POOR COPY

in granting their just rights has caused people to talk seriously. Farming and fishing were their principal industries. The National Policy was of no benefit to those industries, but rather the contrary. He asked the members from other sections that were benefited by the National Policy to help them to obtain a share of the fishery award. (Opposition cheers.)

The motion was carried.

In the absence of Hon. Mr. Burpee, Mr. Weldon, seconded by Mr. Rogers, moved for the following papers :—

Orders in Council, etc., respecting the drawback on ship materials, etc.; a statement of the amounts expended on Negro Town Point breakwater, etc.; a statement of flour and grain, coal and coke, teas, etc., imported; also return of old rails sold and shipped. Carried.

Mr. Robertson (Shelburne) moved for a statement of the coal admitted free into the Dominion for the use of steamers and tugs on the lakes and rivers of Ontario and Quebec.

Hon. Mr. Bowell explained that no coal was admitted free, but only in bond for the use of American and Canadian steamers.

Mr. Anglin—Then the shipowners were deprived of the advantages of the N. P. (Laughter.)

Mr. Mackenzie—Of its advantages, the poor people had to pay the duties, while those who were able to pay got their coal free; yet they called this a "paternal Government." (Cheers,)

Mr. Robertson (Shelburne) moved for a return of the correspondence about the Order in Council regulating the lobster fishing. Carried. Also for correspondence between the Government and the official assignee of Shelburne, resigning that office. Carried.

Mr. Casey moved for reports by the officers of Inland Revenue as to the examination tests of Canadian oil. Carried.

Mr. Anglin, seconded by Mr. Charles Burpee, moved for a statement of the men employed, dismissed and re employed on the Intercolonial Railway, in the various workshops of the railway, etc., This was carried after considerable discussion by Messrs. Anglin, Tupper and Mackenzie.

Dr. Tupper said that contrary to the rumors mentioned by Mr. Anglin, the returns when brought would show there had been no favoritism or preference for Nova Scotians. No person's services had been dispensed with for political reasons, though when vacancies occurred and were required to be filled preference was given to the Government supporters.

Mr. McKay, (Colchester,) said complaints were made that too many New Brunswickers were employed. (Laughter).

In moving for a return of locomotives, etc., under repairs, Mr. Anglin referred to the numerous accidents as a proof that the rolling stock and roadway were running down.

Dr. Tupper warmly defended his previous statements, and charged that exaggerated reports of accidents and statements were circulated for party purposes.

Mr. Mackenzie rejoined that nearly every member who came over the road that he spoke to met with detention by accidents. He had claimed the accidents were caused by snow or severe weather, but accidents had occurred where there was no snow. The road had been made a political machine. A man who made gross mis-statements against the former Government just before the election was rewarded with a fat office.

Mr. Domville denied the truth of the statements about accidents. There were none when he came up.

Mr. Weldon—Yes, there was; the engine springs broke down at Metapedia. (Laughter).

Mr. Domville—I admit that. (Great laughter.) He defended the management.

Mr. McDonnell defended himself from the charges of Dr. Tupper, showing that three accidents occurred during his passage to Ottawa, and made it his duty to call the attention of Parliament to the matter.

Mr. Snowball regretted anything that in any way should mar the usefulness of the Intercolonial. On arriving from England he was detained at Halifax four hours; the train gradually lost time to Moncton. Later a grade was reached on which the engine attempted and backed down three times, then ran back to Moncton and got another engine. This engine's axles got hot and there was further detention. Later the flange came off the wheel of a car, and being within a few miles of Chatham Junction he walked on. (laughter.) It was a common report that the engines could only take 8 to 12 loaded cars over the grades. The country was complaining and not without cause.

Messrs. McKay and Boultbee defended the management.

Mr. Robertson (Shelburne) said Mr. McKay was one of the principal grumblers on the train on which he came. (Laughter.) Nearly every through mail train since New Year's was delayed from 8 to 10 hours. Complaints were made against the management all along the line.

Mr. Anglin said there was an undue strain on the rolling stock. Thirteen engines were repairing at Moncton and eight at Richmond that should be on the road.

Mr. Longley said the train he came by was on time at Montreal.

Mr. Anglin said it was two hours behind at Quebec, and made up time after.

Mr. Longley charged the Opposition with an attempt to break down the credit of the Intercolonial Railway.

The motion was carried.

OTTAWA Feb. 23rd.

THE RAILWAY REPORT.

Sir Charles Tupper withdrew the report of the Minister of Railways and submitted the same report with an additional page embracing the report of the Chief Engineer, Mr. Schreiber, showing that the working expenses for the last 6 months, to January last, were $753,469; recepts $721,277; deficit $32,191.

A RAILWAY COMMISSIONERS ACT.

Mr. McCarthy introduced a bill to constitute a Court of Railway Commissioners for Canada. He explained that it constitutes a tribunal to decide, summarily, matters in dispute between railway companies, or between municipalities and railway companies, to regulate the rates of freight and passenger carriage.

AN OLD STORY REVIVED.

Mr. Plumb, in moving for a list of vessels carrying cargoes to Port William, also for a report of the depth of water in Kaministiquia river.

An angry altercation took place thereon between Messrs. Plumb, Mackenzie, Dawson, Bowell, Trow and others.

It being six o'clock the House separated.

After recess, there was a thin house, many members having gone to the opera house to see H. M. Ship Parliament.

An unimportant discussion on motions for returns, correspondence, etc., occupied the House till the adjournment.

FIFTH ATTEMPT ON THE LIFE OF THE CZAR:—On Thursday last a fifth and most startling attempt to destroy the Czar and members of the Royal Family of Russia was made by exploding dynamite at the Winter palace. It was unsuccessful.

A THAW:—The greatest one of the season begun on Wednesday morning of last week and ended on Thursday forenoon.

FIVE SUNDAYS :—Although the present month has but 29 days, five of them are Sundays. There will be similar Februaries in 1920, 1948 and 1976.

LECTURE :—Rev. George Steel of Newcastle, will deliver a lecture in the Methodist Church, Chatham, this (Thursday) evening, commencing at 8 o'clock. Subject "Daniel." A silver collection will be taken up.

SLEIGHS :—Mr. A. Robinson has now in front of his Carriage Factory St. John Street one single sleigh, and two double seated jungs which for neatness of design and finish, and moderate price, cannot be easily excelled in the county.

THE I. C. R. management is now understanding that they cannot neglect the repair of the rolling-stock and keep one half of the force necessary, employed at starvation rates of pay—and at the same time, run the road as creditably as Mr. Brydges did.

TO WHOM IT MAY CONCERN.

GEORGE TAYLOR, formerly of Miramichi, about 60 years of age, died in the Parish of Johnston, Queens County, N. B., leaving his estate without any known heirs. Those interested can obtain further information by applying to.

THE NEWCASTLE PHANTOM.—We are informed by a correspondent from Newcastle, that there is no truth in the absurd story about the "phantom" making nightly visitations to Street's Hill and vicinity. It is to be regretted that the names of respectable people have been connected with this matter, and that the authors of the hoax had not some useful work to do.

ATTRACTIVE LECTURE :—Rev. G. Goodridge Roberts, A. M., is to deliver a lecture in St. Mary's School House, Chatham, on this, Thursday, evening at 8, o'clock. The Rev. gentleman's subject is "Home." Mr. Roberts rates high amongst our provincial lecturers and invariably succeeds in instructing as well as amusing his audiences. It is, therefore, hoped there will be a full attendance. A silver collection will be taken up in aid of the Sunday School.

Entertainment of the Chatham Temperance Reformers.

On Tuesday evening the Chatham Temperance Reformers held their weekly entertainment in the Temperance Hall, which was completely crowded, many being present from Newcastle and Douglastown. Vice President, Capt. J. J. Brown presided, and the meeting was opened with prayer by the Rev. Mr. Howell. The programme was as follows:—Addresses by the Rev. Mr. Howell and Mr. John Burr of Douglastown; recitation by Miss M. Mowatt and J. U. Loggie; readings by L. J. Tweedie Esq., and Mr. Tait (Black Brook). Solos were sung by Miss Annie Davidson, Mrs. H. Pallen and Miss Jessie Templeton; Trios by Misses Annie Russel, Jessie Wallace and Peter Miller of Douglastown, Misses E. Loudon, Belle McLachlan and A. Anderson, and Mrs. H. Pallen, Miss C. Johnston and Mr. H. Paterson. Instrumental music by Miss Haviland on the organ, and Miss B. Haviland on the drum; Choruses by the choir. Misses C. Johnston, Nellie Loggie, and Annie Davidson presided at the Piano. There were a number of signers to the pledge.

At the close, Mr. A. W. Paterson announced that Northumberland Division of Chatham, intended to pay a visit on Wednesday evening to Douglastown, and extended an invitation to members of the Division and friends of Temperance to join them. The proceedings concluded with the National Anthem.

Professor Youman's Juvenile Concert.

On Monday evening last Professor Youman's, who has been instructing a juvenile class of some 130 pupils in Chatham, for a term of ten lessons, gave his Juvenile Concert in the Masonic Hall for the purpose of showing to the public the progress the children had made. The Hall was completely filled on the occasion by a highly respectable audience, and the proceedings commenced with the entrance march and counter march of the pupils, through the hall, and to their seats on the brilliantly lighted stage. After the pupils had taken their seats, which were raised one above another in an incline from the front to the rear of the stage, the effect of such a mass of youthful faces was very pleasing. But the curtain soon fell, and when it rose again a striking tableau was presented, the children sitting with wreathed arms, their faces reflecting the crimson glow from the red fire which illuminated the stage. The opening chorus, "We come with Songs to greet you," was very spiritedly given and was followed by a "Happy New Year to all" and a trio "I'm very fond of a social glass," with a temperance chorus. "The 100 pipers an' a ", and a number of other pieces followed, all of which, were well received. Among the more striking portions of the programme, were the Recitation in chorus, entitled "The shipwreck" with appropriate action; the chorus "We are a Noddlin", which, by means of colored light, was made the subject of a very effective tableau. Other pieces which gave great pleasure were "Hanlan's boat song," a chorus accompanied by the action of rowing, the "Red White and Blue, with Canadian volunteer song," the children waving tri-colored flags in tune to the music, and "Bonnie Dundee" sung in costume by Misses Sadie Gillespie and Jessie Ullock. Last—though not least we must not forget the solo "Shelling Green Peas," by Prof. Youmans which was loudly encored.

Professor Youmans addressing the audience, said that during the past quarter, their efforts had been chiefly devoted to scale and chorus singing, but also in some degree to calisthenics and declamation in chorus, of which examples would be given; he also alluded to the proficiency of the pupils in pitching single notes and chords, which he contended few professed vocalists among the audience could equal.

The pupils now gave the "Sailor's Dream" as a declamation in chorus, and afterwards shewed great proficiency in striking notes and chords.

Professor Youmans announced that it was desired he would remain in Chatham for another term; if this was confirmed, he would meet a class next afternoon. On Wednesday evening he would commence the formation of an adult class, the admission to be 10cts. a night, instead of $1.00 for the term. He believed he could shew them some thing new in the rudiments of music, and that he had a novel way of presenting the subject. He concluded by rendering his thanks to the audience and also to Mr. Gillespie for his kind assistance.

The pupils and their teacher with joined hands, then sang Auld Lang Syne, and the proceedings finally concluded with the National Anthem.

Match of the St. Andrew's and Chatham Clubs' Curlers.

ST. JOHN, TUESDAY 24th.

The Chatham curlers arrived this morning to play those of the St. Andrew's Club in this city. It was their intention to play in the covered rinks of the Thistle Club, but on visiting that place it was found that the ice was not in suitable condition, so an adjournment was made to the skating rink where excellent ice was obtained.

The playing began at 12.20, each side being represented by one rink of five players and one rink with four men. The playing had proceeded but a short time when St. John took a decided lead and continued to the fore up to two o'clock. The score stood at the finish:—

St. John.	*Chatham.*
Skip White, 20;	Skip Smith, 15.
Skip Thomson, 31.	Skip Brittain, 13.

The players on each side were;—

S. S. deForest,	George Wilson,
C. Y. Gregory,	T. H. Fleiger,
Wm. Snider,	Ernest Hutchinson,
J. H. Thomson, skip.	D. G. Smith, skip.
Alex. L. Law,	James G. McKay,
S. F. Matthews,	Richard Ferrie,
H. Melick,	Wm. Wilson,
A. O. Skinner,	John Brown,
John White, skip.	Geo. L. Britain, skip.

The visiting curlers were afterwards entertained by the St. Andrew's curlers at the International. The dinner got up by Mr. Hyke reflected credit on that hotel.

The Skips and the majority of the players are still in St. John.
