The Legislature

Attorney-General and Mr. Baxter in Hot Exchanges—The Roads

Fredericton, March 12—The feature of today's session of the house was an exchange of compliments between the attorney-general, Hon. Mr. Byrne, and ex-attorney-general, Hon. Mr. Baxter, in a very long and bitter speech, in the course of which he practically charged that evidence was suppressed by the attorney-general in a Queens county murder case. Hon. Mr. Byrne promptly challenged him to make that charge on his own responsibility as a member of the house, but the challenge was not accepted. Mr. Baxter also made a vicious attack upon Commissioner McQueen, whose report is not yet on the table. Hon. Mr. Byrne denounced Mr. Baxter for attacking a man not there to defend himself, and charged that it was done in an effort to weaken the force of the coming report by casting ridicule upon Mr. McQueen.

There were several hot interchanges between the two speakers and some of the opposition members also interjected remarks. Speaker Hetherington rose to suggest that with fewer interruptions from either side the house would get along more quickly with the business of the country. Both sides applauded his remarks.

In the course of his address in the afternoon, Mr. Baxter suggested changing the custom of lengthy debates on the speech from the throne. He also suggested that every elector be required to take an oath when casting his ballot. He pleaded for harmony between the two races and said that there should be room for two races of different language but with the same ideals.

He also made an exhaustive defense of his course in acting as counsel for J. K. Flemming.

David Mersereau, of Sunbury, was the first speaker at the afternoon session, and in a characteristic address dealt vigorously with opposition criticism and set forth some of the benefits accruing to the country from the able administration of the present government

Mr. Hunter gave notice of enquiry for Monday next in regard to expenditures on the Harvey-McAdam road during 1918, and the amount of remuneration.

Hon. Mr. Foster introduced a bill to amend an act relating to the St. John and Quebec Railway. He explained that the bill authorized the extension of the time for completion of the road until December 31, 1919, and it would change the agreement with the Dominion government in regard to subsidy. Concurrent legislation had been introduced in the federal parliament.

Hon. Mr. Veniot introduced a bill to amend the highway act of 1918. He said the object of the measure was to suspend for a period the election of by-road and trunk-road commissioners, which under the law should take place in April. At a conference which he had with the minister of railways and commissioner of highways at Ottawa an agreement was reached under which the province could place in the category of trunk roads certain roads now known as by-roads, and make the same eligible for dominion aid. The province possesses 1,632 miles of roads, which are now known as trunk roads. They run from the Quebec boundary to the Nova Scotia border along the St. John river, from Fredericton to Chatham and elsewhere. There was one road on each side of the St. John river, but as both could not be classified as trunk roads, it was proposed to bring one under the secondary system. The dominion authorities had consented to the classification of several other roads which would make them eligible for dominion aid. As the conference at Ottawa took place in January and the elections were to be held in April, there was not time for the reclassification of all the roads, and the only plan was to take the secondary roads and classify them as had already been explained. The meetings of ratepayers would not be cancelled, but only suspended until the new plan could be put in working order. The suspension could be revoked at any time by order in council.

In the course of his speech, referring to Hon. Mr. Baxter, Attorney-General Byrne said Mr. Baxter was a wonderful transcendent man who could tell the house that he could call on his mighty God that in public life he had never received a dollar. Evidently the people of the province had done the honorable member a grave injustice in spreading the rumor that he was an atheist and an unbeliever in God and the Saviour.

Mr. Baxter—"If it will do the honorable member any good, I will tell him that I am not an atheist, and never was."

Hon. Mr. Byrne, continuing, said that he was pleased to hear a public statement to that effect.

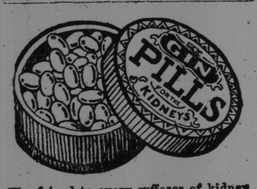
MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.



The friend to every sufferer of kidney or bladder complaints. That pain in your back is Nature's warning that you need Gin Pills.

50c. a box at all Drug or General Stores.

The National Drug & Chemical Co. of Canada, Limited, Toronto

U.S. residents should address: Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y. 215

DON'T DRUG KIDNEYS RUB BACKACHE AWAY

Instant relief! Rub pain, soreness and stiffness from your back with "St. Jacobs Liniment."

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.

SMOKE MACDONALD'S INDEX

The Civil Service

Ottawa, March 12—The civil service list tabled today in the commons includes a tabulated statement showing the total numerical strength of the civil service as it stood on April 1, 1918. The statement contains the information that in addition to 4,147 employes in the permanent inside service and 18,593 in the permanent outside service, there were on April 1 last, 6,324 temporary inside and 12,555 temporary outside employes, making a total of 41,619. To these figures must be added thirteen thousand rural postmasters, all of whom come under the jurisdiction of the civil service commission. This makes a grand total of 54,619 people in the civil service of Canada. It is noted, however, that during April and May several hundred 'season" appointments are made and these are not included in the foregoing figures.

DESPONDENT WOMEN

A prominent writer claims that "women's are naturally despondent," but often mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, backache, headaches, sleeplessness, and consequent despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of this trouble, it gives tone and strength to the system and restores women to a normal, healthy condition.

FINDS MILLER'S LEGS WERE WORTH $75,000

Cleveland, Ohio, March 12—All records for personal injury damages in Ohio courts were broken today when a jury in common pleas court awarded Victor D. Miller, of this city, $75,000 against the Pennsylvania railroad and the Toledo Columbus & Ohio railroad, as a subsidiary line, for the loss of both legs. Miller sued for $100,000.

"Waiter," he called, sniffing the air suspiciously, "never mind that order now; I can never eat when there's a smell of fresh paint around."

"If you'll just wait a few minutes, sir," replied the waiter, "them two young ladies will be going."—Tit-Bits.

CLEARS THE NOSTRILS IN FIVE MINUTES

Routs Out Catarrh, Stops Sniffles, Prevents Sneezing

CATARRHOZONE IS A MARVEL

It just takes about five minutes for the penetrating vapor of Catarrhozone to clear out clogged nostrils. Hard crusts and accumulations are quickly removed. The soothing balsams of Catarrhozone draw out every vestige of inflammation, nose colds stop as if by magic, Catarrh is prevented, better health is assured.

To cure colds without taking drugs may seem almost too much to believe, but Catarrhozone does it quickly and effectively. Endorsed by physicians, and in common use by the people of many nations. All dealers sell Catarrhozone, complete outfit $1.00; small size 50c; sample size 25c, direct from the Catarrhozone Co., Kingston, Canada.

CHURCH NOW LIKE NEW BUILDING

Carmarthen Street Methodist Congregation to be Congratulated on Work Done

The Carmarthen street Methodist church has been remodeled, decorated and greatly improved and the old church looks like new. Only a few months ago at a meeting of the trustees it was undecided whether it might not be advisable to abandon the edifice owing to its condition, but the change today is so marked that such a question would now not be considered. The entire building has been painted by A. G. Staples and is now in the hands of house-cleaners. The artistic work on the walls, etc., is eliciting many favorable comments, especially a gothic window at the back of the platform, which is of very skillful workmanship. New nitrogen electric lights have been installed in the church. Rev. H. Penna is the minister in charge of the church, which was first opened in 1879.

By a system of voluntary contributions among the members of the congregation only, and none of the members is a person of great wealth, the sum of $1,600 has already been raised, but $100 more is required to pay for all the improvements, and it is expected that $1,00 more will be raised in six months to reduce the mortgage.

The floor of the new choir loft has been covered with plain brown linoleum, the gift of the Sunshine Mission Circle, and the class room and the minister's room at the sides of the platform have each come in for their share of the redecoration and are resplendent with new paint and paper.

FARMERS AND DAIRYMEN

Fredericton, March 13—At the Farmers' and Dairymen's convention yesterday co-operation was discussed in the afternoon and in the evening specialists from the department of agriculture occupied the stage. The afternoon speakers included J. D. McKenna, A. E. McMahon and Rev. Messrs. Legasse and Sormany.

In the evening E. P. Bradt, deputy minister of agriculture, spoke appreciatively of the adresses on co-operation delivered.

Mr. Lloyd, bee specialist, spoke on the money industry. He is to supervise the work in the province this year.

Live stock matters were dealt with by James Bremner, who said that the federal government is bringing in pure bred animals for the improvement of stock.

O. C. Hicks talked on seeds and allied subjects and the aid given by the seed division of the department.

F. E. Sharp, recently appointed provincial immigration superintendent and secretary of the farm settlement board, gave an address.

A. G. Turney, provincial horticulturalist, spoke relative to the orchards, spraying, etc.

J. A. Bernier, of Edmundston, addressed the gathering in French and was followed by Rev. Father Legasse of St. Eignace and Father Sormany of Rogersville.

Following the address the following were appointed to serve on the nomination committee:

A. C. Fawcett, Westmorland; Fred Walsh, Albert; L. B. Sumner, Restigouche; Rev. D. R. Chowan, Charlotte; F. C. M. Peoples, Victoria; Scott Shaw, Carleton; Donald Watling, Northumberland; D. Z. Saigle, Madawaska; A. J. Doucett, Kent; J. E. Degrace, Gloucester; Councillor Donovan, St. John; Isaac W. Baird, Queens; Edward Wood, Kings; B. D. Hoyt, York; H. D. Mersereau, Sunbury.

BANKER'S WIFE ADVISES ST. JOHN WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit or hot water. Everything else soured or formed gas. I was miserable until I tried simple buckthorn bark, glyerine, etc., as mixed in Adler-i-ka. This helped me the first day." Because Adler-i-ka flushes the entire bowel tract completely it relieves any case sour stomach, gas or constipation and prevents appendicitis. The instant action is surprising. J. Benson Mahony, druggist.

The monthly board meeting of the Associated Charities was held at 117 Germain street yesterday with J. Hunter White presiding. The secretary, Miss Grace Robertson, reported applications received, 163; requests for employment, 37; employment found, 38; requests for maids, 28; relief sought by 22; relief procured for 21; visits made, 83; clothing given, 14; cases investigated, 15. Regular routine business was transacted and several cases were discussed before the meeting to which relief will be given. The applications for women were very large during the month. There was a very good attendance at the meeting.

This light, dry fleecy wadding

Applied (straight from the box) to any chill-caused ache, attacks the trouble at its source, and gives quick and sure relief. It is "grateful warmth" in dry, convenient form. 41

USE The Want Ad Way

ST. JUDE'S W. A.

The Woman's Auxiliary held their annual meeting yesterday in St. Jude's church. Rev. J. H. A. Holmes, rector, opened the meeting by celebrating corporate communion, after which he delivered a helpful address. At the afternoon session Mrs. W. I. Fenton gave a welcome address to the members. Extracts of letters from Miss Ruby Peter telling of her work with Dr. Travers in China were read.

The election of officers resulted as follows: Honorary president, Mrs. J. H. A. Holmes; president, Mrs. W. I. Fenton; 1st vice-president, Mrs. W. L. Harding; 2nd vice-president, Miss Annie Tilton; corresponding and recording secretary, Miss Gertrude Lawson; Dorcas secretary, Mrs. W. Cunningham; assistant Dorcas secretary, Mrs. J. Edwards; leaflet secretary, Mrs. Dean; treasurer, Mrs. E. S. Trueman; E. C. D. treasurer, Mrs. F. Tilton; juniors superintendent, Mrs. Seely; babies' branch, Miss Eileen Colton; delegate to the diocesan annual meeting, Miss Tilton; substitue, Mrs. J. R. Taylor.

At a meeting of the Amalgamated Labor Unions, representing 2,50 railway employes of Moncton, last night, a resolution was passed protesting against any changes in the New Brunswick Prohibitory Act.

DAILY HEALTH TALKS

Better Be Careful About Your Kidneys

BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffs under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for costiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal
