetown has returned home after a pleasant visit with friends in this city.

Mrs. Shives and the children of the late Kilgour Shives desire to express their gratitude to the many kind friends for sympathy extended to them since their recent bereavement, and to thank them for the many tokens of remembrance, respect and esteem offered to his memory.

Miss Fannie Jenkins, who has been taking a course in nursing at Long Island College, Brooklyn, is spending a vacation at her home in this city.

Dr. A. A. Stockton, M. P., left last evening for England to argue the equity case of Arthur C. Fairweather vs. James F. Robertson before the privy council. Dr. Stockton is counsel for the plaintiff, and A. H. Hanington, of Hanington, Teed & Hanington, for the defendant. J. H. A. L. Fairweather accompanied Dr. Stockton. Mr. Hanington will leave next Tuesday.

THE PROVERB PRIZE WINNERS.

The following are the prize winners in The Telegraph's Proverb Contest, according to the finding of the judges, Judge Forbes, Collector of Customs A. T. Dunn, and Mr. James G. Taylor, Manager of the Bank of Commerce:—
