LOCAL NEWS.

New School.—The new kindergarten will be begun in the masonic hall on Monday next under the management of Miss Sayre.

Sheriff of St. John.— H. L. Sturdee has been appointed sheriff of St. John, to fill the vacancy caused by the death of sheriff Harding.

Able to be Out.—Rev. Mr. Hartley was ill on Sunday last and Rev. Mr. Payson occupied his pulpit. Mr. Hartley is able to be out again.

Badly Hurt.— Mr. Burton, in the employ of Emery Sewell, was seriously hurt on Tuesday by a box falling from a wagon and striking him on the side.

New Tank.— The C. P. R. have a crew at work at their station here building a tank capable of holding 40,000 gallons of water, the supply to be furnished by the city at a reasonable rate.

Andrews' Case.—Andrews of the Canadian collecting agency, who was arrested here some time since and taken to St. John has been released and now threatens prosecution for false imprisonment.

The Nashwaak Bridge.— The framework on the mouth of Nashwaak bridge has been completed and put in position. The whole structure will be boarded in and the roof shingled, thus making it very durable.

Remanded.— The case against Charles Good, of Kingsclear, was resumed at the police court on Monday, but owing to the illness of James Howard, one of the witnesses, was adjourned till Monday, the 1st of May.

Butter and Cheese.—The contract for the new cheese and butter factory at Keswick has been let, the building to be ready by the first of June. It is expected that this year will see twenty factories in operation in York.

Vessels Arrived.—The schooner C. J. Colwell, is loading at Estey's with hemlock boards. Schooner, Mary George, has arrived with general cargo. Tug Fancheon arrived on Thursday night and is putting out the sheer booms.

Fracas.—A lively fracas occurred on the streets on Tuesday evening between some river drivers and the police. A big driver, named McCoy, of Boiestown, proved a rather rough customer. He was fined $25 for assaulting the police.

Left the Office.— Sterling Thompson has accepted a position with the C. P. R., at Presque Isle, and the Western Union telegraph office here has lost a very faithful and obliging officer. Sterling has the best wishes of all in his new departure.

Concert.— There will be a concert in the church hall, Gibson, on Tuesday evening next, May 2d, under the auspices of the R. T. of Temperance. There will be many pleasing and novel features. Doors open at eight o'clock, admission fifteen cents.

A Hitch Somehwere.—It has not as yet become publicly known what new trouble has arisen in connection with the crossing of the highway bridge by the C. P. R. trains, but a hitch has occurred that will for a time at least prevent the use of the new curve at Gibson.

Not Ready.— A St. John boatman who visited the city the first of the week said that neither the Weston or Soulanges would be ready to go on the route between this city and St. John till the middle of May at least, as contemplated repairs would not be completed before that time.

School Flag Staff.—J. J. Weddall, chairman of the board of school trustees of this city, will erect a flag staff on the York street school building. Mr. Weddall takes a strong interest in the schools as well as in all other projects for the general good of the city and people and his gift will be appreciated by all.

Called to Boston.—Mrs. Geo. Cliff left for Boston on Thursday morning, being called there by the condition of her daughter Lottie. It will be remembered that Miss Lottie Cliff went to that city some time since to secure the services of a skilled optician her eyes causing her much trouble. She is not improving.

Baptist Seminary.—A short time since the local government was asked to recognize the Union Baptist seminary at St. Martins as a training school for teachers. It is believed that the government have taken a favorable view of the matter and an announcement will be made defining the course of study, time, etc.

Building Burned.—A few days since the residence of Abner Grass, Oromocto, narrowly escaped destruction. The roof got on fire and both sides of it were burned to the rafters. There was plenty of help and water, and after strong exertions the rest of the building was saved. The damage was about one hundred dollars; no insurance.

With a Revolver. — James Lewis is in jail for carrying a revolver. It appeared at his trial on Tuesday that he was handling the revolver very carelessly on the highway bridge the evening previous and stopped several teams. He fired one shot which drew the attention of the police who captured him and found six shots in the weapon. He was sentenced to a fine of $25 which he was unable to pay.

Blood Flowed.— The drivers who left here on Monday for the Upper St. John via the C. E. R. and Intercolonial "cut up pretty rough" at various stations. At Boiestown there was a general row. A young man named Bagley, of this city, was hurt pretty badly. Besides the beating he received, he intentionally or otherwise put his hand through a pane of glass in one of the car windows and was badly gashed. He returned home.

Silver Dollars.— There will be a discussion respecting the "silver dollar" at next meeting of the board of trade. There are a great many of these in circulation and though the merchants accept them yet they would prefer Canadian currency instead. It is believed that an arrangement will be made so that silver dollars and perhaps American one dollar bills will be only received at a discount. It will be as well, should this take place, to give patrons a month's notice before the law goes into effect.

Are You Going?— Arrangements have been made whereby those going to the liberal convention at Ottawa on the 20th of June next may secure single fare tickets for the round trip. They are for sale at F. B. Edgecombe's. Tickets may also be purchased there for a trip from this city to Chicago and return, from April 25th to October 31st, at $30. In connection, side trip tickets from Niagara Falls to Toronto and return are issued at $1.50. Large parties going from this city may have the exclusive use of a car for the trip. At F. B. Edgecombe's.

Gay Lad.— In the Clydesdale stallion, Gay Lad, the property of Agricultural Society, No. 34, the farmers of the county have the best opportunity for improving their stock of horses that has ever come within their reach. This stallion is a thoroughbred Canadian Clyde, well matured and a winner of several prizes in Ontario show rings. He is in charge of Wm. Dunbar, who will give all information as to pedigree, service etc. He will be limited to forty mares, so that horsemen intending to secure his services should not delay. Terms very low considering the value of the horse.

LAST NIGHT'S BANQUET.

A Rattling Send Off to W. R. Racey.

The complimentary dinner given W. R. Racey at the Queen hotel last evening was one of the best affairs of the kind held here for years. The spread was gotten up in Mr. Edwards' best style. There were about fifty present.

The chair was occupied by Wesley Vanwart, with the guest of the evening on his right supported by A G Beckwith and T G Loggie. On his left were judge Fraser, A F Street and J D Phinney, Q C; Mayor Beckwith filled the vice-chair with John Black and F B Edgecombe on his right, F St J Bliss, J A VanWart, Q C, and John Pitblado on the left.

The following were the toasts:

Queen.

Governor general.

Lieut. governor and legislature of N B.

The guest of the evening. Mr Racey responded in a neat speech.

The bench and bar, responded to by judge Fraser, J A VanWart, F St John Bliss, J W McCready and Geo Wilson, the latter making a very fine speech.

The army and navy, responded to by major Loggie.

The mayor and corporation, brought mayor Beckwith to his feet, and his speech was a good one.

The banking institutions, was replied to by Messrs. Inglis, Pitblado and Mitchell.

The ladies, received rattling responses from Geo R Cooper, Stewart Campbell and F I Sherman.

There were several songs by C H Hatt of Marysville, H V B Bridges and J F Richards. Music was furnished by the F O M W orchestra.

Mr. Racey leaves on Monday for Halifax, and bears with him the highest respect of all our citizens.

Liberal Convention.

A convention of the liberals of the counties of Sunbury and Queens will be held at the temperance hall, Upper Gagetown, on Wednesday, the 7th day of June next, at one o'clock in the afternoon, for the purpose of thoroughly organizing the counties with a view to the election of a liberal candidate, to represent the united counties in the next dominion parliament, and also for the purpose of selecting delegates to attend the general convention of the liberal party of Canada, to be held at Ottawa on the twentieth day of June next.

As this will be the first general convention of the liberals of the two counties since their union for election purposes by the dominion redistribution act, it is important that every district in the two counties should be fully represented at the approaching convention at Gagetown.

Prominent members of the party will be present and a thorough and complete organization of the liberal party of the united counties will be made, so that when next called upon to elect a representative, the return of a liberal candidate will be assured. An endeavor will be made to secure special rates by boats and trains.

There should be a large attendance and it is altogether likely that the representation will be the largest ever met at Gagetown for political purposes.

Gibson and St. Marys.

Sandy Howard is about to start a restaurant in the Lee house at the bridge end.

Scott Act prosecutions and violations have been freely discussed during the week.

Every day sees some family on the move, yet the census remains about the same so far at least as figures are concerned.

Henry Hoben has had extensive improvements made in his residence. John Culligan had charge of the work.

The boom company, through their efficient foreman, Mr. Hanabry, are doing a large amount of work preparatory to the season's rafting. They have fitted up two large floating dormitories and cook houses for the men; have built two loading machines, and are now putting extensive repairs on the residence of the foreman.

The mass temperance meeting in the church hall on Friday night was well attended. Addresses were made by Rev. Mr. Lodge and Wm. Davenport of Marysville, Rev. Mr. Nobles of Gibson, Mr. Thompson and Mr. Freeze of Fredericton. Music was furnished by a choir composed as follows: Miss Bradley, Miss Miles, Miss Kyle, Miss Steele, Miss Fradsham and Messrs. Brayley and Burpee. A first-class subscription list was opened. John Miles offered to give a building site free of cost. The new hall may be said to have got started. The amount subscribed last night was $218. A prominent gentleman has guaranteed lumber at less than the usual rate, and there is another hundred dollars subscribed by Royal Templars.

The River.

The ice ran out Monday evening at Woodstock. There was a tremendous big jam at Andover which broke in the afternoon and came down with a rush, carrying the smaller jams farther down along with it. The water was quite low when the ice began to move, but quickly rose four or five feet, greatly accelerating the current. Much of the ice was heavy and thick and rushed along with great force.

Tuesday morning there was general excitement on learning that one of the new granite piers of the bridge was badly damaged by the crash of the ice jam. This pier stands furthest out in the channel on the east side of the island, and where the current is very strong. The ice drift struck it diagonally, carrying away a large part of the face blocks in the toe of the pier. This pier was built last winter in the very coldest of the weather. It is claimed that the work has been properly done but that the cement has not yet had time to properly set. The ice still holds in the Tobique and there is the usual traffic on it. On Tuesday a lumberman walked from the Nashwaak lake to Stanley on the ice. Opposite this city there is some ice lodged on the shores. The water is very low.

Marysville News.

There has been very little removing yet, but some is in contemplation.

A great crowd attended the hall on Thursday night to hear the lecture on "Love" by Prof. Henry Whitlock.

The cotton mill is being driven in its old time way, and cotton in all shapes and of every design is being shipped as fast as it can be carried away.

There is a stagnation just at present in the sawing business, but a large force of men were sent to the drives on Monday last, and the hum will begin in earnest in a short time. The lath mill is running, cutting up the edgings made by the new mill.

Surgeon of the C. R. I.—The death of Dr. Brown creates a vacancy in the military offices here that of surgeon. It has for the week been filled satisfactorily by Dr. McLearn, and it is highly probable that the doctor will receive the appointment. He has the necessary skill and experience and has also undergone considerable military discipline, being connected with the Kings county cavalry. His appointment to the position will be satisfactory to all civil and military in this city. It was said that Dr. VanWart was also an applicant for the position, but he prefers the active practice of his profession rather than to be under a fixed salary and military rule.

Provincial Appointments.— Henry J. Thorne, a member and chairman of the St. John Board school trustees. H. L. Sturdee, referee in equity for the city and county of St. John. Hon. A. S. White, commissioner of the provincial lunatic asylum. In the county of Sunbury, James S. Kinney, Charles Turney and Henry B. Mitchell to be justices of the peace. In Queens county, Samuel E. McDonald to be an issuer of marriage licenses. James Babington, Sol. C. Perry, Thomas Thorne, Hezekiah Belmain, Isaac C. Fraser and James H. Francis to be justices of the peace. In York county, R. W. L. Tibbitts to be a justice of the peace. The sheriffs were re-appointed.

DR. BROWN'S DEATH.

A Well Known and Popular Physician Passes Away.

The tidings were heard with deep regret that, at 5 p. m. on Tuesday, the 25th inst., Dr. T. Clowes Brown of this city had passed away by death. Only a few days since and the doctor appeared in his usual health and spirits. On Sunday last he attended St. Ann's church, and while there complained of feeling unwell. On Monday morning his right side was paralyzed.

He was a son of the late John Brown of Maugerville, Sunbury county. He studied medicine with the late Dr. Connell of Woodstock, and graduated at Philadelphia. He practised his profession for some years at Douglas. In 1884 he became surgeon of the C. R. I., then established. His first wife was Miss Harriet Smith of Douglas, who died in 1890; his second wife, who survives him, was Miss Etta Arnold of Sussex.

Dr. Brown on account of his extensive practice was the best known physician of the city. He was cordial with all and had a wide circle of friends throughout the country. This city meets with a heavy loss by his death. As a member of the Episcopal church he was ever active in promoting its interests here and elsewhere. Perhaps nowhere is he more sincerely mourned than by the officers and men of the infantry school. He was held in the highest esteem by his brother officers, while the men always looked for and received the fullest consideration. Deceased was born on May 22nd, 1838, and was in his 55th year.

The funeral took place on Thursday afternoon from his late residence, corner Brunswick and Regent streets, at 2 p. m., conducted by the Canadian regiment of infantry. The procession formed as follows:

Military Band.
Canadian Infantry.
Hearse.
Pall Bearers.
Mourners.
Physicians.
Citizens.

The hearse and casket were literally covered with the choicest flowers, lilies and immortelles, the last sad tokens of respect for the dead. They included a magnificent coronet from the Royal Arcanum of which deceased was a member; a large cross from Mrs. Brown; large cross with word "Father," from Dr. Frank Brown; crescent from Miss Jessie Brown; large maltese cross from R. S. Barker; a very handsome pillow, a tribute of esteem from his brother physicians of York county, with the words "At Rest;" cross from Mrs. E. B. Winslow; cross from St. Mary's choir; wreath from Mayor Beckwith; wreath from Miss Carman, and large crescent from Mrs. W. H. Jones, St. John. St. Marys choir attended in a body.

The pall bearers were: Major Loggie, Major Beckwith, Major Cropley, Capt. Boone and Lieuts. Hawthorne and Fisher. Resident physicians who were present were: Dr's Coburn, Coulthard, Crocket, Vanwart, McLearn, Torrens, Seery, and Sharp of Marysville. The cortege moved up Brunswick street to Westmorland, and to St. Ann's church. At the corners of Carleton, York and Westmorland streets there were large crowds, many of whom joined in with the procession. The sidewalks were also crowded, many people being in from the country.

After the services at the church the procession formed going to Forest Hill cemetery where the interment took place.

THE GRAVE.

Prominent Residents of City and Vicinity Laid Away.

At Philadelphia, on Wednesday last, Mrs. Barker, relict of the late E. Barker of Sheffield, Sunbury county, died at a good old age. Deceased was the mother of Dr. F. E. Barker of St. John.

At the residence of M. W. Ryan, St. Marys, on the 22nd inst., Michael Walter, the bright little son of Andrew P. and Mary M. Cowie, died after a brief illness, aged eight months and five days.

Mrs. Joseph Moore, an aunt of Mrs. Moore, wife of Ald. John Moore, died on Monday night last at the extreme old age of 95 years. She has been a resident of the city for sixty years. Deceased was a native of Ireland.

Eugenie and William Kirby, two brothers, died at their residence, Cross Creek, York, on Sunday last within an hour of each other. They were in middle life, but have been ill for some time. Both were much respected in their neighborhood.

David Fisher, a son of the late Henry Fisher of New Maryland, died at Victoria Hospital, this city, on Friday the 21st, from a wound in the face made by a pitchfork with which he was unloading hay. The remains were taken to his home and interred. He was thirty years of age.

The funeral of Mrs. M. Cox of Cambridge, Queens county, took place on Friday the 21st. Rev. M. P. King performed the ceremony. Deceased (formerly Miss Adams) was the second wife of the late Marcus Cox of the Narrows. She was in her 80th year, was a consistent member of the Baptist church, and died lamented by all.

Mrs. Barron, relict of the late F. B. Barron, died very suddenly at the residence of her son-in-law, Rev. Finlow Alexander, in this city, on Monday morning. Her death which was caused by heart trouble was very sudden. She was in her 75th year. The funeral which was largely attended took place on Tuesday at two o'clock.

Mrs. Ella A., relict of the late Abram Close, died at her residence, Lower Queensbury, on the 14th inst., at the age of seventy-five. The funeral, which was conducted by the Rev. Mr. Manzer of St. Marys, took place on Sunday the 16th inst., there being a large attendance. Deceased was a life long resident of the parish and had many friends.

Capt. Judah Hammond, one of the old residents of Kingsclear, died at his residence there on Monday, the 24th inst., at 10 o'clock, at the age of ninety. Deceased was a life long resident of the parish and was ever formost in all projects for the advancement of its interests. He had a large family connection who, with all of the parish, mourn the loss of a friend. The funeral took place on Thursday last.

Miss Laura Johnson, daughter of Robert Johnson of Gibson, died after a protracted illness on Saturday evening last. The funeral took place on Thursday. The remains were taken to the Episcopal church at Gibson, six young lady friends of deceased acting as pall bearers. Funeral services were conducted there by the Rev. Mr. Parkinson, after which the body was taken to Trinity church, Maugerville, and interred. Deceased was held in high esteem by all and her death was a quiet falling asleep. She was in her 16th year. The funeral was conducted by John Adams.

New Drug Store.— Alonzo Staples, of the late firm of Davis, Staples & Co., will open a drug store in the building formerly occupied by the Canadian express company, two doors below People's bank, about the fifteen of May next. He will be assisted by his brother, A. V. Staples, who has had four years experience in the business. Mr. Staples has had a long and thorough drill of twenty-one years in the filling of prescriptions and general drug business and can be relied on. Patrons may be sure of getting just what they ask for.

Merchants Bank.— The Merchants bank officials expect to occupy their new building, corner Carleton and Queen, the first of the week, but will not have their handsome oak counters and other fittings in position till about the middle of May. The furniture ordered is very fine, and when in position, the bank will have magnificent offices.

At Church Hall.—The temperance meeting in the church hall on Tuesday night last, under the auspices of the Episcopal church, was largely attended. Addresses were made by Judge Hanington, Mr. Phinney and Rev. Mr. Parkinson. Another is promised in the near future.

Newsy Notes.

J. A. Morrison is improving, but slowly. There is little change in Lady Allen's condition.

Capt. Akerly has bought out the coal and feed business of James Tibbitts.

The high winds of Friday evening tore the roof off the C. P. R. round house at Gibson.

Inspector Mersereau has appointed Friday May 19th, as arbor day in his school inspectorate.

Wesley Vanwart will remove his law offices from their present location to the J. G. Gunn shop opposite the normal school.

The salvation army are to increase their forces here, and are also to establish a training home for officers. It is is said to be their intention to remove the training school from St. John to this city.

W. E. Morrison, Chipman, Queens Co., has sent a large eagle which he captured to St. John. It is to be mounted for E. G. Evans of the Central Railway. The span of its wings is nearly seven feet.

W. T. H. Fenety has removed to the new Howard & Crangle building, corner of Carleton and Queen. E. H. Allen & Co. take the store vacated by Mr. Fenety and will occupy it as a furniture and crockery emporium.

Our Stores.—Our merchants keep up to the times and our stores—of which Fredericton people are justly proud—would do credit to cities twenty times the population of the celestial. They not only keep a fine class of goods, but their prices are lower than other places. For instance, a lady looking at dress goods in Edgecombe's the other day, and being shown some pretty Challies, and told that one which pleased her very much was "thirty-eight cents," turned to her lady friend, and remarked that it was precisely the same as they showed her for fifty cents in St. John. And this is only one instance out of a thousand. Yes, ladies, you can buy your goods cheaper at home.

New Railway.— The Central railway company call for tenders for the construction of a piece of railway connecting Chipman with the Newcastle coal mines. The distance is about twelve miles. It was located last year and pronounced an easy country to build through. The Newcastle mines as they are more carefully examined show unlimited wealth for Queens county and the whole province.

For the Boys.— C. H. Thomas & Co., advertise in to-day's issue their immense assortment of boys clothing. Boys suits can be bought at Oak Hall from 85c. up. 500 suits to pick from. 100 suits, no two alike.

J. G. Gunn, merchant tailor, has removed from his old stand to the Coy building, next the C. P. R. express office. He will have very comfortable quarters there and asks the continued patronage of his old friends.

Market and Wharfage.—Samuel Cook will continue as market clerk for the ensuing year. R. A. Estey has secured the city wharfage at $350 for the year.

A VISIT TO THE

MARITIME PROVINCES

Most Important to Ruptured and Deformed People.

Chas. Cluthe, the celebrated Manufacturer and Inventor of the great Spiral Truss and many others for the cure of Rupture has been known as one of the foremost thinkers and designers to overcome and relieve Hernia or any deformity. For club feet he has a system patented by which he is enabled to straighten a child's feet without operation and make them natural from hip to sole. Spinal instruments half the weight of others. Come with your swollen knee joint, and he will make you walk from the minute it is adjusted, and overcome your trouble in a short time, which otherwise means amputation. Bow legs made natural in five weeks. Knocked knees straightened. The finest patterns in abdomidal supporters.

All parties wishing to consult him should be on time. Invite your physician.
