...Next meeting in Temperance Hall Thursday, Aug. 30th, at 3.30 P. M. The meetings are always open to any who wish to become members.

...Gospel Temperance meetings, conducted by members of the W. C. T. U., are held every Sunday afternoon at 4:15 o'clock, in the vestry of the Methodist church. All are welcome.

Drink as a Cause of Crime.

It is surprising how nearly united in opinion judges are as to the proportion of crime due to liquor, confirmed as it is by the experience of countries where statistics on this subject have been tabulated. Lord Chief Baron Kelley makes it two-thirds; Lord Calthorpe, Judge Noah Davis, Senator Morrill and Sir Oliver Mowatt, each three-fourths; Sir Matthew Hale and Belgium, four-fifths; Denmark, seventy-six per cent; Dr Elisha Harris, eighty-two per cent; Canada, eighty-seven per cen.

During the Rev. Father Matthew movement in Ireland between the years 1838 and 1840, the consumption of spirits fell from twelve millions of gallons to five millions. The number of prisoners in the Bridewell at Dublin fell in one year from 136 to 23, and one hundred cells stood empty. The Smithfield prison closed its doors.

Take two illustrations from Boston, Mass. In November, 1872, at the time of the great fire, the order was given by the city to close the saloons. The number of arrests for ten days before this order was 1,169; for ten days after the number fell to 675. Massachusetts by law, in 1886, ordered all saloons closed on holidays. Here is the result in Boston: Labor Day, 1888 (with saloons open), total arrests 212; same day 1889 (saloons closed), total arrests 78. Arrests for drunkenness on this day, 1888, 179; same day, 1889, 58.

Church Members and Christians.

In Illinois some two years ago I was holding a series of meetings. It was a town of about one thousand people, that had electric lights and everything nice. They had a number of saloons and they raised the license to $1000, and crowded out all but two. Was there any decrease in the amount of crime? Oh, no. There were five churches in the place, but the temperance people claimed that the liquor vote was too strong for them. When about leaving I met a gentleman whom, before the conversation was ended, I found was the proprietor of a saloon. I said: "We are not going to be hard on you, but we are going to knock the bottom out of your business."

He replied: "It is not my business, it belongs to the people of this town. I pay $1,000 a year for the privilege. I wish it was $2,000. I have got the money and some of of the others have not, and if we could get it up to $2,000 I would have the business all alone."

I said: "I want to ask you a question. Suppose the five ministers of the churches about here were to rally their forces, the voters in the churches, and make a crusade against you at the polls, could they beat you?"

"Beat us? Yes, they could beat us every time. They have church members enough, but they haven't got Christians enough"—*Chautauqua Herald.*

Alcohol Foreign to the Body.

Dr. Carpenter, writing on "Alcohol," makes the following remarks: "I take this position, that the Creator, in constructing the human body, made it perfect, if man will only give it fair play; that every function in the human body is contrived and arranged by a wise Creator so as to act; and that if a man will only act in accordance with the purpose of the human body, that body shall be preserved in health and vigor to old age. See, then, what alcohol does. Alcohol is foreign to the body. It is something which has no relation to the ordinary food of man, and which the body tries to get rid of as soon as it can, but it cannot be got rid of fast enough."

Ram's Horn Philosophy.

Men who do nothing but quote are phonographers.

The man who is willing to learn one thing at a time will soon know much.

The man who minds his own business will always have business.

There are men who hope to get to heaven simply because they have never been in jail.

The man who sets a scandal afloat would go in for lynching the man who would turn a wolf loose in the street.

Make it a rule to always look upon the bright side, and you will find that there is always a bright side upon which to look.

Only in the sacredness of inward silence does the soul truly meet the secret-hiding God. The strength of resolve, which afterwards shapes life and mixes itself with action, is the fruit of those sacred, solitary moments, when we meet God face to face, and learn what we are and what we ought to be.

FROM SUFFERING TO HEALTH.

The Experience of a Well-Known Bruce County Farmer.

He Tells the Story of the Disease That Afflicted Him, the Sufferings he Endured and How he Found Release—Other Sufferers May Take Hope From His Release.

From the Teeswater News.

Of all the ills that flesh is heir to perhaps none causes the sufferer keener anguish, and few are more persistent and more difficult to eradicate from the system than that nervous disease known as sciatica. The victim of an aggravated form of this malady suffers beyond the power of words to express, and it is with the utmost reluctance that the disorder yields to any course of treatment intended for its cure. Hearing that a rather remarkable cure had been effected in the case of Mr William Baptist, a respected resident of the township of Culross, a News reporter called upon that gentleman to ascertain the facts. Mr Baptist is an intelligent and well-to-do farmer. He is well-known in the section in which he resides and is looked upon as a man of unimpeachable integrity. He is in the prime of life, and his present appearance does not indicate that he had at one time been a great sufferer. He received the News representative with the utmost cordiality, and cheerfully told the story of his restoration to health, remarking that he felt it a duty to do so in order that others afflicted as he had been might find relief.

Up to the fall of 1892 he had been a healthy man, but at teat time while harvesting the turnip crop during a spell of wet, cold and disagreeable weather, he was attacked by sciatica. Only those who have passed through a similar experience can tell what he suffered. He says it was something terrible. The pain was almost unendurable and would at times cause the perspiration to ooze from every pore. Sleep forsook his eyelids. His days were days of anguish and night brought no relief. Reputable physicians were consulted without any appreciable benefit. Remedies of various kinds were resorted to and his condition was worse than before. The limb affected began to decrease in size, the flesh appeared to be parting from the bone, and the leg assumed a withered aspect. Its power of sensation grew less and less. It appeared as a dead thing and as it grew more and more helpless it is little wonder that the hope of recovery began to fade away. All through the long winter he continued to suffer and toward spring, was prevailed upon to try Dr Williams' Pink Pills. He commenced using them and soon felt that they were doing him good, and hope began to revive. By the time he had taken three boxes the pain was eased and the diseased limb began to assume a natural condition. He continued the use of the remedy until he had taken twelve boxes. In course of time he was able to resume work and to-day feels that he is completely cured. He has since recommended Dr Williams' Pink Pills to others with good results.

An analysis shows that Dr Williams' Pink Pills contain in a condensed form all the elements necessary to give new life to the blood and restore shattered nerves. They are an unfailing specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anæmia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, locomoter ataxia, paralysis, sciatica rheumatism, St. Vitus' dance, the after effects of la grippe, and all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic erysipelas, &c. They are also a specific for the troubles peculiar to the female system, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses.

Dr Williams' Pink Pills are manufactured by the Dr Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box or six boxes for $2 50, and may be had of all dealers or direct by mail from the Dr Williams' Medicine Company at either address. Beware of imitations and substitutes.

He's All Right.

Richard Harrison has Backache for some years—It was due to Kidney Disease No more Backaches Now.

Hall's Bridge, Ont. Aug 6.—Richard Harrison is well known here and every where highly respected. That he has been a sufferer for some years from backache and other kidney troubles was a well-known fact that gained much sympathy for him. Lately he has been moving around here as spry as a kitten and in the best of health. All his kidney troubles had disappeared, so he said when questioned, and he further said that the cause of their disappearance was his having used a few boxes of Dodd's Kidney Pills. The reputation of these pills as a specific in all kidney disorders is now firmly established in this part of Ontario.

Tramp—"Have you any broken china plates that you would like mended?"

Housekeeper—"Indeed, I have. Do you use cement?"

"No, mum. If you'll hand me a broken plate, with a piece of pie on it, I'll show you how I manage."

"Well, it's worth knowing. Here."

"Thank yeh, mum. All you have to do is just to take the pie in your hand this way, mum, and then it don't matter about the plate, mum."

He was a countryman, and he walked along a busy thoroughfare and read a sign over the door of a manufacturing establishment: Cast Iron Sinks. It made him mad. He said that any fool might to know that.

Scraps for Odd Moments.

Miss Beauti—How do you like my new photograph? Little girl—It's perfectly lovely. Did you really sit for it yourself?

Garfield Tea cures sick-headache.

What is the difference, said the professor, between music and noise? Practice is noise and playing is music, said one of the afflicted.

Garfield Tea is sold by all druggists.

He—You don't catch me in any such scrapes as that. I'm nobody's fool. She—No at present; but then somebody may marry you yet.

Ask for Minard's and take no other.

Fanning—Great Scott! You a lady-killer! Manning—Yes. Why, a lady on the street ran up to-day, kissed me and then cried because I was not her husband.

Keep Minard's Liniment in the House.

A cynical observer remarks in The Rochester Post Express that what woman needs nowadays is "not so much a higher grade of education as a higher grade of husband."

Minard's Liniment is used by Physicians.

Bobby—"Papa's the captain of our ship and mamma's the pilot." His teacher—"And what are you?" Bobby—"I'm the compass, I suppose—they're always boxing me."

Minard's Liniment Lumberman' Friend.

Who's your friend? asked Wilburn, as his companion paused and lifted his hat to a lady that drove by.

That isn't a friend, said Mosser, absentmindedly. That's my wife.

Scrofula cannot resist the purifying powers of Ayer's Sarsaparilla. Sold by druggists.

"These are terrible hard times," said Meandering Mike. "You bet they is," replied Plodding Pete. "A feller can't go nowhere lookin' fur work nowadays without hevin' some offered him."

Headache, costiveness, and piles are thoroughly cured by a judicious use of Ayer's Pills.

Parson—"Deacon Smith, kindly waken Brother Hawkins. While it is true that the sleep of the just has often been commended, I do not think the snore of the just has ever received the stamp of approval."

To prevent the hardening of the subcutaneous tissues of the scalp and the obliteration of the hair follicles, which cause baldness, use Hair Renewer.

Backwoods farmer (who has just finished the sign reading: To trespassers Prepair for eternity)—I kinder like the idea, somehow 'r other. It has 'r religious feelin' runnin' through it, and at the same time means business.

If you do not know how good a remedy Garfield Tea really is for constipaiton and sick headache, send a postal card to D. Densmore & Co., 271 Queen Street, East, Toronto, for a free, trial package.

Mr A.—"Just look at that doll of a Lehmann; what a charming young wife he has got! How true it is that the biggest fools always marry the prettiest girls."

Mrs A.—"Oh! you flatterer!"

Experience Has Proved It.

A triumph in medicine was attained when experience proved that Scott's Emulsion would not only stop the progress of Pulmonary Consumption, but by its continued use health and vigor could be fully restored.

Footpad—"Your money or your life! What are you laughing at?"

Jinks—"Why, I'm a life insurance agent!"

Footpad—"Excuse me, sir; I didn't know you were in the business!"

The Irrepressible Small Boy.—Now is the season when the ubiquitious small boy fills himself with green plums and greener apples, and bolts half-ripe cherries seeds and all. His voracity almost invariably leaps to cramps, Diarrhoea, or Dysentery, and the family hearth stone resounds with his lamentations. If his parents are prudent people, they will have a bottle of Perry Davis' Pain-Killer ready for such summer emergencies, and a spoonful of this great specific will bring the youngsters around all right. Druggist all sell it. Only 50c. per bottle, new large size.

Friend—Practising on a bass-horn, eh? Don't your neighbors object? Von Teyter—Yeh, but I haf offered a gompromise." What did you propose them? I promised if day would kill deir squally babies, I would smash my bass-horn.

I WAS CURED of a severe cold by MINARD'S LINIMENT.
Oxford, N. S. R. F. HEWSON.

I WAS CURED of a terrible sprain by MINARD'S LINIMENT.
FRED COULSON.
Yarmouth, N. S. Y. A. A. C.

I WAS CURED of Black erysipelas by MINARD'S LINIMENT.
Inglesville. J. W. RUGGLES.

Traveller (in Europe)—"Who are those two beautiful girls?"

Steamer Captain—"One is a Circassian whose parents are going to sell her to a Turk; the other is an American whose parents are going to give her to a nobleman."

Dock Blood Purifier
CURES

I was sick one whole year with Liver and Kidney disease, confined to my bed. Two doctors attended me and at last gave me up to die in this extremely critical condition. My mother begged me to try Dock Blood Purifier, as it was like a drowning man grasping for something as I tried everything before, I sent and got a bottle seven of which cured me and I am now well and Dock Blood Purifier saved my life.
GASPAR DENTON,
Little River, Digby Co.,
May 10th, 1894.

Perseverance in using it will give relief, even in cases of long standing, where a cure seemed impossible and life seemed hardly worth living.
Per Bottle, 25c, 50c, or $1.00

PATENTS
CAVEATS, TRADE MARKS, COPYRIGHTS.
CAN I OBTAIN A PATENT? For a prompt answer and an honest opinion, write to MUNN & CO., who have had nearly fifty years' experience in the patent business. Communications strictly confidential. A Handbook of Information concerning Patents and how to obtain them sent free. Also a catalogue of mechanical and scientific books sent free.
Patents taken through Munn & Co. receive special notice in the Scientific American, and thus are brought widely before the public without cost to the inventor. This splendid paper, issued weekly, elegantly illustrated, has by far the largest circulation of any scientific work in the world. $3 a year. Sample copies sent free.
Building Edition, monthly, $2.50 a year. Single copies, 25 cents. Every number contains beautiful plates, in colors, and photographs of new houses, with plans, enabling builders to show the latest designs and secure contracts. Address
MUNN & CO., NEW YORK, 361 BROADWAY.
