EUROPEAN AND MISCELLANEOUS.

These London financial quotations were cabled to-day: Consols, 99 7-16 money and 99 9-16 account; U.S. 4's 126½, U.S. 4½'s 109½. Erie, 24½; Erie 2nds, 95¾; C.P.R., 59½; N.Y.C., 107¼; Ill. Cen., 122; Bank of England rate, 3 per cent.

Grand Trunk got two-thirds of the dressed beef trade from Chicago last week, and led all the roads on eastbound shipments.

The Inter-Oceanic Railway Company has been formed in London, with a £2,500,000 capital, to build a line from Acapulco to Vera Cruz.

New York and New England earnings for April were $410,825, a decrease of $1026 as compared with April, 1887.

The Richmond and Danville system earned $166,375 for the third week of May, being an increase of $13,500.

The officials of the Pennsylvania Railroad have instructed the division superintendents on lines east of Pittsburg and Erie to reduce the employes to close working force. About 5000 men will be discharged.

Application has been made to the London Stock Exchange Committee to allow quotations for Mexican Central Railway Company's further issue of $3,500,000 common capital stock.

A shareholder in the Dayton and Ironton Railroad Company has brought suit against the Dayton, Fort Wayne and Chicago on the ground that the consolidation of the two roads was illegal, and asking the court to restrain the issue of $4,000,000 by the latter company on the entire property, and to annul the consolidation agreement.

Russia's railway from St. Petersburg to Sam-rcand, though not quite completed, is declared opened for travel. With the United States Pacific roads and with the Canada Pacific, the new line may be reckoned one of the great railroads of the world. Of course Russia had a military object in constructing the immense thoroughfare, but it is not her only object. Her trade and the civilizing of Central Asia will certainly be forwarded by the enterprise. The movements that make up modern progress affect even semi-barbarous Russia, and compel a visible forward movement on her part.

Under the heading "A Victory for the Grand Trunk," The Wall-street News says:

There is another bowl about the dressed meat question, and this time it is a pretty serious one. It will be remembered that when the Grand Trunk was induced to come into the fold, and agree to maintain the rate on dressed meat on condition of a satisfactory differential, the Western shippers boycotted the road and paid the higher rate on the other lines, so that the Grand Trunk got no business at all. The differential was increased again and again, until the shippers were practically forced to use that line.

44 VICTORIA-STREET, TORONTO.

Now Armour and Swift have leased all the ice houses along the Grand Trunk, and evidently made permanent arrangements to use that line. Of course, now that the other lines lose all the business of these two large shippers, they at once howl for a reduction in the differential, but it is too late. Armour and Swift are too shrewd to have tied themselves up to a lease of ice houses without a guarantee of a permanently lower rate. The other roads have lost the business for good and the shippers win after all.
