LISTOWEL STANDARD.

FRIDAY, SEPTEMBER 9, 1881.

TOWN AND COUNTRY.

YESTERDAY was Division Court day in town.

Ask your dealer for "Castorine" Machine Oil and see that the barrel is brande "Castorine" as none other is genuine.

PRESIDENT GARFIELD has been removed to Long Branch.

PEARS, apples and plums on hand and selling at lowest market prices, at H. D. Murray's bakery.

THE grain market continues active, and good prices are the rule.

PEACHES, pears and grapes arriving daily at H. D. Murray's bakery Always the freshest and always the cheapest in town.

THE bridge on the corner of Wallace and Inkerman streets collapsed a few days ago. It is being rebuilt.

☞ Don't forget the Toronto Tea Store when in town, for Cheap Teas; good value for the money. D. W. Palmer & Co.

LISTOWEL'S rate of assessment for this year has been fixed at fifteen mills in the dollar—the same as last year.

ORDER your peaches at H. D. Murray's where you can rely upon receiving prompt attention and getting the best value for your money.

A NUMBER of our citizens are in Toronto this week, the Industrial Exhibition, now in progress, attracting them thither.

☞ D. W. Palmer & Co. have secured a choice selection of the best brands of imported Wines and Liquors for medicinal purposes.

CANNED GOODS.—H. D. Murray has just received a fresh stock of Canned meats, fish and fruit. Prices low as the lowest.

MR. J. S. GEE, and wife, of Gorrie, were in town on Monday. They have been spending a week's holidays at St. Thomas and Port Stanley.

Manufacturers of reapers, mowers and threshing machines prefer "Castorine" Machine Oil to any other. It will outwear lard seal or elephant, and is warranted not to gum

A NUMBER of fine horses, purchased in this neighborhood, were shipped from here on Friday last. Good horses find ready sale at big prices.

PAINTS, OILS AND COLOURS.—For the largest stock, best material and lowest prices, go to HACKING'S Drug Store.—21.

THE *Canadian Monthly* for September contains a number of excellent papers on various topics of interest. It should be read by every intelligent Canadian.

☞ D. W. Palmer & Co. keep in stock the best 50c Tea in town. We defy any to beat it. Try it and be convinced.

BURGLARY.—MESSRS. Wild and Selwood's glove factory was entered on Saturday night, and about $200 worth of gloves were stolen. Entrance was gained by prying up a window.

FRUIT JARS, at D. W. Palmer & Co's, at bottom price. Call and see them before buying elsewhere. See advt—25c.

MESSRS. W. Lochhead and W. Climie, students of the Listowel High School, are about leaving for Montreal, to attend the Matriculation examinations at McGill University. We wish them success.

For mammoth Water-melons H. D. Murray's is the only spot in town. Sold whole or in slices to suit. Try them.

BURNED OUT BY BUSH FIRES.—Mr. Jos. Purcell, of this town, received intelligence on Tuesday that his brother, who resides in Michigan, had been burned out by the bush fires raging there, losing house, barns and crops.

☞ The very latest designs in Glassware, (very fancy) at D. W. Palmer & Co's. Call and see them. No trouble to show goods.

NEARLY $17 were realized by the garden party at Mr. David Roy's residence on Friday evening last. The grounds were beautifully illuminated with Chinese lantern. The town band added much to pleasure of the gathering.

☞ For a good suit of Clothes either Ready made or Order, at prices to astonish you go to the Glasgow House.

At the cattle fair on Friday last neither buyers nor sellers were numerous, consequently few sales were made. No doubt a marked improvement will be observable at the October fair, as marketable stock will be more plentiful by that time.

☞ Butter, Eggs, apples and potatoes taken in exchange for Groceries at D. W. Palmer & Co's.

VOTER'S LIST COURT.—A court to consider the appeals entered against the Listowel Voters' list will be held before the county judge in the town hall to-day, commencing at 10 a. m. As there are a large number of appeals to consider, the court will no doubt occupy considerable time.

☞ D. W. Palmer & Co. keep constantly on hand the largest and best selected stock of the choicest Liquors, Wines, etc., in town.

CREAMERY. — There is some talk of establishing a creamery in Listowel. If it would have the effect of stopping the traffic in bad butter, we think that our merchants, and butter consumers generally, would be materially benefitted by its introduction. In another column will be found a very interesting article upon the subject of creameries from the pen of Mr. L. B. Arnold, who is an acknowledged authority on dairy matters.

☞ Gents, for your Shirts, Collars, Cuffs Ties or a stylish Hat go to the Glasgow House.

NEW POST OFFICES.—The following new Post Offices were opened on the 1st September: Brandon, Northwest Territory; Dunboyne, Elgin, Ont.; Glandane, Victoria, Ont.; Hartsmere, Hastings, Ont.; Hall's Stream, Compton, Quebec; Lascelles, Ottawa, Que.; Lily Oak, Grey, Ont.; Lower Washabuck, Victoria, N. S.; Overton, Yarmouth, N. S.; Pictou Island, Pictou, N. S.; Riverview, Grey, Ont.; St. Damien de Buckland, Bellechasse, Que., Thwaite, Hastings, Ont.

SIX girls wanted to work at caning chairs. Apply immediately. HESS BROS.

THE Preston Musical Society's excursion to Niagara Falls, Buffalo and Rochester on the 1st inst. was a grand success. The two trains of twenty cars were filled to their utmost capacity when they left Harrisburg. Two trains were ready at the bridge to convey a part of the excursionists to Buffalo and Rochester. The Falls passengers returned on two specials leaving the bridge at 10 p. m. A similar excursion will be run on same date next year.

COAT, Vest and Pant makers—first-class—wanted immediately. Liberal wages. ROY, MCDONALD & CO.

MODEL SCHOOL.—The following persons have been admitted to the first session of the Stratford Model School which commenced on the 29th, and as all the applicants have been admitted it will avoid the necessity of a second session: Females—Alice Kennedy, Lila Ford, Catharine Campbell, Agnes Knox, Maggie Thompson, Jessie Duncan, Maggie White, Alice M. Flynn, Alleta E. Marty, M. E. Morter, Lizzie E. Lennox, G. H. Gordon, Susie McLaughlin. Males—S. E. Tom, W. Elliott, Angus Campbell, John Markey, S. S. Willson, Alex. Ferguson, W. Brown, John Roger, A. K. Mustard, P. J. Nevin, Geo. Howe, A. S. Martin,—Cosens,—Pugh.

THE SCHOOLS.— The town schools opened on Monday. The attendance at both the High and Public Schools is very good, and promises to exceed that of any previous term. Mr. Morphy and Miss Charles, the new assistant teachers in the High School, are said to have commenced their work in a manner which is highly satisfactory to the Board. As the Board have retained the services of A. B. McCallum, M. A., as head master, there is good ground for believing that our High School, under its present management, is in a position to offer superior advantages to its pupils. In the Public School, Mr. B. Rothwell still retains the post of principal. Mr. Rothwell has held the position for upwards of fifteen years, and the intellectual development of the community is in no small measure indebted to the ability with which he has continuously discharged his duties. The following assistant teachers complete the staff at present engaged in the school: 2nd department, Miss Draper; 3rd, Miss Gordon; 4th, Miss Britton; 5th, Miss Buchan; 6th, Miss Climie; 7th, Mrs. DeBell. While the attendance is large, there are still numbers of children of school ages in town who are not on the roll, and it behooves their parents to see that the opportunities here afforded them free of cost are not lost.

COLE'S CIRCUS.—The two exhibitions given by Cole's circus here on Thursday of last week were not as largely attended as might have been expected. However about 3,000 person svisited the show, and all appeared to be well satisfied with what they saw. The menagerie contained a finer collection of animals and birds than is usually found in connection with travelling exhibitions, and the performance in the circus ring was much ahead of the average acrobatic and equestrian carnival. Perhaps the most noteworthy feature of the show was the performance of the trained stallions. The double somersaulting over a pyramid of elephants and camels, and the aeriel bicycle riding were also something wonderful. The clowns were not vulgar, and everything was conducted in an orderly manner, which is more than can be said of the general run of shows. The two large tents were brilliantly illuminated with the Brush dynamo-electric light.

CHRIST CHURCH.—On Sunday last the services in this Church were conducted by Rev. G. Osborne Troop, B. A. It was Mr. Troop's last visit to Listowel, and in the evening there was a large congregation present. Mr. Troop's very able and earnest discourses and pleasant manner have been much admired by the congregation over whom he has had temporary charge, and had he chosen to remain in Listowel, he no doubt would have succeeded in building up a large and prosperous congregation. We are sure that he carries with him to his new field of labor—the chaplaincy of Hellmuth Ladies' College—the best wishes of all who have had an opportunity of making his acquaintance here. While the congregation regret Mr. Troop's departure, they at the same time have the satisfaction of knowing that the work of the parish is to be taken up by a very able man, the Rev. G. B. Taylor, who comes to Listowel in response to their unanimous invitation. Mr. Taylor is expected to begin his duties here on Sunday next.

THREE CARD-MONTE.—An attempt was made by some sharpers who were travelling with Cole's circus to "rope in" Mr. Salter, a Wallace farmer, while here on Thursday. The plan adopted was similar to that by which a Winghamite was recently relieved of $1,000. Mr. Salter was spotted by a confidence man, who succeeded in persuading him to try his hand at the cards. The manipulator, adopting his customary tactics, allowed Mr. Salter to win a prize of $300. Before the money could be paid to him, however, he was required to produce an equal sum—just to convince Mr. sharper that had he lost he was prepared to "ante up" like a man. The prospect of increasing his wealth so easily appears to have overcame Mr. Salter's better judgement, as he came down town with the intention of getting his cheque cashed for that amount. Luckily he met his son, to whom he confided his "good fortune." Mr. Salter, jr., who is book-keeper for Messrs. Hess Bros., at once proceeded to dispel his parent's visions of fairly acquired bonanzas, and in doing so was no doubt the means of keeping his father's $300 out of the pockets of the sharpers. It was evidently a narrow escape, and should be a lesson not soon to be forgotten.

GIVE THE BABY A DRINK OF WATER.—A city physician attributes a large part of the excessive mortality of children in hot weather to the failure of nurses and mothers to give them water; indeed more children are said to die (directly and indirectly) from deprivation of water than from any other cause. Infants, he says, are always too much wrapped up, and in any case would perspire very freely. The water lost by perspiration must be supplied. As Dr. Murdoch stated in his paper on cholera infantum, "The child is thirsty, not hungry; but not getting the water, which it does want it drinks the milk, which it does not want." The consequence, is that the stomach is overloaded with food which it cannot digest, and which soon ferments and becomes a source of severe irritation. Then follow vomiting, purging, and cholera infantum." To prevent this, the principal scourge of infancy, the doctor says: "Have water—without ice—always accessible to the child, who will then refuse sour milk and will eat only when hungry. Water is the great indispensable article for the preventive treatment of children in hot weather. It is important enough to nursing children, but is life itself to those reared on the bottle."—*Scientific American.*

AN OUTSIDE OPINION.—A correspondent of the London *Free Press* recently visited this town, and relates his impressions as follows: Your correspondent paid a visit to this enterprising town for the first time on the above date (Sept. 4th,) and was much pleased with the evidence of prosperity almost everywhere apparent. Listowel is situated in the midst of an excellent agricultural district, and well supplied with railway accommodation, the Grand Trunk division of the Stratford and Port Dover running through it, also one of the branches of the Great Western. For a town of its size, it is also well supplied with manufacturing industries, there being two very large grist mills, a large tannery, a flax mill, and a very large cabinet and chair factory. The latter industry, owned by Hess Brothers, employs 125 hands, and covers an acre and a half of ground, on which is situated their cabinet factory, saw mill, finishing department, ware rooms and offices. There are no less than fifty machines of the most improved patterns kept in full operation, and some idea of the business done here may be gathered from the fact that they turn out every month 5,000 wood seated chairs, 2,000 cane and perforated ones, and 400 bedsteads, besides a large quantity of every description of cabinet ware, from the most expensive to the cheapest quality. Hess Bros. commenced here 14 years ago with a small capital, but with the assistance of their most efficient manager, Mr. George Donnelly, and their own enterprise, they have built up one of the most prosperous businesses in the Province. Mr. Donnelly informs us that before the N. P. came into operation they only employed 40 hands, whereas they now employ 125. Has not Listowel then reason to be grateful to the wise policy of the present Administration?

TOWN COUNCIL.—The regular meeting of the Town Council was held on Monday evening, 5th inst. Present, the Mayor in the chair, the Reeve, and councillors Woods, Scott, Riggs, Deavitt, Gibbs, Fernell and Macdonald. The minutes of previous meeting were read and confirmed. A circular was read from the County Clerk intimating that the county rate for the present year was $590, and the town line grant $59. A petition was read from the chief of the Fire Company, petitioning the Council to appoint a committee to see that all parties who have smoke stacks on their premises have the same properly screened. The following accounts were read and referred to Finance Committee: W. Woods, teaming, $98.25; Samuel Tremain, watering streets, $19.37; Listowel Gas Co., $73; T. McIlroy, for hose, $600; Hart & Rawlinson, stationery, $1.02; Ferguson & Elliott, printing, $100.95; T. Fordyce, lighting street lamps, $9.75. The Treasurer's statement was read showing a balance in bank of $371.46. John Riggs moved, seconded by A. McDonald, that the constable give notice at once to all persons interested that they attach screens to their smoke stacks in such a manner as to secure safety from sparks issuing to endanger property in the corporation—carried. T. G. Fennell moved, seconded by F. E. Gibbs, that the proper officers of the corporation be and are hereby instructed to sign and attach the corporate seal to a note for $600, at 9 mos. from 1st July, 1881, in settlement of the Gutta Percha Rubber Manufacturing Co's account for hose—carried. A. McDonald moved, seconded by R. Woods, that the offer of Mr. Selwood to give ten dollars in aiding the building of a 3 plank sidewalk from McDowell street to east side of Mr. Selwood's lot be accepted, and the chairman of the Board of Works be instructed to complete same—carried. Mr. Biggin made application for the Council to assist him in digging a ditch to take the water from his property on north side of Main street—referred to Road & Bridge Committee. A motion to appoint an assistant night-watchman was negatived. The Finance Committee brought in the following report:

Your Committee beg to submit the following estimate of revenue and expenditure for the current year, from the 1st January, 1881, to 31st December, 1881.
