PRESSURE SENDS SOME STOCKS DOWN

New York, Jan. 15—(Wall street)—Pressure against leading issues was resumed at the opening of today's stock market. United States Steel and Union Pacific lost a point and some specialties, particularly the motor and tobacco groups, were extremely reactionary. The recognized war shares were lower by substantial fractions to a point. Shippings hardened at the outset, but soon fell back. Liberty bonds were lower.

New York, Jan. 15—(Noon)—The selling of motors and tobaccos carried those stocks down one to four points in the first hour. Steels and equipments yielded 10 to 11½ and specialties and utilities 1 to 3. The setback in rails averaged a point, Union Pacific soon recovering. Toward midday the list improved on the strength shown by Crucible Steel, Shippings and Mexicans, notably American Smelting and Mexican Petroleum. Liberty 3½'s sold at 98.58 to 98.50, first 4's at 97.54 to 97.50, second 4's at 96.42 to 96.32.

COTTON REPORT.

Washington, Jan. 15—Cotton consumed during December amounted to 516,580 running bales and for the eight months ended December 31, 2,794,761 bales.

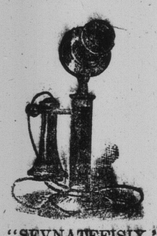
This advertisement is the sixth of a series of ten, designed to effect closer co-operation between the company and its subscribers. There are three parties to a telephone call—the person calling, the person called, and the operator who connects them. The quality of service rendered is determined by the spirit in which all three work together, rather than by the individual effort of any one or two of these three persons. We shall gladly send complete sets of the series to those desiring them.



GIVE NUMBERS CLEARLY

"SEVNATEFISIX."

Everyone realizes the possibilities of error in telephoning when 7-8-5-6 is asked for in that way.

When numbers are given to our operators in that disconnected, hurried or otherwise indistinct fashion, it is more than likely that there will be an error and a wrong connection made.

NOTE:

Operators are taught to pronounce numbers in this manner:
1.—"Wun," with a strong N.
2.—"Too," with a strong T and long OO.
3.—"Th-r-ee," with a slightly rolling R and E.
4.—"Foer," one syllable with a long O.
5.—"Five," with a long I and strong V.
6.—"Six," with a strong X.
7.—"Sev-en," with two syllables.
8.—"Ate," with a long A and Strong T.
9.—"Nien," one syllable with a strong N on the end.
0.—"Oh," with a long O.

There is an absolute necessity for the clear enunciation of all telephone numbers. The operation of our switch-boards is directed wholly by numbers. A wrong number or a misunderstood number invariably means an error call, for which our operators should not always be held responsible.

"Sev-en eight fi-ve six" is the better way to give the above number. Clearly pronounced numbers uttered directly into the telephone transmitter will obviate a majority of error calls.

When you have given a number to our operator, she repeats it. You should listen for that repetition, for then you may correct her if she has misunderstood you. That will save a great deal of delay and trouble; and, if you will also say "Yes" or "That's right," if she repeats properly, she will have your assurance that she is doing her work correctly.

Regan, Esq, 50 Princess street.

CORN AND OATS.

Chicago, Jan. 15—Corn prices sagged today owing to the fact that weather conditions were better than had been looked for. A slight increase of the visible supply total tended also to favor the bears. Selling, however, was only of a scattered sort and quickly spent its force. Opening prices, which ranged from unchanged figures to ⅛ cent lower, with January 1.27½ and May 1.25, were followed by a little further decline and then something of a rally.

Oats paralleled the action of corn. A good deal of attention was given to the prospect of liberal receipts when railroad conditions improved.

SAYS THAT HE WILL FORCE CLEMENCEAU TO GIVE WAY

French Deputy Writes Premier — Madame Caillaux Speaks of Arrest of Husband

Paris, Jan. 15—Deputy Paul Gruet, who had notified the government that he would interpellate today on the continuation of press coments on the Caillaux case was informed by the premier that immediate discussion would be refused, sent a message to M Clemenceau last evening, saying: "You have force of character; so have I and I will force you to accept debate."

Madame Caillaux said the arrest of her husband was inexplicable to her. The safe deposit vault in Florence, she said, contained 50,000 francs worth of jewels and between 300,000 and 500,000 francs in bonds made out to the bearer, which were drawn from Paris banks in August 1914, on account of the military situation. Madame Caillaux asserted that the vault had not been opened since October 1916, which was prior to the occurrences in Italy for which M. Caillaux had been reproached.

SHIPS IN WAR WORK MUST HAVE EARLY CALL ON COAL

Washington, Jan. 15—Ships carrying food and munitions for the American overseas forces and the allies must be supplied with bunker coal even at the expense of domestic consumers and factories manufacturing war supplies. This ruling was announced yesterday by Fuel Administrator Garfield.

COAL SITUATION IN NEW YORK CAUSES THE SHUT-DOWN OF PLANTS.

New York, Jan. 15—With more than 100 industrial plants in New York state already closed because of lack of fuel, hundreds of non-essential industries faced a similar situation when the new system of enforced coal distribution became effective today. Hospitals, homes, public utilities and food producers had the first call on the rapidly dwindling supply.

Boys to Help With Crops.

Regina, Sask., Jan. 14—At a meeting of the Regina local officers of the grain growers association, a resolution was passed declaring in favor of a survey of the boys of high school age in the province with a view to arranging for them to help seed and harvest this year's crop.

TON AND QUARTER OF BOMBS DROPPED UPON KARLSRUHE

British Carry Out a Very Effective Raid

Very Large Fire Started in Factories — All Machines Safely Back—Notable Results in Sunday Air Raids

London, Jan. 15—An official statement on air operations issued last night follows:

"Today our squadrons carried out a most successful raid into Germany in broad daylight, their objectives being the railway station and munition factories at Karlsruhe. One and a quarter tons of bombs were dropped with excellent results. Bursts were observed on buildings and sidings of the main railway junction in the centre of the town, on railway workshops and a smaller junction in the town.

"Observers report that a very large fire was started in factories alongside the railway. This was confirmed by photographs taken after the raid.

"The anti-aircraft fire was very heavy and accurate over the objectives and several hostile machines attacked our formation without success.

"All our airplanes reached their objectives and returned safely.

"Bombing and attacks with machine gun fire from low altitudes were carried out incessantly on Sunday. More than 400 bombs were dropped on a large ammunition dump near Roulers and on hostile billets, hutments and railway junctions. A party of the enemy engaged in extinguishing a large fire was attacked by machine gun fire, was scattered and the fire was left to run at will.

"In combats seven hostile machines were driven down out of control; another was forced to land intact behind our lines by anti-aircraft fire; the pilot was captured. Three of our machines are missing.

"During Sunday night our flying machines dropped bombs on Roulers and Menin. All returned safely."

TEN MEXICAN ARMY OFFICERS PUT TO DEATH

General Among Them — Plot to Kill Commander and Governor and Loot Toluca

Mexico City, Jan. 15—Ten army officers, including General Leocadio Parr, out of forty-five arrested in connection with a plot to kill General Alfredo Novo, commander of the military district in the state of Mexico, and Augustin Millan, governor of that state, were executed yesterday at Toluca. The plot was discovered on last Thursday and involved the looting of Toluca.

Summary court martial preceded the imposition of the death penalty. The remainder of the forty-five men accused were released.

DEMANDS FROM WEST

Conscription of Alien Labor For Farms and Wages Fixed

Winnipeg, Man., Jan. 15—The Army and Navy Veterans Association are asking the government to take a prompt measure in conscription of alien labor for the cultivation of more farm acreage. They also want the government to fix a fair wage for these men, as on account of the shortage of farm help they say these aliens have in the past been holding up the farmer for exorbitant wages. They want this labor placed under government control. They ask for registration of every man and woman in Canada, so that those who are not working can be kept at some useful occupation to help along the war. They are also asking for special taxation upon conscientious objectors and aliens.

Conferences in Ottawa.

Ottawa, Ont., Jan. 15—Phases of the labor problems in Canada, particularly as affected by war conditions, will be discussed at an informal conference on Wednesday between prominent labor men and the war cabinet.

On Wednesday also the minister of agriculture will meet representatives of the provincial departments of agriculture and discuss the problem of farm labor.

Children Had Whooping Cough

Whooping cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough. The coughing attacks occur frequently, but are generally more severe at night.

On the first sign of a "whoop" Dr. Wood's Norway Pine Syrup should be administered, as it helps to clear the bronchial tubes of the collected mucous and phlegm.

Mrs. George Cooper, Bloomfield, Ont., writes: "It is with pleasure I can write and tell you that there never was a better cough medicine made than Dr. Wood's Norway Pine Syrup. Our children had whooping cough last winter, and that is the only thing that seemed to help them. It loosens up the phlegm so that they could raise it easily. I will never be without it."

"Dr. Wood's" is 25c and 50c a bottle; put up in a yellow wrapper; three pine trees the trade mark; manufactured by The T. Milburn Co., Limited, Toronto, Ont.

THE ONLY MEDICINE THAT HELPED HER

"Fruit-a-tives" Again Proves Its Extraordinary Powers

Rochon, Que., March 2, 1915.

"I have received the most wonderful benefit from taking "Fruit-a-tives". suffered for years from Rheumatism and change of life, and I took every remedy obtainable without results. I tried "Fruit-a-tives" and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try "Fruit-a-tives."

C.P.R. ALLOWED LIMIT OF FIVE FREE DAYS ON SHIPMENTS TO ST. JOHN

Ottawa, Jan. 14—The railway board has declined to approve the complaint of the Montreal Board of Trade's transportation bureau against the C. P. R.'s proposed limitation of free time to five days at St. John (N. B.), on through shipments of grain and grain products to Bay of Fundy ports via the Sedy Line.

The proposed reduction of free time is from ten to five days. The board finds that, in view of the present demand for cars, the proposed reduction is justifiable and dismisses the application.

The Harbor Revenue.

The revenue from the harbor fees in 1917 was $120,342 as compared with $128,608 in 1916 and $107,728 in 1915.

The falling off in revenue between last year and the previous one is explained by the fact that more grain was handled in 1917 whereas in 1916 there were larger general cargoes. The rate on grain is three cents per ton while on general cargoes it is 20 cents per ton.

The tonnage in 1917 was 1,087,082 tons as compared with 891,782 in 1916 and 1,615,634 in 1915, while the number of steamers were 228 in 1917, 267 in 1916 and 228 in 1915.

LARGE GAIN IN WEST.

Winnipeg, Jan. 15—In its annual summary of the agricultural production of the prairie west this morning the Free Press estimates the total for 1917 at $363,964,333, as compared with $258,010,681 for 1916; $254,162,954 in 1915 and $140,609,339 for 1914.

The principal increases over 1916 were in wheat and cattle, the former showing an increase exceeding $77,000,000, and the latter over $27,000,000. Coarse grains showed a decrease of almost $55,000,000.

THERE IS NOTHING FOR THE LIVER SO GOOD AS MILBURN'S LAXA-LIVER PILLS

They will regulate the flow of bile to act properly on the bowels, and will tone, renovate, and purify the liver, remove every result of liver trouble from the temporary, but disagreeable bilious and sick headaches, to the severest forms of liver complaint.

They are small and easy-acting, do not gripe, sicken or weaken like the old-fashioned, nauseating, griping purgatives.

Mrs. A. Kirk, 53 Yorkville avenue, Toronto, Ont., writes: "I have tried and tested Milburn's Laxa-Liver Pills, and have received good results, for which I am very thankful. I took them for liver trouble. I came out of the hospital on May 3rd, last, after having had a serious operation which might have been saved had I taken your remedy sooner. I have given some to my sister for biliousness and sick headache, and she has found great relief. A lady who lives in my house has started to take them. I will do my best to recommend them to all my friends."

Price 25c at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SELF DEFENSE

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC.

Many people in Canada have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

The lucky people are those who have heeded Nature's warning signal in time to correct their trouble with that new discovery of Dr. Pierce's called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as diabetes or stone in the bladder.

To overcome these distressing conditions you should take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Dr. Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of An-u-ric, as are many of your neighbors.

Send Dr. V. M. Pierce, Buffalo, N. Y., or Bridgeburg, Ont., 10c for trial pkg.

St. Catharines, Ont.—For several years I suffered with gravel and with uric acid, causing rheumatic pains. Nothing ever helped me until I commenced to take 'Anuric,' and the first thing I noticed was that the gravel had disappeared and has never made a reappearance. My general health has improved and I have a better nerve condition and my eyesight seems better, too. I used to have such dizzy spells at times I thought I would faint, but these no longer trouble me. My only regret is that I did not know of Anuric before."—MRS. H. MARJORAM, 124 Albert St

ULSTERS

—AT—

Bargain Prices

"Bargain" is oft-times a misused word, but these ulsters we are clearing are truly bargains—that is they are good goods at cheap prices.

The ulster is particularly well adapted for our climate, no other style is more comfortable and useful. For snowstorms, rain and sleet and extreme cold the long coat and big collar protect you from head to foot.

All odd ulsters and broken lots have had the knife sharply applied.

Ulsters that sold at $16.50, $18 and $20, are now $12.50; $22 and $25 ones are $15.50. A few left at $10.50, reduced from $16.50; and at $19.50 and $22.50 that were $27 to $30.

WHY I BELIEVE IN NUXATED IRON

A Strength-Builder for the Nation

By E. Sauer, M.D.

Probably no remedy has ever met with such phenomenal success as has Nuxated Iron. It is conservatively estimated that over three million people annually are taking it in this country alone. It has been highly endorsed and used by Former United States Senators and Members of Congress; Physicians who have been connected with well-known hospitals have prescribed and recommended it; Monseigneur Nannini, a prominent Catholic clergyman recommends it to all members of the Catholic Church. Former Health Commissioner Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician. Sarah Bernhardt—"the Divine Sarah," the world's most noted actress, has ordered a large quantity sent to the French soldiers to help give them strength, power and endurance.

Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders.

Dr. H. B. Vall, formerly Physician in the Baltimore Hospital and a Medical Examiner, says that time and again he has prescribed Nuxated Iron and surprised patients at the rapidity with which the weakness and general debility were replaced by a renewed feeling of strength and vitality.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE:—Nuxated Iron, which has been used by former Members of the United States Senate and House of Representatives, and other prominent people with such surprising results, and which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach; on the contrary it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron, that they offer to forfeit $100 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed by Wasson's Drug Store and all good druggists.
