ALL EMPLOYERS ARE BOUND TO SEE THAT EMPLOYEES REPORT

If Any Workman Fails His Boss Must Tell.

FINES ARE PRESCRIBED

Local Tribunals Must Be Unanimous of State Case for Appeal.

OTTAWA, Oct. 17.—The duties of employers under the military service act are laid down in regulations which will be issued here shortly. After the time limit for reporting for service or claiming exemption has expired (in the present case November 10), every employer must ascertain if any of his men have failed to report or to claim exemption. The employee is required to answer any questions put to him by his employer for this purpose. The employer must then report, which, if any, of his men have failed to comply with the call. An employer who refuses or neglects to comply with the regulations is liable to a fine of not more than $100 and not less than $50, or to imprisonment for a term not exceeding three months, or to both fine and imprisonment.

The employer who knowingly retains in his service a deserter or a man absent without leave is liable to imprisonment for a term not more than six months or a fine of less than $100 and not more than $500.

Tribunals Must Be Unanimous.

In regard to local tribunals, the regulations lay down that each question shall be decided by a unanimous vote. If the two members of the tribunal cannot agree they have to state a case in writing for submission to an appeal tribunal. If they cannot agree in stating a case, each member of the tribunal will state his case from his own point of view and forward it to the provincial registrar.

A local tribunal is not to allow an application for exemption on conscientious grounds unless the applicant signifies in writing his willingness to perform, when required, non-combatant work, including work in the Medical Corps, the Army Service Corps and the Mechanical Transport.

A person aggrieved by a decision of the local tribunal or the military representative may take the case to an appeal tribunal. Notice of this must be given not later than three clear days after the date on notice of the decision of the tribunal received by the applicant or the military representative.

BRITAIN TO REFUSE EXPORT OF FLAX

New York Brokerage Wire Gives Intimation.

WINNIPEG, Oct. 17.—A flash came through from New York to a local commission house today to the effect that Great Britain was prohibiting the export of flax from all British possessions, including Canada.

For Pain in the Back
GIN PILLS
FOR THE KIDNEYS
Also for Swollen Joints and Ankles, Constant Headaches, Urinary and Bladder Troubles and all Irregularities of the Kidneys. 131

A New Face Without Surgical Skin Peeling

The surgical operation of face peeling is too radical, too severe. There's a better way of removing offensive complexions and one that is entirely safe and rational. Ordinary mercolized wax causes the devitalized scarf skin to come off, but gradually and gently. Unlike the surgical process, the skin is not forcibly taken off in big pieces all at once, but almost invisible flaky particles are absorbed by the wax, and about two weeks are required to complete the transformation. There's no pain, no discomfort.

Nature renews complexions the same way, shedding tiny cutaneous scales day by day. But deficient circulation, or other abnormal condition, may interfere with the shedding—a "bad complexion" results. Then mercolized wax assists Nature by hastening the removal of the aged, faded or discolored top skin. This only the lively, young, healthy-hued skin is in evidence, as in robust girlhood. This is why mercolized wax produces the indescribable beauty of ever-renewing youth. The wax is put on at night like cold cream, and washed off in the morning. You can procure it at any druggist's; an ounce is sufficient.—Advt.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmint (double strength) and add to it one-quarter pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little, and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Advt.

ENEMY WORKING ON AIR ARMADA TO COUNTERACT AID FROM U. S.

29 Great New Factories Built And Orders Placed With Swiss.

SOME NEW AIR WONDERS

One Machine Carries 1,800 Pounds of Bombs and Climbs Swiftly.

LONDON, Oct. 17.—Via Reuter's Ottawa Agency.—The following facts, which have come to the knowledge of the French staff, illustrate the vital importance of air supremacy for the Allies.

Germany is straining every nerve in anticipation of America's new air squadrons and the Allies' spring air offensive. Numbers of German battleplanes are being doubled during the winter, and the motor-building factories throughout Germany are enlarging their plants and reinforcing their labor. Twenty-nine important new factories have been created. Between February and August large orders have been placed in Switzerland.

Quantities of three-seaters with two 60-horsepower engines, bombing machines, are being built, capable of carrying 1,800 pounds of bombs, and climbing 12,000 feet in 35 minutes.

An All-Metal Machine.

New models of every type are being feverishly produced. They include a new all-metal machine for co-operation with the infantry.

A big German machine which recently landed in Holland was fitted with electric installation for the purpose of warming the aviator.

Simultaneously the Germans are greatly augmenting the personnel of the air service, and expediting and encouraging transfers to this service. An order recently captured, and issued by Gen. von Ludendorf, states the Allies are employing airplanes economically with a view to great battles of the future.

"We should be wrong to overwork and wear out our air formations, which are inferior in number," the order says. "The infantry must be told it is impossible to prevent the enemy flying over our lines. The airmen must be used sparingly and at calm times. Germany must have as many machines as possible for great emergencies."

MANY SKIRMISHES ON ITALIAN FRONT

ROME, Oct. 17.—The war office communication issued today says:

"South of Monte Cuni our advanced posts repulsed enemy patrols and took prisoners. From the region of Monte Nero to the sea the enemy's artillery was very active, but everywhere it was effectively countered by our batteries.

"On the northern slopes of Monte San Gabriele, enemy parties were dispersed by our rifle fire. North of Selo our patrols broke into enemy trenches and threw the occupants into consision.

"Numerous enemy airplanes attempted to fly over our territory. Hindered by our anti-aircraft fire and repulsed by our chasing squadrons they had to return to their lines. Only a few of them succeeded in reaching their objectives and dropping bombs. There were no casualties and no damage resulted."

CANADIAN OYSTERS FAIL IN RICHMOND BAY BEDS

Disease Ruins Crops—Little-Necked Clams Substitute.

OTTAWA, Oct. 17. — A report to the naval department from Prince Edward Island stated that the oyster fishery in Richmond Bay, the locality which furnishes the famous Malpeque oysters, is a complete failure this year. The oysters have been attacked by a disease, and since the opening of the season on September 15 the result of the oyster dredging has been to bring up quantities of dead bivalves. It is noted that the companies cultivating oysters on the northern shore of New Brunswick are bringing their beds into such a condition that they will furnish a crop of oysters which will be increasing every year.

Richmond Bay also produces large quantities of little-necked clams, but the fishing of these has hitherto not been allowed during the oyster season, as it tends to break up the oyster beds. This year, on account of the failure of the oyster crop, the naval department has decided to allow fishing for clams in Richmond Bay up to December 31, and the supply of these clams will tend to replace the oysters which will be missing in the Canadian markets.

FOOD CONTROLLER WORKS TO GET CORN FROM U. S.

Hanna Wants Importers to State Requirements.

OTTAWA, Oct. 17.—Announcement was made by the food controller today that all possible efforts were being made to secure Canada's fair share of the available corn in the United States. Application to the United States food administration for licenses, which will enable shipments to be brought across the border into Canada, are being approved and forwarded to Washington without delay. Importers and other Canadian users of corn have been urged to get together and to provide Mr. Hanna with information as to their requirements, so that the food controller may be in a better position to negotiate with the American authorities.

U. S. MUNITIONS MEN TRYING TO DODGE TAXES TOTALLING $17,500,000

Government Has Got Hold of $10,000,000 of Amount.

WASHINGTON, Oct. 17.—Internal revenue agents have reported that evasions of the special tax of 12½ per cent by munitions manufacturers have totalled so far approximately $17,500,000

More than $10,000,000 of that sum already has been recovered by the Government.

MUSKRAT SKINS $1 AND MINK $6.60 IN GOTHAM

NEW YORK, Oct. 17.—More than 600,000 muskrat skins were sold at the annual fall auction sales here today, the best ones bringing as high as $1. Over 43,000 mink pelts also were sold, the highest price obtained for these being $6.60. Among the other furs sold were 70,000 moles. The best Scotch mole brought 34½ cents. The total of the three days' sale was placed at more than $1,500,000. Today's price of northern mink was 25 per cent higher and northern muskrate 30 per cent higher than at the last spring sale.

CANADIAN FLIER CAPTURED.

OTTAWA, Oct. 17.—It is announced through the naval department that Flight Sub-Lieut. Robert E. McMillan, of the Royal Naval Air Service, who was previously reported missing, is now reported a prisoner in Germany. His home is in New Brunswick.

Ask Govt. To Stop Export of Fish To United States

Drastic Resolution Passed at Windsor Meeting Last Night.

WINDSOR, Oct. 17.—After waiting for several months to see if the Dominion Government would take any action in the matter, the resources committee of the Border Chamber of Commerce at a special meeting held tonight adopted drastic resolutions, calling upon the food controller, the department of marine and fisheries and the Ontario fish commission to at once put a stop to the continued export of fresh caught fish from Canada to the United States.

The resolutions state that the claim of the exporters that only the surplus is being exported is false and immediate redress is demanded.

HEADS OF RAILWAYS IN CANADA TO WORK ON TRAFFIC PROBLEM

United Effort to Secure Most Expeditious Movement Possible.

OTTAWA, Oct. 17.—It is announced by the Government that the presidents of railways operating in Canada have been formed into an executive committee to direct the work of a general committee that will be organized to coordinate railway operation in Canada. The executive will be the presidents of the Canadian Pacific, Grand Trunk, Grand Trunk Pacific, Canadian Northern, New York Central and general manager of the Canadian Government railways. The general committee will be made up of the chief operating officers of the railways.

The object is to solve difficulties of winter transportation in Canada by coordinating car and motive power supply. Diversion of traffic and train movement will be dealt with, so that the greatest and most expeditious movement of traffic will be realized with the facilities available. The committee will formulate rules for co-operation between companies in the furnishing of cars, supply of motive power and diversion of traffic.

Pro-German Agents Working To Defeat U. S. Liberty Loan

WASHINGTON, Oct. 17.—Pro-German agents in the United States, according to reports to the treasury department, have directed their energies toward defeating the Liberty loan. Their organized propaganda has borne fruit from Minnesota to Texas in scattered sections where weak efforts have been made, not openly, but by indirect methods to discourage subscriptions. The work of the pro-German agents, officials assert, has been carried on for more than two weeks. Some of the workers have had the temerity, reports to the treasury indicate, to conduct their operations here in the national capital.

GRAND TRUNK PACIFIC SHOWS IMPROVEMENT AS TIME ADVANCES

Alfred Smithers Says the Line Has Discovered Great Resources.

MONTREAL, Oct 17.—The adjourned annual meeting of the Grand Trunk Pacific Railway Company was held at the general offices here today.

In reviewing the results for the past year, the chairman, Alfred W. Smithers, said it was gratifying to note an improvement, although much remains to be accomplished before the property could be on a self-sustaining basis. This condition, however, could only be the natural result of constructing lines of transportation throughout hitherto unsettled and undeveloped country, and was the history of all other transportation lines. It was therefore encouraging to note marked improvement in these conditions from year to year, as the advent of the railway had made possible the discovery and opening of almost unlimited natural resources.

Notwithstanding the stopping of foreign immigration during the war a considerable immigration from the United States well-equipped financially for farming and other pursuits, continued to go into the new country and in addition to the increased acreage taken up, a number of lumber mills along the Fraser River in British Columbia had been built to supply the increasing demand for lumber on the prairies, all of which made traffic for the railway.

The following directors and officers were elected for the ensuing year: Directors—Alfred W. Smithers, Sir H. M. Jackson, John A. Clutton Brock, Sir Wm. Lawrence Young, Howard G. Kelley, E. J. Chamberlin, W. H. Ardley, Frank Scott, W. H. Biggar, Hon. R. Dandurand, Wm. Molson McPherson, J. E. Dalrymple, Peter McArs and J. B. Fraser.

Officers—Howard G. Kelley, president; W. P. Hinton, vice-president and general manager; W. H. Biggar, vice-president and general counsel; J. E. Dalrymple, vice-president; Frank Scott, vice-president and treasurer; Henry Phillips, secretary; W. H. Ardley, comptroller.

PATRONAGE SYSTEM IN CIVIL SERVICE IS OVER

Test Examinations to Fill Nearly All Governments Posts.

[Special to The Advertiser.]

OTTAWA, Oct. 17.—Jurisdiction of the civil service commission is to be extended to the outside service. This is stated to be a decision of the new Government.

With an administration made up of elements from both the Conservative and the Liberal political parties the difficulties of the old system of making appointments to Government offices on the patronage basis increased tremendously.

The system of test examinations is to be extended to all Government posts in the country, including postoffice, inland revenue, public works, fisheries, marine and all other positions.

The patronage system has been a difficult one for members of Parliament to administer, and has not always resulted in Government places being filled by efficient persons.

OBJECTS TO RHODES AS PERMANENT SPEAKER

Ottawa Paper Says Laurier Rejects Proposal.

OTTAWA, Oct. 17.—The Journal this evening says that Sir Wilfrid Laurier has rejected a proposal by Sir Robert Borden that Hon. E. N. Rhodes be made permanent speaker of the House of Commons.

MANITOBA LIBERALS WILL RUN STRAIGHT PARTY MEN ALL OVER

Will Oppose "Unionists" in Every Constituency

FUSIONISTS DENOUNCED

Call All "True" Liberals to Stand by Winnipeg Convention.

WINNIPEG, Oct. 17.—The Manitoba provincial Liberal executive held a meeting Tuesday evening, and it is announced that a resolution indorsing Sir Wilfrid Laurier carried, 14 to 11.

It was decided to run a straight line Laurier candidate in every Dominion constituency in the province in opposition to "union" candidates, and a committee of Winnipeg Liberals was appointed today to select a Laurier candidate in each of the three Winnipeg ridings.

There is considerable "pussy-footing" in regard to the fusion candidate in South Winnipeg, and the influence of Hon. Robert Rogers is apparent in the action of the Conservative committee.

There will be no dearth of candidates in the west in the coming election. Each constituency will have three, and in some parts five candidates will be in nomination. The fight will be a bitter one for several of the seats.

Resolutions were passed by the provincial Liberal executive Tuesday denouncing the Borden administration and condemning the Liberals who have entered the cabinet after so roughly condemning it at the Winnipeg convention in August. Another resolution calls upon all true Liberals to stand by the resolutions of the Winnipeg convention.

ONLY 12 LARGE BRITISH SHIPS LOST LAST WEEK

Within One of Lowest Record Since the Subs Were Unleashed.

LONDON, Oct. 17.—Twelve British merchant vessels of over 1,600 tons were sunk by mine or submarine in the last week, according to the statement of the British admiralty tonight.

Six vessels under 1,600 tons and one fishing vessel were also sunk.

During the previous week fourteen vessels over 1,600 tons, two under that tonnage, and three fishing vessels, were sunk. The lowest record was three weeks ago, when only eleven large vessels were sunk.

ITALY LOSES FOUR STEAMERS.

ROME, Oct. 17.—The losses to Italian shipping through submarines for the week ending October 14 on all seas were four steamers over 1,600 tons. One packet boat and one sailing vessel escaped attacks.

OFFICIAL STATEMENT.

London, Oct. 18.—The full official statement issued by the British Admiralty last night regarding shipping losses reads:

"Arrivals, 2,124; sailings, 2,094.

British merchantmen over 1,600 tons sunk by mine or submarine, 12.

"British merchantmen under 1,600 tons, including 2 previously, 6.

"Fishing vessels, 1 sunk previously.

"British merchantmen unsuccessfully attacked, including 2 previously, 5."

CHARGES CONSTABLE WITH ASSAULTING HIM

SARNIA, Oct. 17.—J. J. McKenzie, police constable at Point Edward, has been summoned to appear in court here on Thursday morning on a charge of assault laid by Dudley Lumley, a youth. Lumley alleges that on Sunday last the constable smashed him over the head with the butt of a revolver. The case will be heard before Magistrate Gorman.

WIND, SNOW AND RAIN HOLDING UP STEAMERS

Little Shipping On Lake Superior—Warnings Out.

DULUTH, Oct. 17.—A heavy northeast wind with snow and rain tonight is holding up most of the shipping on Lake Superior.

Northeast storm warnings were posted this afternoon on Lake Superior from Duluth to Barage, and southeast warnings eastward from Marquette.

BLACKLISTED FOE FIRM GETTING CANADIAN GOLD THROUGH TORONTO BANKS

Toronto, Oct. 17.—A brokerage house and four city banks are mentioned in connection with an inquiry which is being prosecuted here by the Dominion police to find out how a firm in Spain on the blacklist of the Allies is getting supplied with Canadian gold.

The inquiry is being pressed under the defence of the realm ct by the secret service officers to determine the alleged dealings with the firm in Spain by which large sums of money left Canada. The intricate workings of the alleged deal through the brokerage house are being probed with a view to determining if any of the banks had actual knowledge of the relations with the firm on the blacklist.

Pressed tonight for information on the police end of the case, Detective Inspector George Kennedy beyond saying that none of his men were assigned to the investigation declined to discuss the developments. "A matter like that is for the secret service" was his comment.

PREFER ITALY'S PRISONS.

Geneva, Oct 18.—It is reported from Lugano that a large contingent of Austrian wounded, who had been repatriated through Switzerland, have petitioned the Italian military authorities to be permitted to remain in Italy owing to the great privations existing in Austria. The Italians granted the request. In the future only those prisoners who are willing to return will be repatriated.

SIR WILLIAM BYLES DEAD.

London, Oct. 18.—Sir William Pollard Byles, Liberal member of Parliament for the north division of Salford since 1906, died in London today.

Sir William Pollard Byles was born in 1839, and was formerly chief proprietor of the Bradford Observer. He was a member of the inter-parliamentary union for peace and arbitration. He sat for the Shipley division in 1892-95, and was knighted in 1911.

PERTH LIBERTY LOAN.

STRATFORD, Oct. 17.—Plans for organizing the county for the sale of the new Liberty loan were discussed this afternoon at a conference between George McLagan, chairman of the local organization, and Hal Brent, local organizer, together with county representatives.

DEATH OF JOHN VANDERLIP.

BRANTFORD, Oct. 17.—John R. Vanderlip, aged 71, died here today. For many years he farmed near Langford.

The death occurred today also of Mrs. Elizabeth Lee.

BORDEN WILL START ELECTION CAMPAIGN AT WESTERN POINTS

Meighen, Calder, Sifton and Crerar Off For Prairies.

BORDEN STARTS IN N. S.

Premier Will Take the Stump Early in November—Bi-Party Campaign.

OTTAWA, Oct. 17.—The cabinet council sat again until a late hour this evening. Afterwards the four western members of the Government, Hon. Messrs. Meighen, Calder, Sifton and Crerar left Ottawa for the west. They will attend the meeting at Winnipeg on Monday.

The Evening Citizen says:

"The election campaign in support of the unionist government will be started next week. The opening will be in the west—that part of the country whose increased representation by redistribution will give it a greatly augmented status in the new parliament.

"Hon. Arthur Meighen, minister of the interior, and Hon. J. A. Calder will speak at Winnipeg on Monday night and at Regina on Tuesday. A fuller tour of the west will start later.

Guthrie Speaks in Galt.

Hon. Hugh Guthrie, solicitor-general, is to speak at Galt on the 24th, when Stuart Scott, member for South Waterloo, will be nominated as the candidate of the union government.

Early in November Sir Robert Borden will go on the stump, starting at Halifax and speaking in the more important centres of the country, including the western provinces.

"Word has gone out to hold conventions for the nomination of candidates, and in many places where men are already in the field it will be necessary to do it over again, owing to the change in the Government. In each constituency a Unionist will be put in the field. He may be a Conservative or a Liberal, but in the various divisions, the plan is to have only one man on whom the vote of the Unionists will be centralized.

Nomination November 19.

Issues of the election writs is expected in a few days. Until they are out the exact date cannot be given, what is being figured on is nomination on November 19 and polling on December 18. This will allow four full weeks for taking the vote in England and at the front. A Government manifesto outlining its general policy and defending the general principle will be given out shortly. Its composition is under consideration as the joint product of the Conservatives and Liberals in the cabinet.

Forty Liberal candidates from Eastern Ontario will be here Friday to confer with Sir Wilfrid Laurier. On Monday the Liberal leader will be in Montreal again consulting his Quebec followers. Afterwards he will go to Western Ontario.

Rowell to Run in Oxford.

In political circles here it is expected that Hon. N. W. Rowell will seek election in one of the Oxfords which he now represents in the Legislature. Hon. Mr. Carvell is promised a fight, but is regarded as safe in Carleton. N.B. Hon. Mr. Ballantyne will run in the St. George-St. Lawrence division of Montreal, Hon. Mr. Crerar in Marquette, Hon. Mr. Sifton in Battle River, and Hon. Mr. Calder in Regina.

The Government is struggling with the appointment of polling officers to conduct the election. It is proposed to conduct the appointment on a "union government" basis. The Liberal members of the new cabinet will have the naming of half of these, and they have the problem of selecting Liberals who are in sympathy with union government. This will take some time. As soon as the men have been selected, the date of the election will be announced.

The problem has arisen of dividing the votes of soldiers between Liberal and Conservative Government candidates in ridings where there are three-cornered fights.

Kaiser and Sultan Give to Each Other High Decorations

Turk Monarch Receives Chain of Hohenzollern Order.

AMSTERDAM, Oct. 17. — A dispatch received here from Constantinople says the sultan of Turkey has conferred on Emperor William the diamond star of the Iftchar order, Turkey's highest war decoration, and that Emperor William presented to the sultan the star and chain of the Hohenzollern Order, set with diamonds.

The dispatch adds that the emperor and sultan have held another conference, the emperor being attended by Dr. von Kuehlmann and the sultan by Talaat Bey, grand vizier, Enver Pasha, minister of war, and Hakki Pasha, ambassador to Germany.

8-HOUR DAY ALL OVER GRAND TRUNK SYSTEM

MONTREAL, Oct. 17.—The Grand Trunk Railway System has agreed, it is authoritatively stated, to grant the engineers and firemen on all its lines the benefit of the Adamson eight-hour-day law, as it obtains in the United States. The men have also been granted an increase in wages. The engineers and firemen employed in the company's lines in the United States have been working under the Adamson measure since it became law. An official statement from the company in reference to the changes is expected shortly. Officials of the company and the men's union have been in conference here over the working hours and pay for some days.

GIVEN WARM WELCOME.

ESSEX, Oct. 17.—A largely attended public reception was held in the town hall last evening in honor of Ptes. Harry Rose of Essex and Timothy Walls of Gesto. Pte. Rose arrived in Essex on Monday, and Pte. Walls about ten days ago, and the day following his arrival his only child died. Pte. Walls enlisted in the 99th Essex Battalion, and has been invalided home on account of rheumatism.

Pte. Rose enlisted in the 7th C. M. R. at Amherstburg in January, 1915, and went overseas shortly after. He has been in France and England since, receiving his wound at the battle of Vimy Ridge, and has a compound fracture of the hip.

Mayor Gay presided at the reception, and Capt. J. W. Brien gave a very interesting address, E. L. Hopgood sang twice, and the Potter quartet furnished the musical part of the program.

TEESWATER ANNIVERSARY

TEESWATER, Oct. 17.—The Methodist Church had a most successful anniversary. Rev. George Dewey of Stratford was the special preacher. The choir, under the leadership of Mrs. Durrant, rendered an excellent program. In the afternoon Mr. Dewey spoke and sang at the Sunday school rally. The offerings for the day amounted to $180. An old-fashioned tea was served last night. A quartet composed of Mrs. Mann and Mrs. Durrant and Messrs. Mann and Pallester was well received. Rev. G. Dewey received encores for his solos. Revs. Bradley gave a short address, and was followed by Mr. Dewey.

UNDERGOING OPERATION.

WILTON GROVE, Oct. 17. — Miss M. McBane is in St. Thomas Hospital undergoing an operation for appendicitis.

Mrs. Poole of the fifth concession is ill in Victoria Hospital.

CANDIDATES MUST HAVE INDORSATION OF PARTY LEADERS

Must Be "Recognized" Within Five Days After Nomination.

LOCATING SOLDIER VOTE

Some Way Will Be Found to Fix Each Man to a Constituency.

OTTAWA, Oct. 17.—Major Purney, overseas clerk of the crown-in-chancery, is making final arrangements in Ottawa before leaving for England, where he will take in hand the work of provision for taking the votes of all Canadian soldiers overseas in the coming elections. Presiding officers have to be chosen, ballot papers printed, and a score of details arranged in connection with the taking and counting of the overseas vote.

An unusual feature will mark the coming elections. Each candidate, to secure military votes, must be "recognized" by the leader of his party. In the case of the "Government party" the recognition will be by the prime minister; in the case of any independent or Labor by any recognized leader of such party, and in the Liberal party by the leader of the Opposition. "Recognition" must be made within five days after nomination day, and the names of "recognized" candidates must be published in the Canada Gazette.

Allocating Soldier Vote.

Difficulties in the allocation of naval and military vote, both in Canada and overseas, have necessitated special provisions. The problem has been how to determine the constituency to which the vote shall go, in the event of the voter not designating any particular candidate by name. The general rules on which the military vote will be taken are:

1. If the elector can indicate the name of the electoral district in which he last continuously resided for at least four months of the twelve months preceding his enlistment or appointment, his vote goes to that electoral district.

2. If he cannot name an electoral district, but can name a place within an electoral district at which he resided for the period mentioned, his vote will be applied to the electoral district in which the place is situated.

3. If he cannot specify an electoral district or place of residence during the time indicated, but can specify with sufficient clearness an electoral district in which he has resided at any other time, his vote will go to the constituency specified.

Need Not Be Registered.

4. If, by reason of non-residence in Canada, or from any other reason, the elector is unable to indicate any particular constituency, or place, then he may stipulate to which electoral district he wishes to have his vote applied. Returned soldiers or other military or naval electors who, if they were on active service, would be entitled to vote at naval or military polls, may vote as civilians in Canada, even though their names are not on the voters' lists. Production of discharge certificates will be necessary in the case of a soldier or sailor, or equivalent documents in the case of an officer.

FATALLY SCALDED BY BEING PUSHED INTO PAIL OF HOT WATER

Little Frank Longo of Harrietsville Is Victim of Childish Fun.

HARRIETSVILLE, Oct. 17. — Frank Longo, 4-year-old son of H. Longo, foreman of a railway section gang, died here from injuries he received when he was pushed into a large pail of boiling water by some other children with whom he was playing. His mother was scrubbing and had set the pail of water down to cool for a few minutes. The children were playing around and suddenly pushed Frank backwards, and he sat down in the pail. He was terribly scalded about the back and hips, and, after suffering severely, died. Dr. Doan, the coroner, after investigating, decided the affair was purely accidental and that no inquest was necessary.

Britishers Bomb German Factory Forty Miles Back

Fires Indicate Good Effect—Tons of Bombs on Bruges.

LONDON, Oct. 17.—The British official communication dealing with aviation, issued tonight, says:

"British airplanes carried a very successful bombing raid this afternoon into German territory. A factory west of Saarbruecken, some forty miles beyond the German frontier, was attacked and many bombs were dropped with good effect. Fires were seen to break out in the factory.

"All of our machines returned safely."

"Navel aircraft dropped many tons of bombs on the Bruges docks on Monday night. On Tuesday one of our fight patrols downed a double-seater enemy machine in the vicinity of Zairren. The observer fell out and the machine turned over and fell in flames. All our machines returned."

"Tuesday our airplanes took advantage of a fine period from dawn until 3 o'clock in the afternoon to carry out artillery work and photography. A large number of bombs also were dropped during the day on hostile billets, huts, ments and trenches. Two German machines were brought down in air fighting and another was shot down by our anti-aircraft guns. One of our machines is missing."

CANCELS COAL LICENSES.

Washington, D. C., Oct. 18.—In line with the fuel administration's recent action in withdrawing its embargo on coal exports to Canada through lake ports, the war trade board formally has cancelled its requirement of individual licenses for such shipments.

KING GEORGE GIVES $50,000 THIS YEAR TO RED CROSS FUND

Governor-General Transmits Royal Message.

IS DEEPLY INTERESTED

Has Witnessed the Wonderful Work of Order in Britain and Flanders.

OTTAWA, Oct. 17.—His excellency the governor-general desires to communicate the following message from H. M. King George:

"Buckingham Palace.

"During the last twelve months I have had constant opportunity of witnessing afresh, both at home and at Flanders, the great work of mercy carried on by the united efforts of the British Red Cross Society, and the Order of St. John of Jerusalem in England. In every theatre of the war, regardless of distance, discomfort, or danger, the task of allleviating pain and suffering and of ministering to those in need is performed with unparalleled devotion by the men and women who have taken service under the Red Cross. The prompt and unstinted provision of medical and general stores and comforts is an all important work, and one of the main responsibilities undertaken by the joint commitee.

Abundant Service.

"In hospitals and convalescent homes, hospital trains, motor ambulances, and launches our sick and wounded, as well as those of our allies, are indeed grateful for the aid and co-operation which the joint help bring to the medical services of the army, nor have the needs of our prisoners of war been forgotten in the allocation of your funds. I trust therefore that there will be no falling off of generous financial support on the part of everyone at home, and in the dominions overseas, without which this work could not be maintained.

"During the war I have had great satisfaction in sending the joint committee on October 20 a donation of £5,000. This year for the 'Our Day' collection on the 18th of October, it is a pleasure to me to contribute £10,000 to mark my appreciation of what has been achieved by the British Red Cross Society and the Order of St. John of Jerusalem on England in the past, and my deep sense of the importance of continuing these achievements in the future.

(Signed) "GEORGE, R. I."

AMERICAN RED CROSS LEADS BRITISH FUND.

LONDON, Oct. 17.—A list of contributions made public tonight in connection with "our day" collections in behalf of the British Red Cross, which will be made tomorrow, is led by a gift of £200,000 from the American Red Cross. Of this amount £50,000 is for the relief and comfort of the sick and wounded in the hospitals and casualty clearing stations in the lines of communications where the British forces are fighting; £50,000 is for the maintenance of auxiliary hospitals and convalescent homes in England, and £100,000 is for the institutions in Great Britain devoted to orthopedic, facial treatment, and general restorative work for disabled British soldiers.

In a letter accompanying the gift, Major Graydon, M. P. Murphy, head of the American Red Cross Commission in Europe, praised the work of the British Red Cross, and added:

"We hope that you will accept our contribution as an earnest desire of our people to begin to take our share of the burden of the war which your forces have waged for three years in behalf of the whole civilized world. Other contributions announced include £10,000 from King George, £10,000 from Queen Mary, £3,000 from the Prince of Wales.

CONSTANTINE'S CABINET WILL BE INVESTIGATED

Athens, Monday, Oct. 15.—Delayed.—The prosecution before the high court of the members of the cabinet of Former Premier Skouloudis, with the exception of Admiral Coundouriotis, was recommended in the chamber of deputies today by an investigating committee. Charges of the violation of the penal code, and the law dealing with ministerial responsibility were looked into by the committee before it made its recommendations.

STEALING FROM KRUPPS.

Amsterdam, Oct. 18.—The Krupp firm is prosecuting 62 persons, many of them its own employees, for large thefts of high-speed steel, according to the Frankfurter Zeitung. A special court has been instituted at Essen to conduct the trial, which promises important developments.

C. M. R. MOVE FOR EAST.

HAMILTON, Oct. 17.—The Canadian Mounted Rifles, over seven hundred strong, commanded by Lieut.-Col. Brooks, departed this afternoon for the east. The troopers were given a great sendoff, the children of the east end schools lining the route, cheering and waving flags as the troops marched past. The regiment is composed largely of men from Toronto and the north.

RUSSIA RENEWS EXPORT.

PETROGRAD, Oct. 17.—The Government has authorized the exportation to the United States of all merchandise heretofore prohibited owing to the exigencies of the war.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia, in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid — the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia, as directed above, and see if I'm not right."—Advt.

SHE DARKENED HER GREY HAIR

A Kansas City Lady Darkened Her Grey Hair and Made It soft and Glossy by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her grey hair by a simple home process, made the following statement: "Any lady or gentleman can darken their grey or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home: To half pint of water add 1 oz. of bay rum, 1 small box of Orlex Compound, and ¼ oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the grey hair is darkened sufficiently. It is not sticky or greasy, and does not rub off. It will make a grey-haired person look ten to twenty years younger.—Advt.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advt.
