COLD-BLOODED MURDER AT SOO

Peacemaker Shot Down in a Lumber Camp.

SEQUEL TO WOODSMEN'S BRAWL

Two Eye-Witnesses Captured the Murderer After a Desperate Struggle.

Sault Ste. Marie, Mich., Sept. 19.—A cold-blooded murder was perpetrated yesterday morning, when Henry Keiss, foreman of Lake's lumber camp, eight miles from Eckerman, this county, was shot and killed by Neil Sinclair in front of John McEachern's saloon. Sinclair was brought here and locked up.

Sinclair and his brother got into a fracas with a man and were attacking him when Keiss interfered. Neil Sinclair left the saloon, saying to Keiss: "I'll fix you," and returned in a few minutes with a rifle. Keiss appeared in the doorway as Sinclair came up and said, "Come in and I'll buy the drinks for the crowd."

These were the last words he uttered. Sinclair brought his rifle up to his shoulder and fired. Keiss dropped with a bullet in his head, dying instantly.

Several persons witnessed the shooting, and a crowd quickly gathered, among them George H. Fromm, of Petoskey, and Joseph Sauer, of Eckerman. They saw the murder and were determined the murdered should not escape.

Dan Sinclair attempted to aid his brother to get away. Armed with a club, Sauer turned his attention to him, while Fromm was struggling with the slayer of Keiss. Sauer punched his opponent into unconsciousness and then assisted Fromm in capturing the murderer. A train came a few minutes later and the two brought their prisoner here.

BURGLAR KILLED.

Ford City, Pa., Sept. 18.—Carl Reichard, operator on the Allegheny Valley road at this place, shot and killed a man who attempted to burglarize the station early today. The burglar wounded the plucky operator by shooting point blank at him. The bullet clipped off the upper part of his right ear, but he seized his revolver and fired two shots at his assailant.

One of the bullets struck the burglar in the thigh and the other entered the roof of the mouth, killing him instantly. Two companions, who remained outside on guard, escaped.

The dead man was identified as Charles Andrews, who was recently released from the Western penitentiary.

MRS. MAYBRICK AGAIN

Chicagoans Will Try Again to Secure Her Release.

Chicago, Sept. 19.—A mass meeting will be held Oct. 9 at the Auditorium to raise money for another effort to secure the liberty of Mrs. Florence Maybrick, who has been in an English prison for thirteen years on a charge of having poisoned her husband. Senator Mason, Clarence Darrow and Miss Jane Adams will speak. Mrs. Mary H. McKillip, of the Alma Mott Home, is soliciting signatures to a petition for Mrs. Maybrick's release. Harriet Hubbard Ayer, of New York, Mrs. McKillip and Mrs. Wesley Merritt purpose to go to England this fall and to work to have Mrs. Maybrick freed. They need $3,000 to make the trip, and expect the money to be raised by contribution.

Hon. J. I. Tarte's Movements.

Montreal, Sept. 19.—Hon. J. I. Tarte has accepted an invitation of the manufacturers of Gananoque, Ont., to visit that town on the 24th inst. to inspect the manufacturing establishments. A reception and banquet will be tendered him.

There have been times when the wild beasts have been more merciful than human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not lighten the sick girl's load by a touch of her finger. In the store the forewoman sees the pallor and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, by curing the womanly diseases which undermine the health and sap the strength. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"When I first commenced using Dr. Pierce's medicines," writes Mrs. George A. Strong, of Gansevoort, Saratoga Co., N. Y. "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, then I began taking your medicine. After taking the first bottle I began to feel better. I took four botles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of the 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

READY TO AID STRIKING MINERS

Railroaders Prepared to Take a Hand in the Strike

UNLESS IT IS SOON SETTLED

Won't Haul Coal to Market Unless Mined by Union Men—Windsor Tailors Carry Their Point.

Chicago, Sept. 19.—A special to the Tribune from Philadelphia says: Every union employe of the great anthracite carrying railways is preparing to strike in sympathy with the miners if the operators attempt to reopen their mines with non-union men and ship the output to the markets.

Organized labor of the United States is preparing to join the miners' cause. The leaders declare that if the operators succeed in breaking the anthracite strike unionism in the United States will be dealt a severe blow.

The trainmen, telegraphers, firemen, brakemen and yard hands are not ready to strike out of mere sympthy, but they declare they will not aid the operators in breaking the coal strike by hauling the products of non-union picks to the markets.

The trainmen, including the various other branches of the railroad service have their own unions. They are in affiliation or sympathy with that vast chain of trades unions which makes the American Federation of Labor, with its upward of 1,000,000 members, including the coal miners, the most formidable labor organization in the world. The railroad telegraphers' union controls the telegraph operators on all the lines.

During the last month the organized trainmen have been bending all their energies toward strengthening their unions and as the result of the missionary work of the organizers, the membership in the various trainmen's locals has been materially increased.

Different lodges of these unions are holding secret meetings every week, and it is noted that the attendance at the gatherings is greater than usual.

FOUR MINES RUNNING.

Wilkesbarre, Pa., Sept. 18.—The first official report given out by a coal company on the coal output was issued today by the officials of the Lehigh Valley Coal Company, who claim to have four mines and one washery in operation. The daily output is 2,000 tons.

WINDSOR TAILORS WIN.

Windsor, Sept. 18.—The tailors of Windsor held a meeting in Union Hall yesterday afternoon to consider the offer of the bosses to meet them half way in their proposed schedule of prices, and give them a raise of 7½ per cent instead of 15 per cent. In the evening a committee of the tailors met the bosses and gave answer that the raise insisted upon receiving the full raise or the men would strike. The boss tailors granted the raise.

DEFENSE OF THE AUTO

Pall Mall Gazette Condemns Prejudice Against Scorching.

London, Sept. 19.—The Pall Mall Gazette voices a wide-spread feeling in Great Britain in sounding a note of warning in connection with what it terms the "senseless prejudice" against and "persecution" of motorists. It says:

"Great energy and enterprise are concentrated in France, the United States and Great Britain in the invention of new machinery for rapid travel and it is absurd to permit fanatical, unreasoning opposition to strangle or seriously hamper the big, industrial development."

The paper declares that speed is no test of danger, as a slow machine in unskilled hands is the most dangerous, and it maintains that 30 miles an hour by a skilled driver is a reasonable standard.

IS IT A PILE OF PLUNDER?

Some $50,000 of Valuable Goods Found in Trunk of a Suspect.

New York, Sept. 19.—J. E. Welkman, a private of the marine corps at the Brooklyn navy yard, was arrested yesterday, accused of a series of robberies in the marine barracks.

A trunk, said to be his, was examined, and it is alleged jewelery, Chinese and Japanese curios, rare porcelains and a great variety of Oriental goods were found in it amounting to an estimated value of $50,000. Weikman declares he is innocent.

THE "BABY" BARKED

A Young Woman's Attempt at Smuggling Failed.

London, Sept. 19.—One of the most ingenious attempts on record to evade the payment of customs duties occurred yesterday at Dover, when a smartly dressed young woman landed from the Ostend steamer carrying in her arms what was ostensibly a baby in long clothes.

As the young woman was passing the customs officials the "baby" barked, and an investigation disclosed that the supposed infant was in reality a valuable dog which the woman was endeavoring to smuggle in in contravention of the English customs regulations.

The animal, which had been unsuccessfully drugged, was sent back to Belgium.

Highwaymen at Walkerville.

Windsor, Sept. 19.—Some excitement was caused at Walkerville yesterday morning by three highwaymen, who stationed themselves on the River road, between Walkerville and John Curry's estate, where they carried on a profitable business with laborers on their way to work. One of the trio would accost the victim and explain to him the advisability of shelling out. The appearance of the bystanders lent force to the spokesman's argument, and the workmen invariably accepted his advice. Finally the police were notified. A telephone message was sent to Windsor, where a watch was kept for the thieves, but it was all in vain. They disappeared as suddenly as they came.

How are You?

Do you suffer from constipation? Does your liver need regulating? Is your digestion troublesome? Do you suffer from headache? If so, you should take

Abbey's Effervescent Salt

every day. This harmless tonic and system cleanser will regulate every organ and will remove all the unpleasant features that attend a sluggish liver. Your health and spirits will be so improved that your friends will scarcely know you. Pleasant to take—surely beneficial, but be sure that you get the genuine "Abbey's."

Goderich Girl Married an Austrian.

Detroit, Sept. 18.—The marriage of Miss May Laura Campbell, of Goderich, Ont., and V. H. De Somoskeoy, a student at the Detroit Medical College, was celebrated yesterday at the residence of Rev. John McDowell, pastor of the Second Avenue Presbyterian Church. The young people met while the young lady was a typhoid fever patient in Grace Hospital. The groom is a native of Austria, whose father is a nobleman and a surgeon in the Austrian army.

Hawaiian Cable Ready.

London, Sept. 18. — The submarine cable which is to join the United States and Hawaii, as the first link in the system to the Philippines, has been completed and is now on board the cable steamer Silvertown, lying in the Thames preparatory to sailing Sept. 20 for San Francisco, whence the vessel will immediately begin laying her cable to Honolulu. The cable is wound around three enormous spools, each 30 feet in diameter. Its total length is 2,413 miles. The strands are one to three inches thick.

STRICKEN WITH PARALYSIS.

Could Scarcely Walk and Was Given Up by Doctors—An Extraordinary Case — Now Believes His Life Was Saved by

Dr. Chase's Nerve Food

Mr. James A. Deal, a respected resident of Bridgewater, N. S., writes: "About a year ago I suffered a stroke of paralysis, which left me in a very bad state of health. To add to my troubles, last winter I took la grippe, which completely exhausted my nervous system. I could scarcely walk or talk, my legs and arms were partially paralyzed, my blood did not circulate properly, and I could not do any work. In fact, I was so bad that the doctors gave me up and thought I could not live through the summer.

"I began the use of Dr. Chase's Nerve Food, and persevered in the treatment, until now I am at work again. The change in my condition has been most remarkable. It is a surprise to everyone to know that I am able to be around again. My nervous system has been built up wonderfully by this remedy. I am able to rest well, my circulation is normal, and my general health good. My appetite is first class, and I have gained considerably in flesh.

"The results I have obtained from Dr. Chase's Nerve Food have been most gratifying, and I have no hesitation in stating that I believe I owe my life to this preparation. I am willing that you publish this letter, with the hope that it may be the means of helping others to regain their health."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for $2 50, at all dealers, or Edmanson, Bates & Co., Toronto.

CROSSED IN A YACHT

Indiana Man Arrives in the "Speedy," Built in England.

Detroit, Sept. 18.—The yacht Speedy arrived here this morning and is laying at anchor off the foot of Randolph street, says the News. She is owned by Mr. Conn, a wealthy manufacturer, of Elkhart, Ind. Her marked difference in appearance to that of the lake yachts at once attracted attention, and it was learned from her owner that she was built in England.

"The market on boats of her class is very limited," said Mr. Conn this morning, "and when I went to New York in the spring I couldn't find what I wanted, and so crossed to the other side. She is something new in the line of cruising yachts. She is not a fast boat—goes along about 10 miles an hour or so—but a safe, comfortable cruiser, that can stand any kind of weather. We left England the middle of May and came over leisurely by way of the Azores and Bermudas. On this side we took in the cruise of the New York Yacht Club and then came up the St. Lawrence, and through the Welland Canal. We are bound for Chicago."

The Speedy is about 100 feet long, beamy and deep, drawing about 10 feet, fitted with twin screw and abundance of power. Her deck houses extend out flush with the side of the hull, over the greater part of the main deck and above is an open flush deck the entire length and beam of the boat.

Mrs. Winslow's Soothing Syrup

Has been used for over FIFTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN, CURES WIND COLIC, and is the best remedy for DIARRHŒA. Sold by Druggists in every part of the world.
