PRINCESS AFFECTING FASHIONABLE CLOTHES

Prince Arthur of Connaught, who recently paid a flying visit to England, looked very brown and well when seen in the park with his wife, whose happiness is manifest to all. Princess Arthur, who during her short girlhood dressed with extreme simplicity, is now the closest student of the art of clothing oneself fashionably among members of the royal family. She modifies the newest and smartest styles sufficiently to suit her, and demonstrates her ability to wear Parisian things with the right air. She keeps, however, the beautiful neatness for which our royal ladies are famed, and never a hair is out of place.

In Cuba it is said tobacco is planted, grown and gathered in 90 days.

YONGE STREET FRUIT MARKET REOPENED

Started Yesterday to Handle the Summer Trade—Old Tenants Took Possession.

STRAWBERRIES GOOD

Delay in Unloading Affected the Prices—First Canadian Celery Arrived.

The fruit market at the foot of Yonge street was reopened for the summer trade yesterday, all of last year's tenants moving in early in the morning.

Strawberries (Canadians) came in more freely, and were of better quality, taking them all around, than any we have had so far this season. They were shunted around so much, however, which interfered with their being taken off the car, some of them not reaching the market until five o'clock, that prices were materially affected. The fortunate ones who got some off the car early, when the buyers were eagerly waiting to purchase for the afternoon retail trade, received as high as 17c per box for a few of the best quality, the bulk of the best even then selling at 16c, while later on they declined rapidly, closing as low as 12½c, 11c and 10c per box, and there was good fruit sold at these lowest prices simply thru the delay of delivery. Some of the choice ones received were from Jos. Pickett, Freeman; J. N. Breckon, Merton, and the Dalhousie Farms, Fort Dalhousie, to White & Co.; W. C. Oughtred, Clarkson, to McWilliam & Everist; A. Crause & Sons and L. J. Haynes, St. Catharines, to Stronach & Sons; Geo. Pepper and G. A. Jarvis, both of Lorne Park, to H. Peters.

The first Canadian celery for this season was shipped in yesterday by J. M. Babcock of Burlington to H. Peters, and sold at $1.25 per 11-quart basket.

Asparagus did not sell as readily as it has been doing. The quality was not quite so good, as its season is just about over. An odd basket of the very best brought $2 per 11-quart basket, the bulk selling at $1.75 and $1.50.

Hothouse tomatoes have declined, partly because they are being shipped on the market freely, and also because the gardeners near the city are now bringing them in, the No. 1's being a slow sale at 16c per lb. P. Hill, Grimsby, shipped in some of the finest that have been on the market this season to White & Co. They were extra large, firm and smooth, and well packed in 11-quart baskets.

Green peas are beginning to arrive in larger quantities, the six-quart baskets bringing 65c to 75c. W. C. Oughtred, Clarkson, shipped some choice ones to McWilliam & Everist.

New potatoes again declined, selling at $5 per bbl., a few bringing $5.25, the lower price of the new affecting the old, so that they, too, were slightly easier, the New Brunswick Delawares selling at $2 to $2.10 per bag.

The first new California lemons are now on the market, H. Peters having a car of extra fine quality, selling at $4.75 to $5 per case.

Chas. S. Simpson

had two cars of tomatoes, Mississippis at $1.35 and Texas at $1.25 per four-basket crate; a car of mixed vegetables—cabbage at $3.75 per case, cucumbers at $2 to $2.50 per hamper, wax beans at $2.25, and green at $2 per hamper, cucumbers in barrels at $5 to $6; also green peas at $3.50 per bushel, and a car of Cuban grapefruit, selling at $3.50 to $4.50 per case.

FRENCH REPULSED FOE WEST OF THIAUMONT

Rest of Region About Verdun Remained Quiet Yesterday.

BOMBARDMENT DIED DOWN

Little Artillery Firing Except at One Point Prevailed Near Verdun.

Special Cable to The Toronto World.

LONDON, June 26.—The only infantry action fought in the region of Verdun was carried out last night at French positions west of the Thiaumont farm, where a German attack was repulsed. In a local operation the French seized some trenches between the Fumin and Chenois woods. During the night the artillery action was lively in the region of Le Mort Homme and during the day it was lively in the vicinity of Hill 304.

The bombardment, except at Hill 304, diminished in intensity on both banks of the Meuse today.

In the Champagne French artillery smashed German defence works north of Ville-sur-Tourbe and in the Vosges it caused the explosion of two German munition depots east of Chapolotte.

The Duchness of Connaught, who has accepted the presidency of the Canadian Red Cross Society, has herself knitted many pairs of socks for Canadian soldiers at the front. Her Royal Highness devotes several hours a day to knitting.
