From the Honolulu (Sandwich Islands) "Friend."

AN EARLY IMPRESSION.

BY A SAILOR.

How oft, when but a child, I've roamed
Among the tomb-stones gray,
And marked the records of the dead,
Whose ashes round me lay.

Here stood a splendid monument,
Erected o'er the great,
Who, all unconscious, slept beneath,
Nor cared for earthly state.

While there the simple head-stone marked
The peasant of the soil,
Whose bones amidst his father's dust
Reposed from earthly toil.

Here lay the young, and there the old,
In one unnumbered heap;
Who, till the Resurrection Day,
The Earth hath charge to keep.

While viewing o'er the various throng
Of Adam's family there,
My heart, though young, would ponder deep,
And something say, "*prepare!*"

Although since then I've wander'd far
O'er seas, and mountains high,
That inward voice hath ne'er been hushed,
"*Prepare, for thou must die!*" G. M. R.

The Premier's Son in Trouble.—The *Clamor Publico* of Madrid tells this anecdote, under the date of Toledo, 25th April. "Yesterday, in the afternoon, the son of the celebrated English Minister, Sir Robert Peel, one of the Attaches of the British Embassy at Madrid, arrived here. Just as the carriage was passing before the post at the gate of Alcantara, the carabineers on duty approached it to ascertain whom it contained. The son of Sir Robert Peel, without any more ceremony, presented to the carabineers a brace of double-barrelled pistols. The latter, wishing to acknowledge that delicate attention, ran to their arms, in order to pay the young foreigner in the same coin, and to make him understand that under such circumstances Spaniards are not people to remain in the background. This friendly interview might have had fatal consequences but for the interference of some civil officers. The Political Chief, on being informed of the occurrence, summoned before him the Englishman; who told him, with the candour that characterises his nation, that he did not understand Spanish, and that he had merely shown his pistols to the carabineers to know if they were subject to duty. The Political Chief, deeming the reply satisfactory, allowed the innocent foreigner to depart."

A Dangerous Pet.—During our conversation a young panther, that we had not at first perceived asleep on a corner of the divan, advanced slowly and lay down close by his master, at the same time putting his paw upon one of us. At this piece of unexpected familiarity we could not restrain a movement of surprise. The Defterdar, who seemed to enjoy our embarrassment, gave us a mischievous glance. "Are you afraid?" said he. "No," we replied, "Why should we be afraid?" "Fear nothing," quoth he, "the animal is tame." Saying these words he pulled the panther's whiskers, and the brute, by showing his long sharp teeth, and uttering a discontented growl, showed how little he relished this conduct. "I am sorry," proceeded our host, "that I cannot show you the lion which I brought from Shendy; but a few days ago I was making him play with one of my mamlocks, who, awkwardly treading on the animal's toe, was devoured before my eyes. I was compelled, for my own safety's sake, to lodge a couple of pistol-bullets in his head. Poor animal—it was so very fond of me!" We requested the Bey to have the kindness to send away his panther, if he wished us to prolong our visit, and one of his khawasses delivered us from its disagreeable company.—*Library of Travel.*

An Old Scholar.—The Emperor of China lately sent down a member of the Royal family to Amoy, to obtain from the Rev. Mr. Abeel, American Missionary, a full knowledge of Geography, the size of the various countries, their locality, &c. The Missionary gladly communicated all the information desired. The United States, England and France appeared to interest the old tartar more than any other countries.

Warning to Travellers.—Lovers of single blessedness, beware! Bachelors who love your liberty, remain at home! The last census of France has just disclosed the awful fact that, in Paris alone, there are no less than 54,000 widows!—*Punch.*

A young widow averred on taking a husband, that when she lost her good man, it seemed to her like Paradise lost, but when she got married to the second one, it was Paradise regained.

How many fond mothers and frugal housewives keep their pretty daughters and their preserves, for some extra occasion—some "big bug" or other—till both turn *sour*. This seems to us marvellous poor economy.

When your spouse appears at the breakfast table in unusually good humor, and insists upon buttering your toast with her own hands, it invariably portends a visit to the mercer's.

"John," said a pedagogue the other day, "what's detained you? How came you so late to school?" "Well, sir, I had hot soup for dinner, and had to wait for it to cool." "Take your seat; your excuse is sufficient."

"We were all children once, my dears." "La, ma! then who took care of the babies?"

A CURE FOR ALL!

HOLLOWAY'S OINTMENT. HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF A CASE

ABANDONED BY

GUY'S, THE METROPOLITAN, KINGS COLLEGE, AND CHARING CROSS HOSPITALS.

This Fact was SWORN TO *this 8th day of March 1842 before the* LORD MAYOR *at the Mansion-house.*

SUMMARY OF AFFIDAVIT.

WM. BROOKE, *Messenger*, of 2, Union street Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April, 1841, where he continued for nearly four weeks. Unable to receive a cure there, the deponent sought relief at the three following hospitals:—King's College Hospital in May, for five weeks;—at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital at the end of August, for some more weeks: which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BRANSBY COOPER, and other medical officers of the establishment had told deponent *that the only chance of saving his life was to LOSE HIS ARM!* The deponent thereupon called upon Dr. Bright, chief physician of Guy's, who, on viewing deponent's condition, kindly and liberally said, "*I am utterly at a loss what to do for you! but here is half a Sovereign: go to Mr. HOLLOWAY, and try what effect his Pills and Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again.*" This unprejudiced advice was followed by the deponent, and a *perfect cure effected in three weeks*, by the use alone of HOLLOWAYS PILLS and OINTMENT, after four Hospitals had failed! When Dr. Bright was shown by the deponent, the result of his advice and charity, he said, "*I am both astonished and delighted for I thought that if I ever saw you again alive, it would be without your arm. I can only compare this Cure to a Charm!!!*"

Sworn at the Mansion-house of the City of London, this 8th day of March, 1842. } WM. BROOKE.

Before me, JOHN PIRIE, *Mayor*

In all Diseases of the Skin, Bad Legs, Old Wound; and Ulcers, Bade Breasts, Sore Nipples, Stoney and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles; the Pills, in all the above cases, ought to be used with the Ointment; as by this means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bites of moschettoes, Sand-flies, Chiegoe-foot, Yaws, and Coco-bay.

Burns, Scalds, Chilblains, Chapped Hands and Lips, also Bunions and Soft Corns, will be immediately cured by the use of the Ointment.

THE PILLS are not only the finest remedy known when used with the Ointment, but as a General Medicine there is nothing equal to them. In nervous affections they will be found of the greatest service. These Pills are, without exception, the finest Purifier of the Blood ever discovered, and GHOUT *to be* USED BY ALL!!!

THE LIFE PILLS AND PHŒNIX BITTERS PURIFY THE BLOOD

And thus remove all disease from the system.

A single trial will place the LIFE PILLS and PHŒNIX BITTERS beyond the reach of competition, in the estimation of every patient.

☞ Prepared and sold, wholesale and retail, by **DR. WILLIAM B. MOFFAT,** 335 Broadway, corner of Anthony street, New York.

The Genuine of these medicines are now put up in white wrappers and labels, together with a pamphlet, called "Moffat's Good Samaritan," containing the directions, &c., on which is a drawing of Broadway from Wall street to our Office, by which strangers visiting the city can very easily find us. The wrappers and Samaritans are copyrighted, therefore those who procure them with the white wrappers can be assured that they are genuine. Be careful, and do not buy those with *yellow* wrappers; but if you do, be satisfied that they come direct from us, or don't touch them.

A NATURAL REMEDY

Suited to our Constitutions, and competent to the cure of every curable disease, will be found in

WRIGHT'S INDIAN VEGETABLE PILLS

OF THE

NORTH AMERICAN COLLEGE OF HEALTH.

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil; and are therefore better adapted to our constitutions, than medicines concocted from foreign drugs however well they may be compounded; and as the INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth,

SUBJECT TO BUT ONE DISEASE.

viz: corrupt humors, and that the said medicine cures this disease on

NATURAL PRINCIPLES,

by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner, if we wish to restore the body to health, we must cleanse it of impurity.

The Indian Vegetable Pills are found one of the best, and the very best, medicines in the world for carrying out the

GRAND PURIFYING PRINCIPLE,

because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and NATURAL MANNER, and while they every day

GIVE EASE AND PLEASURE,

disease of every name is radidly driven from the body.

CAUTION.

The citizens of New England are respectfully informed that in consequence of the great popularity which the above named Indian Vegetable Pills have earned by their astonishing goodness, a gang of counterfeiters are now industriously engaged in palming on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills.

This is to inform the public that all genuine medicine has on the boxes

WRIGHT'S INDIAN VEGETABLE PILLS

(Indian Purgative.)

OF THE NORTH AMERICAN COLLEGE OF HEALTH

And also round the border of the label, will be found in small type, "*Entered according to Act of Congress in the year 1840, by* WM. WRIGHT, *in the Clerk's office, of the District Court, of the Eastern district of Pennsylvania.*"

It will further be observed that the printed directions for using the medicines, which accompany each box, are also entered according to Act of Congress and the same form will be found at the bottom of the first page.

The public will also remember, that all who sell the genuine Indian Vegetable Pills are provided with a certificate of Agency, signed by

WILLIAM WRIGHT, VICE PRESIDENT

Of the North American College of Health,

and that pedlars are never in any case allowed to sell the genuine Medicine. All travelling agents will be provided with a certificate of agency as above described; and those who cannot show one will be known as base impostors.

☞ Personsin this city and vicinity will also be on their guard against purchasing medicine purporting to be the Indian Vegetable or Purgative Pills, of Apothecaries or Druggists, as they are not allowed to sell my medicine, and any composition which they may offer as such must of necessity be COUNTERFEIT and injurious; therefore never purchase of them.
