The Census.

Thursday and Friday last were two busy days for census commissioner Benj. F. Starratt, of Paradise, and his enumerators for this county, they having met at the Grand Central hotel to be instructed respecting their labors which commenced on Monday morning last. There are eight schedules or question sheets. The 1st takes name, age, sex, country of birth, religion, occupation, etc., of every living person; the 2nd records the deaths during the past year, giving name, age, date and cause of death, religion and occupation of each; the 3rd deals with the ownership and occupancy of real estate, and the products of orchards; the 4th makes record of the farm,—acres and quantities; the 5th takes count of the live stock,—the number now on hand, and the number killed or sold for slaughter or export during the year; the 6th notes of the industrial establishments; the 7th asks for the products of the forest; the 8th requires shares and tonnage of steam and sailing vessels and the number of boats or barges owned. It also takes facts concerning mines, such as capital, output, motive power, miners, [illegible] accidents, etc.

The enumerators will call at each house and fill in the schedules. Persons showing distrust or hesitation in answering may be assured that the strictest secrecy will be observed, as well to the verbal as the written statement made to the enumerators, as each is put on oath not to tell or give the slightest hint to any one as to the standing or business methods of any. The returns will be sent in to the Dominion commissioners, and the result published in a comprehensive form, so that the affairs of no particular person will be given to the world. All the questions must be answered as perfectly as possible, and a penalty of forty dollars is provided for a false answer, and one of twenty dollars for a refusal to reply.

HORSES FOR YARMOUTH.—Mr. Stanley Hall, of Lawrencetown, a veteran dealer in horses, passed through town on Monday morning en route to Yarmouth, with eight good looking horses. —The Rev. H. D. deBlois, who has filled the pastorship of St. James' Church in this town for the past year in such an able and gratifying manner to the parishioners, has accepted a call extended him by the parish of Rosette, to become its rector, and we are informed will commence his labor there about the first of May. The rev. gentleman is a man of marked ability, a diligent worker, and an effective and extemporaneous speaker. The people of Rosette should congratulate themselves on their success in having secured his valuable services.

—Below we give an item from a Machias (Me.) paper. The Capt. James W. Carthy referred to is well-known here, having been born at Tupperville. Capt. Jim, as we now would call him were he here, was always from a mere lad a great favorite with all who knew him, and as he grew up we saw unmistakable signs that in the near future he would be heard from in some commanding position. We are glad to record his success, and hope to shake hands with him shortly as we learn that he intends paying us a visit.

"Capt. James W. Carthy, of the bark *Tillie Baker*, is passing a visit in Harrington, where he is cordially greeted by a host of friends who have known him for many years. There is a bit of history connected with his career that shows what pluck and enterprise will do. Fourteen years ago when the *Tillie Baker* was being built in Harrington, Capt. Carthy, then hardly out of his teens, came here and shipped as an ordinary seaman with Capt. Boynton. Since then by his perseverance he has gradually worked himself from that position to commander."

Round Hill Jottings.

Mrs. Wm. Tupper, of Boston, is visiting here among her friends, and intends remaining for some time.

Hon. Geo. Whitman left for Halifax on Wednesday last to be present at the session of the Provincial Legislature.

Rev. H. D. deBlois has accepted the charge of this parish, and will move into the place about the beginning of May.

The census enumeration has begun here as elsewhere. The Commissioner is J. B. Whitman.

F. W. Pickels, of Annapolis, purchased the property of the Round Hill Woodenware Co., on the 1st, at a very low figure. The factory was in operation very recently, sawing lumber for local parties.

The Episcopalians intend having their fancy sale and tea-meeting on the evening of the 14th. This promises to be one of the very best of the season, and all who can, should attend.

Belleisle Bits.

Farmers are now very busy at their wood-piles, preparing them for summer use.

Numbers of wild geese have been seen about here during the last few days. Where are the sportsmen?

An aggravating malady, similar to the *grippe*, has paid this community a visit, and many have been seriously indisposed therefrom.

We very frequently notice your correspondents in their items speak of the "fine" and "fast" horses owned in their respective sections. Please let me remark that Mr. John A. Bent has a young horse that he calls "Belleisle Dan" that is as fine a specimen of his kind as stands in the county to-day. He begins to show signs of remarkable speed, and if properly trained will make a flyer.

Lawrencetown Items.

Considerable sickness around here at present.

The Methodist Church has been holding special meetings last and this week with good results.

A magic lantern lecture for the Sabbath schools was given in Whitman's Hall on the 27th, which was both pleasing and instructive.

The L. A. C. only intend to hold their meetings through the month of April, and then postpone until the month of autumn.

Nelson Division elected its officers on the 28th. W. P., Arthur Brown; W. A., Miss E. Stevens; R. S., Miss Florence Elliott; A. R. S., Ernest Whitman; Chap., Mrs. J. R. Downing; F. S., Miss Bessie Newcomb; Treas., R. H. Foster; Con., W. Phinney; A. Con., Miss Dena Newcomb; I. S., Harry Wheelock; O. S., Willie Downing; P. W. P., John Hall.

The advanced department of our school held its examination on the 25th. A large number of spectators were present and spoke highly of the exercises. Frank Stevens received a book of poems for having the best set of book-keeping books, and Avard Bishop received the second prize, a handsome pencil; Miss Ida Newcomb received a book of poems for standing the longest, the most times during the term, in the weekly spelling matches. The exercises were well rendered, and proves that we have the right *man* and *teacher* in the right place. Among the speakers were Mr. S. Shaffner, Rev. J. Phalen, J. W. Whitman and others.

Nictaux Falls Nuggets.

With the opening spring all branches of business in this place are showing signs of life and activity.

Our merchants are not idle. Large packages and cases are being opened almost daily at some of our stores.

Wile & Merry, owners of the Steam Mill here have had the misfortune of having the crank of their engine broken. The new one is expected daily.

The Nictaux Falls Milling Co., have been making improvements and repairs in their machinery, and are now cutting up the logs in a lively manner. A person watching them yesterday, says, that in six minutes they sawed two logs containing 150 feet of inch lumber. This was considered very good speed.

The Grist Mill and Carding machine now owned by H. H. Foster have been under going thorough repair. During the heavy freshet some weeks ago, a part of the flume was torn out, but like many other seeming calamities was proven a blessing in disguise, for now they have made it entirely new and a like disaster will not be likely to occur again, very soon at least.

Easter Sunday was not unnoticed here. "Rope Holders" Mission Band gave an Easter concert in the Methodist church on the evening of that day which was spoken of very highly. The music was pronounced excellent. Among the most interesting items of the service was a letter written by Miss Lizzie Hart, now of Tokio, Japan, one of our N. S. young ladies who has given her life to missionary work in that land. This letter was written to "Rope Holders" Mission Band and read by our corresponding secretary. A collection was taken in aid of mission fund, amounting to $3.75.

Port Lorne Items.

Small quantities of codfish have been taken here.

Capt. Jas. Brinton and son Avard have returned to their ship, after spending a few weeks at home.

Mr. Wm. Cropley, who has been home for a short time, has returned to the United States again.

Mr. George Neaves, Mr. Samuel Beardsley and Master Frank Hicks left to-day for St. John, as crew with Capt. Simeon Ernst, who they intend shipping with at that port.

Rev. W. B. Bradshaw, of Nictaux, was called by the friends of Mrs. John Stirk to attend her burial service at the house, and also preached in the evening to a large and interested congregation.

The schr. *Pilot*, Capt. Freeman Beardsley, left our shores on the 28th ult. for St. John, on her first trip for the season. Quite a number of our young men were on board, some for the States, others to follow the sea. Among the number were Mr. Johnson Corbitt, Edwin Hall (mariner), Tommy Beardsley.

Capt. Riley Lewis came in here last week from Oglevy wharf. He has a trim looking craft, launched this spring, intended for hauling. His call here was to carry the household goods of Mr. Benjamin Neaves to the above port, where they intend moving. Capt. Joseph Anderson left [illegible] St. John, where he takes the schooner soon to be

—T. A. Foster has on exhibition in the centre of his store a beautiful line of Lawn-tennis Shoes and other light Summer Wear. In Fancy Shirts, Hats, Caps, Ties, etc., his stock is complete. Prices Low. 1i

Hampton Items.

Capt. Mitchell is busily engaged in repairing his packet for the St. John trade.

Capt. Eaton Chute and crew left last week to join the schr. *Ethel B.*, and some of our people have also left for Boston.

April 1st was very fine and pleasant. Some of our folks devoted the day to fishing. The Templeman brothers caught quite a nice haul, and the evening being quite still, some nets were set, and a good catch of herring was the result. These found a ready market in Bridgetown.

There is quite an improvement in the appearance of our village. Charles Brinton's house looks nice in its new coat of fancy colors; John Titus has been using the paint brush with good effect and his house looks A1; while E. B. Foster has added to the appearance of his premises by painting his residence white with red trimmings.

Victoriavale.

Chopping frolics are the order of the day.

Miss Mary Fales is at present visiting her brother, W. H. Fales.

Mr. Charles Fales and Mr. Wesley R. Bowlby left for the States last week.

Miss Delia Mosher, of Gates Mountain, has been visiting her aunt, Mrs. O. G. Bowlby.

Mr. Arthur Andrews arrived home from Boston about two weeks ago. Sorry to hear he intends to return back to Boston with his family.

Once again death has visited our Vale, and taken from among us one of our oldest and most esteemed friends, Anne, relict of the late Isaac Reagh. The deceased lady, who has not enjoyed good health for some time, died quite suddenly of pneumonia on Thursday, the 19th inst., leaving two sons to mourn the loss of a true and loving mother, the eldest being Rev. T. B. Reagh of Prince Edward Island. The funeral, which was largely attended, took place in the church on Sunday last, and an excellent sermon was delivered by the pastor, Rev. L. J. Tingley, from Hebrews 11: 16, "But now they desire a better country, that is, an heavenly."

Berwick.

We understand that Mr. Shannon Morse and family contemplates moving to Falmouth, and will either rent or sell his property in Berwick, probably the latter. Mr. Morse is one of our most popular citizens and his many friends will regret his departure from their midst.

The Green Hall has again changed ownership, Mr. Isaac North being the purchaser. Mr. North intends to put on a frontage of twenty feet, converting the ground floor into a commodious store, and enlarging the hall above. The latter will be a great convenience, as there has been no decent public hall in Berwick for some years.

For several weeks special services have been held, every evening, in the Methodist and Baptists churches, and in spite of dark nights and muddy roads, everybody goes to meeting, and large numbers are being added to both churches. In the Baptist church on Sunday morning the right hand of fellowship was extended to twenty-four young people, who had been baptized the previous Sabbath; and after the evening service, in the presence of a large congregation, the Rev. Dr. Saunders administered the solemn and impressive ordinance of baptism to sixteen candidates.

Some of our citizens deserve much credit for the spirit of public enterprise manifested. Messrs. Dr. Middlemas, T. H. Parker and I. B. Chute intend erecting a large building on the site of the old Post Office. The stone is already on the spot, and building operations will commence as soon as the frost is out of the ground. It will consist of a large frost-proof cellar, above that a drug store, dry goods store and post office; and on the second flat a large hall to be used by the Oddfellows. We have seen the plan, and are in a position to state that the building will be a handsome addition to Commercial street.
