WHEAT HIGHER ON FRESH WAR SCARE

Report That Montenegro Defies Powers Rallies Falling Wheat Prices.

CHICAGO, May 2.—Unconfirmed rumors of a threat by Montenegro to annex Scutari in defiance of the powers today gave a strong close to wheat, tho prices showed a net loss of ¼c to ⅝c. Corn finished a shade up to a shade down, oats closed ⅛c to ¼c lower to ⅛c higher, provisions were at a net loss of 2½c to 15c.

The war rumor brought nervousness to traders and induced buying of wheat that rallied prices to the opening figures of the day. A considerable lowering of values had taken place, before the war scare made itself felt, the main influence in the depression being an entanglement involving export sales. A deadlock between English buyers and American exporters is reported over the question of payment for cargoes. A recent rule was adopted by exporters in this country that payment shall be on sight draft, but the English trade insists on a 60 day basis.

Fine Crop Outlook.

The weak tone prior to the final upturn was increased by the fine domestic crop outlook, reports showing that a larger yield of winter wheat is in prospect than hitherto known. Primary receipts of wheat today were 587,000 bushels; last year 323,000 bushels.

Fine weather made a heavy corn market. Near the close there was a somewhat oversold condition and prices made a slight rally. Late covering by shorts helped oats, which, most of the day, had been weak.

Speculative buying gave strength to provisions for a time, but values later eased off, partly in sympathy with weakening prices at the yards and partly by reason of a considerable increase in the world's lard stock.

MONTREAL GRAIN AND PRODUCE.

MONTREAL, May 2.—There was a little demand from the continent for Manitoba wheat, but as the prices bid were fully 2c per bushel out of line business was impossible and not a single bid was received from the United Kingdom except for oats, of which 30,000 bushels were sold to Glasgow on the new basis. The local trade in coarse grains continues very quiet, but there was some demand for extra No. 1 feed oats for export account and sales of 25,000 bushels were made at 40⅝c ex-store. Malting barley is weaker and prices declined sharply. A fair local trade continues to be done in flour at firm prices. Demand for finest creamery butter is increasing. Supplies are small and prices firm. Cheese is firmer in sympathy with the higher prices being paid in the country. Eggs are active and steady. Provisions in good demand.
