FROM ALL OVER NEW BRUNSWICK

HARCOURT.

Harcourt, March 14—Yesterday afternoon the Presbyterian congregational meeting, Rev. A. D. Archibald, of Rexton in the chair, voted to extend a call to R. Hensley Stavert, the theological student who preached here three Sundays during the Christmas vacation. Mr. Stavert will finish his studies next month. While here, Mr. Archibald was the guest of Andrew Dunn.

On the 10th instant, Mrs. Margaret McPherson, of Molus River, was found dead near a spring to which she had gone for water. Heart trouble is supposed to have caused her death. Dr. Frazer was called, but it was too late for him to render any assistance. The funeral took place at Bass River yesterday, Rev. J. B. Champion, of Harcourt, officiating. The body was interred in the Presbyterian cemetery there. Deceased leaves a husband and large family. She was a native of P. E. Island.

Mrs. Robert Boness, of Mill Creek, on the Richibucto River, died very suddenly on the 11th instant. The funeral was held today, Rev. A. D. Archibald conducting the services.

Last night Mrs. Allen and her son, who have been visiting Mr. and Mrs. Andrew Dunn, for several days, returned to Campbellton.

Miss Pauline Lemox of Rexton, came up yesterday to visit her aunt, Mrs. Henry Wathen. She returned to Rexton this morning.

Harcourt, March 13—The body of Percy Ferguson, who was fatally injured yesterday morning while getting off cars at Chatham Junction, and who died in Newcastle last night, was brought home this morning. Deceased was a most promising young man, at the threshold of an honorable and successful career in life, and will be much missed in this community. Great sympathy is felt for the bereaved mother, brothers and sisters.

The surviving brothers are Andrew and Thomas, of Harcourt; William, of Atlin, and David, of South Greenwood, Kings county (N. S.), and the sisters are Mrs. Andrew McIntosh, of Harcourt, and Mrs. Spurling, of Ipswich (Mass.)

The last of the surprise parties of the winter season gathered at Mrs. George Bailey's on Tuesday night.

Miss Kathleen Barriault entertained about fifteen of her little friends at the residence of her grandmother, Mrs. Jas. Buckley on Saturday afternoon.

Alex. Murray and Miss Margaret Curran, went to West Brandon Saturday.

Mrs. Allen, of Campbellton, is visiting her parents, Mr. and Mrs. Andrew Dunn.

George Moore has returned from his visit to Northumberland county.

Mr. Melvin Dickie, who has been absent several months in Nova Scotia returned home last week.

Miss Berme Pride, of Hailey Road, spent Sunday with friends here.

PETITCODIAC.

Petitcodiac, March 9—Miss Pattie Robinson, of St. John, is visiting her uncle, Rev. W. B. Armstrong, at the rectory.

On Friday evening of last week Miss Elva Steeves entertained grades IX and X of the Superior School at a very pleasant party.

Miss Florence Jones is spending a few weeks with relatives in St. John.

Miss Minnie Simpson, who is attending the Ladies' College, Sackville, has been spending a few weeks at her home here.

Mrs. Casey, of Montreal who has been spending the winter here with her sister, Mrs. G. W. Fleming, returned home Tuesday.

On Thursday evening last Mrs. S. C. Goggin entertained a number of her lady friends at a dinner party.

The Literary Club met Friday evening with Mrs. G. F. Fowler, where they finished the reading of The Merchant of Venice.

Mrs. D. L. Trites went to St. John on Tuesday.

Miss Price returned Monday from a visit in Moncton.

On Monday evening the whist club gave a dinner at the residence of Mrs. C. B. Herrett, as a farewell to Mrs. Casey, on her departure for Montreal. At 7 o'clock dinner was served to the twenty members present. Later all retired to the parlors where whist was engaged in; after which lunch was served. Speeches were made by several members and a vote of thanks was extended to the hostess and committee. After singing Auld Lang Syne all departed feeling they had enjoyed a most pleasant evening.

F. C. Robinson left Wednesday on a business trip to Shulee (N. S.)

Mrs. S. C. Goggin went to Moncton Wednesday.

Mr. Goggin, of Elgin, has recently purchased D. A. Johnah's residence and is now moving in. Mr. Johnah is making preparations to build a new residence for himself in the spring.

HAVELOCK.

Havelock, March 13—The snow here is still piled up high in all directions and the roads are not in very good condition. On one occasion a Sunday or two ago the roads were in such a bad condition that it was impossible for the people in the village to get down to church, so the pastor, Rev. Mr. Howard, not to be outdone even by the elements, and availing himself of the opportunity of doing good, engaged the public hall and notified the people of the fact. That evening the sitting room and much of the standing room of the hall was filled and an interesting discourse was attentively listened to.

Some of the pupils of the Havelock Superior school have had a very difficult time in getting to school, having to travel some two or three miles to get there.

Mr. Delong, the efficient principal of the school, is untiring in his efforts to conduct a superior school in every respect and hopes by the end of the term to have a number of his pupils ready for Normal school.

Reese Keith, of Havelock, is attending school at Petitcodiac.

A number of the wells in this vicinity have gone dry and some people are compelled to melt snow to water their stock. This is rather of a serious matter, especially where a large barn full of stock is in evidence, and the primary thaw will be welcome, even in March.

Oscar Dobson had quite a contract on hand recently in driving from his home on Lewis Mountain to this village, a distance of some six miles, in the very midst of the bad roads. And it is a girl.

Mrs. Howard A. Thorne, of this village, is suffering with an attack of grip. A large number of people have been and are still suffering from colds. In some cases whole families have been prostrated.

Ross Corey, of this place, is working in the lumber woods in Nova Scotia with A. W. Fowler.

Ellen Hicks, of this place, who has been in Nova Scotia with George H. Killam's team, arrived home last week. He reports the snow deep and the roads bad.

Chipman G. Keith, drives the mail and passengers between Havelock and Petitcodiac. We are blessed with a daily mail and stage while the old iron horse remains torpid.

Chas. A. Steeves, of the firm of Steeves & Allanach, paid a visit to his home in Steeves Settlement yesterday. John Stultz, of Lewisville, accompanied him and remained over Sunday with him.

W. Sears King, of Steeves Settlement, has been quite ill with pneumonia but is improving.

MONCTON.

Moncton, March 14—The Evangelical Alliance at a meeting last night, passed a resolution protesting against the autonomy bill presented in the dominion parliament, and through Westmorland's representative, Hon. H. R. Emmerson, ask that the new provinces be left entirely free in all questions pertaining to education.

The water supply has been greatly improved by adopting Dr. Moore's treatment with copper sulphite. An experiment is now being tried on the Moncton reservoir by City Engineer Edington with very beneficial results. The experiment was started on March 8th and has been continued since. Moncton water has been so bad since ice formed that it has been unfit for drinking purposes and its improvement has been subject for discussion at several meetings of the board of trade and city council. Citizens are rejoicing that a solution of the problem has been found.

Moncton hockeyists are indignant that the disputed Moncton-Mohawk game has been awarded the St. John team, and regard it as a "steal." It is probable that Moncton will demand of the M. P. A. A. A. that the Mohawks be suspended for refusing to go on the ice when ordered by the referee.

Mr. and Mrs. W. K. Gross were called to Hopewell Hill yesterday on account of the critical illness of Mrs. Gross' mother, Mrs. Peck.

E. H. Allen, I. C. R. claims agent, went to Halifax today on railway business.

Mrs. C. A. Murray has returned from Ottawa where she was the guest of Hon. H. R. and Miss Emmerson for a week or two.

Charles Cormier and Damien Bourgeois were fined $50 each yesterday for Scott Act violations. These are the first instalment of the beer cases.

Edward Hale, I. C. R., machinist, who has been in England the last three months looking after the fortune of $75,000 left his deceased wife by an uncle, arrived in Moncton yesterday and expects to resume work in the I. C. R. shops on Monday next. Mr. Hale placed his case in the hands of lawyers and expects to get some part of the money at least that would have come to his wife had she lived a few months longer.

Moncton, March 15—Martin Connelly, a former well known I. C. R. trainman, who is now a C. P. R. conductor running out of Brandon, is here on a visit to friends.

T. J. Gorman, manager of the Miramichi Hotel at Newcastle, is in the city today.

Ex-Mayor T. W. Givan is on a business trip to Boston.

Mrs. A. Mitchell went to St. John today to spend a few weeks with friends.

The case brought by Richard Dow in the police court against two young men named Donohue, charging them with entering his home and beating him, was dismissed today, neither of the parties to the trouble putting in an appearance.

Miss Alvah Lockhart and Miss Margaret Buchanan, two well known young ladies, left yesterday for Worcester (Mass.) where they will enter the hospital to take a course in professional nursing.

ROCKVILLE.

Rockville, Kings Co., March 14—Most of the men here who have been in the lumber woods during the winter are home now and quite a number are engaged in hauling deals to Sussex.

Miss Margaret E. O'Leary, who has been engaged teaching school in Kent county, is spending the winter with her parents here.

Mrs. Creighton, of Silver Falls, and Mrs. Hayter, of Grand Bay, are visiting their mother, Mrs. S. Parlee, who has been quite ill, but is slowly improving.

La grippe has been prevalent around here this winter.

FREDERICTON.

Fredericton, March 15—(Special)—The report of the Factory Commission was submitted to the legislature this afternoon by Premier Tweedie. It is signed by all members of the commission and recommends the passage of an act of a more moderate nature than that proposed last session.

The commissioners found but little dissatisfaction among the employes over the present conditions. In most factories the health of the employes was well looked after, but greater precautions might be taken to prevent loss of life in case of fire.

The commission points out that many of the industries of the province are still in their infancy and there is a feeling among the manufacturers that no legislation should be enacted likely to impede the investment of capital.

The commission failed to discover any strong feeling in favor of a factory act among the employes. Manufacturers had no objections to raise against such an act provided that it was of a moderate nature.

Attached to the report was the draft of an act which the commission think will suit the requirements.

The following provincial appointments are gazetted:

County of York—Benjamin R. Burtt, to be commissioner of the parish of Southampton civil court; vice L. W. Purvis removed from the parish.

County Madawaska—L. A. Gagnon, high sheriff, to be returning officer for the newly incorporated town of Edmundston.

A proclamation is published in this week's Royal Gazette incorporating the town of Edmundston, the ratepayers having lately voted in its favor.

Letters patent have been issued incorporating D. C. Clinch, R. W. W. Frink, C. W. Brannen, H. A. McKeown as the Mowry Safety Nut Company, Ltd., with a capital stock of $250,000.

Tenders for rebuilding Coughlan bridge, Stanley, York county, will be received by the department of public works up to April 3.

The G. H. White Real Estate and Trading Company of Sussex has been granted letters of incorporation, with capital stock of $24,000.

John D. Creaghan and D. H. Creaghan, of Newcastle; Fulton McDougall, Moncton; Howard McKendry, of Chatham; J. W. Y. Smith, P. S. Archibald, T. W. Flanigan, of Moncton, are seeking incorporation as J. D. Creaghan Company, Ltd. The object is to carry on a general mercantile and manufacturing business at Chatham and Newcastle, the capital stock is to be $100,000.

The city council will meet tomorrow evening to appoint standing committees for the ensuing year.

GRAND FALLS.

Grand Falls, March 14—The roads in this vicinity are now in good condition, and as a result considerable produce is being hauled to town. Buyers continue to ship large quantities of potatoes, but experience great difficulty in obtaining hay and oats.

Grand Falls expects to experience a regular western boom in the near future. The Bog-Ore Manganese Company and Pulp Wood and Paper Company; instead of being in antagonism as was generally supposed, are, it is learned, working in complete harmony. Both companies are now combined, and will together develop the enormous water power here.

L. W. Wilson, one of Grand Falls leading business men, was taken suddenly ill last evening and his recovery is now despaired of.

The Emerald Dramatic Club will present an Irish drama, The Four-Leaved Shamrock, in Kertson's Opera House on St. Patrick's night. The following ladies and gentlemen will take part in the entertainment: Misses Helen M. McLaughlin, M. D. Sirois, Treasa L. Stafford, Lena M. McCluskey, Ethel L. Duffy and Annie O'Regan, and Messrs. John J. Gallagher, Fred Dufour, Michael J. McCluskey, Lewis J. Duffy and George A. Ryan. The Grand Falls Brass Band will furnish music for the occasion.

Arctic weather was again experienced last night, the thermometer registering 30 degrees below zero.

James Day, who went to Montreal several weeks ago to consult an oculist, has returned greatly benefitted.

ST. MARTINS.

St. Martins, N. B., March 14—The Sons of Temperance held their annual celebration in their hall on the evening of the 14th inst. After the rendering of a programme, including songs, readings, recitations and dialogues, a tempting supper was served.

On Thursday evening in the Baptist church, under the auspices of the Women's Missionary Aid Society, a missionary meeting will be held for the purpose of creating a greater interest in home mission work by setting forth particular needs in this branch of Christian work from which recent calls have come.

Capt. Pritchard, who has spent two months at his home in this village, will take command of the schooner R. Carson, now loaded with deals for the O'Neal Lumber Company for St. John.

The schooner G. Walter Scott, Capt. A. McDonough, is loading deals for St. John.

A. O. White and the men he had employed in cutting lumber at Entopia, returned to their homes a few days ago.

Miss Maggie McBride, who is taking a course in a Boston hospital with the object of becoming a professional nurse, is spending a few weeks at her home.

The municipal election is creating some interest. Those seeking election are A. W. Fownes, Michael Kelly, F. M. Cochran, W. E. Skillen, C. F. Black and James Conely.

Much inconvenience is experienced in this locality by an unusual scarcity of water.

Mr. and Mrs. Charles Smith are receiving congratulations on the birth of a daughter.

HOPEWELL HILL.

Hopewell Hill, March 14—Mr. and Mrs. W. E. Reid, of Riverside, entertained a number of their friends at a very enjoyable dinner at their home on Monday evening, the occasion being the fifteenth anniversary of Mr. and Mrs. Reid's marriage. The guests present were Rev. Mr. and Mrs. Hicks, Mrs. A. R. McClelan, Mr. and Mrs. Alex. Rogers, Mrs. W. A. West, Captain and Mrs. H. A. Turner, Mr. and Mrs. D. W. Stuart and Dr. and Mrs. Carnwath.

Hon. A. R. McClelan returned yesterday from a visit to St. John and Fredericton.

Donald McCuspey left yesterday for the States to work.

H. A. Haley, manager of the New England Adamant Company, has gone on a trip to Boston.

Mrs. Clark Robinson, of Chemical Road, has gone to Hillsboro to be treated by Dr. Marvin for an affection of the throat.

The funeral of Henry J. Bennett, whose death occurred at Hopewell Cape on Friday last, took place on Sunday afternoon, Rev. I. N. Parker, pastor of the Hillsboro Methodist church, officiating. The services were held at the late residence of the deceased, and were very largely attended. The pallbearers were Capt. Bedford Bishop, Capt. Warren Dixon, George Bishop, Capt. Western Crocker, Capt. Luther Martin and Capt. John J. Christopher. The interment was made in the cemetery at Upper Cape.

HILLSBORO.

Hillsboro, N. B., March 13—Boaz Gross, of Surrey, died on Monday and on Tuesday the house containing the corpse was destroyed by fire.

The deceased was buried on Tuesday afternoon from the residence of his brother, Isaac N. Gross, who lives on the opposite side of the street from the fire. The deceased is survived by a widow and three daughters—Mrs. Edgar West, of Edgett's Landing; Mrs. Alex. Barnett, of Moncton, and Miss Adelia, who lived at home with her parents.

The case is a most distressing one, as the parties were only in ordinary circumstances financially and the widow now has no insurance and no home.

While the funeral services were being conducted on one side of the street the charred fragments of a once comfortable home were still smoking with nothing to be seen but a tottering chimney and an occasional flickering or sparkling of dying flames.

GAGETOWN.

Gagetown, March 13—Ten below zero this morning and while this weather lasts the traveling will be good and suit those who have been unable to move about and get necessary hauling done.

Saturday morning Gilchrist Bros., of Upper Hampstead, with steam power sawed ten cords of green hardwood for Mrs. Simpson in two hours and ten minutes.

Queens Division, Sons of Temperance, attended divine service at the Methodist church last evening and presented a very pleasing and attractive appearance. The large congregation assembled gave the pastor, Rev. W. J. Kirby, good attention during his discourse on Temperance, in which he made use of chemicals and blackboard to illustrate and make more impressive the facts he would impress upon the listeners. Mr. Kirby is a member of Grand Division, S. of T.

RIVERSIDE.

Riverside, Albert Co., March 13—Wm. J. Carnwath, merchant, leaves for St. John today, as also does Miss Lucy Hunter.

Gaius Steeves, who has been in the employ of Linton Tingley at Alma, and who has been given the power of attorney by Linton Tingley before his departure, has been arrested on a charge of conspiring with one Linton Tingley to defraud creditors. The complainant in this matter is Edgar Bishop, head sawyer in Mr. Tingley's mill. The matter will be heard on Friday before D. W. Stuart, stipendiary magistrate.

ALBERT.

Albert, March 13—Gideon D. Reid, of St. John, was here on Tuesday and Wednesday of last week renewing old acquaintances.

The S. & H. train reached Hillsboro on Wednesday morning last from Salisbury and will now make daily trips between these points, and if the weather is favorable an effort will be made to reach Albert soon. The mails are being carried between Albert and Hillsboro daily by team.

It is now currently reported that mail matter leaving Riverside on Dec. 29 last cannot be accounted for and is reported lost. The matter has evidently been kept quiet in hopes that some clue might be gotten of the missing mail but as nothing new has transpired, an investigation will now be held by the authorities. W. J. Carnwath is postmaster at Riverside, Emmerson Stuart is mail courier and Wm. S. Hall is postal clerk on the S. & H. train.

Linton Tingley, of this place, who has been doing quite an extensive lumber business at Alma during the winter, left for parts unknown last week. He had sawed something over 200,000 feet of deals and was still operating at the time he left with quite a number of men and horses at work in the woods. A number of creditors are reported. G. V. Peck, of Hopewell Hill, is probably the heaviest loser, as he sold Mr. Tingley the logs and has received nothing, while the lumber sawed was sold by Tingley before going away.

The Albert Sewing Circle gotten by the ladies for the purpose of raising funds to build a vestry in connection with the Baptist church, met on Wednesday afternoon last at the home of Capt. C. E. Wood.

W. Alder Trueman left on Friday for Guelph (Ont.) to attend the Grand Lodge of the Canadian Home Circle, which meets there.

Mrs. McLeod, milliner, leaves for St. John today to be present at the millinery openings.

Prof. J. H. Rhodes, who has been in Hillsboro for the past few weeks, is home again attending to his usual office duties.

A western epidemic has struck here this spring. R. Chester Peck, Walker Perry and Frank Daley leave this week for Vancouver. Those who leave shortly for Alberta are James McGorman and family, Geo. Berryman, Miss Lizzie Tingley, of Germantown, and Alfred and Florence Fales and Geo. Milton, of Hopewell Hill. Others are likely to go.

CHATHAM.

Chatham, March 15.—Inspector Mersereau expects to begin his annual examinations of the town schools in about two weeks.

The annual business meeting of the Miramichi Natural History Association was held last evening, Dr. Baxter in the chair. The following officers were appointed: J. D. B. F. MacKenzie, president; James Nicol, and W. Robertson, vice-presidents; E. W. Jarvis, secretary; George B. Fraser, treasurer; Dr. Baxter, corresponding-secretary; Miss Bessie C. Creighton, librarian; Anthony Adams, Roy D. Fullerton, Misses K. I. B. MacLean and Lauda Smith, curators; Dr. Cox, J. L. Stewart and G. Stead, additional members of the council.

Among the donations for the museum received since last business meeting were 101 mineral specimens found in the dominion, from the geographical department, Ottawa; freak growth on a beech tree, from E. W. Jarvis; pipes that went through the Miramichi fire, 1825, from Dr. Baxter; shells from John O. Groats, from Mrs. Leishman.

The marriage of Miss Bertha May, daughter of George McMullen, of Hull, Quebec, to George Ramsay, took place in St. John's manse on Monday evening, Rev. J. Morris MacLean officiating.

The bride wore a suit of blue broadcloth and hat of same shade. She was unattended.

Mayor Murdoch and Ald. Watt have stated that they will retire from the town council next month when their term expires. W. C. Winslow, D. P. MacLachlan, George Stothart and James Nicol are spoken of as possible candidates for the mayoralty.

S. Hoffman & Son are advertising for tenders for the erection of a new brick store on Water street.

Dr. Chown, of Toronto, secretary of the Prohibition and Moral Reform, addressed a meeting in St. Luke's church last evening.

Robert Murray, M. P. P., went to Fredericton today.

W. S. Loggie, M. P., has recovered from an attack of la grippe and expects to leave tonight for Ottawa.

The Duke of Manchester has sold his Tanderagee estates in Armagh under the Irish Land Act for $220,000.

Felt Weak and Nervous.

Had Faint and Dizzy Spells.

These symptoms arise from a weak condition of the heart and nerves. Wherever there are sickly people with weak hearts and deranged nerves,

MILBURN'S HEART AND NERVE PILLS

will be found an effectual remedy.

Through the medium of the nervous system, they impart a strengthening and restorative influence to every organ and tissue of the body.

They restore enfeebled, enervated, exhausted, devitalized, or overworked men and women to perfect constitutional power.

Miss Maggie L. Cleveland, Bayswater, N.S., tells how she was cured in the following words:—

"I was sick for the past year, and became thoroughly run down. I had faint and dizzy spells, and felt weak and nervous all the time. I tried numerous remedies, but could get no help. I then read in the paper about Milburn's Heart and Nerve Pills, and got a box of them. Before I had used one-half the box I began to get better, so got another one, and by the time the two were finished I was as well as ever."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25. All dealers, or THE T. MILBURN CO., LIMITED, TORONTO, ONT.

A Full Dollar's Worth Free Can any Ailing one Refuse

I will pay outright for your first dollar bottle of Dr. Shoop's Restorative. I ask no deposit—no promise. You take no risk—you pay nothing, either now or later. The dollar bottle is free to those who have not tried my remedy.

I want no references—no security. The poor have the same opportunity as the rich. To one and all I say "Merely write and ask." I will send you an order on your druggist. He will give you free, the full dollar package.

I can afford to offer a full dollar's worth free because mine is no ordinary remedy. Ordinary remedies treat symptoms. My remedy treats the causes that produce the symptoms. Symptom treatment must be kept up forever—as long as the cause is there. My treatment may be stopped as soon as it has removed the cause, for that is always the end of trouble.

There is no mystery—no miracle. I can explain my treatment to you as easily as I can tell you why cold freezes water and why heat melts ice. Nor do I claim a discovery. For every detail of my treatment is based on truths so fundamental that none can deny them. And every ingredient of my medicine is sold as the hills it grows on. I simply applied the truths and combined the ingredients into a remedy that is practically certain. The paragraphs below will show you the reason why. But my years of patient experiment will avail you nothing unless you do not accept my offer. For facts and reason and even belief will not cure. Only the remedy can do that.

So now I have made this offer. I disregard the evidence, lay aside the fact that mine is the largest medical practice in the world, and come to you as a stranger. I ask you to believe as one word that I say till you have proven it for yourself. I offer to give you outright a full dollar's worth of Dr. Shoop's Restorative. No one else has ever tried so hard to remove every possible cause for doubt. It is the utmost my unbounded confidence can suggest. It is open and frank and fair. It is the supreme test of my limitless belief.

Inside Nerves

Only one out of every 98 has perfect health. Of the 97 sick ones, some are bed-ridden, some are half sick, and some are only dull and listless. But most of the sickness comes from a common cause. The nerves are weak. Not the nerves you ordinarily think about—not the nerves that govern your movements and your thoughts.

But the nerves that, unguided and unknown, night and day, keep your heart in motion—control your digestive apparatus—regulate your liver—operate your kidneys.

These are the nerves that wear out and break down.

It does no good to treat the ailing organ—the irregular heart—the disordered liver—the rebellious stomach—the deranged kidneys. They are not to blame. But go back to the nerves that control them. There you will find the seat of the trouble.

There is nothing new about this—nothing any physician would dispute. But it remained for Dr. Shoop to apply this knowledge—to put it medical use. Dr. Shoop's Restorative is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up and strengthens it and makes it well.

Many Ailments—One Cause

I have called these the inside nerves for simplicity's sake. Their usual name is the "sympathetic" nerves. Physicians call them by this name because they are so closely allied—because each is in such close sympathy with the other. The result is that when one branch is allowed to become impaired, the others weaken. That is why one kind of sickness leads into another. That is why some kind cases become "complicated." For this delicate nerve is the most sensitive part of the human system.

Does this not explain to you some of the uncertainties of medicine—is it not a good reason to your mind why other kinds of treatment may have failed.

Don't you see that THIS is NEW in medicine? That this is NOT the mere patchwork of a stimulant—the mere soothing of a narcotic? Don't you see that it goes to the root of the trouble and eradicates the cause?

But—I do not ask you to take a single statement of mine—I do not ask you to believe a word I say until you have tried my medicine in your own home at my expense absolutely. Could I offer you a full dollar's worth free if there were any misrepresentation? Could I let you go to your druggist—whom you know—and pick out any bottle he has on his shelves of my medicine were NOT UNIFORMLY helpful? Could I AFFORD to do this if I were not reasonably SURE that my medicine will help you?

Simply Write Me

The first free bottle may be enough to effect a cure—but I do not promise that. Nor do I fear a loss of possible profit if I do. For such a test will surely convince the cured one beyond doubt, or dispute, disbelief, that every word I say is true.

The offer is open to everyone everywhere. But you must write ME for the free dollar bottle order. All druggists do not grant the test. I will then direct you to one that does. He will pass it down to you from his stock as freely as though your dollar had gone to him. Write for the order today. The offer may not remain open. I will send you the book you ask for beside. It is free. It will help you to understand your case. What more can I do to convince you of my interest—of my sincerity?

For a free order for a full dollar bottle you must address Dr. Shoop, Box 11, Racine, Wis. State which book you want.

Book 1 on Dyspepsia.
Book 2 on the Heart.
Book 3 on the Kidneys.
Book 4 for Women.
Book 5 for Men.
Book 6 on Rheumatism.

Mild cases are often cured with one or two bottles. For sale at forty thousand drug stores.

For Stomach Troubles

The stomach is controlled by a delicate nerve called the solar plexus. Prize fighters know that a blow over the stomach—a solar plexus blow—means a sure knock-out. For this nerve is ten times as sensitive as the pupil of your eye. Yet the solar plexus is only one of the centers of the great inside nerve—the power nerve. It is one of the master nerves. The stomach is its slave. Practically all stomach trouble is nerve trouble—inside nerve trouble—solar plexus trouble. Dr. Shoop's Restorative strengthens the inside nerves—strengthens the solar plexus—and the stomach trouble disappears.

For Kidney Troubles

The Kidneys are the blood filters. They are operated solely by the inside nerves. The branch which operates them and regulates them is called the renal plexus. When the renal plexus is weak or irregular, the kidneys become clogged with the very poisons they should throw off. No kidney treatment can clear them out or cure them and one stage leads into another until after a while the kidneys themselves begin to break down and dissolve. There is only one way to reach kidney trouble—that is through the inside nerves that control them, which Dr. Shoop's Restorative alone strengthens and restores.

For Heart Trouble

Your heart beats more than ten thousand times a day. And every heart beat is the impulse of the inside nerve branch called the cardiac plexus. The heart is a muscle, but it is the nerve that makes the muscle do the work. An irregular or weak heart is almost in every instance, the direct result of a weak or irregular nerve—inside nerve. To cure heart trouble, restore the nerve to normal. Dr. Shoop's Restorative will restore the cardiac plexus, just as it restores the solar plexus and the renal plexus. For these are equal parts of the great inside nerve system—the power nerves—the master nerves.
