CALGARY LIVESTOCK

Calgary, Sept. 18.—Receipts of livestock at Calgary this week were as follows: 896 cattle, 2,179 hogs, and 2,492 sheep and lambs. The market is firm for all kinds of good cattle, and the recent demand on the Chicago market, owing to reported war contracts with the Old Country, or the Chicago market, has tended to increase the prices on this market for choice, well fed beef. Choice cattle brought from $6.50 to $6.85; medium cattle, $6.00 to $6.50; heifers, $5.50 to $6.00; choice fat cows, $5.00 to $5.50; medium, $4.00 to $5.00; thin cows, $2.50 to $3.00. Calves, light, $7.50 to $8.00; heavy, $6.50 to $7.00. Sheep, wethers, $5.50 to $5.60; ewes, $5.00 to $5.25; for fat sheep. The hog market opened this week at $8.10, being an increase of 10 cents over the previous week, and a load of hogs which were extra choice brought $8.20 yesterday. The price is ranging from $8.05 to $8.15 today, but we look for hogs to stay around 8 cents, the reason of the slight increase being due to the light receipts this week. We beg to quote the following prices, fed and watered:

Steers, choice heavy butcher, $6.50 to $6.85; common butcher, $6.00 to $6.50; stockers, $5.00 to $5.50. Heifers, choice heavy, $5.50 to $6.00; common, $5.50 to $6.25; stockers, $4.50 to $5.00. Cows, choice heavy, $5.00 to $5.50; common, $5.00 to $5.25; thin, $2.50 to $3.00. Springers, choice, $60 to $70; common, $40 to $60. Calves, under 200 lbs. (heavies graded), $8.00. Bulls, $3.00 to $4.50. Oxen, $4.00 to $5.25. Sheep, wethers, $5.50 to $5.75; ewes, $5.00 to $5.25. Hogs, weighed off cars, $8.00; fed and watered, $7.75.

(Note.—The above prices are quoted by the Livestock Department of the Alberta Farmers' Co-operative Elevator Company Limited.)

LIVERPOOL GRAIN PRICES

Liverpool, Sept. 19.—Wheat opened with a steady undertone ½ to 2½d higher, and later there was a further advance, which carried prices an additional ½ to 1½d higher with heavy covering in December.

Firmness of Manitoba offers and decreasing pressure of wheat on the quay and the expectation of lighter shipments this week caused the opening advance. Later speculators purchased freely of distant month, with offers light.

WINNIPEG AND U.S. PRICES

Closing prices on the principal western markets on Friday, September 16, were:

Cash Grain	Winnipeg	Minneapolis
1 Nor. wheat	$1.11	$1.12½
2 Nor. wheat	1.07½	1.08½
3 Nor. wheat	1.02½	1.06

Beef Cattle, top	$7.50	$11.00
Hogs, top	8.60	9.50
Sheep, yearlings	6.00	7.15

Unfavorable reports from Argentine as cabled yesterday, and the strong advance in Rosario, with a growing belief that later offers will be strongly held and the broadening demand from outside countries led to support.

At the close the undertone was very firm, 1 to 4d higher than yesterday, with principal strength in December.

Corn opened unchanged to ½d higher and later there was a further advance of ½c with undertone firm. Argentine spot is more firmly held, and shipments from the Danubian countries are expected to continue light.

Roumania—Wheat shipments are still permitted, but there is nothing moving.

Portugal—Supply of wheat as food stuff is plentiful and corn crops are making good progress, with weather favoring. Much corn has already been gathered.

Liverpool closing cables show advances of 1 to 4d, with principal strength in December.

Winnipeg Livestock

Stockyard Receipts

Livestock receipts at the Union stockyards during the past week have been as follows: 5,339 cattle, 120 calves, 4,452 hogs and 322 sheep.

Cattle

During the past week the cattle trade has been changeable with a decided downward tendency. At the beginning of the week prices were steady at the same as last week, but receipts have been heavier each day until today, Monday, there are over 2,000 head of cattle in the yards. This large supply has weakened the price considerably and demand is only good for the choicest animals, a grade of which very few are for disposal. The best steers will fetch around $7.25, with choice heifers at $6.25 to $6.50. Best cows are selling around 6 cents, with oxen and bulls from 25 to 50 cents lower. This class of stock is very hard to dispose of just now. Stockers and feeders are 10 cents lower all round, with little demand for either stock heifers or milkers and springers. On the whole the market is draggy and little or no advance in prices can be expected during this week. Veals are selling for from $6.50 to $7.00.

Hogs

Hog prices have been uneven during the past week, starting in at $8.25, then rising to $8.65 at the end of the week. The change in price was largely governed by a falling off in the supply and the placing of several Eastern orders on this market. Today (Monday), however, a decline is noticed and buyers are still cutting $1.50 per hundred on sows and $3.00 per hundred on stags. Light pigs selling from $7.00 to $7.50.

Sheep and Lambs

Sheep and lambs are at a standstill, the demand being very poor. A few choice lambs may reach 7 cents, but the bulk are selling at $6.50. Mutton sheep bring from $5.00 to $5.50.

Country Produce

Note.—Quotations are f.o.b. Winnipeg, except those for crem, which are f.o.b. point of shipment.

Butter

Little change is noticed by dealers in the butter market for this week, the supply is reasonably good, but the purchasing power of housekeepers in the city seems to be somewhat curtailed, so that the demand is not quite as large as usual at this time of the year. Fancy dairy butter is worth 23 cents per pound, No. 1 dairy 20 cents and good round lots are selling for 17 to 18 cents per pound.

Eggs

No change this week in the egg market, the supply keeping about the same and the price ranging from 20 to 21 cents per dozen.

Potatoes

The potato market has taken a drop during the last few days due to the fact that local potatoes are being delivered now in quantities on the market. This has the effect of causing dealers to commence to store for winter use and in order to do so profitably they must obtain the tubers at lower prices. Storage is very expensive due to the large shrinkage which takes place, so that in order that potatoes may be even a reasonable figure in the spring, dealers must, in order to protect themselves, obtain them at a lower price just now when a large quantity is coming onto the market. The crop in Alberta is stated to be good, the Saskatchewan crop is a failure, Manitoba has only a partial crop, but reports from the East announce that the Ontario crop is excellent and that New Brunswick has a bumper crop. Hence the outlook is not so poor as was at first anticipated and just now should be a good time to obtain potatoes for winter storage. Dealers are paying 50 to 55 cents a bushel today (Monday).

Milk and Cream

The price of milk and cream is unchanged this week, the good supply still continuing, due to favorable weather conditions, and indications point to a continuation of the price. Sweet cream is worth 30 cents per pound of butterfat, sour cream 24 cents and milk is selling for $2.00 per hundred pounds.

Hay

Hay prices are a little higher this week due to good demand and a little slackness in the supply. Red Top is worth from $12 to $14 per ton, Upland from $10 to $12 per ton, and Timothy from $16 to $18 per ton.

Cash Prices Fort William and Port Arthur from September 15 to September 21 inclusive
