THOUSANDS WILL BE THERE.

THIS IS BREEDERS' DAY AT TORONTO'S GREAT FAIR.

A Splendid Day Yesterday for Exhibitors Performers and Visitors—The Receipts Considerably Ahead of the Second Day Last Year—What the Exhibitors Said—A Ramble Round the Fair.

RECEIPTS.

	1890.	1891.	1892.
First day	$ 880	$ 635	$ 743
Second day	1174	891	1292
Total	$2054	$1526	$2035

Everything was salubrious at Exhibition Park yesterday. The weather, the attendance, the business done, the speeches, the display in the ring, the amusements, the music—all were of the most gratifying nature. The receipts were $401 in advance of the corresponding day last year, and were above the average for the past half-dozen years. The total excess of receipts for the first two days this year over those of 1891 is $509.

Thus fortune is favoring the directors of this the best exhibition which Toronto has ever seen.

What the Exhibitors Said.

President Withrow and the directors entertained a representative number of the exhibitors at luncheon yesterday. After the health of the Queen had been drunk there was a desire to hear ex-Ald. Turner, who was formerly an active director of the fair. Like a veteran rehearsing the stories of the war the brusque and burly ex-alderman sketched the history of the fair, its vicissitudes and successes. He highly eulogized the management.

Mr. R. S. Williams of the well-known piano and organ company also became reminiscent. Having joined in the chorus of universal praise he thought it was an objectionable practice to have so many instruments played at the same time. He made a useful suggestion, which the President endorsed, that next year's program should embrace examples of the progress of various arts, especially the manufacture of pianos and organs.

Mr. James P. Murray (Toronto Carpet Manufacturing Co.) said that his firm to a certain extent fulfilled the desire of Mr. Williams. Then the speaker told how experts had been brought to Toronto and that the Queen City could hold her own. Mr. Murray had visited the New England States and testified to the great superiority of the Toronto Fair.

Toronto Bears the Palm.

Mr. John C. Copp, secretary-treasurer of the Toronto Silver Plate Company, had nothing but unstinted praise for all and everything connected with this year's Exhibition.

Mr. Richard Brown (Brown Brothers, King-street west), averred that in Toronto articles of the bookbinders' craft could be made as good, if not better, than in the Old Country and the United States.

Mr. Revell and Mr. W. A. Sherwood responded for art and artists. They each testified to the superiority of the art display this year.

The President announced that Miss Field, sister of the well-known Toronto artist, was present as a representative of the art judges. Mr. Withrow gracefully proposed her health and asked Mr. Sherwood to respond. The artist-poet's modesty and diffidence are proverbial, and hence he blushingly declined the honor, and with the permission of the President delegated the duty to Capt. McMaster.

Now, the captain, spite his three score years and ten, is a handsome man, and is noted for his gallantry. He did his duty and did it well.

With a complimentary speech from Mr. Harry D. Warren, president of the Gutta Percha and Rubber Manufacturing Company, the proceedings terminated.

Amongst the Exhibits.

Visitors to the Industrial Fair yesterday were enabled to comfortably examine the various exhibits. The chief centre of attraction, as has always been the case, was the Main Building, and the numerous and varied exhibits called forth many expressions of appreciation. The ground floor contains exhibits of pianos, organs, guns, jewelry, etc., as well as various domestic articles. There were a great many visitors to the art gallery, where a splendid collection of animal portrait and landscape paintings, as well as a statuary exhibit, were displayed. Mr. Reid's "Foreclosure of the Mortgage" was the centre of attraction, and all day was surrounded by an appreciative group of visitors. The second and third floors were taken up with exhibits of ladies' work, such as painting, fancy sewing, embroidery, etc. Several of the exhibits are not yet completed, complaints being made of freight being delayed in Buffalo.

In the Agricultural Implement Hall a splendid exhibit of farm implements is displayed in working order, consisting of the latest improved threshers, plows, reapers, binders, horse rakes, seeders, drills, cultivators and harrows. In this department there are yet some exhibits to be completed, only one American firm having competed.

There is a very good honey exhibit in the Dairy and Apiary Building.

Floral Hall should not be missed by the visitor. An interesting and instructive exhibit consisting of palms, store and greenhouse plants in flower, ferns, geraniums, century plants, adiantiums, orchids in flower, anthuriums, foliage plants (exclusive of ferns), caladiums is displayed. There is also a fine exhibit of begonias in flower.

The Natural History Building also has an instructive collection of exhibits, consisting of bird-skins, minerals, seeds and nuts, native birds with eggs and nests, Canadian birds with mounted natural surroundings, fish and live animals.

A half hour can be spent to the best advantage in the Carriage Hall, where a splendid exhibit of finished carriages, light and heavy wagons, hearses, omnibuses and other passenger vehicles, as well as carriages in course of construction, are displayed.

The exhibitors who have secured space in the annex have completed the arrangement of their exhibits, which consist of an excellent display of bicycles, refrigerators, latest improved baths, furnaces, as well as an exhibit of terra cotta and pressed brick, which is laid out in many patterns and makes a pleasing effect.

TROTTING FOR SMALL PURSES.

Sim Watson and Charles D. Capture the Exhibition Races.

Mr. George Hogaboom was the starter in the trotting races. There was a good field in each event and faster going than in the opening day. The first race showed Sim Watson and Big Bear too fast for the other four, and after the first heat they battled between themselves. In the second race the contest between Charles D. and George Stanton was keen and the finish in all four heats close. The grand stand crowd divided their attention between the specialties and the races.

FIRST RACE, 2.45 trot; purse $100:

Sim Watson, b s, H. P. Lee, Toronto	1	1	1	1
Big Bear, b s, H. Thurlow, Fergus Vale	2	2	2	2

Nora, g m, Healy Bros., Niagara	4	4	3	2
Billy Stanton, b s, W. W. Read, St. Catts	3	3	4	4
Guy Allen, blk s, Bridgewood & Fitch, Hamilton	dis			

THE BICYCLE RACES.

E. J. P. Smith, Toronto's Clever Rider, Captures Both Events.

The cyclists made their first appearance on the new track. And only a day old the riders agreed that it would be a speedy course in a very short time. Although soft, there were a good lot of starters in each event. E. J. P. Smith, the Toronto crack, started from scratch, reduced his handicap amidst applause and won both events.

Hyslop did not like the heavy track and retired in the first race.

The team competition resulted in a victory for Toronto 40 uniformed riders, including the unfortunate Mr. Hurd, wheeling around the track in a pretty procession. Dr. Doolittle and W. Higgins were the judges. Results:

FIRST RACE, 2-mile handicap—Smith, Toronto (scratch) 1, Jaffray, Wanderers (150 yards), 2; Robertson, Athenæum (200 yards), 3; Lyon, Athenæum (300 yards), 4; Sims, Turbnto (250 yards), 5; McLellan, Toronto (225 yards), 6. Doll, Wanderers (150 yards), Parker, Toronto (250 yards), Duane, Athenæum (300 yards), and Hyslop, Toronto (scratch) also started.

Time—First mile 3.00 4-5, second mile 7.21¾.

SECOND RACE, 5-mile handicap—Smith, Toronto (scratch), 1; Doll, Wanderers (250 yards), 2; Jaffray, Wanderers (350 yards), 3; Robertson, Athenæum (425 yards), 4. McLellan, Toronto (425 yards), Lyon, Athenæum (600 yards), Sims, Toronto (600 yards), also started.

Time—Miles, 3.00 4-5, 6.15, 9.30, 12.48, 16.02.

Her Trained Ponies and Dogs.

Commencing to-day and every day hereafter during the fair Miss Nettie Morris will give a performance with her trained ponies and dogs in the ring in front of the old grand stand, commencing at 11 o'clock. This performance will last an hour and a half, and the following is the program: (1) Military drill by the ponies, (2) introduction of the canines, (3) George, showing all the latest saddle gaits of the day; (4) the canine revolving pyramid, assisted by the Shetlands; (5) Sparke, in marching and Spanish trot and waltz; (6) Romeo and Juliet on the see-saw board, (7) Lottie May and the riding goat, (8) Pilot and Vermont in an original act, (9) Sparkle, George and Baby Dimple in their specialty, introducing Banner, the $10,000 wrestling pony; (10) leaping dogs, (11) a herd of Shetland ponies in their great leaping act, (12) the wrestling bears. Part two: (1) Jockey racing, jumping hurdles, (2) racing by lady riders, (3) dances, (4) pony race, monkey riders; (5) chariot racing, with four ponies and four horses.

Amusements by Moonlight.

There was a fair attendance at the evening performance in the ring, when a varied program was given. The performance commenced with Pawnee Bill's Wild West show, introducing difficult feats of horsemanship, as well as illustrating life in the western plains. The stages contained the following artists: Videlia and Dashaway, horizontal bar performers; Ducrow and Jerome in the great perch act; Henry Lerose on the globe and club swinging; Mme. Yucca, the strong woman; Reto and Debarr, contortionists; Mlle. Turnour, flying trapeze; Weitzman, high wire artist; Ginserettas Bros., acrobats; Phanlon family, fancy bicycle riding; Sterk and Zeno and the Austin Sisters, flying trapeze; Dunn's company of Japanese acrobats; Craddo, broad-ax juggler; Morris' dog show and pony circus.

After the performance a full-dress rehearsal of the "Fall of Nineveh," in which over 300 people, brilliantly costumed, take part, was held.

Notes.

Surprising was the amount of work which has been done by moonlight in perfecting the track.

On account of no charge being required for admission to the grand stand last evening the centre stand was thronged.

The only arrest made on the grounds yesterday was that of a small boy, who was taken to the station by one of the Exhibition employes.

The trip from the corner of King and Yonge right up to the Dufferin-street gate of the Exhibition occupies from 14 to 20 minutes by electric car.

After to-day the old grand stand will no longer present a beggarly array of empty benches. It will be as thronged as will its magnificent competitor, the new grand stand.

William Irvine, who is employed on the new race track at the Exhibition Grounds, had his foot crushed by one of the large rollers and was taken to the General Hospital. The injury is not serious.

Complaint was made at the police station by a lady that her dress had been destroyed by coming in contact with paint at one of the exhibits, no warning having been placed on any of the posts.

Mr. R. S. Williams quoted with commendation the paragraph in yesterday's World as to the discord, if not nuisance, of so many simultaneous players on the pianos and organs.

While standing in the Natural History Department a lady and gentleman were watching the antics of a few monkeys in a cage, when the gentleman was heard to remark; "They are the worst specimens of 'humanity' I ever seen."

Ald. Score was not at the luncheon given to the exhibitors yesterday. Hence the company sat down after the loyal toast without singing the National Anthem. "Where's Score?" was the cry. Then a shrill voice started "God Save the Queen," and up rose the loyalists to a man.

Artist Sherwood's eloquence was handicapped instead of being stimulated by the handsome young lady who sat at the luncheon table by his side. He blushed and she blushed and everyone else gallantly cheered.

Captain McMaster owned the soft impeachment when President Withrow dubbed him the ladies' man of the Board of Directors. The worthy captain has served a long apprenticeship and is now a past master of the art polite.

The best and cheapest way to reach the Exhibition Grounds is by electric motors in King-street. Trains leave St. Lawrence Market at intervals of two minutes or as traffic warrants, running directly to the main gateway. Horse cars via Queen and Dufferin will also leave corner King and Yonge-streets at intervals of five minutes directly to the main gateway. Transfer ticket agents will be placed at all principal junctions and will issue free transfers good by the next car.

Fun for a Dime.

The Little World did a big business yesterday and the managers, Messrs. Allilab and Balillas, are well pleased with the prospects. This year their attractions are more numerous and interesting than ever before. One of the principal attractions, of course, is the wonderful Live Cat Minstrels of Mile. Asored. Then there is Miss Anipt, the only cat ballet dancer in the world.

A Warm Subject for Visitors.

The Stove Building is one of the attractions at the fair this year, and this to a large extent is due to the magnificent display of Buck's stoves and furnaces. This firm occupies 150 feet on the north side. Their display is arranged with the greatest possible taste, and reflects the greatest credit on those who have charge of this really magnificent exhibit. This includes the Happy Thought Range, Buck's Superb Range, Richelieu Range, Radiant Home hall and parlor stoves, both round and square, Garnet warm air furnace, the Leader and Acme. Then there are the Atlantes & Clinton wood furnaces.

Buck's superb steel oven range attracts a great deal of attention. It is set up in sections of three and a half feet, seven feet and eleven feet so as to show the utility of them in the smallest dwelling as well as in the largest hotel. The public is invited to call and examine the samples in this building as well as in the warehouse, 96 to 98 Queen-street east.

The Song of the Sewing Machine.

One of the principal attractions of the first flat of the Main Building is the exhibit of the New Williams Sewing Machine Company. This year the company has two stands, a fact necessitated by the rapid increase in the business. The first stand is at the head of the west stairs, and the other at the northwestern part of the same flat. Their samples of white work are simply superb. The exhibit as a whole gives a capital idea of the great range of this machine, and of the really practical work that can be done with it in all departments. Mr. J. A. McDonald of the Toronto office, 58 King-street west, is in charge. He is anxious, of course, to see all his friends, including agents from a distance. Assisted by a competent staff of skilled operators, the Williams' stand has a hum about it as well as a crowd that attracts attention.

A "Grand Trunk" Exhibit.

The most extensive manufacturers of trunks in the broad Dominion are Messrs. J. Eveleigh & Co. of Montreal. Their branch house in Toronto at 39 King-street west is well worth a visit from strangers attending the Exhibition. They have not gone to the trouble of making a great show at the Exhibition, but have made their display at their warehouse in King-street. And it is a good display and one well worth seeing. Their exhibit of solid leather and basket work would do credit to any firm in England, and is far ahead of that of any other company in Canada. Then their English and Gladstone trunks, club bags and the hundred and one articles that go to make up a complete stock in a first-class house are to be found there. They have, without exception, the largest and best appointed factory in the Dominion of Canada, and they know it. The attention of visitors is particularly directed to their stock of pocket-books, shopping bags and fine leather novelties. Their specialty may be said to be the finer class of goods, and the exhibit at their warerooms fully carries out their claim of having the finest stock of first-class traveler's supplies in the Dominion.

Christie, Brown & Co.

Everybody knows Christie, Brown & Co., biscuit manufacturers. They are known all over the broad Dominion of Canada, and for years have held the lead in this important industry. The exhibit of this well-known firm is in the Main Building at the northwest angle and is tastefully arranged. It is one of the principal attractions, for it contains everything that ever was made in the way of biscuits. Their exhibit is tastefully displayed in boxes arranged round the large space devoted to the firm and would do credit to the best firms of the United States. Their productions need no "puffing," for they are well known from the Atlantic to the Pacific. Mr. Christie, jr., is in charge of the exhibit, and no doubt will be glad to see any and everyone interested in this great industry.

J. H. Rogers, the Fur Man.

Right at the eastern entrance of the Main Building is the magnificent display of furs of J. H. Rogers. Everybody stops to look at the life-sized wax figure of the late Sir John A. Macdonald, which occupies a prominent place at the eastern side of the quadrangle. Here are to be seen furs from far-off Hudson's Bay, Behring Sea, Alaska and the countries where none but the adventurous hunter and his friend, the Hudson's Bay Company, have ventured.

The display is taste fully arranged and is calculated to show the furs to the very best possible advantage. A couple of young ladies, besides other assistants, are there to show visitors the various furs on exhibition. There are other skins, almost black and glossy beavers, martens, and amongst the rest a black fox skin, almost worth its weight in gold. One important department of the firm is that devoted to the alterations. Ladies who require furs repaired or altered cannot do better than send them to this firm.

Something Fine in Carriages.

Probably one of the most attractive exhibits in the whole of the huge Carriage Building is that of the McLaughlin Carriage Company of Oshawa. This enterprising firm occupies a space of no less than 202 feet on the north of the main aisle of the building. Business has evidently been booming with them for a year or two past, because their exhibit this time is twice what it was on former occasions. They show no less than 25 varieties of vehicles. One of the most interesting is their "Beaver Gear" and light Brewster. Intending purchasers should not fail to see the exhibit of this prominent firm. Mr. McLaughlin himself is here with a staff of competent assistants to show everyone what they have. One fact should be borne in mind, and that is that they cannot make a mistake in purchasing from this firm, because they do not make the proverbial "number two." Their manufactures are all number one.

Music Hath Charms.

One of the attractions this year on the ground floor of the Main Building is that of the Berlin Piano and Organ Company. It is near the southwestern entrance and is in charge of Mr. Frank Wesley, son of the popular manager of this well-known firm. There without question have one of the very finest displays of musical instruments on the grounds, a fact which an American visitor commented upon yesterday.

One of the many interesting samples of the work of this well-known firm is a magnificent upright piano in white enamel and gold. It is known as a "boudoir grand," and is one of the first ever manufactured in the Dominion. They show three different sizes scale pianos. One instrument deserving of special mention is a magnificent French burl case. They have a great variety of foreign woods in the cases on exhibition. Their organs deserve special mention. One in particular has attracted a great deal of attention. It stands at the eastern end of their exhibit, and for artistic design and richness and fulness of tone cannot be excelled. This firm is fortunate in having two magnificent players to show off the qualities of their instruments. They are Mr. Frank Bull of New York and Mr. Leslie Staebler of Berlin.

Malt and Its Products.

At the west end of the Main Building and close to the north side of the entrance is the exhibit of Mr. John Botts of Walkerville, Ontario. His exhibit is most tastefully arranged and attracts the attention of all who pass by. All over Canada the medical profession are recommending the preparations of the manufacturers. Dr. Davidson of Toronto speaks in the highest terms of his preparations from malt, and recommends them to those needing a stimulant, which while perfectly harmless is eminently wholesome. The increase in the business of Mr. Botts during the past year or two speaks more than volumes in favor of his preparations. The capacity of the works is taxed to the utmost to fill the orders pouring in from Vancouver to St. John. No one should leave the Exhibition without seeing Mr. Botts' display of his manufactures. His malt tonic and malt stout are winning their way even with the doctors, who say the preparations are far ahead of anything of the sort ever placed on the market.

Steamboat Line to the Fair.

The boats ran all day yesterday, but were not well patronized, owing, no doubt, to the cool weather.

To-day they will run full time, starting at 9 a.m., and in the evening will run regularly from Dufferin-street up to the close of the fireworks.

The children of the Girls' Home are given a free trip to the grounds to-day by the kindness of the managers of the line, and the Boys' Home go on Friday.

Ex-Ald. Piper's Flower Mission.

The third weekly distribution of flowers to the poor children of St. John's Ward was equally as successful as its predecessors. Mr. Piper and his well-filled wagon proceeded up Elizabeth-street, across Agnes-street and down Chestnut-street. Hundreds of children followed the wagon and were delighted with the handsome bouquets given them. The following were the contributors to the week's distribution: Mrs. Kirkpatrick, Government House; Lady Gzowski, Mrs. Richard McDonell, Mrs. John Inglis, Parkdale; Mrs. Charles Reid, Isabella-street; Sisters Sacret Heart Orphanage, Mrs. Robinson, "Oasis" Island; Mrs. G. A. Cox, Sherbourne-street; Mrs. T. Wise, High Park; Mrs. Porter, Homewood-avenue; Mrs. J. S. Williams, Walmer-road; Mrs. L. O. P. Genereux, Walmer-road; Mr. James Massie, Central Prison; Mr. J. J. Kenny, Mimico; Mr. James Goldie, Guelph; Messrs. A. Reed & Son, Carlton-street; Mr. Watkins, Horticultural Gardens; Mr. Westacott, Lansdowne-avenue; Miss Dixon, Parkdale; Master Herman McDonald, Master J. Rogers. During the fall Mr. Piper will pay his weekly and welcome visit to the homes of his former constituents. He is as welcome as the flowers in May.

Healthy Children.

The use of Dyer's Improved Food for Infants has been proved of great value in preserving the health of infants. It is made from pure pearl barley, is always fresh, and sold at 25c per package. Druggists keep it. W. A. Dyer & Co., Montreal.

LA FLECHE WINS THE LEGER

BARON HIRSCH'S FILLY CAPTURES THE CLASSIC EVENT.

Sir Hugo Was Second and Watercress Third—The Betting—About the Placed Horses at Doncaster—Irish Cricketers Defeated—General Sporting Gossip.

LONDON, Aug. 7.—The St. Leger stakes of 25 sovs. each for 3-year-olds, colts 126 lbs., fillies 123 lbs., the owner of second horse to receive 200 sovs. and the third 100 sovs. out of stakes, about 1¾ miles, was run to-day at Doncaster and won by LaFleche, Sir Hugo 2, Watercress 3. There were 12 starters. The race last year was won by Blundell Maple's Common.

Sir Hugo led for half a mile, when Orme took the lead ank kept in front until the bend for home was reached. Here LaFleche pushed to the front and was not afterwards headed, coming in an easy winner. The last betting was 7 to 2 against LaFleche, 10 to 1 against Sir Hugo and 20 to 1 against Watercress. Orme was the favorite, the betting being 11 to 10 on him.

At the sale of Her Majesty's yearlings in 1890 a brown filly by St. Simon-Quiver, own sister to Memoir, was knocked down to Lord Marcus Beresford (acting for Baron Hirsch) after very spirited bidding at 5500 guineas. That filly was La Fleche, the winner of the St. Leger at Doncaster to-day.

The one thousand, second in the Derby, which George Barrett declared he could have won but for being interfered with in the race, the Oaks and now the St. Leger is a record for any owner and trainer to be proud of—Baron Hirsch owned and John Porter trained the first and third horses in yesterday's big race. This makes the fourth winner of the St. Leger that good jockey, J. Watts, has ridden. Curiously enough, he was on the back of Memoir in 1890.

Sir Hugo was the finest looking horse in the race, being a weight carrier on racing-like lines, and typical of the family he represents in style and symmetry.

Watercress is a big overgrown horse for which time will do wonders. With luck he should have a big career as a four-year-old.

ON THE GREEN.

Bankers Knock Balls Over Nets and Bowling on the Lawn.

Following is the result in the second round of the Bank of Commerce events, which was finished yesterday:

Tennis, singles—Sanson gave 15 and beat Stevenson 6-2, 6-4; Buchan gave 15 and beat Jones 6-0, 6-1; O'Reilly gave 15 and beat Noble 6-2, 8-6; Henderson beat Percy, default.

Bowls, singles—Aird beat Howard 13-10, McHarrie beat Dewart default, Meldrum beat Fulton 15-1, Armstrong beat Montgomery 13-4, Noble beat Hutchinson 14-3, Mussen beat Strachan 19-5.

Bowls, doubles, first round: McHarrie and Flinton beat Armstrong and Mussen 17-14, Hutchinson and Noble beat Playter and Montgomery 17-14, Brown and Meldrum beat O'Reilly and Howard 18-13, Aird and Strachan beat Kay and Douglass 18-16, Chisholm and Paterson beat Carter and Jones 17-7, Macgillivray and Ireland beat Tayler and E. A. Kemp 18-13.

Tennis doubles, first round: Strachan and Sanson beat O'Reilly and Stevenson 8-3, 6-4, Meldrum and Hutchinson beat Piercy and Howard 6-3, 6-0, Jones and Hedley beat Buchan and Henderson 6-1, 8-6.

Rosedale's Clever Tennis Men.

Rosedale defeated Balmy Beach in a friendly game played on the former's grounds with the following score:

Singles: McMaster, R., beat Banks, B.B., 6-3, 11-9; Sanson, R., beat Alexander, B.B., 8-6, 6-2; Petman, R., beat Philpott, B.B., 6.8, 6-1, 6-2; Anderson, R., beat Muir, B.B., 6-6, 9-7; Lyon, R., beat Wright, B.B., 6-3, 6-0; Alley, B.B., beat Ardagh, R., 6-4, 7-5.

Doubles: McMaster and Sanson, R., beat Banks and Philpott, B.B., 6-1, 6-2; Martin and Lyon, R., v. Alexander and Alexander, B.B., 3-6, 6-4, 5-5, unfinished; Ardagh and Petman, R., v. Alley and Wright, B.B., 2-6, 6-2, 3-3, unfinished.

Anderson Wins the Handicap.

Rosedale's regular monthly handicap resulted in Mr. Anderson winning the final match from Mr. Lyon. Score: Anderson, half fifteen, beat Lyon, scratch, 6.3, 6-8, 6-3.

BEATEN BY BEAN EATERS.

The Irish Cricketers Beaten in Their Opening Game at Boston.

BOSTON, Mass., Sept. 7.—The All New Englanders defeated the Gentlemen of Ireland in the match continued from Monday, and they are correspondingly jubilant.

The bowling of the visitors was excellent, but not equal to that shown by the last team that was here. Their fielding was rather poorer than that of the home team.

At the close of the first day's play the New Englanders had made 92 for 7 wickets, against Ireland's 84 in their first innings. In the second day the former finished their first innings for 120 and Ireland made 41 in their second. New England needed six points to win, and these were easily made by Pettit and Heyes, and the match was won by the home team, with 14 wickets to spare.

A return match was started, the Irishmen scoring 174 runs, with 5 wickets down. The visitors will take a rest of a day or two before completing the match.

[The Irishmen play here next Monday and Tuesday against Canada international eleven, who evidently will make a good stand against the tourists.]

National League Baseball.

New York 4, Pittsburg 5; Washington 2, Cleveland 3; New York 10, Pittsburg 6; Washington 6, Cleveland 2; Boston 7, St. Louis 4; Chicago 7, Brooklyn 3; Cincinnati 3, Philadelphia 4; Louisville 4, Baltimore 2.

R.C.Y.C. GOSSIP.

The Race for the Prince of Wales' Cup—Events Postponed.

The R.C.Y.C. race for the Prince of Wales' Cup will be sailed on Saturday next over the usual triangular course, twice round, 30 miles. A time gun will be fired from the town club at 10.30 a.m., a second gun from the judges' boat at 10.55 a.m. as a signal for the yachts to approach the starting line, and a third gun from the judges' boat at 11 o'clock as a signal for the boats to start.

The start will be made across a line due south from Exhibition wharf and a buoy to the southward. If a red flag is hoisted on the judges' boat all buoys will be left to port, including the buoy at start and finish, and the yachts will proceed to the Mimico buoy first. If a blue flag is hoisted all buoys will be left to starboard, including the buoy at start and finish, and the yachts will proceed to the lake buoy first. The judges' boat will have the town club at 10.30 a.m. sharp.

The 30-foot class race for the Lorne Cup, postponed from last Saturday, will be sailed on Saturday, Sept. 17, starting from the town club at 3 p.m.

The race for the 25-foot class, set down to be sailed on Saturday, is postponed until Saturday, Sept. 24, and the 21-foot class race until the 17th inst.

There will be a smoking concert held at the island club on Wednesday, 14th inst. A large array of local talent is expected to be present.

London Cricketers Defeat East Toronto.

The return match was played yesterday between the London and East Toronto cricket clubs on the baseball grounds, resulting after two close and exciting innings in favor of the former club by 7 runs. Score: 49 and 50 to 22 to 49 and 50. Hail and Sayers' bowling was particularly effective. The batting of Hall, Pope and Bacon was the leading feature of London's fine work. Sadler and Harrison's trundling for East Toronto was well on and very effective. Chandler and Maddock, the veterans, batted remarkably well for their respective scores. Cosby also played well, running up double figures in short order by hard hitting.

General Sporting Notes.

A meeting of the Kensington Football Club will be held at Broadway Hall, Spadina-avenue, on Friday night at 8.30.

The winners at Sheepshead Bay yesterday were: Kingston, Evantus, Ignite, May Win, Sleipner, Hydy.

The Willow Football Club will hold a meeting in Broadway Hall, Spadina-avenue, at 8 p.m. to-day. All members and friends are requested to attend.

At the regular meeting of the Toronto Bicycle Club Mr. J. F. Lawson, secretary of the Races Committee, was presented with a valuable gold watch as a token in recognition of his services in connection with the annual race meet held on Civic Holiday and other occasions.

The Toronto ball grounds will be the scene of a first-class match when the Dukes and Cobourgs meet on Monday, citizen's holiday game, starting at 3 o'clock sharp. The Cobourgs have met with only one reverse this season, defeating Kingston, Belleville and the Dukes easily. The latter club is practising hard. Andrus is coaching and captaining the Cobourgs.

The Hamilton Rugby Football Club has elected the following officers: W. Hendrie, patron; A. D. Stewart, president; W. Hendrie, jr., and John Stewart, vice-presidents; W. A. Logie, captain; James Harvey, assistant captain; R. R. Watson, secretary; B. P. Dewar, treasurer; J. Briggs, W. A. Stewart, W. C. Smart, committee.

A telegram received at headquarters last night from Sergeant Hales, captain of the tug-of-war team, announces the defeat of the Toronto four by the Montreal team. The were two pulls of five minutes' each. In the first the Montreal team gained 2½ inches, in the second Constable Nichols, the Toronto anchor, was overcome by the strain and the visitors were outpulled.

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try the valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

Grand Army Excursion to Washington, D.C., on Sept. 17, 1892.

The members of Knowlton Post of Toronto, Book Post, Hamilton, and Hamlin Post, London, have made arrangements for very low rates and through Pullmans to Washington. Trains will leave Suspension Bridge at 4.40 p.m. Sept. 17. All ex-U.S. soldiers or sailors and others who wish to take advantage of this cheap rate can do so by applying to Captain Stone, room 13, Pythian Building, corner Victoria and Queen-streets east, Toronto.

Parmelee's Vegetable Pills contain Mandrake and Dandelion; they cure Liver and Kidney Complaints with unerring certainty. They also contain Roots and Herbs which have specific virtues truly wonderful in their action on the stomach and bowels. Mr. E. A. Cairncross, Shakespeare, writes: "I consider Parmelee's Pills an excellent remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

Mr. John McCarthy, Toronto, writes: "I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the best medicine in the world. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

Think for Yourself.

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? 246

One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle and see if it does not please you.

Chew Goody-Goody Chewing Gum and you will not feel thirsty. It moistens the mouth.

No person should go from home without a bottle of Dr. J. D. Kellogg's Dysentry Cordial in their possession, as change of water, cooking, climate, etc., frequently brings on Summer complaint, and there is nothing like being ready to the slight attack at hand, which oftentimes saves great suffering, and frequently valuable lives. This Cordial has gained for itself a widespread reputation for affording prompt relief from all summer complaints.

FIRST-CLASS GOODS ALWAYS ATTRACT customers, and this applies to well-built, healthy houses—that are always in demand—and seldom unoccupied because they lead the market in the main requirements for healthy, comfortable homes. Owners are beginning to find out that it is a mistake to keep their property unoccupied, and that it pays in the end better to keep it in good, clean healthy order and always drawing rent. We have a few very choice houses in the best localities for sale or lease.
