Rink News.

The Berwick hockey team defeated the Victorias by the close score of 2-1 on Thursday evening of last week in Evangeline rink. The game took place after the skating, beginning at about 10 o'clock. Although the Berwich players were much heavier the Victorias held them down. On account of the ice being cut up and soft from the skating the Victorias were unable to use their combination. The Victorias have the better players but lack in weight. Mr. Daniels was referee.

The Wolfville Hockey Club scored their first victory for the season by defeating the Horton Academy team on Friday evening. The ice was fairly good considering the mild weather much to the credit of the management of the rink, although it was too heavy for good hockey. Both teams played well but the town boys had the advantage in weight. The score was 6—3 in favor of the town. J. Bates refereed to game satisfactorily and had only to impose two penalties. The line-up of the teams was as follows:

Wolfville—6.		H. C. A.—3.
W. Spicer,	Goal,	H. Sleep.
J. Eastwood.	Point.	A. Sharpe.
Fraser (Capt.)	C. Point.	Delaney.
R. Spicer.	L. Wing.	Tabor.
Christie.	R. Wing.	Eaton (Capt.)
Archibald.	Centre.	G. Sharpe.
H. Pineo.	Rover.	Black.

The Victorias defeated Acacia Villa School in a very one-sided game of hockey on Saturday morning. The score was 14—0 The visiting team made some good rushes but failed to net the puck. The Victorias' forward line, by means of their combination played nearly the whole game. Paul Bill was referee.

The rink was open last Saturday afternoon to the Seminary and College students. Quite a number took advantge of this and had a very enjoyable skate.

The second Shamrocks defeated Port Williams by the score of 11-5, in Evangeline rink on Tuesday evening.

Don't forget the Children's Fancy Dress Carnival on Monday evening.

Watch for posters for the big Fancy Dress Carnival to take place on Monday evening, Feb. 22nd.

The ice in the rink has been exceptionally good this week and numbers of persons have been in attendance.

Come and see the two games of hockey at Evangeline rink to-night, Shamrocks vs. Kentville, and Victorias vs. 2nd. Shamrocks.

The Curling Club has been busily practicing this week and some of the members are becoming very accurate at the game.

Personal Mention.

(Contributions to this department will be gladly received.)

Mr. Stanley Robinson, of Truro, was in town over Sunday, visiting his brother, Principal Robinson.

Mrs. West of Aylesford, is visiting in town, a guest at Wyndholm, the home of Mr. and Mrs. H. G. Collins.

Dr. DeWitt went to Annapolis Royal yesterday to attend the meeting of the Kings-Annapolis Medical Association.

Mrs. W. H. Chase, who accompanied her daughter, Miss Lalia, on her return to school in Toronto after Christmas, returned this week. Mr. Chase met her at Halifax, where they remained over Sunday.

Mr. Robert Adamson, of the apple receiving firm of Frank Hamilton & Co., of Liverpool, England, has been spending the week in Wolfville, visiting his father, Mr. David Blyth Adamson, who has been representing the firm in this vicinity for the past season. Mr. Adamson, Jr., makes his headquarters on this side in Boston. The Messrs. Adamson expect to leave to-day to return to there home in England.

The friends of Mr. Estey B. Bishop, formerly of Wolfville, will be sorry to hear of the death of his wife Alice, at Strassburg, Saskatchewan, on Jan. 16th. Her last illness was long and painful, but borne with the utmost patience and fortitude. After a short service at the home, the remains were brought to Toronto for interment. The deceased was the youngest daughter of the late T. Lewis Davison, of Greenwich, and besides her husband, is survived by one sister, Cornelia, wife of Rev. W. W. Colpitts, of Toronto, and by three children, Walter, Morley and Grace, all residing at Strassburg.

The death of Mrs. Judson Harris, occurred at the residence of her daughter, Mrs. A. E. McLeod, Parrsboro, on Sunday last. Last October she had a stroke of paralysis and had not since been able to speak. Mrs. Harris had many friends in Wolfville, where she was for some time a resident. She leaves the following children: Messrs. R. E. Harris, of this town; A. S. Harris, of Massachusetts; Mrs. Burpee Witter, of Dartmouth; Mrs. Snow, of Kansas City; Mrs. McLeod, of Parrsboro; Mrs. Burnaby, of Milton, N. S.; Mrs. Brough, of California; and Mrs. Widden, of Wolfville. The remains were brought to Wolfville on Tuesday morning and the funeral took place in the afternoon, the interment being at Upper Canard.

ROOF AND SIDES

If you believe in Quality; if you want the best for your money; if you want Durability and Satisfaction, you will insist upon having

PAROID ROOFING

and will not take an imitation. Paroid is admittedly the standard roofing of the world. It has taken the makers nearly 100 years to perfect it. Any one can lay it in any kind of weather—and it "stays put." Weather proof, wear proof, contains no tar. Note color. Complete roofing kit in each roll. Before you want to build, send for FREE SAMPLE. It will save you money.

Religious Instruction in the Schools.

To Whom it May Concern:—

I have lately learned that an incident which occurred in Greenwich school about two months ago regarding religious instruction, is becoming a subject of conversation both here and in Wolfville; and as the facts have not been given to the public their information is not very clear on the points involved and their comments, as I have some reason to know, are of such a nature as to call for some statement from me.

I had supposed that when the Supt. of Public instruction, the trustees and teachers acceded to my request as a right under the Nova Scotia law, that the matter would be dropped. That public attention should be attracted in any degree was not to be hoped for, and it certainly was not forced to it. But if the public is really interested it should be encouraged and more information given.

I do not intend going into the merits of the question at this time as my only desire is to make a short statement in explanation of my position before those who might be disposed to push me into outer darkness are able to close the gates upon me.

The N. S. law on the subject of religious instruction in schools instructs the teacher 'to inculcate by precept and example a respect for religion and the principles of Christian morality.' If this were done I would only be too pleased with such a disposition of the question as far as I am concerned, but I feel compelled to add that if any Mohammedan or infidel objected to the insertion of the word 'Christian' in the law as quoted I should in fairness to them agree that a sectarian teaching has no place in a non-sectarian school. With all due respect to the teachers, who no doubt feel helpless in the face of custom, I must say that the meaningless ceremonies performed in our schools in the name of religion, are not only worse than worthless but not in accordance with Nova Scotia law.

If this view is correct, and I am ready to uphold it, of what crime against society am I guilty when I make the very mildest possible protest by requesting that my children be non-participants in these exercises?

It is a custom of which I complain. I blame no one in particular, but if there are people who wish to place the finger of condemnation upon me I only ask them to study the subject before doing so, and then if the public interest seems to demand it I shall be only too happy to reply in full.—

BURPEE L. BISHOP.
Greenwich, N. S., Jan. 25th.

To the benevolent individual who, in doing his master's work, has been offering to pay the taxes of impecunious persons of this town I wish to offer a little advice. I offer it in all kindness and trust it will be received in the same spirit:

Remember that charity begins at home.

Be sure that your own debts are paid first before you get generous.

Ascertain whether your geocery and dry-goods bills are settled in full.

Don't owe a dollar for apple barrels or any other commodity.

When you find all your own accounts are paid in full then comes the time for charity.

Look carefully over the field and I think you can find something more worthy of your philanthrophy.

ANOTHER OBSERVER.

Kings County Baptist District Meeting.

A meeting of the Kings County Baptist Association will be held (D. V.) at Waterville on Tuesday, February 9th, opening at 10 a. m.

The first session will be under the direction of the Central Theological Circle.

The subjects to be discussed are:

1. The Sanhedrin and the Disciples.

2. The power received at Pentecost.

The afternoon session, opening at 2 p. m., will, after the transaction of business and dealing with reports, be devoted to a discussion on 'The best methods of presenting denominational objects and getting funds.' This subject will be presented by Rev. W. V. Higgins, Field Secretary for Foreign Missions, and William Hobson, Esq., of Toronto. Other speakers will follow.

A mass missionary meeting will be held in the evening opening at 7.30. This will be addressed by Mr. Hobson and Rev. W. V. Higgins. An offering for missions will be taken.

All these services will be of special interest and it is hoped that they will be largely attended.

Little Lives Lost How to Save Them.

The annual report of the Registrar General for Ontario shows that for every thousand children born one hundred and eleven die before they reach the age of one year. Most of these deaths are due to disorders of the stomach and bowels, and most of these little lives could be saved if mothers kept always at hand a safe and simple remedy like Baby's Own Tablets. These tablets cure all stomach and bowel troubles, but better still an occasional dose will prevent these troubles coming on. Mrs. N. Shaffer, The Brook, Ont., says:—I have used Baby's Own Tablets for stomach and bowel troubles and always find them satisfactory. I feel that my little ones are safe so long as I have this medicine in the house.' Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Wolfville Wins.

Windsor, January 27.—The first game of the newly organized western hockey league to be played here was witnessed to-night, between the Windsor Swastikas and the Wolfville team, which resulted in a victory for the visitors by a score of 3-2. Mr. Young, manager of the Wolfville team, and about fifty enthusiastic supporters, accompanied the boys to Windsor, a special being in conveying them home after the game was over.

Windsor was treated to somewhat of a surprise if they imagined all their crack hockey players were on the senior league team. M. Cann at cover point proved almost equal to 'Long Shot Curry' in his defence work. In the first half the forwards did comparatively little shooting till the first goal was made by R. Shaw for Windsor, time twelve minutes. This was the only tally in the first half.

The second half opened with a goal for Wolfville and ten minutes later Wolfville scored again. Windsor evened the score ten minutes before the end and five minutes later Wolfville scored the deciding goal—score 3-2.

The defence on the Windsor side was excellent throughout but the forward line was weak in spots. Wolfville's forwards played the game throughout. The Swastikas with a little more training will give a good account of themselves and the games of the Western League in future will be equally interesting with the senior games. There were no penalties handed out and the visitors were a gentlemanly lot of players.

A few married ladies at the east end of the town seem to take much pleasure in making unpleasant and untrue reports regarding a certain young man of this town. It is rather unjust and if the ladies who have started these reports would find out whether they are true before they start their trouble engine going, it might be satisfactory to many of the people who hear such. YOU KNOW WHO.

Makes Red Blood
AND GOOD HEALTH

What Dr. Chase's Nerve Food does is to increase the number of red corpuscles in the blood and thereby make the blood redder and richer in the elements which build up new cells and tissues to replace those wasted by disease and in the process of living.

By use of this great restorative you lift yourself from the low level of health which leaves you an easy prey to every ill wind that blows for with thin, watery blood you catch cold easily and are an easy victim for consumption and contagious diseases.

Dr. A. W. Chase's Nerve Food

By the building up process, cures anæmia, sleeplessness, headache, indigestion, weakness, fainting spells and all diseases of the nerves. 50 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.

Mrs. Geo. Cook, Welland, Ont., writes: "For five years I suffered with nervousness, tired feeling, headache and terrible weakness and became greatly emaciated. My doctor could not help me, so I began the use of Dr. Chase's Nerve Food and six boxes made me sound and well. I now feel better than I have for ten years."
