THE BEAVER TO RACE THE GENESEE.

Trial Judges Recommend Payne's Keel Boat to Defend Canada's Cup Against the Centre-Board from Rochester —Two More Wins for Beaver.

After the races last night the judges met and decided on the boat to defend the cup.

It had come down to the two Toronto keel boats, and after the second race yesterday it was not hard to make the selection. The committee was in session for some time, and prepared a report for the R.C.Y.C. sailing committee, deciding on the Payne as the defender of the Canada's cup, to meet the Genesee, best three in five, starting Aug. 21.

There will be no more trials in the lake, but the defender and the McLeod boat will have a race in the bay to-day at 2 o'clock.

There was $1000 to be divided among the six boats, the last three get $100 each. The Beaver gets first prize, which is $500, the McLeod gets second prize, $225, and the Toronto third, $175.

The first race each day was for the division of the money, and the following table shows how the boats scored their points therefor:

Boat	1st	2nd.	3rd.	Points.
Beaver	2	1	0	19
Minota	1	1	1	16
Toronto	0	1	2	13

The Hamilton boats did not finish better than 4, 5 and 6, in the money races, so were only awarded $100 each.

The trial races were continued yesterday, when two more were sailed and again the Hamilton boats were out of it. In the first race the six boats started, and the Toronto three finished one, two, three, the Payne boat Beaver winning both by over three minutes. The breeze was the strongest of the week, and the races were sailed over the large triangle, leaving all buoys to port.

In the first race the Payne boat Beaver was the first to cross the line, the Weir and Myrtle being the next two, with Toronto fifth and Minota last. The Beaver was never overhauled and led at each buoy, Mr. Jarvis giving her a splendid sail. To the first buoy it was a free run. The Myrtle was second around, followed by the others, except the Weir boat, which had her masthead carried away, somewhat disabling her. On the second leg, a beat to windward, the Toronto boats picked up, and the Beaver increased her lead. At the second buoy the McLeod boat was in second place, and with the Beaver rounded away ahead of the others. Again on the third leg the Beaver increased her lead, and the Toronto pulled ahead of the Hamilton boats. Thus the three Toronto craft again finished first, second and third, the Beaver ahead of the Minota by 7 minutes, who was second by over a minute. The result of the race gives the Beaver the first money prize, with Minota second and Toronto third.

Beaver beat Minota, 7.04; Minota beat Toronto, 1.00; Toronto beat Myrtle, 2.57; Myrtle beat Hamilton, 1.01; Hamilton outsighted Weir.

At the finish of the first race the judges felt satisfied that the choice was between the McLeod and Payne boats and sent them out to sail the second race, but changed the skippers, Mr. Jarvis going on the Minota and Mr. McLeod on the Beaver. At the time of the start the judges told the others they need not go unless they liked, and only the two started, the Beaver crossing first, four seconds ahead. But before the first buoy was reached the Minota was ahead and rounded first. On the next two legs the Beaver steadily increased her lead and won by over two minutes, on actual sailing time, as well as crossing the line first.

Canoeists in Camp.

Gananoque, Aug. 9.—Most of the sailors thus far at the camp of the American Canoe Association, on the St. Lawrence River, are from the New York Canoe Club. Charles Archibald of Toronto, the crack Canadian sailor, is also here, with his noted canoe Mab. Many of the paddlers have also arrived. M. D. Wilt, who paddled second in last year's trophy race, is in good shape, and Mowatt of Kingston and McNicoll of Toronto are working steadily. The Toronto Club has its war canoe in camp, and Kingston also has its war canoe.

PATTERSON OF VARSITY.

Several very interesting matches were played in the T.A.C. tournament yesterday. St. Matthew's L. T. Tourney.

The St. Matthew's lawn tennis tournament will commence on Saturday instead of Monday, as originally announced. The earlier start has been rendered necessary by the large number of entries. The hours of play will be arranged to suit players' convenience. The courts are at the corner of First-avenue and DeGrassi-street, and are in excellent condition, extra attention having been given to them. The events are: Men's singles, handicap and doubles; mixed doubles; ladies' singles, handicap and doubles. Entries are to be made to Mr. F. D. Tyner, 77 Langley-avenue, city.

Remarkable Race by Pigeon.

Particulars of the great Bordeaux pigeon race have just been received in this country. The birds were tossed at 4.30 in the morning of July 11. The winner, a blue chequer hen, owned by J. W. The wonderful bird was bred in 1896, flown from Swindon in the same year, from Jersey in 1897, and from Rennes in 1898.

FIRST DAY OF WORLD'S MEET.

Eight Thousand in Attendance—Cheney Thrown in Third Race and Seriously Injured.

ONLY ONE CANADIAN WON.

That Was Dennison of Toronto — Two-Mile Tandem Record Lowered by 54 Seconds.

Montreal, Aug. 9.—An immense crowd, numbering over 8000 people, attended the opening day's races of the world's bicycle meet at the Queen's Park to-day. There was some good racing, and the day did not pass off without incident.

In the semi-finals for the half-mile championship, Cheney, the English champion, was thrown off his wheel and so seriously injured that he had to be removed to the hospital.

The one mile amateur championship was won by Tom Summersgill of England; the half-mile professional by Charles McCarthy of St. Louis, and the half-mile amateur by Lester Wilson of Pittsburg, Pa.

The Butler Bros. lowered the world's record for the two-mile tandem by doing the distance in 3.47 3-5, the previous record being 4.01 3-5.

One mile novice—Bert Denison, Toronto, 1; John Moore, Montreal, 2; Byron Brown, Charlottetown, 3. Time 2.31.

A Wheeling Party.

Miss McLean of 110 Ossington-avenue gave a wheeling party Friday, Aug. 4, to a number of young people. After a long ride refreshments were served and a very enjoyable evening was spent.

The Great Dunlop Trophy.

The Dunlop Trophy shield was donated by the American Dunlop Tire Company in 1894, and is the largest and most valuable trophy ever competed for by any cycling organization in Canada.

The American Dunlop Tire Company placed this magnificent trophy in the hands of the following gentlemen as trustees: R. Garland, George Orr, Fred Bryers and A. T. Johnston, and it was decided to offer the shield for a 20-mile bicycle team road race of 10 men a side, to be competed for each year until won by the same club twice in succession, or three times in all.

These races have now become almost a national event, creating more interest in the country than any other contest of a similar nature.

Cricket Slips.

The touring Belmonts are billed to play in Hamilton to-day.

The Australians yesterday, in the cricket match with a Warwickshire eleven, begun at Birmingham on Monday, won by nine wickets.

The Belmont Cricket Club won the first —419 to Thlickskeye isot — match of its present tour in a very decisive manner—419 to 75. King was the hero of the day, and his exhibition of batting was far beyond anything ever seen in Cleveland before. In his score of 176 he gave only two chances, the first at 60 and the second at 107.

IN THE GRAND CIRCUIT.

Five Thousand People Saw the Trotting at Fort Erie Yesterday.

Buffalo, Aug. 9.—The biggest crowd of the Grand Circuit meeting assembled at the Fort Erie track this afternoon, about 5000 persons being there. When the unfinished 2.20 trot was called, first on the card, Lockwood, trainer of George Carney, who had won two heats on Tuesday, and protested against the postponement, later driving a heat by himself and claiming the race, decided to contest with the others. Commissioner Ben Allister, after the morning of July 11. The winner, a blue chequer hen, owned by J. W. Toft of Garston, Liverpool, reached home at 20 minutes to 8 the next morning, having covered the 592½ miles at an average velocity of 908 yards a minute. EASTERN LEAGUE ROUND.

Too Early Yet to Win a Game and Toronto is Closing on the Second Division.

Same old story again this morning, and the Rowdies are now almost out of reach. The report yesterday that Buckenberger might manage for Toronto next year reminds us that losing games is not the only calamity that could befall this baseball centre. The record:

Bannon Had Five Errors.

Rochester, Aug. 9.—The Torontos were unable to break the streak of victories that the Bronchos have been piling up for the last two weeks, being defeated to-day in a one-sided game that was devoid of features worth mentioning, unless it was the error column and the batting of Smink and Lush. Bowen pitched good ball and so did Suthoff, but the latter's support was very ragged. Attendance 700.

Eastern League.

At Hartford—Springfield outbatted Hartford, making hits when they counted. But for two bad errors by the Ponies' catcher, Gunson, the locals would have scored only one run. The Springfields pounded Knell in the second, third and ninth, but otherwise he pitched well. Taken altogether it was a poor game of ball.

Miller gave eight bases on balls, but did not appear to have much to fool the batsmen with either.

At Syracuse—Syracuse and Montreal played two fast games of ball. In the first Montreal frightened Boyd into giving them a run, Jacklitz being declared safe at second when out, given third on a balk, which was not a balk, and called safe at home when he was out. Boyd was so helpless that Powers had to come on the field and tell Dooley what would happen if he did not quiet his men. The Stars won the second game easily by hard hitting. It is reported in New York that a single concern there has booked orders for $8,000,000 worth of automobiles. This information comes from a reliable source, and looks perfectly trustworthy. It is an indication not only that the automobile has come to stay, but as well that its popularity is exceeding even the wildest of expectations.
