PUBLIC MEETING.
The Eastern Rail Road!

One of the largest, most respectable, and most enthusiastic public meetings ever held in St. John, took place at the Court House Yesterday afternoon, to take into consideration the circular addressed to this City by the inhabitants of Portland, on the subject of the Great Eastern Rail Road (referred to editorially in a previous column.) The high Sheriff, Chas. Johnston, Esq. was put in the Chair by acclamation, and W. R. M. Burtis, Esq. called upon to act as Secretary. We have not time to-day to notice the respective speeches, all of which were very excellent, and to the purpose. As a proof of the enthusiasm of this meeting, several of the speakers, backed up their remarks, by promising to take stock in the contemplated line, in the several sums of £500, £1000 and £2000. The inhabitants of New Brunswick may fully make up their minds that the Eastern Rail Road will be built; and it is the duty of every one, poor and rich, to step forward when the time arrives, and subscribe in accordance with their means. Success to the cause, we say, with all our heart. The following are the

RESOLUTIONS:

1. *Moved* by Edward Allison, Esq. seconded by J. H. Gray, Esq.

1. *Resolved*, That this meeting heartily approves of the projected line of railway from Calais to the State of Maine, through New-Brunswick, by St. John, Sussex Vale, around the head of the Bay of Fundy, through Westmoreland and Cumberland, to Halifax, as affording an uninterrupted Railway Communication at all seasons, for passengers, mails, and traffic, between Europe and all parts of North America.

Moved by James Whitney, Esq. seconded by William Wright, Esq.

2. *Resolved*, As the opinion of this meeting that the contemplated Line of Railway besides being eminently useful and advantageous both to New-Brunswick and Nova Scotia, cannot fail to be profitable to its proprietors.

Moved by Robert Jardine, Esq. seconded by M. H. Perley, Esq.

3. *Resolved*, That it is the duty, as it certainly is the interest of every inhabitant of New Brunswick, to aid to the best of his ability, either in money, land, labour, or materials, the construction of this Trunk Railway, which will so greatly tend to advance the prosperity of the whole Province.

Moved by R. D. Wilmot, Esq., seconded by W. J. Ritchie, Esq.

4. *Resolved*, That besides the assistance which it is the duty of the people of New-Brunswick individually, to give to the Railway under consideration, the Legislature should also be called upon to aid in its construction, by liberal grants of land, and the loan of the public credit.

Moved by D. J. McLauchlan, Esq, seconded by S. L. Tilley, Esq.

5. *Resolved*, That this meeting view with lively interest the movement which has recently taken place at Portland (Maine,) in reference to the proposed line of rail way, and will cordially co-operate in any practicable plan which may be devised for securing its construction; and further *Resolved*, That this meeting now proceed to nominate delegates to attend the Railway convention to be held at Portland on the 31st. inst.

The following is the list of gentlemen who have offered to proceed to Portland, as delegates, at their own expense, as read by the High Sheriff, and carried unanimously—viz:

His Worship the Mayor; the High Sheriff; the Recorder; the Attorney General; the Advocate General; D. J. McLauchlan; Edward Allison; Robert Jardine; Dr. Bayard; J. H. Gray; Mr. Jack; M. H. Perley; J. C. Littlehale; James MacFarlane; John Sears; Otis Small; Joel Reading; Edmund Kaye; Thomas E. Millidge; A. McL. Seely.

Moved by Wm. Wright, Esq. seconded by Robert Payne, Esq.

6. *Resolved*, That this meeting fully approves the preliminary steps which have been taken by the Committee appointed at a meeting called by the Chamber of Commerce, on the 6th inst.; and is gratified to learn that an exploratory survey of the line for a rail-way from this City to Calais, has already been officially ordered.

Moved by J. H. Gray, Esq., seconded by Wm. Wright, Esq.

7. *Resolved*, That the thanks of this Meeting are due and are hereby tendered to the different Telegraph Companies between Halifax and Portland for their gratuitous services rendered in behalf of the projected Railway.

Moved by H. Porter, Esq., seconded by R. D. Wilmot, Esq.

8 *Resolved*, That the Chairman do leave the chair, and His Worship the Mayor take the same, which being carried, it was moved and seconded by the same gentlemen that the thanks of the meeting be given to the high Sheriff for his very dignified and impartial conduct in the Chair—carried unanimously, as were also all of the preceding resolutions.

ENGLISH NEWS.

(By Telegraph from Halifax to the News Room.)

HALIFAX, THURSDAY, 18th July, 1850.

The Steamer *America* arrived at 10 o'clock this forenoon. She left Liverpool at 3 P. M., on Saturday, 6th July; has encountered heavy westerly winds on the passage, and was detained some time off the Coast by dense fog.

ENGLAND.—The most important, and also the most melancholy event announced by this arrival is the Death of Sir Robert Peel. It appears he was thrown from his horse on the 29th ult, and immediately after the horse fell upon him, which caused such serious injuries, that he died on the following Tuesday. He had all the best Medical talent of the metropolis, but no human power could avail.

Speculation is busy as to the probable effect that Sir Robert's death will have upon the political parties in the Kingdom. Some are of opinion that the position of the present Ministry will be strengthened by the event.

In the House of Lords, ministers suffered another defeat on Monday, a majority of twenty two was obtained against them upon an amendment moved to the Irish franchise Bill.

The only effect this last defeat had, was to cause them to withdraw the Bill as also the Bill for the abolition of the Lord Lieutenancy of Ireland, and the encumbered Estates Bill; but no intimation or symptom of retiring.

The Revenue for the last quarter shows an increase over the corresponding quarter of last year of over half a million—there is also a large increase in the amount of Exports.

The accounts from the Manufacturing districts continue very satisfactory. So also of the weather and growing crops. Never was there a finer season known so far.

The commercial news from India and China is good; there is no political or other news reported.

PORTUGAL.—Well grounded fears are entertained of a very serious rupture between the United States and Portugal, arising out of claims for indemnity of ancient date, now peremptorily put forward and backed by the presence of an American squadron in the Tagus. The American Minister has given the Portuguese Government 21 days to comply with his demands, and threatens at the expiration of that time, unless satisfaction be given, to demand his passports and let the American forces settle the matter. This affair is not looked upon with indifference by other European nations, and fears are entertained that it may yet disturb the peace of Europe.

The Schleswig difficulty has been settled.

In France all is quiet, the President having obtained his increase of salary, and the small difference with England on Greek affairs having been settled, the French assembly have nothing before them to quarrel about, and the minister to the British Court has returned to London

Married.

At Eastport, on the 4th July, on board the steamer *Forest Queen*, by the Rev. Charles Byrant, Frederick W. Hathewaay, Esquire, of Fredericton, to Miss Susan P. Peters, third daughter of Samuel Peters, Esq., Nashwaak.

Died.

On Thursday morning, after a long and tedious illness of ten months, which she bore with Christian resignation to the Divine Will, Margaret, wife of Mr. Alexander Anderson, (Rope Maker,) in the 44th year of her age, leaving a husband and two children, together with a large circle of friends to mourn their irreparable loss. Mrs. Anderson was born in Aberdeen, Scotland, and has resided in this City for upwards of fifteen years.

On the 12th inst., after a lingering illness, Miss Eliza White, in the 21st year of her age.

Yesterday morning, by casualty, about one hour after he had left his home in good health, Mr. Jas. Merritt Wetmore, aged 46 years; leaving a wife and six children to mourn their sudden and melancholy bereavement. The deceased was a kind and worthy man, much esteemed by all who knew him.—Funeral to-morrow, (Saturday,) at 4 P. M., from his late residence in Portland.

At Springfield, on Wednesday inst, Frances, wife of Mr. Henry Wetmore, and daughter of Mr. John Croft, of Wickham, aged 18 years and 9 months.
