London Markets Quiet.

New York, Nov. 25.—The Evening Post's financial cable from London says:

The stock markets here were quiet to-day as the settlement approaches, but were generally firm. The upward movement in investment stocks was led by consols. American cans were still good and hopeful, but there were signs that prices have run up too fast, and inasmuch as public buying is still small, prices were easier.

Grand Trunk was strong on the restoration of rates. Kaffirs were good on rains in the Transvaal.

The strength of the Bank of England weekly return assists the easy tone in the money market.

During the week £219,000 net in gold were imported, the details showing the purchase of £100,000 in bar gold and in French coin, the receipt of £125,000 from the Cape and of £5000 from Portugal and the export of £20,000 to the Continent.

Cotton Markets.

New York, Nov. 25.—Cotton—Spot firm; middling uplands, 5 7-16c; do., Gulf, 5 11-16c; sales, 1054 bales.

New York, Nov. 25.—Cotton futures opened steady: Dec., 5.26c; Jan., 5.32c; Feb., 5.35c; March, 5.39c; April, 5.42c; May, 5.45c; June, 5.49c; July, 5.51c; Aug., 5.55c; Sept., 5.55c; Oct., 5.58c.

New York Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch today from New York:

The stock market to-day was affected unfavorably by profit-taking. The professional element also sold freely on the theory that there would be further delay in the conclusion of the Spanish-American peace negotiations. The cable advices on that point were conflicting. London was a moderate buyer on balance and a fair amount of commission house business was done. B. & O. advanced materially on reports of new arrangements furthering the improvement of the company's relations with western points of the old system. Union Pacific also showed strength on reports that the situation of railroad affairs in the Pacific Northwest were a little less antagonistic. The anthracite coal shares opened strong, but reacted sharply on the failure to confirm officially recent reports of the taking of steps to improve the coal trade. Heavy realizations in Atchison preferred made that stock one of the weaker issues. In the industrial group American Tobacco was kept weak by sales founded upon talk of the competition to flow from the organization of the Union Tobacco Company. P. O. fell over 1 per cent. on the formal announcement of the proposed increase in the company's capital stock. Sugar sold off on a decline in refined sugar. Manhattan opened up ⅝, but receded over 2 per cent. on disappointment at failure to confirm recent reports of closer Vanderbilt affiliations. The market at the end showed very irregular price changes, but the tone was not weak.

R. G. Dun's Weekly Review.

There has not been any development of unsoundness in the general trade situation at Montreal since last writing. The Thanksgiving holiday has made the week a broken one, but for the season there is a good business movement, and as for collections there is really little ground for complaint, except it be with regard to remittances from the Northwest. The jobbing distribution of groceries is still quite active. Sugars are very firm at the advance noted last week, with good demand at the refineries, and the development of further strength is reported in the New York market. Molasses holds a strong position; very little stock now remains in first hands, and the reported sale of a 500-puncheon lot of Barbadoes at 30 cents inclines some to the expectation of higher jobbing prices. Clear, cooler weather has been of decided advantage to the retailer in dry goods and kindred lines; in wholesale circles the preparation for December balancing is general, and there have been quite a few large outside buyers in town looking for jobs, which the trade are disposed to offer at this season, with the object of reducing stocks as much as possible prior to stock-taking. Importers of raw wool have experienced an improved demand from mill-men, and quite a fair aggregate of recent sales is reported, at prices better by from 5 to 7½ per cent., it is claimed, than a month ago. Hardware men are just about getting through a satisfactory fall trade, and stock-taking will soon be general in this line. For the same reason boot and shoe manufacturers are not anxious to increase their stocks of raw material just now, and the leather trade is quiet, though a few large sales of dongolas have been reported within the past ten days or so. Hides are in very fair demand, with sales to the United States, to be tanned in bond for export, and some moderate lots have also been sold west. The association of leading hide buyers formed here several years ago, with the object of curing the unhealthy competition in buying that prevailed, does not seem to have been successful in its object, and reports of a probable dissolution are current. The rates for money are unchanged.

Trade in wholesale circles at Toronto this week was quiet, the holiday interfering with the movement. The weather has been unfavorable to heavy goods, but a fair sorting-up business in fancy goods and notions is reported. In groceries trade has been fair, with sugars firmer, and the demand good for dried fruits and canned vegetables. Hardware dealers have had a fair week, and metals are selling well, with prices firm. Leather trade fairly active, and hides dull. The failures in the Dominion continue small, and the situation generally is regarded as favorable. The movement in wheat is restricted, and in consequence prices rule firm. Exporters complain of high prices, but millers are taking all offerings. There is a good deal of uncertainty as to future prices. Stocks in America are increasing, but as compared with previous years the supply is small. Oats and peas are higher this week, and buckwheat continues in good demand at advanced quotations. Provisions are firm, with stocks of cured meats in small compass. Hog packing is yet restricted, but offerings will increase with the colder weather. The advance in Liverpool prices of cheese is having a beneficial effect on the domestic trade.

East Buffalo Cattle Market.

East Buffalo, N.Y., Nov. 25.—Cattle—There were two loads of sale cattle to-day with a fair demand at steady Monday's prices. Calves were in good demand, stronger and higher. Choice to extra were quotable $7.50 to $7.75; good to choice, $7 to $7.50.

Sheep and Lambs—The total offerings were 34 loads, including four loads over, above 20 loads of Canada lambs. Native lambs were in active demand and higher, while Canadian sold about the same as yesterday. The quality of the offerings was not so good as on Monday. Sheep were firm, but not quotably higher, and lambs were 10c to 15c higher. Choice to extra were quotable $5.40 to $5.65; god to choice, $5 to $5.40; common to fair, $5 to $5.25. Sheep, choice to extra, $4.25 to $4.40; good to choice, $4 to $4.25; common to fair, $2.50 to $3.50.

Hogs—The market opened fairly active, with 65 loads total for the day. Heavy were quotable $3.55 to $3.60. The Yorkers that were yarded early sold at $3.80; mixed, $3.50; one extra load, $3.55, and a prime lead of heavy at $3.60. Pigs, generally $2.50; light Yorkers, $3.45. The close was lower. Good weight Yorkers sold at $3.45. All late sales were on the basis of $3.45. Roughs were quotable $3 to $3.20; stags, $2.50 to $2.57.

W. A. A. Sketch Exhibition.

The Fall Sketch Exhibition of the Woman's Art Association of Canada will be opened on Monday, Nov. 28, at 2.30 p.m., with a "Private View," to which all the members and friends of the association are cordially invited. The exhibition will be held in the studio, 80 Canada Life Building, 49 King-street west, and will continue during the week.

Going Back to England.

"A Brace of Partridges" company will sail for England next week. They conclude their engagement at the Grand Opera House with to-night's performance. A matinee will also be given to-day. No one should miss this great English comedy.

THE COP'S CATARRH

"Co tell your troubles to a policeman"—tables are turned on this indifferent speech to-day, and it's the policeman telling his troubles to you and how Japanese Catarrh Cure saved him from them.

"We never sleep," let the policeman tell it—"but we're as susceptible to climatic changes as anybody else, and we've more exposure to the square inch than any other lot of men on land," says Thos. Crawford of Vancouver, B. C.—the pioneer policeman of this western city—"Some time over twelve years ago I contracted catarrh in the head. I tried everything known to man I thought, that would help me and promise to cure me, but not one of them gave me more than a little temporary relief—I consulted physicians, catarrh specialists, with the same result. Almost as a last resort I was induced to try Japanese Catarrh Cure and to my surprise and joy the very first application gave me great relief. I continued using the remedy until I had completed the full treatment recommended for a case so deep-seated as mine was, and at the end of the time I came out an entirely cured man—that is two years ago, and there has not been the slightest hint of a return of the disease."

Japanese Catarrh Cure is the only guaranteed catarrh cure made—in every package there is a printed guarantee that if used according to directions and if no cure should be effected you can have your money back.

Price 50c—all druggists—or by mail, Griffiths & Macpherson Co., Toronto

ONTARIO LIVE STOCK SHOW

Opens at Brantford on Nov. 30—The Program of Speakers and Gatherings.

Hon. Sidney Fisher has notified the Minister of Agriculture that he will be present at the Ontario Live Stock Show at Brantford, which lasts from Nov. 30 to Dec. 3. He will be accompanied by Hon. F. G. M. Dechene, Commissioner of Agriculture, and Hon. H. T. Duffy, Commissioner of Public Works, Quebec.

Half-fare passenger and freight rates have been obtained from any part of Ontario and return for this fair, which promises to be highly successful.

A public meeting will be held in the Opera House, Brantford, on the evening of the opening day, at which Hon. A. S. Hardy will be chairman and Hon. John Dryden will reply to Mayor Raymond of Brantford, address of welcome. Hon. Sidney Fisher and Mrs. Hoodless, Hamilton, will also address the meeting. The annual meeting of the American Oxford-Down Record Association will be held in the G.T.R. reading room, Brantford, on Nov. 30, at 2 p.m., and the American Leicester Breeders' Association convenes Dec. 1 at 7.30 p.m. The Dominion Swine Breeders' Association meets Dec. 2 at 7.30.

A DROVER'S GRIEVANCE

Laid Before Mr. David Morice, the Superintendent of Toronto Terminals.

A deputation of drovers composed of Messrs. Thomas Bowes, John Thompson, William Beaty, George Beal, Robert Stone, William Weldon, George McCrimmon and J. Van Stone, waited upon Mr. David Morice, superintendent of Toronto Terminals, yesterday and laid before him a grievance regarding stock shipped to the Toronto market. The drovers ship their stock from country points and it comes as far as York or the Don and here the cars are laid over for from 5 to 10 hours, the shippers thereby having to hold their stock for another market. Another injustice arising from this delay is that now hogs, lambs, etc., are weighed off the cars and the shrinkage on a double-decked car of hogs means a loss of about $50 to the drover. The average profit per car is only about $25, so that the drovers are justly indignant at the present state of affairs. Mr. Morice promised to set the matter right at once and this is all the drovers require.

Your Rheumatism

Paine's Celery Compound

The Only Medicine That Works Complete and Permanent Cures.

The ablest and best men and women of our country—doctors, clergymen, lawyers, bankers, merchants and literary women—highly praise and recommend Paine's Celery Compound as a sure cure for rheumatism and sciatica.

Remember well that disordered nerves, faulty digestion, and a slow and incomplete nutrition of the body invite rheumatism, just as they do nervous debility and neuralgia. There is no surer start for rheumatism than a run-down, nerveless condition.

You cannot cure rheumatism by outward applications. The disease is due to internal troubles and must be constitutionally attacked and got rid of.

Paine's Celery Compound gives a healthy tone to the stomach, increases the appetite, and regulates the bowels, liver and kidneys, so that they easily throw off poisonous matters that the sluggish system has allowed to lodge in the blood, causing rheumatism and like disorders.

Bear in mind that rheumatism neglected means increased sufferings and certain death. Be wise while you have a fair measure of strength left. Use Paine's Celery Compound and banish an enemy that has no mercy when it obtains the mastery. It solely remains with you to determine whether you will banish danger or remain in misery and wretchedness.

DURING TWENTY-ONE YEARS

The Church of the Ascension Has Made Good Progress.

Next Sunday, Advent Sunday, will close a period of 21 years of services held in the present building of the Church of the Ascension. The sermons on this occasion will be preached in the morning by Rev. Professor Cody, M.A., and in the evening by Rev. Arthur H. Baldwin, M.A. It is gratifying to know that the prosperity of this church is on the increase, the attendance is also increasing, and a very effective work is being carried on in the parish. The organizations are at present in a very high state of efficiency.

The family of the late Sir Casimir Gzowski, A.D.C., have erected a chaste and very handsome brass to his memory in the church. The work reflects the highest credit on Messrs. Rolph, Smith & Co. This makes the third monument decorating the walls of the present church, the first being to the memory of the late Mr. Samuel Boies Smith, who was a very great benefactor of the church. The second was erected to the memory of the late Mr. James Patton, one who took a very deep and active interest in the work of the church and was a warden of the same.

The seats are free and unappropriated and visitors may feel assured of a welcome, and the authorities hope that many former members of the congregation will attend the anniversary service next Sunday.

The Auction Sale of the Season.

Mr. Charles M. Henderson will have the pleasure of conducting the most important auction sale that has taken place this season on Tuesday, Dec. 6, at the mammoth warerooms, No. 14-16 King-street east (opposite Murray's), of rich and costly household furniture. In the collection there are some choice pieces of mahogany furniture, consisting of grand pianoforte, cost $1800; three upright pianos, rare oil paintings, water colors, Epergnes (cost $200), bronzes, china, Turkish rugs and carpets, rich silk brocatelle, drawing room furniture, valuable library of books, fine electroplate, with a very large assortment of general household effects. Parties in want of choice furniture would do well to avail themselves of this opportunity.

Apples for Europe.

Montreal, Nov. 25.—Great quantities of apples are being exported to London from Halifax. So far this season the Furness steamers have taken to Liverpool and London 100,000 barrels of Nova Scotia apples, all of which have been shipped by farmers of the Annapolis Valley. This is far in excess of last year's shipment.

Paris Will Have Pure Milk.

The town of Paris has determined to have pure milk. In future herds must be inspected by Provincial Inspectors, and licenses to dealers will be issued only on proof that the cows are healthy. This is especially aimed against tuberculosis.

Teas That Tire

All "blends" of teas soon weary the taste. Because they are merely "blends"—designed simply to taste and smell to your fancy, but Monsoon Indo Ceylon Tea direct from the growers—bears the substance which satisfies and qualifies the body as well as the taste.

Monsoon

MONSOON Indo Ceylon TEA Sold in Lead Packets Only. At 25c, 30c, 40c 50c and 60c

The Demon Dyspepsia.—In olden time it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed
