## Canadian, British and Foreign.

[*To the Associated Press.*]

LONDON, Jan. 11.

The steamer Kathleen Mary, from Odessa, for Falmouth, was lost at sea; 26 passengers were drowned.

The *Bien Public* says the proposal in favor of a dissolution of the Assembly is numerously signed by all sections of the Left.

Correspondence is in progress between the German and Spanish Governments regarding the Carlist outrages on the German vessel Gustav. It is rumored that the German corvettes Victoria and Louise are ordered to be in readiness to proceed to chastise the Carlists, if the Spanish Government will not or cannot. Another despatch states that the German vessels Albatross and Nautilus, which are at a Norwegian port, are ordered to return to Santander. One has already arrived.

Spanish Government troops were defeated by the Carlists, the latter losing 40 killed, many wounded, and 40 prisoners.

Consols 92¼ a 92⅜.

NEW YORK, Jan. 11.

A cold snap prevails throughout Ontario and the North West.

The Beecher trial began to-day, Mr. Morris, counsel for Mr. Tilton, occupying time for the opening address.

Gold 112¼ a 112⅜; exchange unchanged.

LONDON, Jan. 12.

DON CARLOS

has issued a proclamation announcing that he "will be faithful to his holy mission," and fight King Alfonso as heartily as he did the Republican Government of Spain.

NEW YORK, Jan. 12.

THE WILLIE S. THOMSON BURNED.

The ship Annie M. Small, at San Francisco from New York, reports picking up in the Straits of Le Marie a boat containg the captain and his wife, the steward and his wife, two mates, carpenter, sailmaker and four seamen of the British bark Willie S. Thomson, of St. John, N. B., burned 15 days previously.

LOUISIANA AFFAIRS.

The President will have his message on Louisiana affairs completed for submission to the Cabinet to-day.

There is no fresh news from New Orleans.

A meeting was held in Cooper Institute, New York, last evening, to express indignation at the recent troubles in Louisiana. The gathering was rather boisterous in its character, but the speeches were forcible and dignified. A series of resolutions were adopted, and addresses were made by Mayor Wickham, William Cullen Bryant, William M. Evarts and others.

TILTON VS. BEECHER.

Morris, one of the Counsel for Tilton, spoke for five hours. He resumed this morning.

(*Special to the Daily Telegraph.*)

NEWCASTLE, Jan. 11.

The heavy snow storm of Friday was followed by terrific drifting storm yesterday, effectually cutting off communication to the south for the time being. The mail due here from the south did not even reach Richibucto at noon to-day. The storm, yesterday, was so severe that the Sabbath schools did not assemble, and there were no church services (except Episcopal) in the evening.

(*Special to Daily News.*).

OTTAWA, Jan. 11.

Monk (Opposition) was returned by acclamation for Charleton to-day, and Banfield for South Renfrew.

A fire occurred in St. Paul street, Montreal, last night. A man named Girard and a woman named Choquette were burned to death.

The Government are about to send out five parties of Surveyors to British Columbia for the purpose of locating the Pacific Railway Route. The parties will work eastward from Victoria.

**Shipping Notes.**

*The brigantine Helen*, before reported ashore near Herring Cove, at the entrance of Halifax harbor, has become a total wreck. She broke in two during the gale of Thursday last, and the bottom is out of her. The greater portion of her cargo will be saved, but in a damaged condition.

*The bark Willie S. Thomson burned at sea.*—The report of the burning of the bark Willie S. Thomson at sea, in our despatch, is fully confirmed by the following telegram to Robert Thomson, Jr., her owner, from the Captain at San Francisco: "Willie S. Thomson burned off Cape Horn; part crew saved." The W. S. T., commanded by Capt. Chapman, was bound from Shields for Iquique with coal, from which port she sailed on the 13th July. She registered 486 tons and was only two years old, having been built at Clifton, King's County, in 1872. Vessel and freight are fully covered by insurance. This is another instance, probably, of spontaneous combustion through the want of a thorough system of ventilation for coal cargoes.

*The brigantine Iris.*—Advices to Messrs. McLachlan & Wilson, from their agents at Sydney, state that they succeeded in getting the brigantine two miles further up the harbor, where they met with ice. With the assistance of a steamer they hope to get her in to day. Her cargo will probably have to be discharged.

*Point Lepreaux, Jan. 12, 9 a. m.*—Wind N. N. W., moderate, clear.

**Lee's Opera House.**

The performance last evening was an excellent one. Mr. and Mrs. Ware appeared late in the evening, having only arrived by the Western train. They made an excellent impression, even under such unfavorable circumstances. The other performers did very well also. The committee of gentlemen who have the complimentary benefit to Mr. Lee in hand are working hard to make it a success. Wednesday the 20th has been selected, and the Academy engaged. Several local vocalists have volunteered, and it promises to be a very successful affair.

☞ Delicious Bivalves are to be had at George Sparrow's only, head of King Street. Call in and try them.

**Dr. Sweet's Medical Parlor, Park Hotel, Opposite King's Square, St. John, N. B.**

Dr. Sweet, of New York, Magnetic Physician, whose wonderful success in the treatment of Nervous Debility and Chronic Diseases has enlisted the attention of the inhabitants of the Maritime Provinces during the past eighteen months, returns to St. John, according to appointment last July, and may be consulted on all forms of Nervous Weakness, Premature Decay, Epilepsy or Falling Fits, Paralysis, Nervous Deafness and Blindness, Paraphonia or Loss of Voice, Spasmodic Asthma, Strabismus or Squinting, Nervous Headache, Neuralgia, Rheumatism, Dyspepsia, (treated as a Nervous Weakness with success), &c., &c. Dr. Sweet's lengthened stay in the city will enable invalids from abroad to visit St. John and avail themselves of the present arrangements. Twelve years' experience in the treatment of nervous affections arising either from youthful indiscretion, sedentary habits over study, or the presence of some insideous disease, coupled with a wide and varied practice in the principal cities in the United States, together with the employment of our new system enable him to cope successfully with disease in its most aggravated form. Apply at once. Office hours from 9 a. m. to 9 p. m. Parlors No. 11 Park Hotel. Consultation, examination and advice, free of charge. An invitation is cordially extended to all of Dr. Sweet's former patients to call upon him.

HAIR VIGOR.—In common with many others we have felt a lively interest in the investigations which Dr. Ayer has been making to discover the causes of failure of the hair, and to provide a remedy. His researches are said to have been much more thorough and exhaustive than any ever made before. The result is now before us under the name of AYER'S HAIR VIGOR. We have given it a trial, and with full satisfaction. It equals our most favorable anticipations. Our gray hairs have disappeared, or resumed their original color; and a visible crop of soft, silken hair has started on a part of the scalp which was entirely bald. —[Democrat, Abdingdon, Va.

There will be a literary and musical entertainment at the rooms of the Y. M. C. A. this evening, consisting of readings, original and selected, and singing. This is the first of a course to be given by the Association during the next three months, and all the members are cordially invited to attend.

However quickly a patient may recover and approach towards robust health, by the use of Fellows' Hypophosphites he must abolish the habits of life which induced the disease; the effect of the greatest triumph in medicine can only be transitory, while man persists in the gratification of vicious or pernicious habits.

"I have Catarrh," says almost every one we meet in these days. Well, it will soon lead to consumption and then death if you don't purchase some ofRæder's German Snuff, a medicine that always cures the most difficult of cases.

An extensive strike of coal miners in Wales is impending. This will, it is feared, further protract the difficulties in other mining districts, which were in a fair way of settlement by arbitration. The shipbuilding trade is almost at a standstill, and thousands of employes are idle at Liverpool, Glasgow, Hartlepool, Stockton, and other points.

**A NEW THING AND A GOOD THING**

THE invention of the paper collar was of positive benefit to the world, furnishing as it did, a neat, clean, and most economical art cle of apparel. But it never did answer all the purposes for which it was designed, owing to the frail nature of the material. The problem has been to make a cloth collar as cheap as paper that would last longer and could be made always fresh and bright. The new "44" collar, now upon the market, fills these requirements perfectly. It is made entirely of cloth, three thicknesses being used; it so closely resembles the finest linen that it might be sold anywhere for linen; and, no matter how much it may be soiled, it can be cleaned and made as bright as ever by the application of a damp sponge or cloth.
