LIBERALS, REGISTER!

Liberals should call at Col. Leys committee rooms, 238 Dundas street, and see whether their names are on the list. All tenants not on last municipal list, all young men, not tenants or property-owners, must register. The committee rooms are open from 0 a. m. to 10 p.m.

A LOCAL BUDGET.

—The annual meeting of the board of trade will be held tonight.

—Mrs. Patton, of this city, is visiting her sister, Mrs. Arthur Davis, Barrie.

—Mr. Albert J. Edwards, of Petrolia, has taken a position with the Canadian Fire Engine Company.

—Lieut.-Col. Peters, D.O.C., of this city, inspected the Guelph Collegiate Institute Cadets this afternoon at 2 o'clock.

—Mr. Walter Pierce, messenger at the Grand Trunk station, has been promoted to the position of general yardmaster's clerk. He is succeeded by Mr. Chester Sheere.

—Mr. R. E. Stewart, of 45 Byron avenue, South London, who has been lately operator on the C. P. R., about 70 miles east of Rat Portage, has been promoted to the position of agent of the same line at Rennie, Man.

—Mr. Benjamin Nuttall, for several years connected with the Michigan Central at St. Thomas, in the locomotive department, has been engaged by the Canadian Fire Engine Company, and will remove to this city.

—The Canadian Pacific Railway Company will put on two more passenger trains between Windsor and this city on May 15. One of the trains will arrive in Windsor at 10 o'clock in the morning, and leave at 6 in the evening.

—The pupils of St. Peter's School, who obtained the highest marks in the different subject during the month of April were: Fourth class, senior—Tillman Corcoran, Edward Flannery, Tom Brennan, Edna Morkin. Junior—Alice Moore, Beatrice McPherson, May Cox, Louise Shaffer.

WON MEDAL.

Miss Nena Burke, of this city, won the Royal Templars of Temperance gold medal in an elocution contest at Stratford last night. Seven contestants competed.

LEASED NEW QUARTERS.

An arrangement was entered into by the public library board and the Y. W. C. A., by which the latter lease the top flat of the library building for two years, having the option also of remaining for three.

SUING FOR $7,100.

A statement of claim was filed at Osgoode Hall yesterday on behalf of Ambrose J. Small, who is claiming $7,100 from the Shea Theater Company, Toronto, because of the failure of the defendant company to fill a contract for booking vaudeville attractions at Mr. Small's London, Ottawa, Kingston and Hamilton theaters. Dates had been set and a few performances given, when the Shea Company refused to continue. Mr. Small's claim of $7,100 is wholly for rental of houses, and does not include damages.

Latest in Golf Clubs.
The new McGregor Side-Spliced Clubs. Strongest club made, will stand all manner of abuse. No twine, no excess glue. The longest driving club in the world. New stock of McGregor wood and iron clubs just received from the factory. Also Haskell Ball, Vardon Flyer, etc.

Society Stationers,
183 DUNDAS STREET.

WILSON—CARSWELL.

The marriage of Rev. Thomas Wilson, pastor of King Street Presbyterian Church, and Miss Annie E. Carswell was solemnized yesterday afternoon at the residence of the bride's father, Dorchester township. The ceremony was performed by Rev. A. Wilson, the groom's brother, who was assisted by another brother, Rev. Wm. Wilson, of Ohio, and Rev. Wm. Kay, of Dorchester. Mrs. Wilson will be at home at 715 Dundas street after May 26.

CHARMING CONVERSAZIONE.

A large audience occupied Cronyn Hall last night to enjoy the charming conversazione given by the ladies of St. Paul's Guild. A pretty May-pole dance and the crowning of the May Queen was given by the following children: Miss Helen Reid, May Queen; Misses Mona Wilson and Anna Rosevear, maids of honor; and Misses Edith and Gracie Greer, Topsie Wilson, Kathleen Line, Helen Raymond, Florence Weld, Norah Moore, Gladys Peters, Nancy Niven, Margerie Underwood, Marjorie Blandford, Freda and Gwendoline Alexander and Margaret Bloomington. The children were trained by Misses Raymond and Mattinson. The following programme was also given: Piano solo, Miss Jessie Hamilton Strong; solo, Mrs. Beck; flute solo, Mr. F. Farncomb; solo, (a) "Spring Song" (Becker), (b) "May Day" (Walthew), Miss Margaret Grace Clark; solo, Miss Magee; solo, Mrs. Beck. The sale of work and refreshments resulted successfully. Rev. Canon Dann occupied the chair.

RESIGNATION OF P. C. RICHARD COURSEY

Well-Liked Officer Quitted Police Force on Tuesday.

The London police force has lost another officer in the person of P. C. Richard Coursey, who tendered his resignation to Chief Williams on Tuesday. It is understood that his action was the result of a misunderstanding with another member of the force. P. C. Coursey was well-liked by the public and by his fellows. He will probably remove to the northern part of the country, where he has been negotiating for the acquirement of a business.

HICKS' HOROSCOPE FOR MONTH OF MAY

Will Be Generally a Fine Month—Warmer Weather Starts in Tomorrow, Followed by Stormy Period.

Rev. Mr. Hicks, of prophetic fame, thus outlines the meteorological programme for May:

About the 3rd of May, the date on which the moon passes over the celestial equator coming northward, look for decided rise of temperature, beginning, of course, in western parts, resulting in threatening storms of thunder, wind and rain progressively from west to east about the 3rd, 4th and 5th.

It is quite probable that an unsettled, if not stormy condition of the weather will continue from these reactionary storm days into and through the Vulcan storm period, extending from the 7th to the 12th.

We would again call attention to the fact that the month of May brings a tier of states. In the nature of things this generates an abnormal amount of electric and solar energy in our atmosphere and usually brings on a series of very threatening and often dangerous storms.

We believe that a daily series of storms of thunder, rain and wind, with heavy hail in many localities, will occur from about the seventh to the 11th, and that at the final "blow out" or break up of the cycle, a marked change to cooler weather, with great probability of heavy frosts northward are almost certain. If only one general storm should occur at this period, the cool wave and frosts will follow it up immediately.

A reactionary storm period is central on the 14th and 15th, followed on the 16th by the passage of the moon over the celestial equator, on her way to south declination.

Such a thing is not improbable for the daily cycle period referred to above to last into this reactionary period, and if such should prove to be the case, look for a general and violent culmination on and touching the 16th.

Very cool nights and frosts over northern sections will most likely follow these reactionary perturbations, with very cool weather over most parts of the country, lasting from about the 16th up to about the 19th.

The Vulcan storm period, central on the 21st, and covering the 19th to the 23rd, is another period in which very active storms may be counted on.

We will name Wednesday, Thursday and Friday, the 21st, 22nd and 23rd, as the days upon which the storms of this period will develop and run their course from west to east.

As we enter this period the days and nights begin to grow sultry and warm. About the 20th these conditions will break into active storms of rain, wind and thunder in western sections, and during the three days next following, these storms will increase in extent and severity as they gather force and move eastward across the country.

On and touching the 26th and 27th look for change to much warmer, falling barometer and some decided storms of wind and rain.

Summing up the outlook for May, we predict that generally it will be a fine month for pushing the work of the season.

For Saturday:

DIED OF LOCKJAW AT THE HOSPITAL

Terrible Death of Wm. J. Hunter, the Resul of a Trivial Accident.

William John Hunter passed away at Victoria Hospital yesterday after an illness of two weeks from lockjaw. Only his splendid physical condition enabled him to withstand the disease for that length of time. It was thought a week ago that he would recover. The case was a bad one, nourishment having to be furnished the patient through a tube. His sufferings were said to be terrible.

A wound in one of his toes is thought to have permitted the germ of lockjaw to develop. He had been digging in his bare feet in a raspberry patch.

Mr. Hunter came from Waubuno, but was born in Quebec. He worked for the last two years of his life as a gardener for Mr. Lackie, of Kensington. He was unmarried.

Questions Answered.

TRADE-MARK.—D. S. wishes to place on the market a biscuit with trade-mark, consisting of a head of grain together with the name of same. What will a trade-mark for Ontario cost? What for the Dominion? Must he employ a lawyer? Or could he simply send the fee, etc., to the registry office? How should the address be written? Can he place said biscuit on the market (in stores and groceries), without legal formalities, simply putting on the parcel said trade-mark and his own name and address? If he makes them in a part of his house on the farm must he pay license or extra taxes? Ans.—A trade-mark cannot be registered for Ontario only, but may be for the whole Dominion. The fees are $50 for a general and $25 for a special trade-mark. You need not necessarily employ a lawyer, but it will be prudent to do so. Address Minister of Agriculture, Ottawa. He may place his biscuit on the market without formality, provided his design does not infringe a trade-mark already registered. There is no license required for making biscuits.

Dainty Window Draperies

REAL NEWNESS marks our display of CURTAINS and CURTAIN MATERIALS. We have the latest creations in Window Draperies as soon as they are put on the markets of Europe and America.

NOTTINGHAM LACE CURTAINS.
—Not in the old styles of all-over patterns that a tasteful housekeeper would not have at any price, but NEW DESIGNS in plain net centers, with ribbon borders. Hundreds of pairs to choose from. ON SALE EVERY MORNING AT THE SAME PRICE, AND THAT ALWAYS THE LOWEST. From 50c per pair.

SASH NETS.
—A large shipment just to hand, beautiful new materials, in the latest novelty designs, at any price, from 25c to 85c per yard.

In Our Specialty, Housefurnishings,
WE EASILY LEAD.
A. Screaton & Co

CITY ENGINEER RECOMMENDS MORE ASPHALT PAVEMENTS

List of Streets Requiring Immediate Attention.

Numerous Petitions Against the Cement Walks Allowed.

Board of Works Would Have New Wide-Tire Bylaw Passed—Teamsters' Wages.

The board of works transacted a considerable amount of business at their regular meeting last evening.

Secretary Bell presented a regulation adopted by last year's board to the effect that the city pay half the cost of cement sidewalks; a quarter of the cost of a roadway or pavement put down on a street where there had been no constructed road before; and half the cost of roadways and pavements where roadways had been previously put down.

Ald. Jolly moved that the city hereafter only pay for the street intersections, all frontage to be paid by the taxpayers, and the remainder of the regulation to remain as before. After a lengthy discussion his motion carried.

A motion passed by the Ottawa city council regulating the width of wheels on all conveyances where the load exceeds 1,000 pounds, was received and read. It provided for the fining of everyone not having tires between 3 and 5 inches in width.

Ald. Jolly's motion that all wheel tires on heavy conveyances should be from 3 to 5 inches in width, and that the former bylaw be rescinded, the new bylaw not to come in force for one year after its passing, was adopted.

Engineer Graydon recommended that the wages of teamsters be reduced from $3 50 a day to $2 50. He said there were few men who earned this much money in a day. There were some, however, who did earn this much money, and this fact prevented the board from taking any direct action. It was moved and carried, however, that the engineer be instructed to see that the ward foremen discharged men who did not do their duty, and that men using quarter-cord boxes be only given $3 per day, and those with one-third cord boxes $3 50 per day.

NEW PAVEMENTS.

The engineer recommended that the following streets be paved:

Dundas street, Wellington to Waterloo; asphalt, with brick for street railway portion.

York street, Richmond to Talbot; asphalt, with brick for street railway portion.

Maitland street, Dufferin avenue to Princess avenue, and William street, from Dundas to King streets; macadam pavements.

King street, Wellington to Ridout; asphalt pavement.

King street, Wellington to Adelaide; bituminous macadam.

He reported that Maryboro Place was in such a condition as to require new blocking.

He recommended that macadam pavements should be put down for a five-year life, unless it was provided for in the bylaw for maintenance by the property owners. The asphalt and bituminous pavements should be put down for a ten-year life.

AGAINST CEMENT WALKS.

The following petitions against cement walks were allowed: W. H. Small, south side of Princess avenue, between English and Elizabeth streets; W. D. Buckle, east side of William street, between Oxford and St. James streets; Alice Butler, north side of St. James street, between Wellington and Waterloo streets; John Coulter, east side of Maitland street, between South and Nelson streets; B. J. Clampitt, east side of Colborne street, between Bathurst and Simcoe streets; Henry Warner, north side of Phillip street, from Maitland to William streets, and H. B. White, north side of Riverview avenue from Wharncliffe road to lot 4 on the same street.

The following petitions against cement sidewalks were filed: John G. Draper, south side of Grosvenor, from Maitland to William streets; Mary A. Laskie, south side of Kensington street between Wilson avenue and Wharncliffe road; Bowman & Co., north side of Bathurst, from Talbot to Clarence streets; J. R. Minhinnick, Grand avenue, from Ridout to High streets; R. Stephens, south side of Emery, from High to Ridout streets.

Ald. Jolly moved that as soon as the bylaws to provide for the construction of pavements on Talbot and Peter streets was passed that the engineer call for tenders. Carried.

Wm. Nicholls wrote the board, asking that some action be taken to remedy a nuisance in a lot on Wharncliffe road, near Blackfriars street. The engineer was given power to deal with the matter.

The petitions of John S. Pearce for an 8-inch tile sewer on Talbot street, from Albert street north to another sewer, was confirmed on a former recommendation, and that of H. S. Alberton for 6-foot cement sidewalk on the south side of Pall Mall street, from Wellington to Waterloo streets, was granted.

The petition of Wm. Park for a 6-foot cement walk on Richmond street, from Cheapside to Victoria street, in place of a 5-foot walk, was filed.

The pay sheet amounted to $320 18.

Those present were Ald. Cooper (chairman), Dreaney, Jolly, Gerry, Secretary Bell, and Engineer Graydon.

DAILY PICTURE PUZZLE.

LABOR DIFFICULTIES

Number of Men Idle at St. Thomas—8,000 Out at Pittsburg.

St. Thomas, Ont., May 1.—Forty per cent of the total number of men employed in the Michigan Central Railway shops here were laid off last night, and great dissatisfaction prevails. It is thought this is the first move of the company to introduce the piece-work system, as the men laid off included many who were most outspoken during the recent friction. Another significant fact is that the remaining employes continue to work a full ten-hour day, which if, as the company claims, the lay-off is occasioned by lack of work, the same effect could have been produced by employing the average number of hands and reducing the work days to eight hours, as has been done on previous occasions. Some 50 heads of families are thrown out of employment.

EIGHT THOUSAND IDLE.

Pittsburg, May 1.—Reports received up to noon indicate that the number of men out will not exceed 8,000. A number of firms have signed the various trades organization scales, and, with the exception of the carpenters and the structural ironworkers, the strikes are not as extensive as expected.

CHANCELLOR BOYD ARBITRATOR.

Toronto, May 2.—Chancellor Boyd has been selected as the third arbitrator to settle the differences between the C. P. R. and their trackmen. Chancellor Boyd is expected at Montreal in a few days, when the questions in dispute will be submitted to him.

WORST STORM IN YEARS.

Ottawa, May 1.—The worst storm in years swept over West Templeton yesterday afternoon, and considerable damage was done by the lightning. A heavy fall of hail accompanied the storm.

STEAMERS ARRIVED.

May 1.	Reported at	From

A PERMANENT CURE

After Four Years Mr. Brown Swears That He Has Not Since Had a Sign of His Old Trouble.

Oshawa, April 28.—The famous case of Joseph Brown, of the Oshawa Malleable Iron Works, has proven two things:

First—That Dodd's Kidney Pills are the most wonderful remedy ever offered to the sick and suffering, and

Second—That the cures effected by Dodd's Kidney Pills are not simply temporary relief but permanent, complete, and satisfactory cures.

Mr. Brown's sworn statement that he has not been off work a day since Dodd's Kidney Pills cured his helpless paralysis four years ago is the strongest kind of evidence.

Imitations and Light Weight.

Imitations of Clark's Pork and Beans in Chili Sauce are being marketed. "Clark's" name marks the genuine—10c large tins. 61u-18 M 2
