Drown Their Girls

How Armenian Mothers Save Them from the Turks.

The Guiana Incident—Surveyor Harrison Released.

Through the Friendly Influence of the United States.

Rhodes' Resignation Accepted by the B. S. A. Company—Fire on Board a Steamer.

CANADIANS ARE ADROIT.

London, June 27.—The Times says that the displays by the Canadians at the fire tournament in London were well received, their adroitness with the extension ladder escape being especially noticeable.

PLEASED WITH THE LIBERAL VICTORY.

London, June 27.—Speaking at the Eighty Club last night, Herbert Asquith, formerly Home Secretary, expressed his sympathy and satisfaction with the Liberal victory in Canada.

PRESBYTERIANS FOR PEACE.

Glasgow, June 26.—The Pan-Presbyterian Council has resolved to petition the British and United States Governments in favor of the establishment of a permanent board of arbitration, to settle international disputes between the two countries.

STEAMER BURNED OUT.

Liverpool, June 27.—Fire broke out in the hold of the British steamer Lucerne, Capt. Stewart, loaded with a general cargo for Montevideo. Five hours elapsed before it was decided that there was no way of smothering the flames except by scuttling the ship. This was done, and the Lucerne is now being pumped out preparatory to refloating her. The Lucerne is now owned by J. & A. Allan. She is 290 feet long and is of 1,236 tons register.

DROWN THEIR GIRLS.

London, June 27.—A special from Constantinople says: Denial is given by the Sublime Porte to the embassy statement that Turkish troops fired upon Armenian prisoners.

Another sanguinary outbreak has occurred at Van, and 400 are reported to have been killed. The Persians are promoting the disturbances, and fomenting the revolt throughout Armenia. The Druses have now received Bedouin support and are driving out the Turks.

The following statement has been received from Capt. Vialar: "I have witnessed hideous enormities. Armenian girls and women were publicly sold at auction. A mother threw her two daughters into a well before my eyes to save them from the Turks. Evidences of Turkish official complicity have been obtained by me. The foreign press should be ashamed to remain indifferent."

Capt. Vialar deplores the humiliating role accepted by France. The Porte continues to hang Armenians publicly. It is understood that Russia will prevent the publication of Vialar's report.

RHODES' RESIGNATION ACCEPTED.

London, June 27.—The directors of the British South Africa Company announce that they have resolved to accept the resignations of Cecil Rhodes and Alfred Beit as directors of the company. The board record their profound appreciation of Mr. Rhodes' services to the empire, and thank both Messrs. Rhodes and Beit. They pledge themselves to continue to devote their energies to maintain and develop Rhodesia, the administration of which remains vested in the company. The directors further say they regret that the occurrences in the Transvaal in December and January, of which they did not have cognizance, compel them to accept the resignations of Messrs. Rhodes and Beit.

THE GUIANA INCIDENT.

Splendid Chance for the Jingoes Spoiled—Harrison Released.

London, June 27.—A special from Caracas says: News received from Guiana is to the effect that nineteen Englishmen were arrested with Mr. Harrison, the civil engineer, and are now held in Eldorado Station, on Cuyano River, for their attempt to build a road in Venezuelan territory. There was no hood shed when the arrests were made.

Minister Andrade, the Venezuelan representative at Washington, has received a telegram from his Government announcing that the British crown surveyor, Mr. Harrison, whose arrest has caused strained feelings between the two Governments, has been released by order of the Venezulan authorities.

The London Chronicle, commenting on the statement that Venezuela had ordered the release of Crown Surveyor Harrison, says that President Crespo acted gracefully and wisely. It adds that the incident has done good, in showing Great Britain and America are now on such terms that the former can request the good offices of the latter when Venezuela misbehaves.

The Post says: It is not an altogether comforting reflection that Mr. Harrison's release was due to the influence of the United States, although under the peculiar conditions of the case there was no very evident alternate to seeking American intervention.

The Standard says that it was better for all parties that Mr. Harrison's release was effected through the friendly offices of the United States than by a direct peremptory demand addressed to Venezuela. The incident encourages the hope that it will lead to a settlement of the Anglo-Venezuelan dispute and the resumption of diplomatic relations.
