HALIFAX, 9th Sept., 1872.

SIRS,—As some time must elapse before all preparations can be completed for storm signals on the coasts of the Dominion, as a provisional measure written notices will be posted at a few of the principal Ports on receipt of telegrams at the Central Observatory at Toronto. In Halifax I propose to post such notices at the Merchant's Exchange Reading Room in Hollis Street, and perhaps at other points in the city.

While the publication of these notices is a a reason for extra vigilance, it should be distinctly understood that the *absence* of a notice is no guarantee of exemption from dangerous storms.

The public press will much oblige by copying this note in their earliest issues.

FREDERICK ALLISON,
Chief Meteorological Agent.

THE UNIVERSITY.—Prof. Boulger having resigned his position as classical Professor in the New Brunswick University, the Senate have filled the vacancy by the appointment thereto, of Mr. George E. Foster.

THE INTERCOLONIAL RAILROAD.—Chief Justice Young, in a speech at the Y. M. C. A. meeting last week, said he had received notice that on the 6th of October, when he would proceed to Amherst to attend the Supreme Court, he would be conveyed through by rail.

Arrangements have been made between the Governments of Newfoundland and the Dominion, to have the rates of postage between the two places reduced from 12 1-2 to 6 cents per 1-2 ounce letter after the 1st of November next.

At Beech Hill, Cumberland Co., the other day, a bear killed a fine heifer belonging to Mr. Robert Ogden; and near Amherst, on the Halifax road, a wolf or bear has been depredating among the sheep.—*Express.*

E. M. McDonald, Esq., has been appointed Collector of Customs for the port of Halifax.

THE STABBING CASE IN ST. JOHN.—The stabbing of Mrs. Martha McBrine by her husband, Francis McBrine, has had a fatal termination. After being taken to the Hospital Mrs. McBrine grew rapidly worse, and on Friday afternoon she was so violently delirious that she had to be held in the bed by three women, and was afterwards tied down to it, that being necessary in order to allay her sufferings. She had been unable to eat anything up to the time of her death, which was four days after being stabbed. On Saturday afternoon, it being known that she had to die, her children were sent for, and were present when she expired, which was at twenty minutes past four. Coroner Rigby will hold an inquest on the remains to-day. The woman's husband was lodged in jail, and his examination is to take place at the Police Court this morning. There are six children, but the two eldest are very dissipated characters, and would of course not be suitable protectors for the younger ones, the smallest being a little girl about 4 years of age. —*St. John Telegraph, 9th.*

Rev. C. F. Ireland, Lachute, Q., says, in using your Pain Eradicator in my family I find that it possesses the rare quality in a patent medicine—of being as good and even better than it is represented to be, it also possesses the very remarkable property, for which we prefer it to all others, that is, while relieving pain it causes no smart or unpleasant sensation and is so gentle that it can be safely given to young children.

Mackeral in abundance have struck in along the coast, and large quantities are being taken at Herring Cove, Prospect and other places along the shore. Several "schools" have entered the harbor, affording profitable, as well as exciting sport to amateur fishermen.

NINE LIVES LOST BY SHIPWRECK IN P. E. ISLAND.—*New York, Sept* 6.—A private despatch states that the schr Emily Gorham has been wrecked at Prince Edward Island and nine lives lost.

ONE MAN KILLED AND TWO WOUNDED.—As the Gulf Ports S. S. Company's steamer *Miramichi* was leaving Shediac for Pictou, on Saturday, the 24th August, she ran into a boat containing three men, one of whom was killed, another had his leg or thigh broken by a stroke of the paddle, and the other only slightly injured. The two last named were rescued by some persons who jumped from the steamer; the body of the one killed has not yet been found. The captain was arrested at Shediac on his return from Pictou, and after being in custody only a short time was released on bail, on his own recognizance, to appear at the inquest so soon as the body of the unfortunate man is found. The stories afloat concerning this matter are very conflicting, but they will all be sifted and justice done when the proper time for investigation arrives.—*Newcastle Adv.*

BY TELEGRAPH.

LONDON, Sept. 6.—A further advance in English coal has occurred. Twenty thousand Midland coal miners are about to strike for higher wages.

The Tribunal of Arbitration to-day, have pronounced their decision making an award for losses caused by the "Alabama," the "Florida" and the Shenandoah," and for expenditures incurred by the United States in pursuit of these vessels. The award is said to be a lump sum of 15,000,000 dollars. This, however, is not positively known.

A rumour prevailed in Paris, that the United States were awarded thirty million dollars, but no confidence is placed in it.

Spain again intimates, through a semi-official Madrid journal, that she will not part with Cuba on any terms.

The Egyptian army has not entered Abyssinia as was stated, but is stationed on the frontier.
