MOTION TO CALL IN RAILWAY BOARD TO HANDLE STREET CAR STRIKE WILL BE MADE AT TONIGHT'S SESSION OF COUNCIL

Full Discussion of Situation Is Promised—Up To Council To Call In Board, Says President of Carmen — Men Not Anxious To Inconvenience Public.

A resolution to call the Ontario Railway Board to deal with the street railway situation will be brought before the city council tonight, according to Ald. F. E. Harley, who is acting mayor today. This view is confirmed by several other members of the council.

There were no developments during the day. Interest centred chiefly on the probable action of the city council tonight and on a special meeting of the trades and labor council.

Undoubtedly there will be a full discussion of the situation at the city council, and it is possible that the decision made last Friday, not to call the railway board, will be reversed now that the strike is an actual fact. When the former decision was made the strike had not developed, and the aldermen saw no reason why they should interfere so long as there was a possibility of settlement.

Deputations representing the street railway employees and citizens in general will likely be present at the meeting to urge that some action be taken by the council, instead of it remaining passive, as it has done thus far.

Taxi Drivers.

Taxi drivers are expected to be present to protest against automobiles being allowed to carry passengers without paying the same fees as the taxi drivers are compelled to do in ordinary times. They point out that all the taxis in the city, numbering about 30, may be taken off the streets unless this is done.

Street railwaymen held a meeting this morning, but nothing was done in addition to the roll call and some routine business. The men are strongly in favor of the railway board being called to the city, ex-Ald. John Colbert, president of the union, stated.

"I think it is up to the city council to call the board. I don't see how they can get away from it," said Mr. Colbert. "That is the official body appointed by the Government to settle troubles of this kind, and I think it should be called as soon as possible. The men are not anxious to inconvenience the public one hour longer than necessary. The sooner it is settled the better they will be pleased."

Jitney service continued to partially supply the transportation needs of the citizens today. Dundas street from Richmond to Adelaide street had the best service. Other parts of the city were accommodated to some extent, but it was difficult to reach outlying points, as the drivers of the cars did not want to leave the main thoroughfares, where the traffic was heaviest.

Affected Business.

The lack of transportation had some effect on business. Shoppers did not come to the down-town district in such numbers as usual. Merchants in other parts of the city benefited from this situation, as trade came to them which usually goes to the down-town section.

The public are taking the situation fairly good-naturedly. The jitney rides are proving more or less of an adventure. Many of the citizens who voted against higher fares last January are, of course, quite reconciled to conditions and are standing by their decision to walk unless they can ride at the old rate.

The citizens' committee, which so strenuously opposed higher fares last year, is again active. A progressive euchre party and dance on May 20 has been announced for the purpose of obtaining funds. These will be used to carry the fares case to a higher court. Last year the committee was successful in obtaining an injunction and quashing the higher fare bylaw. This was reversed in the division, although one judge dissented. The committee thinks that it has a good chance of having the first decision upheld.

If they succeed they will close one avenue of escape which yet remains for the council. At present, according to the last decision of the courts, it is quite legal for the council to authorize a higher rate of fares. If the railway board was called in, and after investigation, reported that higher fares were necessary, it is quite possible that the council would pass a bylaw similar to last year. The citizens' committee is working to block a move of this nature.

JAMES J. LARKIN, the Irish agitator, who was sentenced today to serve a term of from five to ten years at hard labor in a Nek York State prison. He was convicted of criminal anarchy.

JAMES J. LARKIN GOES TO PRISON FOR LONG TERM

Irish Agitator Is Sentenced to From Five to Ten Years.

CRIMINAL ANARCHY

Precautions Were Taken To Prevent Any Demonstration.

New York, Mya 3—Extraordinary precautions were taken today when James J. Larkin, Irish agitator, convicted of criminal anarchy, was sentenced from five to ten years in the state prison at hard labor.

Larkin, who clashed several times with the court while conducting his own defence, took his sentence quietly. Bowing to Justice Weeks, he said: "I thank you, sir."

Names and addresses of spectators were taken at the door of the courtroom. Men were searched. Several were excluded for attempting a boisterous demonstration; one young woman was rebuked by the court when she rose and attempted to take Larkin's hand as he was led away.

Called to the bar, the woman said: "I simply rose, thinking I would be permitted to show respect in that manner for the man for whom perhaps I have more respect than any other. I thought I would be allowed to rise as one does for the judge of the court."

The mother of former Assemblyman Gitlow, now serving sentence for criminal anarchy, embraced Larkin. Another admirer gave him a leather coin case.

"This has been very interesting," Larkin said, smiling. "I am going to prison for a principle. Even death will not make me give it up."

PROVINCIAL LAWMAKERS LIKELY TO HAVE ALLOWANCES RAISED TO $2,000 FOR EACH SESSION

Government Expected To Offer $500 Less Than Members of Ontario Legislature Request—79 Out of 111 in the House Ask For Increase.

Toronto, May 3.—With at least two weeks of work still ahead of the Legislature, indications are that the members' request for an increased indemnity will be granted. It is understood that the Government is considering the matter, with a view to offering $2,000 as a compromise between the present allowance of $1,400 and the $2,500 asked. Seventy-nine members of the 111 in the House signed the round robin which was presented last week requesting the increase.

ALL LOCAL RECORDS FOR REAL ESTATE TRANSACTIONS SMASHED

368 Pieces of Property Sold During April—Amount Involved Close To Million Dollars—May Starting Out At Terrific Gait.

All local records for real estate sales were broken during the past month. Preliminary reports received by the assessment department indicate that the amount of money which changed hands during April will be close to a million dollars. Three hundred and sixty-six pieces of property were sold, which is the largest number for one month ever recorded in the city.

Detailed figures as to the amount paid and the assessment have not been compiled. They will not be ready for some time owing to the large amount of work entailed by these record-breaking conditions.

Building is keeping pace with real estate. Building permits for $65,230 were issued by Building Inspector A. M. Piper on May 1. This one day's record is almost half of the total of $129,575 attained during the whole month of May last year. With other building commenced this year the figures for this month give a total of $449,310. They will easily reach half a million dollars by the end of the month, Mr. Piper said.

The Copp Syndicate has taken out permits for a number of houses. These include a two-story brick veneer dwelling on Gerrard street to cost $5,000, and four two-story brick veneer houses on Gerrard street to cost $4,200 each. W. T. Spettigue has taken out permits for four 1½-story brick veneer dwellings on Bruce street to cost $5,000 each.

C. S. Hyman & Co. have obtained a permit to erect a leach house on Ann street adjacent to other parts of the tannery. This will cost $19,000. H. C. McBride is the architect and John Hayman & Sons are the contractors. J. Sandford has obtained a permit to build a one-story brick veneer house on Oxford street at a cost of $3,000.

G. E. McCRANEY, EX-M.P., of Saskatoon, who is mentioned as possible successor to Sir Richard Lake for lieutenant-governor of Saskatchewan.

FRENCH LABOR DECLARES FIGHT TO BITTER END

Only About Half of Trains in Paris Are Operating.

MANIFESTO ISSUED

Program Outlined Calls For Radical Departures From Present System.

Paris, May 3.—The strike situation in this city was generally stationary at the north and east stations this morning, only about 50 per cent of the usual number of trains being in operation.

The general labor federation last night issued a manifesto declaring it will continue the struggle, and disclaiming all responsibility for the present events.

The manifesto recapitulates its program comprising a national economic council, an international commission to apportion raw materials, an international fleet under the league of nations to bring down freights, reorganization of the railroads and other measures.

It concludes by affirming that execution of this program would have prevented all the ills from which the country is suffering, and would have brought wealth and prosperity.

HARBOR TRAFFIC TIED UP.

Marseilles, May 3.—This harbor is almost completely paralyzed by the strike. No ships have left since the walkout was declared, and the docks are deserted.

FIFTY KILLED, 150 HURT WHEN STORM DESTROYS SMALL TOWN OF PEGGS IN OKLAHOMA STATE

Special Train Carrying Doctors and Nurses Leaves For the Stricken Place—Hundreds Go From the Neighboring Centres To Assist in Rescue Work—Wire Communication Severed.

37 BODIES RECOVERED.

Muskogee, Okla., May 3.—Thirty-seven bodies have been recovered by rescuers from wrecked houses in the storm-demolished town of Peggs, according to a report from Tahlequah. This information was brought from Peggs by the first man to arrive from there today.

Twenty of the bodies are reported to have been taken from one building.

Muskogee, Okla., May 3.—Fifty persons are reported killed and more than 150 injured in a storm that is said to have destroyed the little town of Peggs, Okla., Cherokee County, last night.

A specitl train carrying doctors and nurses and equipment left here for Peggs this morning. All doctors and nurses in Tahlequah also have gone. Practically every store in Tahlequah (which is the county seat of Cherokee County) has closed, and several hundred people have gone to Peggs to do rescue work. Direct communication with the stricken town was impossible this morning, as all wires from Muskogee to Peggs are down.

OFFERS RANSOM FOR RECOVERY OF HIS DAUGHTER

New York, May 3.—An advertisement offering to ransom his 14-year-old daughter Henrietta, who has been missing for two weeks, was inserted in a New York newspaper today by Louis Bulte, a cigar manufacturer.

Mr. Bulte said the advertisement was inserted in compliance with demands in a letter received by him purporting to have been sent by kidnappers. The girl disappeared while on her way to a bank to deposit $265 for her father.

JOHN EDWARD TEIPER IS FOUND NOT GUILTY; JURY OUT 71 HOURS

Buffalo Man Acquitted After New Trial.

CLUNG TO ONE STORY

Declares Crime Was Committed by Negro Highwayman.

Buffalo, May 3.—John Edward Teiper, acquitted on an indictment charging him with the murder of his mother, Mrs. Agnes M. Teiper, four years ago was released from custody at noon today and walked out of court a free man, except as the district attorney may proceed against him with an entirely new case before a grand jury.

Buffalo, May 3.—The jury in the case of John Edward Teiper this morning returned a verdict of not guilty.

The jury had been out since Friday morning at 11:14 o'clock. All of the nearly 71 hours was spent in considering the evidence brought out at the trial, which, like the first trial, was based on an indictment charging Teiper with the murder of his mother, Mrs. Agnes M. Teiper.

The murder of Mrs. Teiper and her son Frederick occurred on the road between Orchard Park and Buffalo, about midnight on the evening of Sunday, January 30, 1916.

On February 1, two days later, John Edward Teiper was arrested. He was indicted February 7, but the trial did not start until February 15, 1916. The jury was completed November 23, and the trial ended December 23, when the jury returned a verdict of guilty of murder in the second degree. Teiper was sentenced to life imprisonment, and shortly afterwards was taken to Auburn prison.

Teiper was brought back to Buffalo on June 7, 1919. Since then he has been confined to the Erie County jail. Although a second trial involved the possibility of a death sentence, Teiper is said to have declared that he preferred death to serving the remainder of his life in prison. He never deviated from the story told to the police on the night of the murders, that the crime was committed by a negro highwayman.

Spectators Cheer.

Spectators in the court cheered when the jury foreman, at 10:55 o'clock, reported the verdict of "Not Guilty," to Justice Harry I. Taylor. Teiper, after embracing his wife, rushed to the jury box and shook hands with the jurymen. His wife followed him, shaking hands with each juror and thanking them.

Counsel for Teiper at once moved for formal discharge.

An assistant district attorney in the absence of his chief, Guy O. Moore, explained that another indictment charging Teiper with the murder of his brother was pending. He suggested that Teiper be remanded to jail for an hour until Mr. Moore could be consulted.

Judge Taylor complied, adding that he would admit Teiper to bail if counsel so desired.

PASTOR OBJECTS TO CUTTING SERMON ON ACCOUNT OF MUSIC

Rev. T. T. Shields of Toronto Church Tenders Resignation.

WELL KNOWN IN LONDON

Will Let Congregation Decide On Behalf of Minister or Organist.

Toronto May 3.—Rev. T. T. Shields, pastor of Jarvis Street Baptist Church, the leading church of the denomination in the city, has tendered his resignation with the idea of having the congregation indorse him in his attitude toward Dr. Edward Browne, organist and choirmaster and a leading musician in the city, who came from England some ten years ago.

The difference between the pastor and the organist is over the music. The pastor points out that his sermon has to be cut down to 20 minutes because of the many musical numbers.

GEORGIANS RISE TO ARMS IN ATTEMPT TO HOLD BACK REDS

Four Additional Classes of Recruits Are Ordered Out.

Constantinople, May 3.—The seizure of Bakux, on the western coast of the Caspian Sea, by the Russian Bolsheviki, on April 28, has aroused the Georgians, who have called four additional classes to arms, and announced that they will not permit the Reds to enter Georgia through Azerbaijan.

The Georgians thus far have been able to prevent the Bolsheviki from entering Georgia through the mountain passes in the vicinity of Vladikavkaz. The Georgians declare they will not admit any armed force, as Georgia merely wants to protect its own independence without the interference of outsiders.

SUFFOCATED IN ACCIDENT.

Fenelon Falls, Ont., May 3.—Arthur Suddaby of Burnt River, while motoring yesterday, was suffocated when the car which he was driving upset in a ditch, pinning him under it. The other occupants escaped uninjured.

COMMITS SUICIDE BY LEAPING FROM 14TH FLOOR OF BUILDING

New York, May 3.—Tony Tazio, 30 years old, detained by the department of justice as an important witness against a number of radicals involved in the bomb outrages of last June, committed suicide early today by hurling himself from a window on the fourteenth flour of a Park Row office building, where the department headquarters are located. Tazio is believed to have evaded his guard by obtaining permission to go to the washroom. While there he leaped from a window clad only in his underclothes. The department of justice declined to give any further information regarding the prisoner, except to say that he had confessed to a part in the June plottings, and was an important witness.

MUSTAPHA KEMAL IS CONCENTRATING FOR DRIVE ON BRITISH

Nationalist Leader Calls Soldiers From Other Sections.

Constantinople, May 3.—By the Associated Press.—Mustapha Kemal, the Nationalist leader, apparently is relaxing his effforts on other fronts in order to concentrate his strength against the British and anti-Nationalist fronts along the Sea of Marmora. The siege of Hadjin has been lifted. Bands have been called from Cilecia to assist against the anti-Nationalists and British. Damad Ferid Pasha, the grand vizier, has dispatched a steamer with four battalions of troops to Ismid, and has named Suleiman Sherif Pasha, former minister of war, as commander of the troops in that area.

NO MORE CARDINALS WILL BE CREATED AT COMING CONSISTORY

Rome, May 3.—Confirmation of reports that no cardinals will be created at the coming consistory has been received from an official source at the Vatican. The consistory will concern itself entirely with the work of canonization of Joan of Arc and Marie Alcoque, a French nun who died in 1690.

Creation of cardinals is a personal prerogative of the pontiff, and, therefore, any reports as to who may be given the red hat are considered pure conjecture.

BOLSHEVIK FORCES HAVE BACKED UP AGAINST DNEIPER TO MAKE STAND

Warsaw, May 3.—Bolshevik forces have backed up against the Dnieper River and are preparing to resist the Polish and Ukrainian efforts to take Kiev, towards which General Pilsudski's men are fighting their way from three directions.

Winnica and Zhmerinka, approximately 52 miles southwest of Kiev, have been retaken by the Poles and Ukrainians after three days of fighting.

The reds have been pushed across the Bug River.

FARMERS MAY BUY TORONTO WORLD FOR USE AS PARTY ORGAN

Rumor of Purchase Finds Neither Confirmation Nor Denial.

[Special to The Advertiser.]

Ottawa, May 3.—The rumored acquisition by the agrarian interests of the Toronto World finds neither denial nor confirmation among members of that party at Ottawa. The general feeling, however, is that any negotiations to that end would be opened from the publication centre of the grain growers at Winnipeg. During the past year the Grain Growers' Guide has been extending its influence and efforts have been made to establish a publication of similar nature in the Maritime Provinces. In Ontario the Farmers' Sun, while a strong advocate of the farmers' interests, is not directly affiliated with the grain growers' movement. It is therefore considered quite probable that an effort may be made to obtain a daily in Toronto, whose functions would be to preach the gospel of the farmers throughout Ontario. There is a further rumor that the Liberals may endeavor to secure the paper, but in best-informed circles this is not considered at all likely.

PANAMANS PROTEST AGAINST AMERICANS FORTIFYING ISLAND

Pershing Halted On Way To Ball by Demonstration.

Panama, May 3.—Several thousand Panamans last night marched through the streets in a torchlight parade as a protest against the acquisition by the United States of the major portion of Tabogai Island for the purpose of fortification as a part of the Pacific defence scheme of the Panama Canal. An automobile, in which Gen. John Pershing was driving to a ball in his honor at the Union Club, was halted by the procession and forced to return to the Tivoli Hotel.

Mobs later formed in the streets and irresponsible persons threw rocks at prominent Panaman officials, a number of whom were injured. Mounted police charged and dispersed the demonstrators.

U. S. TRANSPORT ARRIVES.

San Francisco, May 3.—The United States army transport Mount Vernon arrived yesterday from Vladivostok with 4,852 passengers, including 3,163 Czecho-Slovak soldiers and 899 German, Austrian and Hungarian war prisoners, who are being returned to their homes in Europe.

HUIRT SAID TO HAVE CONFESSED KILLING OF CANADIAN WOMAN

The District Attorney of Los Angeles Reports Further Admissions.

Los Angeles, May 3.—In a second alleged confession, which officers were checking today, Walter Andrew Watson, alias James R. Huirt, admitted killing a Canadian woman he had married, but whose name he could not remember, according to Thomas Lee Woolwine, district attorney who said the confession was made to him yesterday. This made five women the man was declared to have admitted slaying.

The district attorney said Watson told him he had married the woman in Tacoma, Wash., and that he choked her and pushed her overboard while they were boating on Lake Washington, near Seattle. He was quoted as saying he then rowed ashore, leaving the woman's body in the water.

"Naturally, I told no one about it," the district attorney quoted him.

Woolwine said his investigation showed that Watson married Miss Beatrice Andrewatha, a Canadian, in Tacoma on February 6, 1919, and that she was said to be missing. He said he had advised Washington authorities of Watson's statement. Mrs. Beatrice Andrewatha is the third Canadian woman among Watson's alleged victims. The other two are listed as "missing."

POLISH FORCES OCCUPY KIEV

General Pilsudski Led Troops Into City.

Warsaw, May 3.—Polish forces occupied Kiev Sunday, according to extra editions of the newspapers here today.

Gen. Pilsudski, president of the Polish state, led the troops into the city, the newspapers say.

TWO WORKMEN ARE KILLED IN EXPLOSION AT POWDER MILLS

Montreal, May 3.—Two employees were killed in an explosion at the powder mills of the Canadian Explosive Company near Beloeil this morning.

MILK IN HAMILTON TO BE 15 CENTS A QUART

Hamilton, May 3.—The milk producers have reached an agreement with the Hamilton district distributors that the price of milk shall be $8.64 per eight-gallon can, wholesale. The price to the consumer for the summer will be 14 cents a quart and 7½ cents a pint.

TWO KILLED WHEN PLANE NOSE DIVES

Vallejo, Cal., May 3.—His father and an 8-year-old girl were killed and a third person was seriously injured yesterday when Charles Stoffer, jun., attempted to make a flight with three passenger in an aeroplane, which he had recently purchased. Coming down from the flight, the engine died and the plane went into a nose dive.

VETERAN RAILROADER DIES.

Hamilton, May 3.—M. C. Dickson, veteran railroadman, is dead at his home here, aged 75 years. Mr. Dickson was born in Scotland. He was general freight and passenger agent for the old Hamilton and Northwestern Railway, and afterwards he held the post of assistant freight agent for the Northern and Northwestern Railway. Later he joined the Canadian agency for the Southern Pacific at Montreal. He spent some years as passenger agent for the Grand Trunk at Toronto, and from there went to Woodstock, where he became station agent. He retired seven years ago.

BEACHVILLE MAN IS TO FACE TRIAL ON A CHARGE OF BIGAMY

Dennis Vallee Will Appear At General Sessions in June.

Woodstock, May 3.—Dannis Vallee of Beachville will face trial on a charge of bigamy at the general sessions in June. In the meantime he is out on $3,000 bail.

Vallee was postmaster of Beachville, and was prominently associated in the affairs of the local Baptist church. When it became known that he had mysteriously disappeared from the village early on the morning of April 13, simultaneously with the disappearance of Clara Canfield, a pretty 18-year-old girl, it was hard for the villagers to think of it as being other than a coincidence. However, following an absence of four days, the pair were located in Kingston, where Vallee was arrested. The girl's father accompanied the constable to that city and took his daughter home. It is said that Vallee went through a form of marriage with the Canfield girl, while at the same time having a wife, with whom he resided in Beachville.

SIXTEEN-YEAR-OLD GIRL TO BE TRIED ON MURDER CHARGE

Missouri Young Woman To Face Third Hearing.

St. Louis, May 3.—Sixteen-year-old Ursula Broderick went on trial for the third time here today charged with the murder of her stepfather, Jos. S. Woodlock. Attorneys said she was the youngest girl ever to face a first degree murder charge in Missouri.

A continuance was granted the first time her case was called for trial, and at the second trial the jury disagreed.

In 1916 Miss Broderick shot and killed her father, T. P. Broderick, and a coroner's jury exonerated her when she testified she shot in defence of her mother. The state contended at the second trial for the alleged murder of Woodlock that he was killed as he lay asleep. Miss Broderick testified she killed him when he attacked her. Mrs. Woodlock is charged with plotting her husband's death, and will be tried after her daughter.

LEGISLATION FOR RACE TRACKS TO BE DECIDED BY CABINET COUNCIL

Ottawa, May 3.—By the Canadian Press.—Race track legislation has still to be determined by the cabinet council. While there is some likelihood of legislation during the present session, it is regarded as improbable that it will be applicable to the coming meets.

As the matter stands, betting is permitted under the pre-war restrictions of the Miller act.

GOVERNMENT MINISTER'S SAFE IS LOOTED; $1,500 IN BONDS ARE STOLEN

Quebec, May 3.—The safe in the law office of the Hon. A. Galipeault, minister of public works of the province of Quebec, and attorney-at-law, was looted yesterday by so far unknown yeggmen, who entered the office by means of a skeleton key, opened the safe by working the combination. Fifteen hundred dollars worth of Victory bonds were taken.

ANSON BEST WILL BE PUT ON TRIAL TODAY

Pontiac, Mich., May 3.Anson Best, youthful factory worker, charged with the murder on April 24 last of Miss Vera Schneider, 19-year-old telephone operator, will be placed on trial in the circuit court here this afternoon.

BANK MESSENGER IS STABBED TO DEATH BY PAID ASSASSINS

Evidence Obtained At Secret Hearings at New York.

HAD $178,000 IN BONDS

Benjamin Binkowitch Is Lured To Car by Hired Murderers.

New York, May 3.—Evidence that Banjamin Binkowitch, the bank messenger who was stabbed to death at Milford, Conn., last August, after he had disappeared with $178,000 worth of stolen securities, was killed by a hired assassin because he refused to turn over the securities for $3,000, was developed, it was learned today, through information obtained at secret meetings held before United States Commissioner Alexander Gilchrist here last month in connection with the bankruptcy case against Nicholas Arnstein, a fugitive from justice.

The plot was hatched, according to information received by the police, in the apartment of a Cleveland gambler in the theatrical district here two days after the messenger disappeared. Binkowitch was living with friends in an east side tenement house. He is alleged to have been lured from his hiding-place by the murderers, who induced him to accompany them in a limousine to Milford, where they claimed to have a purchaser for the stolen bonds.

Binkowitch, according to the report, went to a hotel in Milford, where he remained with the men who were to kill him several days.

Stabbed in Back.

On the night before the murder, Binkowitch, the evidence as made public says, was aroused about dawn, and with the assassins got into an automobile, ostensibly to meet the man who was to purchase the securities from him. He is alleged to have boasted about having the securities hidden in the lining of his coat.

The automobile containing Binkowitch and the assassins started through the Milford turnpike. When about two miles from the town one of the assassins is alleged to have pulled young Binkowitch from his seat, while the other plunged a knife into his back. He was then thrown out of the car into a clump of bushes, where his body was found three days later. The murderers then are reported to have stopped the car about a half-mile from the scene and to have walked back to the body. Binkowitch was still alive, the report says, and put up a hard struggle with the assassins, who stabbed him upward of two dozen times before the death blow was administered. The police are said to be in possession of four stilettoes with which he met his death, as well as a number of pistols found in one of the hotel rooms occupied by the murderers.

BUYS TIMBER LIMITS.

Sherbrooke, Que., May 3.—The Brown Corporation of Berlin, N. H., have completed the purchase of timber limits near the mouth of the Saguenay River for $1,000,000.

CELEBRATE GOLDEN WEDDING.

[Special to The Advertiser.]

Kingston, May 3.—Hon. T. W. Crothers arrived in the city this afternoon to attend the 50th wedding anniversary of his brother, W. J. Crothers, head of the Crothers Biscuit Manufacturing Company. The marriage took place in Kingston. Mrs. Crothers was formerly Miss Bajus, daughter of the late Philip Bajus, a well-known brewer.

Kaiser's Son Wants To Be Screen Star

Young German "Noblemen" Excited Over Huge Salaries Paid in U. S. Studios.

Paris, May 3.—Many young German "noblemen," including the former kaiser's second son, Eitel Friedrich, are anxious to become movie stars, according to Winfield S. Sheehan, who has just returned to Paris from Berlin, and is on his way home. Mr. Sheehan says that several counts, barons, dukes and princes have proposed to him that they be engaged to act before the screen.

They are at the end of their purses and presumably have heard of the "fabulous" salaries paid to movie stars. Most of these young aristocrats wish to go to California and lead in cowboy and wild west pictures, in which the shooting and riding especially appeal to them.

Eitel Friedrich is weary of the automobile business, in which he has been engaged, and complains that he cannot make enough money at it to live respectably. Other scions of noble houses mournfully display, in proof that they are dead broke, the old clothes and celluloid collars they are wearing. Some have been driven to live in hall bedrooms.

AMERICAN WARBOATS SENT TO VERA CRUZ TO PROTECT CITIZENS

Dispatch of Destroyers Said To Be Only Precautionary Measure.

Washington, May 3.—American destroyers have been ordered to Vera Cruz and Tampico to protect Americans there.

It was said that the vessels would not interfere in Mexican affairs, and that their dispatch was a precautionary measure. Only the cruiser Sacramento is now on the east coast of Mexico. She was last reported at Tampico. No reports of any disturbances in either Vera Cruz or Tampico have been received by the state department, but revolutionary outbreaks have occurred near both ports.

Advices to the Government today said the line between Mexico City and Vera Cruz had been cut but they did not indicate the extent of damage.

TORONTO WELCOMES GENERAL TOWNSEND

Presented With an Address of Appreciation.

Toronto, May 3.—Gen. Sir Charles Townshend was given a civic welcome at the city hall today by Mayor Church and the council and presented with an address in appreciation of the work he had done in Mesopotamia. He later addressed the Empire Club.

POLES AND GERMANS IN CONFLICT IN SILESIA

Berlin, May 3.—A violent collision occurred between Poles and Germans at Ratibor, Silesia, yesterday, on the occasion of the Polish national festival, according to a dispatch published here. Many people were injured on both sides, some seriously, the dispatch says.

Several thousand Poles, carrying Polish flags and emblems, paraded through the streets of Ratibor. The Germans demanded removal of Polish emblems of sovereignty, on the ground that such emblems were prohibited by the Allied commission. Thereupon the Poles resisted.

ADVOCATES DENTAL LECTURES IN ALL NORMAL SCHOOLS

Toronto, May 3.—Addressing the 53rd annual meeting of the Ontario Dental Society this afternoon, the president, Dr. J. A. Bothwell of Stratford, said the time had arrived when at each normal school in the country there should be a properly qualified dentist to give a course of lectures. He said preventive work and not repair of damage would be a great part of the dentist's business in the future.
