—BY THE—

DIAMOND

Rheumatic Cure!!

Effectually curing thousands of our citizens from that terrible malady,

Rheumatism.

This statement is substantially a FACT based upon evidence in the possession of the agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, and particularly from some of our most respectable and trustworthy families.

DIAMOND

Rheumatic Cure.

In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of enquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of its merit alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, do we say this, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered by millions of grateful souls.

The proprietor of this medicine has walked the aisles of the hospitals of London, Eng., for the past twenty years, making rheumatism a specialty, and the prescription from which this remedy is compounded is all he ever used in the treatment of this disease.

This medicine is for sale at all the druggists throughout Canada. If it happens that your druggist has not got it in stock, ask him to send for it to

Protect Your Buildings!

Which may be done with one-fourth the usual expense by using

Gline's Patent Slate Roofing Paint,

MIXED READY FOR USE.

Fire-proof, Water-Proof, Durable, Economical and Ornamental.

AGENTS WANTED IN EVERY TOWN.

A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 5 to 8 years. But roofs can be patched and coated, looking much better, and lasting longer than new shingles without the slate, for

One-third the Cost of Reshingling.

The expense of slating new shingles is only about the cost of simply laying them. The Paint is FIRE-PROOF against sparks or flying embers, as may be easily tested by any one.

It Stops Every Leak.

And for tin or iron has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense, and preserved for many years.

This Slate Paint is

Extremely Cheap.

Two to three gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt, matched-boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface; and although the Paint has a heavy body, it is easily applied with a brush.

No Tar is used in this Composition,

therefore it neither cracks in winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that will last for years. *Curled or warped* shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks, and although a slow dryer, rain does not affect it a few hours after applying. As nearly all Paints that are black contain *tar*, be sure you obtain our *genuine* article which (for shingle roofs) is

Chocolate Color,

when first applied, changing in about a month to a uniform slate color, and is to all intents and purposes *Slate*. On

Tin Roofs

our red color is usually preferred, as one coat is equal to five of any ordinary Paint. For

Brick Walls,

our *bright* red is the only reliably slate Paint ever introduced that will effectually *prevent* damp rises from penetrating and destroying the plaster.

For Barns, Fences, and Outbuildings our

Drab Slate Paint

is peculiarly adapted, as it will not corrode and the color is desirable.

CUMBERLAND, SS.

CAUSE { ALEXANDER ROSS, Plaintiff, vs. THE LAWRENCE MANUFACTURING COMPANY, Defendants. }

To be sold at PUBLIC AUCTION by the Sheriff of the County of Cumberland, or his Deputy, on the premises of the defendants, at Southampton, in said County, on MONDAY, the twelfth day of October next, at twelve o'clock, noon:—

ALL the Estate, Right, Title, and Interest of the defendants, the Lawrence Manufacturing Company, of, in, to, and out of the following

Pieces or Parcels of Land,

Situate and being

AT SOUTHAMPTON,

aforesaid, and described as follows:—

A certain Lot lying and being on the western side of the road leading from Southampton to Maccan Mountains, bounded easterly by said road and a lot belonging to William F. Harrison, northerly and westerly by land of Joseph Atkinson, and southerly by "The Hannah Road," so called, containing two acres, one rood, and sixteen poles, more or less, excepting and reserving the Building thereon, used and occupied as a blacksmith shop.

Also, a certain other Lot or Parcel of Land lying on the north side of the Maccan River and commencing at the Bridge, crossing the said River on the said "Hannah Road," thence following the said road in a northerly direction until it intersects the road above mentioned leading to Maccan Mountains, thence in an easterly course following said "Mountain Road" until it strikes the River aforesaid, thence by the several courses of the said River down stream to the place of beginning, containing SIX ACRES, more or less, and being the same lot whereon the Factory Buildings of the defendants are erected; together with the water and other privileges described and conveyed in a lease entered into between Amos Lawrence of the one part and the President and Secretary of said Company of the other part on the 9th of May, A. D. 1872, and duly recorded in the office of the Registrar of Deeds at Amherst, and all Buildings (except blacksmith shop above reserved), Erections, Machinery, and Fixtures therein, Dams, Ways, Waters, Watercourses, Easements, Privileges, and Appurtenances on the above described Lots, or either of them, or thereto or to the said Company belonging or in any wise appertaining.

The said Lands and Premises having been levied upon under Execution issued on a Judgment in the above cause, duly registered more than one year.

TERMS:—Ten percent. deposit. Balance in sixty days, when Deed will be given.

AGREEN TINGLEY & SONS.

August 5th, 1874 [illegible]

To the Electors of the County of Cumberland:—

GENTLEMEN,—Having received gratifying assurances of support, and at the solicitation of a large number of the freeholders, I respectfully offer myself as a Candidate for your suffrages at the coming election to fill the seat now vacant in the Local Legislature

Should you honor me with your confidence and return me as your Representative, being entirely unpledged, I shall consider myself at liberty to act in any manner that in my judgment is calculated to advance the best interests of the country.

Whilst endeavoring to promote the general welfare, it will be my special object to advocate the construction of a Railway tapping the waters of the Gulf and also the early completion of the road to Parrsboro', and all other Branch Lines that the increasing wants of the country may require, as rapidly as the resources of our province will admit of.

I shall use every effort to encourage our growing Manufactures. The furthering of every means having for its object the development of our invaluable Mines and Minerals, I look upon as deserving of the highest consideration, and they shall receive my best attention; and especially will I at all times promote in every possible way the Agricultural interests of the County, which I deem of primary importance.

I am, Gentlemen,

Yours respectfully,

R. MITCHELL.

CARD.

Electors of the Co. of Cumberland.

GENTLEMEN,—In response to the urgent solicitation of many of you I will be a Candidate, at the next Election, shortly to take place, to fill the vacancy caused by the death of Mr. Pineo, our late representative in the Local Assembly.

If you should deem it wise to honour me with your confidence and support, I will try to represent you faithfully, and to the best of my judgement and ability.

I believe that the present government merits the confidence of the people, and that their general policy is wise particularly in regard to education and Railways; therefore I am willing to give it a liberal support.

Believing that a majority of the independent Electors of Cumberland, will endorse these views, I now come forward with confidence, trusting that you will elect me as one of your representatives, for the remainder of the Parliamentary term.

I only ask a fair trial, and if I should prove unworthy of your confidence, you can easily select another to take my place.

I am, gentlemen,

Your obedient servant,

PETER McDONALD.
