YORK COUNTY AND SUBURBS

Arthur Tyler, 15 Years Old, of 123 Harbord-Street, Drowned at Lambton Mills

ON A SUNDAY SCHOOL PICNIC.

West York License Inspector Got a Drink on Sunday at G. G. B. G. Canteen.

Toronto Junction, June 26.—Another sad drowning accident, the second in two weeks, happened this afternoon at Lambton Mills, when Arthur Tyler, a lad 15 years of age, who resided at 123 Harbord-street, lost his life. This afternoon the St. Paul's Presbyterian Sunday School chartered special cars over the Suburban Electric Railway from the head of Bathurst-street, to Lambton Park, and Arthur Tyler, the not a member of the Sunday school, accompanied the excursion. The boy's mother is ill in bed, and his father is dead. From what can be learned, it would appear that the boy was bathing in the Humber, underneath the Dundas-street bridge, which crosses the river at the foot of Lambton Hill. Two other boys were sitting on the bridge, throwing in apples, which Tyler was diving after. He could swim a little, but not much, and apparently found little difficulty in picking out the apples, which he brought to the surface in his mouth. At the span in the centre of the bridge, is a miniature whirlpool, probably 15 feet deep, and into this the boy dived. He got to the edge of the hole, which is about 10 feet in depth, and here he was unable to struggle further. The two boys on the bridge at once ran for aid, which came in about 15 minutes; but it was about 20 minutes before he was got out. Three doctors were summoned, but all efforts to restore life failed.

The license inspector for West York drinks. He drinks on Sunday, too, and his thirst is not always quenched with water. At least, Sunday, being a hot day, it was not, for he was up at the Governor-General's Body Guards' camp, and at the canteen there lager is more in demand than soft drinks. It is here the inspector wet his throttle, and he is quite convinced that it was no aerated water he drank. In consequence, the lessee of the canteen is to be summoned for selling liquor to civilians on Sunday.

Mr. C. C. James, Deputy-Minister of Agriculture, lectured before the Toronto Junction Horticultural Society this evening on "The Soil," dealing with plant growth, the relationship of air, soil, water and sunshine to the life of plants and the chemical elements of the air and soil. The lecture was a very protracted one, and urged as a remedy against the ill-effects of drought, the continued cultivation of the soil surface. The Symphony Orchestra gave some excellent selections during the evening.

Boer tactics will be practised by the Body Guards to-morrow, and on Friday the annual sports will take place.

The annual meeting of the Toronto Junction Club, for the election of officers, takes place Thursday evening next.

Weston.

Weston, June 26.—There were a larger number of communicants at the Presbyterian service on Sunday than ever before in the history of the church.

The annual garden party of Weston Methodist Church, which was postponed on Thursday last, on account of the rain, will be held next Thursday evening. Messrs. C. C. Smith and George Graham, Brampton; the Cosmopolitan Male Quartet, Mr. Spice, Toronto, and George Coppin, will give the program. A. E. Bowles of Brampton is expected to speak.

The Public school exams began to-day. The High school exams commence to-morrow. A larger number of pupils than usual are writing.

A large bus load of Westonites took in the Thistletown garden party last night.

East Toronto.

East Toronto, June 26.—A promenade concert will be held on the lawn of Mrs. Stephenson, under the auspices of the Lawn Tennis Club, on the evening of July 5. Gilouna's Orchestra will furnish the music.

Capt. Moody has been engaged to drill the Boys' Brigade in connection with Emmanuel Presbyterian Church. The boys leave to-morrow for two weeks under canvas at Oshourg. Rev. Rogers will have charge of them.

Inspector Fotheringham sent in his annual report to the Public School Board at their June meeting, and asked why a statement of the attendance at the school had not been handed him for the past few years. The secretary and chairman thought the school was in no way a loser by the omission; but in future, the report will be sent. A committee was appointed to make the necessary repairs to the school during the holidays.

Mr. Zieman will put a team of married men to play East Toronto baseball team at the G.T.R. picnic at Port Perry on July 17.

North Toronto.

A tug of war that has created much excitement, between the married and single men of York Mills, was pulled off on Saturday last at Whittier's Grove, and resulted in favor of the latter, after a desperate struggle. William Carson captained the winners, and William Boucock, the married men.

The regular meeting of York Township Council, falling on Monday next, it has been decided to respect the holiday, and the session will take place on Tuesday, instead.

The cornerstone of the new Sunday school building of St. Clement's Church, Eglinton, was laid on Monday afternoon by Rev. Canon Osler, rector of York Mills. The reverend canon was assisted by the rector, Rev. T. W. Powell. After the ceremony the congregation returned to the church, where Canon Osler delivered a very impressive address, outlining the growth and progress of the church in Eglinton, and his own connection therewith. The Building Committee made the canon a presentation of a silver trowel, suitably inscribed.

The Bible class of the Davisville Methodist Church gathered on the lawn of Mr. William Farr, Eglinton, last night, and gave a reception to their respected class leader, Mr. C. Rutherford. The evening was enjoyably spent by a large company, with refreshments and social entertainment.

Newmarket.

A fire took place yesterday morning at the south end of Main-street, at the stores occupied by William Keith and F. Emury. The blaze, it is thought, started at the house occupied by the latter, and used as a laundry, from a defective flue. The two houses are frame structures, and the top flats were quickly a mass of flames. The Fire Brigade was promptly on hand, and by excellent practice prevented the entire destruction of the property. The flames spread to another building to the north, and immediately adjacent, but were quickly put out. The properties injured belong to Mrs. Hodge and Mrs. Myers, and are said to be fully covered by insurance. Little damage was done to the goods of the tenants, which were removed to the opposite side of the street by many willing hands.

Mr. H. J. Harold sustained bad injuries to a hand yesterday morning, while working a machine at Cane's factory.

Two brothers by the name of Pearce were charged yesterday by E. Jackson, J. P., with assault on their father. The family reside in E. Gwillimbury, near Bradford, and the accused admitted the offence. The magistrate imposed a fine of $14 and costs.

Father Morris' picnic is being looked forward to with a good deal of pleasure, and the program billed should certainly satisfy those looking for a day's solid outing. The events will take place on the Exhibition Park, and in addition to two important trotting races, a baseball match and a lacrosse match will be played, and other minor sports will be contested. Monday next is the day selected for the picnic, and many from Toronto are expected to take advantage of the cheap fares that will prevail on the Metropolitan that day.

The annual garden party of the Presbyterian Church was held last evening on the pretty grounds of Mr. Silas Armitage, Yonge-street. The town band was in attendance, and the pleasure of the evening was enhanced by a program under the charge of Mr. F. Arthur Oliver.

THE LINEMEN WERE BEATEN

An Unqualified Victory as Far as the Bell Telephone Company is Concerned.

STRIKERS ALL WENT BACK AGAIN,

But Some of Them Did Not Get Employment, as Others Filled Their Places.

Ottawa, June 26.—(Special.)—The linemen's strike, so far as the Bell Telephone Company is concerned, has ended in an unqualified victory for the company. The company, which has from the first declined to deal in any way with the union, was approached by the men as to their chance of re-engagement as a whole at the former wages and hours. They finally decided to apply individually, taking their chances with non-union applicants who were after vacancies. This morning nearly all of the men who had gone out reported for work, and the company had taken on those who were wanted. The remainder and those who did not apply to-day lost their positions as a full staff has been engaged. Those who were allowed to come back did so independently of the local branch of the Wire-Workers' Union.

A number of the locked-out men started work on the Canada Atlantic construction this morning and are being paid $1.75 a day and their dinner, the equivalent of the union's demands. It looks now as if the linemen, by their own weakness, had been beaten.

ST. MARGARET'S COLLEGE.

Prize Winners Received Books From the Pens of Canadian Authors—Large Attendance.

There was a large attendance of students and their friends in St. Margaret's College yesterday afternoon on the occasion of Prize Day. Among those present and who spoke were President Loudon of Toronto University, Prof. Baker, Rev. Armstrong Black, Prof. Goldwin Smith, Mr. Bruce Macdonald of St. Andrew's College, Mr. George Dixon and Inspector Seath. A feature of the general prizes was that they were all books from the pens of Canadian authors, such as Gilbert Parker and Robert Barr.

THE DIABOLICAL TRINITY.

Boer Envoys in the United States Say Ugly Things About Chamberlain, Milner and Rhodes.

ARE THANKFUL FOR SYMPATHY,

But Intimate That if the United States Had Intervened War Would Have Been Averted.

New York, June 26.—The Boer envoys who have been in this country for the past two months, to-day issued an address to the people of the United States. After expressing regret at their inability to accept many of the invitations extended to them, they expressed their thanks to the American public for "the deep sympathy they have shown for the cause of the two struggling republics."

The address goes at great length into the history of the relations between Great Britain and the Boers, which it characterizes as "one of violated faith and broken pledges, cloaked under the display of magnanimous and irreproachable principles."

The Old, Old Story.

Reference is made to the discovery of gold in Johannesburg in 1886. Then follows a history of the political agitation, which culminated in the Jameson raid. "Mr. Chamberlain, Sir Alfred Milner and Mr. Cecil Rhodes," continues the address, "are the terrible diabolical trinity which brooded over and shaped the destiny of South Africa during the calamitous period. These gentlemen combined forces so as to achieve by subtlety and craft and misrepresentation what Dr. Jameson and the raiders failed to obtain by open violence."

Capitalists Control the Press.

The address declares that the capitalists control the press of South Africa, and that the editors of these subsidized journals were appointed special correspondents of the principal London dailies. The broad charge is made that Mr. Chamberlain's revival of the suzerainty claim in 1897, his public utterances, Sir Alfred Milner's speeches and inflammatory despatches and the efforts of the South African League under the presidency of Cecil Rhodes were all directed towards the ultimate destruction of the Dutch Republics.

The Outbreak of the War.

The address then takes up the various internal questions which contributed towards the outbreak of the war, and discusses them in great detail, making wholesale denials of the English representations. The address declares that at the Bloemfontein conference, both President Steyn and President Kruger endeavored to avert the catastrophies by conceding even more than the original demands on the franchise question, but their efforts were fruitless. It is asserted that the war was forced upon the Boers and the claim is advanced that they took up arms only in self-defence. The address contends that the policy of Great Britain was designedly shaped so as to compel the Boers to send on Oct. 9 what is commonly known as their ultimatum to Great Britain.

Boers Will Never Be Conquered

Taking up the campaign to date the address says:

"The Boers may be in the end defeated by overwhelming numbers, and may ultimately be forced to surrender, owing to the difficulty of securing ammunition and provisions, but the conduct of the present war as well as the history of the past 100 years justifies us in saying that they will never be conquered."

Still Ask Intervention.

Concluding, the address says: "All we ask, and indeed all we need from you, in addition to the continuance of that public sympathy and moral support, of which we are abundantly assured, is a convincing indication or a pronouncement delivered in such a manner that it will not be subject to the misinterpretations of the British Colonial Minister, or leave any doubt in the minds of the European powers, as to the fact, viz.: That the people of the United States do not acquiesce in what Vattel has termed the monstrous doctrine that the independence of a nation defeated in war is completely at the mercy of the conqueror.

War Might Have Been Averted.

"We feel convinced that if an official expression of your moral support had been delivered before hostilities broke out, this war would have been averted, and that such a pronouncement at any time during the campaign would have stopped, and even now would be strong enough to stop, the continuance of hostilities."

The address is signed by Abraham Fischer, C. H. Wessels and A. D. Wolmarans.

MODEL SCHOOL CLOSING.

Parents and Friends Were Present to See the Presentation of Medals to the Winners.

A large number of the parents and friends of the students were present yesterday afternoon at the closing exercises of the Provincial Model School, which were held in the public hall of the education department at the Normal School.

Principal Scott presided and made a brief address, reviewing the work of the school during the term just closed.

An interesting program, consisting of songs, readings and recitations, was rendered by George T. Davidson, Dell Gooderham and the other students.

After reading the promotion lists, John Miller, Deputy Minister of Education, presented medals to the following:

Division No. 1—Isabel Thomas, Wilfrid Beaty, Edith Davies, John Benjamin.

Division No. 2—Dorothy Clarkson, George Graham, Lorma Murray, Robert Defries.

Division No. 3—Ruby Aikenhead, Clarence Van Norman, Vera Parsons, Allan Petry.

Division No. 4—Louise Marsh, Stanton Wishart, Florence Cauldwell, John Hodgson.

Division No. 5—Gertrude Boyle, Margrave Taylor, Helen Paul, Frank R. Ewart.

At the conclusion of the program those present adjourned to the lawn, where the girls went thru their calisthenic exercises, much to the pleasure of those present.

Among those present at the closing exercises were: Rev Prof Clark, J H Hodgson, Inspector of High Schools, Rev John McEwen, Dr Wishart, Rev William McKinley, Dr Davidson, Dr Burnham, Rev G A Smith, Mrs Scott, Mrs Taylor, Mrs (Dr) Little, Mrs S J Beatty, Mrs Chester Massey, Mrs T B Hamilton, Mrs Henderson, Mrs Gurney, Mrs Fudger, Mrs J S Hodgson, Miss Hodgson, Mrs Prendergast, Mrs R W Murray, Mrs Marsh, Mrs Goldstein, Mrs Youngheart, Mrs Cauldwell, Mrs Parsons, Mrs Defries, Mrs Collins, Mrs Haywood, Miss Spotton and Miss Maddison. The term just closed was the most successful in the history of the school.

Huron Old Boys.

A meeting of the Huron Old Boys' Association will be held in Room 2, Temple Building, on Friday evening next, at 8 o'clock, for the purpose of arranging for the annual excursion to Goderich on July 4. An important presentation will be made during the evening. The wives and daughters of the Huron Old Boys are requested to be present.

Separate School Inspector.

Mr. T. Rochon of Ottawa has been appointed by the Ontario Government, inspector of Separate schools in Eastern Ontario, where French and English are spoken. He is a French-Canadian, a graduate of a Montreal university, and holds a first-class certificate from the Province of Manitoba, where he was for some years superintendent of Separate schools.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so disposed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. 25

JOLLYING UNITED STATES.

Russian Financier in New York Promises the Yankees Great Contracts in the East.

THE CHINESE EASTERN RAILROAD

And Other Great Works Will Turn Millions Into the Pockets of U. S. Contractors.

New York, June 26.—Adolf Rothstein, the Russian financier, before sailing for Europe, said of the Chinese Eastern Railroad: "Up to the present we have expended some $40,000,000, but before completion an additional $100,000,000 will be disbursed. The road will not be completed for, I should say, quite fifteen months, as we find we shall have to bore a tunnel some four and a half miles long on the Russian side of Harbin, the headquarters of the railroad. The benefits which American manufacturers will derive in the shape of contracts will be most important. The material and rolling stock contracts, I consider, will reach an aggregate of about $40,000,000. I may also state that as the Czar's Government is extremely friendly to the United States, it may be counted on as a certainty that in the many commercial undertakings which Russia is now becoming interested in the preference will be given American manufacturers for the supply of requisite material."

Besides his railroad enterprise, Mr. Rothstein has secured a concession from the Russian Government for the working of gold regions, situated about 100 miles north of the city of Vladivostock, in the Primorsk State of Siberia. "Since I have been here," he said, "I have received two cables informing me of additional rich discoveries of gold. Later on, American capital will be brought into the schemes, and, of course, all the machinery will be purchased in the United States."

PREMIER ROSS AT OTTAWA.

Sir Wilfrid and He Talked Over Their Troubles—The Proposed Copyright Bill.

Ottawa, June 26.—(Special.)—Hon. G. W. Ross was in the city to-day to see Hon. Sidney Fisher, regarding the copyright amendments and the Authors' Society. He spent the whole afternoon in Room No. 16, and was at times in close and earnest conversation with Sir Wilfrid and other Cabinet Ministers. He left for home tonight.

A press despatch from London states that the Imperial Government looks with favor upon the amended Canadian copyright bill now before the House.

Hon. Mr. Fisher, asked to-night concerning this, said: "The Imperial Government has never been consulted as to my copyright bill. I haven't anything about their opinion of it."

Trooper Taylor in Trouble.

Trooper John Henry Taylor of Stanley Barracks was placed under arrest yesterday afternoon by Police Constable Stewart and locked up at the Court-street station, on a charge of being drunk. It was asserted by an officer of the fort, who pointed him out to the policeman, that Taylor had absented himself from barracks for several days.

Alleged Disorderly House.

Police Constable Crowe last night visited 77 Pearl-street and arrested the persons found in the place on a charge of being keepers or frequenters of a disorderly house. The prisoners are Edward Rutledge, his wife Mary, Myrtle Cooper and James Kane. William Jackson is also under arrest, charged with frequenting an alleged disorderly house at 104 Pearl-street.

Who Are James Pitts Friends?

The Independent Ice Company of Cleveland, Ohio, last night wired to Inspector Archibald of the Morality Department, asking that J. E. Pitts, who is said to live on King-street in this city, be notified of the death of James Pitts, which occurred there yesterday. The remains are now in the county morgue at Cleveland, and will be kept there until some word is received from the relative, who is believed to be living here.

Extensive Improvements.

Messrs. Darling & Pearson are making extensive alterations and improvements in the Homer Dixon residence, Wellesley-street, recently bought by Mr. Frederick Nicholls.

Notorious Italian Robber Killed.

Rome, June 26.—Fioravanti, a notorious robber, who has for 20 years been the terror of the country, where he has operated, was killed yesterday by a peasant in a forest near Grosseto.

"Uncle Tom" at Hanlan's.

Another immense crowd witnessed the production of "Uncle Tom's Cabin" last night at Hanlan's Point by the Boston Uncle Tom's Cabin Company. There will be a matinee to-day at 3 o'clock and also on Friday and Saturday.

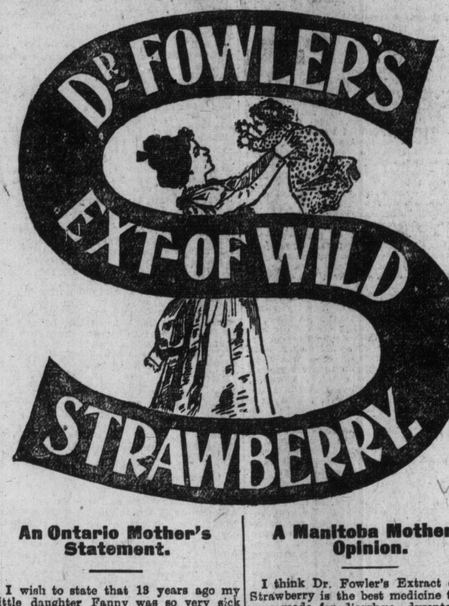
Intercolonial Railway.

The Intercolonial Railway will issue tickets to all stations on their system to teachers and students on presentation of certificates signed by principals or secretaries of schools and colleges at single first-class fare for round trip. Tickets will be good to return until Sept. 15.

For tickets and full information call at Intercolonial Railway ticket office, 80½ Yonge-street.

Mother, Act Promptly,

If your child is suffering from Summer Complaint or Cholera Infantum, administer at once.



An Ontario Mother's Statement.

I wish to state that 13 years ago my little daughter Fanny was so very sick with summer complaint that I thought she was going to die. I hardly knew what to do for her when my sister-in-law, Mrs. J. Kay, of Norland, told me to procure a bottle of Dr. Fowler's Extract of Wild Strawberry, as her husband always kept it in the house to use himself.

I got a bottle and started giving the medicine to my little girl. I have read of things being "worth their weight in gold," but never did I know of any medicine to which that expression could be truly applied but Dr. Fowler's Extract. It certainly worked wonders, and I often tell people I don't believe Fanny would be alive to-day except for Dr. Fowler's Wild Strawberry and God's help.

I have a little baby, Hugh, five months old, and I always keep a bottle of the Strawberry in the house ready to give him if he should be taken ill with diarrhoea, as I don't consider we should be safe without it.

MRS. JOHN WARD,
Bolsover, Ont.

A Manitoba Mother's Opinion.

I think Dr. Fowler's Extract of Wild Strawberry is the best medicine that was ever made for diarrhœa, dysentery, and summer complaint. It is the best thing to give children when they are teething. I have always used it in our family and it has never failed.

MRS. CHAS. SMITH,
Shoal Lake, Man.

A Nova Scotia Mother Speaks.

During the past summer my little boy was dangerously ill with diarrhoea. He grew very weak so that he could hardly stand. I noticed Dr. Fowler's Extract of Wild Strawberry advertised so I concluded to try it. He mended immediately after taking, it so that in a few day he was well as ever. I shall never be without it in my house, as I consider it the most valuable medicine made.

MRS. DANIEL SMITH,
Lunenburg, N.S.

Dr. Fowler's Extract of Wild Strawberry is the most safe and effectual specific for Diarrhoea, Dysentery, Cramps, Colic, Summer Complaint and all bowel complaints of young or old. Refuse substitutes or imitations, many of which are worthless or even dangerous.

The Effect Is Almost Magical.

"It is astonishing," said a well-known physician in the city yesterday, "what a wonderful effect the daily use of

'EAST KENT' Ale and Stout

have upon the system. They seem to impart vigor to the entire body and are delicious, palatable beverages that should be kept in every household."

HAVE YOU TRIED "EAST KENT"?
