ONE OF DEWET'S SPIES.

The Remarkable Career of a Woman Circus-Rider.

London, Feb. 21.—Lily Whiterose, a circus rider, charged with drunkenness at Bradford, told the Bench an extraordinary life story.

She was the daughter of an army officer, she said. She ran away from home while in her 'teens and joined Buffalo Bill's show in Massachusetts. She became a crack shot and expert rider under Colonel Cody's tuition.

Later she married an Austrian army officer. She followed him to South Africa, and managed during the war to secure some secret information respecting the movements of the British army.

She went to the Boer General Dewet, sold him the information, and was engaged as a despatch runner.

She wore military attire and passed as a man.

Remorse for her treachery overcame her, and she deserted the Boers and joined the British army at Modder River disguised as a trooper.

She went through several battles, she said, and earned special distinction by carrying a wounded soldier part of the way across the river on her horse.

Afterwards she became ill with enteric fever, and in the hospital her sex was discovered. She then became a nurse, and later, she concluded, she returned home to resume her professional career.

She was fined 27s., including costs, with the alternative of three weeks' imprisonment.

AUSTRALIA INVITES FLEET.

Premier Deakin Says She Would Welcome U. S. Battleships.

Washington, Feb. 21.—An exceedingly cordial invitation to have the American battleship fleet visit Australia has been extended by Hon. Alfred Deakin, Prime Minister of Australia, Secretary of State Root, in acknowledging the invitation, remarked:

"The eventual movements of our fleet have not yet been determined. While it is possible that the vessels will return by way of Suez, I would be glad if some of them could be sent by the Australian route, but it would be premature to promise this.'

Secretary of the Navy Metcalfe, in making public the invitation to-day, expressed the gratitude of the Navy Department for the cordiality exhibited, and said that the matter would be taken under serious consideration.

PAINTERS' PRESIDENT.

ART APPRECIATION.

Interesting Address at Teachers' Institute Meeting.

The excellent programme provided by the Hamilton Teachers' Institute for the public meeting in the assembly hall of the Collegiate Institute drew a large audience.

Miss Adeline Smith and Mr. F. H. Moore gave several excellent vocal selections. Mr. Alfred Ward, Chairman of the Board of Education, presided, and delivered a short address as an introduction to the speaker of the evening. "The Teaching of Art Appreciation" was the subject of the address by Mr. Charles De Garmo, Ph. D., professor of the science and art of education, Cornell University, Ithca, N. Y. His lecture was illustrated by lantern slides, which showed clearly each point of his argument. He gave an illustration of the device for enabling children to study simple art and work for themselves. It teaches them what to look for and how to find it by their own efforts, he said. The first step is by studying one element at a time. For a foundation such work as is found in abundance in magazines is taken. These pictures are arranged in two orders, variety in unity and without variety in unity. When the children get the idea, the pictures are put in their hands and arranged by them in the two groups above named. The next form is to study essential features for art work, and elaborate them on some concrete picture, and classify them from their own standpoint. His address was full of abundant food for thought and practice, and was one of the best that has been heard at the institute meeting.

This morning Rev. Dr. Lyle conducted the opening devotional exercises. Dr. De Garmo was again the chief speaker, his subject being "The Industrial Aspect of Public Education." Mr. W. J. Alexander, B. A., Ph. D., professor of English at Toronto University, gave an address on "The Function of Poetry, and Rev. Canon Almon Abbott spoke on "Optimism." Mr. Wilfrid Oaten played a piano solo, and Mr. Vernon Carey contributed a song.
