POOR DOCUMENT

Lady Snatched From Death

How "sadness and despair" gave place to "joy, comfort and life," is told by Mr. L. H. Walter, of Pearl St., Brockville, in relating how his wife was restored to health after having been told by her doctors that both her lungs were seriously affected and that she could not possibly live many months.

Gloom like a pall fell over that Canadian home when the apparently irrevocable fiat went forth. Not long before life had seemed full of promise to Mr. and Mrs. Walter, and a bright future of married happiness stretched out into the coming years. And now all was changed. The fatal words had been pronounced which banished all hope. But they had not then heard of PSYCHINE.

It was when the cloud was darkest that the silver lining appeared. A friend urged them to give PSYCHINE a trial, and told of the marvellous cures effected by this wonderful remedy. Mr. Walter procured a bottle and persuaded his wife to take it. "Before the whole bottle had been taken," he says, "the severe pain in her lungs quickly went away, and after taking six bottles, my wife was a new creature, and completely well again. I will never cease to praise PSYCHINE; it has brought Mrs. Walter back to life and health when all else had failed."

No case need be considered hopeless. The above is not an isolated instance, but one of hundreds, in which PSYCHINE has proved efficacious.

PSYCHINE never fails. Try it and see.

Trial sent on application. Send name and address to Dr. T. A. Slocum, Limited, Toronto. PSYCHINE is sold by all druggists and dealers in bottles at 50c. and $1.00.

NO INDIGESTION AFTER TODAY

Prompt Relief From Indigestion and Stomach Trouble Can Be Had at Any Drug Store Here.

Why not start now—today, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one triangule will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of Indigestion.

JUST CURED HIM THAT WAS ALL

What Dodd's Kidney Pills Did for Thomas Moon

Doctors Could Not Cure His Dropsy, but Dodd's Kidney Pills Cleared It Out Completely.

Maidstone, Sask., Jan. 29—(Special) — "Cured me completely. That's what Dodd's Kidney Pills did for me." Such is the statement made by Thomas Moon, a well-known resident of this place who for two years suffered with Dropsical Swellings brought on by diseased Kidneys.

"I had pains in the small of my back," Mr. Moon continues, "and across the loins. The swelling commenced first in my legs and gradually got to my body. I tried different doctors but kept getting worse every day until I was swollen up to an awful size.

"One doctor sent me to the hospital where I got a little benefit but the swelling all soon came back.

"Then I used Dodd's Kidney Pills and as I said before they cured me completely."

Dropsical Swellings are caused by diseased Kidneys failing to take the surplus water out of the blood. Cure the Kidneys with Dodd's Kidney Pills and the Dropsy naturally cures itself.

FROM "THE CRISIS"

(James Russell Lowell.)

"Once to every man and nation comes the moment to decide,
In the strife of Truth with Falsehood, for the good or evil side;
Some great Cause, God's new Messiah, offering each the bloom or blight,
Parts the goats upon the left hand, and the sheep upon the right.
And the choice goes on forever, 'twixt that darkness and that light.

"Hast thou chosen, O my people, on whose party thou shalt stand,
Ere the Doom from its worn sandals shakes the dust against our land?
Though the cause of evil prosper, yet 'tis Truth alone is strong,
And albeit she wander outcast now, I see around her throng
Troops of beautiful, tall angels, to enshield her from all wrong.

"Careless seems the great Avenger; history's pages but record
One death-grapple in the darkness 'twixt old systems and the Word;
Truth forever on the scaffold. Wrong forever on the throne—
Yet the scaffold sways the future, and behind the dim unknown
Standeth God within the shadow, keeping watch above His own.

"Then to side with Truth is noble when we share her wretched crust.
Ere her cause bring fame and profit, and 'tis prosperous to be just;
Then it is the brave man chooses, while the coward stands aside,
Doubting in his abject spirit, till his Lord is crucified,
And the multitude make virtue of the faith they have denied.

"Count me o'er earth's chosen heroes—they were souls that stood alone,
While the men they agonized for hurled the contumelious stone,
Stood serene, and down the future saw the golden beam incline
To the side of perfect justice, mastered by their faith divine,
By one man's plain truth to manhood and to God's supreme design.

"By the light of burning heretics Christ's bleeding feet I track,
Toiling up new Calvaries ever with the cross that turns not back,
And these mounts of anguish number how each generation learned
One new word of that grand Credo which in prophet-hearts hath burned
Since the first man stood God-conquered with his face to heaven upturned."

MEDICINE IN THE SPRING NEEDED BY EVERYONE

Winter Weakens the System, Saps the Blood, Leaves Us Tired and Thin.

Great epidemics break out in spring, such as fevers, pestilences, and infectious skin diseases.

Winter shuts us in from air and only the most robust get even a little sunshine. As a consequence of this unnatural mode of life, the blood becomes polluted, thin, colorless. Then we grow listless, dull, easily tired, have headaches and find our work a burden.

Reduced to this condition we become an easy prey to disease and fill hospitals and churchyards.

To rapidly form rich blood, to expel the accumulated humors that winter has stored up in the system, to call back the energy, endurance and vim that will make life joyous, just take Ferrozone, a spring cleanser, unequalled in medicine.

Ferrozone purifies by rebuilding nerve tissue and vitalizing the blood. The entire system soon feels the beneficient action of new rich blood; slow organs are stimulated to normal activity, expel poisons and wastes from the body, and the result is the beautifully harmonious working of the system. Weak folk are restored and health becomes as natural a consequence as growth from moisture and sunlight.

Men and women fortify your nerves with Ferrozone, renew the blood through its marvelous blood-forming power, regain vigorous and enduring strength by its action upon appetite and digestion. Use Ferrozone if you want to be strong.

"I increased my weight seven pounds in one month and regained health that had been lost for two years—did this by using Ferrozone," writes Mrs. C. B. Maybee, of Centertown. "Ferrozone brought me restful sleep and good digestion, enabled me to relish my meals and work hard all day. I consider it the finest tonic, the most nourishing medicine I ever used."

Try Ferrozone yourself, 50c. per box or six for $2.50, at all dealers.

While chopping wood at school recess recently, a pupil named McKinnon was struck on the head with a stick, at Mt. Young, C. B., by a companion, during a disagreement, and almost bled to death.

Richard Lawlor ventured on the ice in North Sydney harbor on Tuesday and on a shaky strip he fell through. Alex. Ingram, who was passig by, rescued Lawlor.

MARINE NEWS

Upward of 50,00 tons of coal and 4,000,000 feet of southern lumber reached Boston Thursday in a fleet of coasters that has been tied up in various harbors awaiting favorable conditions of wind and sea.

On the steamship Limon, when she sailed from Long wharf yesterday for Costa Rica, was a complete steel bridge, in sections. The bridge will span one of the rivers in the mountainous district of Costa Rica, and will replace the one carried away in the recent landslides.—Boston Herald.

Yesterday's Boston Herald says:—"The fishing schooner Oriole, which made port yesterday from the Bay of Islands, Newfoundland, has aboard an Eskimo pup that was raised on condensed milk and chews tobacco. The dog's name is Domino, a shaggy sharp-nosed, half-year-old, already the master of many tricks. Capt. Arsenault got him in Labrador by trading a collie for him with a native. The dog prefers raw fish, especially herring with the frost all over it, to the choicest beef. He is very good-natured and exceptionally intelligent.

Finishing his last westward trip as commander of the Kroonland with her arrival at New York last Thursday, Captain H. D. Doxrud will, on his return, proceed to Belfast to take charge of the new Red Star Line steamer Lapland, now nearing completion. The Lapland was launched at Belfast June 7 last and is 620 feet long, 70 feet beam and 50 feet deep, with a gross approximating 18,000 tons. The Lapland is to have accommodation for 400 first, 350 second and cabin and 1,800 steerage passengers. She will sail from Antwerp for New York April 10 next.

Three steamers docked at the N. S. Steel and Coal Company's pier at North Sydney this week, with full cargoes. The new steamer Bonaventure arrived for the first time on Wednesday, and after discharging coal at St. John's Nfld., will go to the ice fields in quest of seals.

After a man knows a woman about so he begins to tell her the story of his life—with the accent on the story.

The Home Beautiful

Despite the edict of modern hygiene that the feather bed is impossible, Milady, who likes that soft, feathery feeling that the bed gave, can still use her feathers for a light, downy coverlet for, although blankets are much used, the down quilt still holds its own. Many pretty patterns of these are seen in the shops—flowered satins, sateens and silkoline. Plain satins are also being used. Another style of quilt has two colors of plain satin used as its covering, the quilt being tufted with narrow ribbon.

A very convenient thing is a new dower chest. The side is arranged on hinges, so that it may be lowered. This saves the trouble of raising the lid when anything is wanted, and it is far easier to see what you are getting out.

If one has an old-fashioned coverlet in rich blue and white, such as our grandmothers used on their beds, they can be made into charming sofa pillows. While few women would cut up a good coverlet for this purpose, it does away with the problem of the cover that is partially worn.

You often hear people say, in a pitiful sort of a way: "He's getting along in years."
