ACTION TO RECOVER $5,000 TAKEN OUT AGAINST SIR ADAM

London Engine Supplies Company Entered Writ in the Supreme Court Today.

The London Engine Supplies Company has taken action in the supreme court of Ontario against Sir Adam Beck. The claim is for $5,000 damages for unlawfully inducing Eggett & Co. to break a contract with the plaintiff, and for damages for conspiracy to injure the plaintiff's business. The writ was issued by Gibbons, Harper & Gibbons.

NINE LONDONERS IN NEXT PARTY OF 45 RETURNING SOLDIERS

Nine Londoners are in a party of 45 returned soldiers which is expected to arrive here within a few days. They were landed at Halifax on July 21.

The Londoners are: C. H. Belton, general delivery; A. S. Dickenson, 152 Horton street; T. W. Fleming, general delivery; W. J. Hill, 42 Huron street; G. W. Kirk, 603 Hamilton road; G. O'Brien, general delivery; James Selby, 425 Horton street; J. H. M. Thwaites, 776 Hill street; H. Warner, 340 Lyle street; William J. White, 506 Grosvenor street. The others are from Stratford, Windsor, Detroit, Galt, St. Thomas, Guelph, Forest and other Western Ontario towns. Their names are:

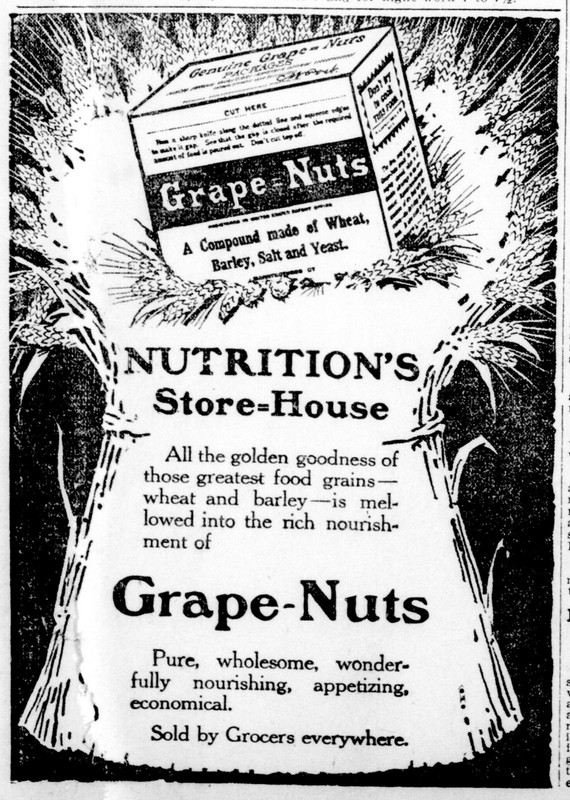
J. P. Carter, 188 Nile street; W. H. Jack, 136 Nile street; R. Illingsworth, 122 Brunswick street; A. H. Hunt, 121 Milton street; all of Stratford. W. Murray, R. R. No. 1, Embro. Wm. Bremner, 3 Wellington avenue; David Boles, 8½ Windsor avenue; J. L. Curveson, general delivery; Percy J. Matz, general delivery; all of Windsor. D. Martingell, 265 Brush street, Detroit. T. P. Corbett, 16 Todd street; D. Findlay, 92 Samuelson street; H. S. Wheeler, 22 Lowell street; all of Galt. F. Hatch, 121 Balaclava street; E. J. Wadley, 68 Talbot street; both from St. Thomas. G. A. Lumby, 54 Nottingham street; Thos. Spencer, 38 Duke street; both of Guelph. T. C. Abraham, E. Chapman, Norwich. L. Leese, R. No. 1, Forest. D. S. Newton, Forest. C. E. Bearse, Ingersoll. F. E. Elgie, Wallaceburg. F. H. Wilson, Komoka. A. N. Gatward, 539 Henry street, Woodstock. H. Gregory, Copleston, Petrolea; E. Hewerdine, St. Marys. F. Hinchberger, St. Clement's. F. Paterson, Lucknow. A. C. Pewlees, Muncey P. O. H. G. Ratz, Milverton. Geo. Stuart, 66 Barthe street, Chatham. C. Shefish, Thamesville. W. C. Stone, Jaffa P. O. D. Walker, Dutton.

FOUR CLEVELAND MEN AMONG THE RECRUITS EXAMINED YESTERDAY

Yesterday was above the average in the number of men offering themselves for service in the Canadian overseas forces, and a total of fifteen recruits came up before the medical officers, who found only two unfit among them. The number was swelled to some extent by the arrival of four men from Cleveland—T. A. Cameron, H. Worsley, H. Davison and A. Cowperthwaite.

The others who passed were: P. K. Blambly, M. Labinsky, H. G. Payne and W. E. Lamond, London; C. Gibson and A. Keep, Stratford; W. J. Akins, Galt; W. Battenburg, Kitchener; and F. J. Appleby, Ingersoll.

Sergt. Harry Payne, whose name appears among those passed by the board, is an original member of the 1st Battalion, who was wounded and returned to Canada some time ago. He has had a long military experience in the Bedfordshires, and in the 7th Regiment of this city. He has been anxious to get back to the front, and his only disappointment is that he could not pass for an infantry unit, but was allotted to a railway construction company.



CITY BREVITIES

CAN GET SERVICE BADGES.—Active service badges are awaiting soldiers who returned to Canada June 23 aboard the Araguaya. They can be obtained at the local office of the Soldiers' Aid Commission.

UTILITIES COMMISSION MEET TODAY.—The utilities commission will meet this afternoon. There is not a great deal of business on the order paper, but something may develop when the commissioners start conversing.

INCREASE IN BANK CLEARINGS.—Bank clearings in London this week are $263,687 greater than those of the corresponding week in 1916. At that time they were $1,644,826. This week they were $1,908,513.

BAND CONCERT FRIDAY. — A band concert which has been twice postponed during the last week, will be held at Victoria Park Friday evening, under the auspices of the Overseas Chapter of the I. O. D. E. Ice cream and refreshments will be on sale, and a large crowd is expected to attend.

C. P. R. EMPLOYEES PICNIC SATURDAY.—The C. P. R. and car shops and locomotive departments will hold their third annual picnic at Springbank on Saturday afternoon. In addition to a baseball match on the diamond near the pumphouse, a good program of races and other sports will be carried out. About 500 are expected to attend.

MILITARY FIELD DAY PRIZES. — Special prizes donated by Austen & Workman for the military field day were a silk oilskin, for the best mounted officer, won by Major Osborne; a pair of leggings for the quarter-mile race, won by Major Stewart, 1st Hussars; a pair of breeches for the champion athlete, won by Pte. Hughes, Dental Corps; three pairs of puttees for other events.

POTATO VINES FIVE FEET HIGH.—Potato vines five feet in height are a crop of which F. E. Marsh, 132 William street, is boasting. An Advertiser reader in a letter last week claimed to possess a crop four and a half feet in height. He asked if anybody could beat it, so Mr. Marsh stepped in to claim the championship. He is anxious to know if any other citizens have tubers which pass the five-foot mark.

TRANSFERRED TO 22ND BATTALION.—Sergt. N. H. Davison has been transferred from the 22nd Reserve Battalion to Casualties, and will be employed in the office of the assistant director of medical supplies, at headquarters of Military District No. 1, according to an announcement in camp orders today. Sergt. Davison is a former Woodstock man, and went overseas with the 71st Battalion. He received severe shrapnel wounds on the Somme, and as a result was invalided back to Canada. He was also employed for six months on the headquarters staff at the Canadian Camp at Hastings, England.

INSPECTOR'S CHARGES TO BE DISCUSSED AT SPECIAL BOARD MEETING

The board of works will hold a special session on Monday evening to discuss the charges made by Chas. Webster, a former inspector for the engineer's department, that condemned tile had been used in the William street and Euclid avenue sewers.

Mr. Webster will be notified to be present, and put place his charges before the committee.

Mayor Stevenson thought that a special session should be held in order that the matter may be gone into fully. "This will be done, and Mr. Webster will have to make good. It is expected that Ald. Thomas Copp, William Copp, who furnished the tile; City Engineer Brazier, employees in the engineer's department, and others interested will be asked to attend, and the matter will be sifted to the bottom.

DEATHS AND FUNERALS

FUNERAL OF MRS. LINK.

The funeral of Mrs. Jane Link, who died in St. Joseph's Hospital on Monday, was held from the residence of her son-in-law, Henry Cheevers, 331 Rattle street, on Wednesday. The services were conducted by Rev. J. E. Holmes, and interment took place at Delaware Cemetery. The pallbearers were: Henry Cheevers, William, Frank and Ed Link, Joseph Winters and Fred McLean.

GODERICH ENGINEER DIES.

The death of John Hood, civil engineer, whose home is in Goderich, occurred at St. Joseph's Hospital Tuesday night after an illness extending over a year.

He is survived by his parents and one sister, Miss Frances Hood, a nurse at St. Joseph's Hospital.

The remains were forwarded by E. C. Killingsworth to Goderich. The funeral will be held Thursday morning from the family residence to the Catholic cemetery at Goderich.

DEATH OF ESSEX WOMAN.

Mrs. Rowena Phillips of Essex died here on Wednesday. She was 58 years old and is survived by her husband. The remains were forwarded to her home today by John Ferguson's Sons. Interment will take place in the cemetery there on Friday.

SAYS OPERATORS AND COMPANY HAVE SETTLED

Toronto, July 26.—International President S. J. Konenkamp of the Commercial Telegraphers' Union, who is here today to meet a committee of G. N. W. telegraphers, stated that he was present in Montreal last night when a settlement was effected between the C. P. R. telegraphers and the company. The terms are, he states, a minimum wage of $60 a month alike for Morse and automatic operators, a ten per cent flat increase, with hours for day work 8½ to 9 and for night work 7 to 7½.

HOT WAVE HAS NEARLY EXHAUSTED AVAILABLE SUPPLY ELECTRIC FANS

Dealers Report Greatest Sale in Years This Week.

PROBS. SAY WARMER

Ice Cream Parlors and Summer Resorts Doing Big Business.

The big drive on London's unsold stock of electric fans began bright and early Monday morning. A few inquiries started drifting in Saturday evening, when the first thin edges of the hot waves began to curl over the city and take the crimp out of the citizens.

Sunday, even at the risk of incurring the wrath of the Lord's Day Alliance, petitions were telephoned to managers of electrical houses for the release of the "coolers," particularly to add to the comfort of sick people. The result is that almost the entire available stock has been cleared out in less than a week, with little prospect of replenishing, at least so far as the large fans are concerned.

The manager of one electrical firm said today: "We got in a large stock, notwithstanding the cool weather of the early part of the summer, in anticipation of just such a hot wave as this. It is not so easy to get electric fans as it would have been some years ago, owing to the fact that so many of the large electrical manufacturing companies are making munitions. At the same time, the demand seems larger than ever. People are evidently learning better how to make themselves comfortable. As might be expected, a number of the fans go to the hospitals. These have been needed at the military hospitals, where they did not have them before. We have had a number of orders from stores and offices. Stores which had them installed in former years are ordering still more. Another striking feature has been the number of orders from householders for small fans. We will probably be able to get more of these, but I don't think we have twenty fans left of our big stock, on which few demands had been made until Monday morning."

While there are always plenty of people to groan over the discomforts of the heat, the majority are wearing patriotic smiles, whether they feel like it or not. The farmer is a happy man, even if he sweiters. "Just the very thing we needed," he says jubilantly.

Hot Weather Sales.

The clothing store now knows it is fair and warm, knows it by the rush for light togs for man, woman and child. The citizens who have searched hopelessly for something cool enough to put on, sigh and say, "No matter how you think you are ready for summer you are always surprised when it comes. I know I never seem to have the clothes that will make me comfortable." Now is the time when the clothing men, the vendors of men's and women's "ready-to-wears," regret with vain regrets that they were not weather prophets, and that they held their big sweep-out sales while it looked as if there wasn't going to be any weather in which to wear these sweep-out bargains.

The hat-cleaning man is rushed almost to death, cleaning up panamas and sailors on which has lain the grime of yester-year. Even the people who have defied chills to wear their summer headgear just because it was summer are finding that these warm days are about as powerful as a magnifying glass in revealing spots and smudges. The hat must be done over.

And ice cream! "We have doubled the quantity we usually sell of ice cream and cool drinks this week," is the conservative estimate made up and down the length of Dundas street.

One proprietor of a popular ice cream parlor said: "We have sold just about twice the usual quantity of ice cream during the first part of this week. We daven't increased our forces for the simple reason that at the beginning of the summer we prepared for an emergency by engaging an adequate staff. If the weather is cool, it means the loss is ours. When the warm wave comes suddenly we are all ready to take care of customers."

The old-fashioned shutters which still deck some of London's homes have been closed or bowed this week for the first time in a year to temper the light and keep out the fierce glare of the sunshine.

The ice man is just as popular as the coal man was six months ago. At least though people may not love him any better than they did the poor, near-distracted coal man of the winter of 1916-17, at the same time they realize that conservation of food depends much upon the services the ice man can render.

Many Take Water Trips.

While tickets for holiday resorts and water trips have been in demand pretty much as usual all summer, this has largely increased in the past six days. Numbers of people who had expected to take their brief vacations at home are now deciding that they will be much benefitted by a visit to a watering place or a trip up the lakes. Up the lakes sounds nice and cool, and so does a summer resort in a northerly direction.

In the meantime the people who are staying at home and have little prospect of an outing that may be dignified by the name of "vacation," are making the most of resources at hand in order to extract comfort and pleasure from the summer season.

The car service on all of out of town lines has been increased this week in order to meet the demands.

PERSONAL MENTION

Edward and William Westbrook of Hartford, Conn., are the guests of Mrs. Arthur Thompson, Talbot street.

* * *

Mrs. Cameron and children are visiting her parents, Mr. and Mrs. W. R. Little, London Junction.

* * *

Miss Allie Wray is the guest of Miss Marjory Braunton, Waterloo street.

* * *

The Ladies' Aid of the Talbot Street Baptist Church will entertain Rev. H. H. Bingham and Mrs. Bingham at a picnic to be held this afternoon at Springbank.

* * *

Mr. and Mrs. Fred Green, Los Angeles, California, are visitors in town, staying with Mr. Green's mother, Mrs. Thomas Green, Cartwright street.

* * *

Mrs. T. Coleridge came down from her summer home at Ipperwash Beach on Saturday, but is returning there today.

* * *

Among Londoners who are summering at Ipperwash Beach are Mrs. J. Doherty and children, Dr. and Mrs. H. T. Reason, Mr. and Mrs. J. L. Johnson, Mr. and Mrs. A. E Cowley and family.

* * *

Miss Aileen Dickison has been staying at Ipperwash Beach, a guest in the summer home of T. Coleridge.

* * *

Rev. T. H. Mitchell and Miss Mitchell, who motored up from Toronto last week, returned home today.

* * *

Rev. H. H. Bingham, Mrs. Bingham and family leave Monday for their summer home on Lake Cecebe, in the Magnetawan River district. During his absence, Mr. Bingham will conduct some services at Petawawa and Camp Borden.

* * *

Dr. R. A. Little of Vancouver, formerly of the London Collegiate Institute staff, is visiting in the city.

FOREST FIRES STILL RAGING AROUND FERNIE

Fernie, B. C., July 26.—The pall of smoke overhanging the city last night was denser than heretofore. There was a dull red reflection visible at nearly all points of the compass, confirming reports of numerous fires in many localities. The Elk Lake Lumber Company, it was stated, had lost its chain of logging camps at Olsen, while other contractors in the same locality have lost equipment.

COUNCIL REPEALS THE COALYARD AND AJAX RUBBER CO. BYLAWS

Citizens May Be Called In To Discuss Next Agreement.

The city council, at a special meeting at noon today, repealed the bylaws authorizing a vote on Monday on guaranteeing the bonds of the Ajax Rubber Company, and on the establishment of a municipal coal yard.

The aldermen were not long in passing the repeal bylaws, and the vote will not be taken on Monday next.

It was decided to call a meeting of the special committee having this matter in hand for Monday evening next, when a new agreement will be formulated. The board of control, the finance committee and the board of trade will deal with it.

It is possible that a meeting of the citizens will be called, as suggested by Controller Shaw, to discuss the next agreement.

100 MEN WILL GO WITH NEXT DRAFT FROM LOCAL UNITS

Army Medical Corps and No. 1 Railway Construction Battalion Both Concerned.

Approximately 100 men from Carling Heights Camp are expected to join in a move eastward in the near future, the units concerned being the Army Medical Corps, which has a draft of about 40 men ready, and No. 1 Railway Construction Draft, which is about 55 men strong.

Both of these units have been awaiting the order to move for some time, and it is expected that they will leave in a few days.

About 50 horses were shipped to Petawawa last night via C. P. R. from the Remount Depot at Queen's Park, and there are still about 40 horses at the depot awaiting disposition by the military authorities.

CAUTIONS AGAINST WASTING GAS IN STOVES AT CAMP

Caution against wasting gas in the kitchens at Carling Heights camp is contained in orders today, where it is stated that if economy is not put into force the gas stoves will be removed and wood stoves supplied in their stead.

The order reads as follows:

"Attention is called to the fact that gas is being wasted in nearly all the kitchens in camp. An increase of 30 per cent for the month of June, followed by an inspection, shows that there is no effort being made to save gas on the part of the cooks responsible. Therefore, if gas is not immediately conserved and proper economy exercised all gas stoves will be taken out and wood stoves will be put in their places.

"This is a warning to all officers, N. C. O.'s and men concerned."

AMERICAN MISSION IS LOUD IN ITS PRAISE OF ALLIES' FINE MORALE

Members Have No Doubt as to Outcome of War.

Washington, D. C., July 26.—Secretary of War Baker, in a statement last night, formally announcing the return of the mission of American army officers sent to France to study technical questions, said that the mission "is unanimous in its praise of the splendid morale of the Allied forces on the western front, and while it shares the general realization of the gravity of this war, it has returned without any pessimistic opinion whatever as to its final outcome."

The secretary said he had inquired fully and found that there is no truth in stories published in various newspapers yesterday purporting to quote members of the party as saying that the German lines are impregnable.

FIRST STEEL VESSEL FOR BRITAIN LAUNCHED IN AMERICAN WATERS

New York, July 26.—The War Captain, said to be the first steel ship ever built in American waters for Great Britain, was sent down New York bay yesterday on her trial trip, and was declared by Capt. Daniel Flynn, its commander, to be fit in every way. The War Captain is of 3,500 tons, and on the trial easily maintained a speed of 16½ knots an hour. It was built for the Cunard Line. Five similar vessels are under construction here for the same company.

WOULD CHANGE NAME OF GERMAN ORIGIN AS BEING OBNOXIOUS

Philadelphia Man Petition Court to Permit This.

Philadelphia, July 26.—Desiring to relieve his sons of a Teutonic name, which he believes "will arouse hostility and prove an unnecessary burden in their future social, commercial and professional relations," George W. Ochs, former publisher of the Philadelphia Public Ledger, has petitioned the courts in this city to change his name to George W. Ochs Oakes.

He says a German name, for many years to come, will be obnoxious in this country.

Mr. Ochs is a native-born American, of parents who came to this country when minors.

TEUTONS DID NOT GET RUSS LIGHT ARTILLERY

But Conquered Territory Has Much Valuable Corn.

London, July 26.—A dispatch to the Exchange Telegraph from Copenhagen says German correspondents in Galicia report that, although the German and Austrian troops captured great quantities of munitions, armored cars and wagonloads of food, the Russians saved their light artillery. Many of the heavy guns captured by the Germans had previously been destroyed.

The correspondents add that the conquered territory is of the greatest importance, the corn in most places being ready for harvesting.

WILL NOT WORK WITH ALIEN ENEMY LABORERS

C. P. R. Freight Handlers at Calgary Refuse Absolutely.

Calgary, Alta., July 26.—Freight handlers in the C. P. R. yards here have refused to work if enemy alien labor is employed by the company. Three times yesterday a squad of Austrians employed as emergency workers in the yards had to be removed. The company states the Austrians were the only workers it could get, but the freight handlers stood by their protest.

GREEK CHAMBER OF DEPUTIES ADJOURNS

Athens, July 26.—The Chamber of Deputies convened yesterday, heard Premier Venizelos read the decree of convocation, and then adjourned for a few days for the election of officers.

STAFF OFFICERS ON VISIT OF INSPECTION TO GUELPH HOSPITAL

Col. Shannon and Others Will Ascertain Requirements.

AN IDEAL LOCATION

Vocational Training Will Be Carried On For Convalescent Soldiers.

Col. Shannon, officer commanding this district; Lieut.-Col. Grant, assistant director of medical supplies, and Capts. Smallman and Alexander of the Military Convalescent Hospital, left at noon today for Guelph, where they will inspect the new convalescent hospital there. The hospital is located in what was formerly known as the Prison Farm, and as it is about to be taken over by the military authorities, today's inspection is being made to ascertain what staff and equipment will be required.

It is expected that with an abundance of land, the location will prove an ideal one for convalescent soldiers, and that exceptional advantages will result from the fact that there is an excellent equipment already there which can be utilized for the instruction of returned men in trades, and to carry on vocational training. It is also thought probable that the instructors of the institution will be retained, and their services made use of for teaching the men who may be quartered there.

TEUTONS CAPTURE TOWNS IN GALICIA, IS BERLIN REPORT

Statement Says Russians Retreat Towards Czernowitz.

Berlin, July 26—Via London.—German troops have captured the Galician towns of Buczacz, Tlumacz, Ottynia and Delatyn, says the official statement issued today by the German war office. The Russians also are said to be retreating in the direction of Czernowitz, the capital of Bukowina.

CHIPPEWA CREEK PLAN SAFE IN ANY CASE

Toronto, July 26.—The Toronto Hydro Electric Company will not be prevented from carrying out the gigantic Chippewa Creek development scheme even although the Electric Development Company wins before the Privy Council. The hydro recently acquired the Ontario Power Company, which has in its charter the right to distribute the Niagara River water to Chippewa Creek for purposes, and the hydroelectric commission will exercise that right.

BANK OF FRANCE.

Paris, July 26.—The weekly statement of the Bank of France shows the following changes: Gold in hand increased 3,521,000 francs; silver in hand decreased 267,000 francs; notes in circulation decreased 2,962,000 francs; treasury deposits decreased 82,503,000 francs; general deposits increased 31,427,000 francs; bills discounted decreased 13,309,000 francs; advances decreased 1,817,000 francs.

LONDON STOCK EXCHANGE.

London, July 16.—The tone of the stock market was generally firm today, though there was some irregularity, the taxed war loan being sold to invest in the tax-free issue. The latter hardened appreciably. Home rails were neglected, despite dividend payments. Industrial, oil and shipping shares were more active and steadier. Foreign issues were neglected, with the exception of Swedish bonds, which were firm on the improved exchange situation. American securities rarely moved after adjustment to parity.

Money was in better demand and discount rates were firmer.

Closing prices were:

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION
By a Stomach Specialist.
As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty is acid in the stomach, usually due to or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full, blocted feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisurated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisurated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.

ANNIVERSARY SALE
AT THE....
LONDON READY-TO-WEAR
