LAWRENCETOWN.

Services for Sunday, May 18th, Baptist 11 a. m., Rev. R. D. Porter; Episcopal, 3. p. m., Rev. Amor; Methodist 7.30 p. m., Rev. Gaetz; Union meeting 3 p. m.

C. K. Morse filled the Baptist pulpit last Sunday and preached an impressive sermon.

Rev. Archibald and family are on a month's vacation.

Our sick are all improving and out of danger.

We are sorry to hear of the illness of W. W. Bent at Bridgewater. Latest reports are that he is on the mend.

Several more horses for Africa will go forward from here this week.

Our fishermen who went south last week report good (?) catches.

We understand that one of our county editors will take a life partner soon.

A good demand for horses here—several changed hands last week.

The two new houses that J. E. Schaffner is erecting have already been leased, so the progress of our town goes on, and still more demand for houses.

Miss Nellie Morse spent Sunday at home.

A cricket team is being organized. With this and our ball teams, tennis, etc., there should be no lack of amusement this summer.

The largest number of trees that ever arrived at this depot, came this spring and it looks as if our farmers believed in the future orchard. All of these trees have been inspected and fumigated by a government official.

Mrs. Richardson, a former teacher here, is visiting Mrs. E. Hall.

Messrs. Daniels and Whitman have the contract for J. E. Schaffner's new houses.

A recent letter from H. Price Webber says that he and his company will give our town a week's entertainment soon.

Wm. Robinson of Boston has arrived here and will spend the summer the guest of J. A. Whitman.

Our farmers are getting in their seed, though rather slowly, owing to the damp and cold weather.

MARGARETVILLE.

The terrible disaster in the loss of the schr. "Bear River," Capt. Elias Woodworth, and John Brown of Port George, and a Mr. Neaves of Port Lorne, is greatly regretted here, and much sympathy is felt for the bereaved families. Last Tuesday Capt. James Parks and three others from Port George left Margaretville in a small schooner belonging to Capt. Gibson, to go in search of the missing vessel and the bodies of the unfortunate men. They have not yet returned.

It is our painful duty to record the death of another of our esteemed young ladies in the person of Miss Jennie Atchison, who died Saturday morning. Miss Atchison had been a school teacher for a number of years until she had to give up on account of ill health. The funeral took place on Monday from her mother's residence. The remains were interred at Melvern Square alongside of her father, who died a few years ago.

Rev. Mr. Philips preached an eloquent sermon on Sunday evening to a large congregation.

The ladies of the Methodist church have placed a very fine chandelier in the church which gives a good light. We understand it cost $125.

An extremely cold wave struck here on Saturday morning. Seeding is very backward. Heavy frost was seen in many places Sunday morning.

PARADISE.

The annual business meeting and reunion of the Paradise and Clarence Baptist church was held in this place on the afternoon and evening of May 12th. Rev. Mr. Steeves, whose pastorate has extended over a period of five years, tendered his resignation, which was accepted to take effect six months from now. Encouraging reports from the various departments of church work were given. A bounteous collation was served in the vestry from five to half past seven by the ladies of Paradise and West Paradise. Theatric meeting in the evening was addressed by Rev. Mr. Daley Bridgetown, and Dr. Goodspeed.

A meeting of the agricultural society will be held in the school room on Thursday, 15th, at 8 p. m.

Mr. Clarence Longley of the Union Bank, Lawrencetown, and Capt. A. W. Gillis were fishing last week in southern waters. They report a catch of one hundred and ninety-two.

Commencing on the 17th inst., ice cream will be served at Mr. C. E. Durling's hotel every Saturday evening during the summer months.

Dr. C. Goodspeed has returned from Toronto and is occupying the summer residence of Mr. W. T. James.

There are to be four weddings in Paradise during the month of June.

BELLEISLE.

Mr. William Woodward and Mr. Bartlett C. Goodwin, who have been in the United States some weeks on a business tour, returned home last Saturday.

Mr. Henry Dodge of Somerville, Mass., is visiting relatives here.

Mrs. R. L. Dodge was hastily summoned to Bridgewater last week, to her brother, Mr. William Bent, who is very dangerously ill of pneumonia.

On Tuesday evening of last week at the new hall, the Rev. E. B. Moore delivered one of the most eloquent and effective addresses to which we have had the pleasure of hearing for many years. The Rev. gentleman chose for his subject "Loyalty to God and the Cardinal Virtues of the Christian." As a preacher he is indeed powerful and eloquent.

A cold wave reached here last Friday night that made us all shiver. It snowed some on Saturday. Overcoats and gloves were in order, ground froze and heavy frost on Monday morning; it will do no damage

SPRINGFIELD.

Miss Laura Morrison, teacher at Albany Cross, spent Sunday at her home.

Mrs. Ingram Whitman of Middleton is the guest of Rev. E. E. and Mrs. Locke.

Owing to various circumstances, the "open night" by Woodbine Division, which was to have been given on Friday evening last, was postponed until Friday next.

Mr. Ingram Whitman is doing mason work for W. L. Sprowl, junr.

Mr. Lock Morton of New Germany was the guest of Mr. and Mrs. Elwood Young during last week.

Mr. J. C. Grimm and Mrs. Will Sprowl spent a part of last week in Lunenburg.

As a result of the special meetings recently held, seven members have been added to the Baptist church.

May 6th, 1902.

ANNAPOLIS ROYAL.

Rev. H. D. deBlois made a trip to Halifax last week. He will shortly remove to that city.

Considerable interest is exhibited here in the rise and fall of stocks. A few of our business men are taking a hand at the speculative game.

Trouting parties may be seen almost every day on the road to Milford or other good fishing grounds.

Mr. J. J. Ritchie is on a trip to Bridgewater and Liverpool.

Mr. Sam Rippey, who bought the house on Main street belonging to the Fullerton estate, is having it moved to a piece of land owned by him near the house which he now occupies.

PORT LORNE.

Mr. Avard Brinton is home again from sea for a short time.

Mrs. Joshua Sabean, who has been ill for some time, died Sunday morning, 11th inst., and was buried Monday, Rev. L. J. Tingley officiating.

AGREEMENT IN RE WATER EXTENSION.

This agreement made in duplicate the tenth day of April in the year one thousand nine hundred and two between the Town of Bridgetown, a Municipal corporation in the County of Annapolis, incorporated under the provisions of "The Town's Incorporation Act of 1895" (hereinafter called the "Town") of the first part, and the Water Commissioners of the Town of Carleton's Corner, a body corporate incorporated by "The Town of Carleton's Corner Water Supply Act" (hereinafter called the "Commissioners") of the second part:—

Whereas the said town has recently increased its supply of water and its reservoir for storing the same and has now a greater supply of water than is at present needed by the inhabitants of said town,

And Whereas the said Commissioners are desirous of acquiring the right to supply the said town of Carleton's Corner with water from the water system of the said town of Bridgetown,

And Whereas an agreement has been reached between the town council of the said town and the said Commissioners enabling the said commissioners to supply the said town of Carleton's Corner with water from the water system of the said town but subject nevertheless to the approval of a public meeting of the ratepayers of the said town as provided by section 143 of the Town's Incorporation Act.

And Whereas it is desirable to set down in writing the terms and provisions of the said agreement in full,

Now Therefore this agreement witnesseth that the said town, at the request of the said Commissioners and in consideration of the promise of the said Commissioners to pay the town annually for a period of ten years now next ensuing, the sum of two dollars and fifty cents for each kitchen tap which may hereafter at any time within the said ten years be connected with the extension of the water system of the said town herein provided for, and in the further consideration of a guarantee by the said Commissioners that there will be at least twenty-five such kitchen taps so connected when the said proposed extension shall be completed, does hereby agree to and with the said Commissioners to extend the water system of the said town along the "Lane" so called, and from the end thereof eastwardly to the mouth of the Morse Road and westwardly to Frank Fowler's house and to make contracts with the inhabitants of the said town of Carleton's Corner for supplying them with water at the same rates and upon the same terms as the water is now or hereafter may be supplied to customers living in the said town and also to put in the said extension hydrants every six hundred feet from the last hydrant in the present system in the direction of the proposed extension.

And the said Commissioners hereby agree to and with the said town to furnish the said town with the money necessary to carry out the proposed extension and the said Commissioners hereby grant to the said town all rights, powers and privileges and hereby give to the town leave and license to do all acts and things necessary to be done for the purpose of extending the water system of the said town as aforesaid. And the said Commissioners hereby guarantee that there will not be less than twenty-five kitchen taps put in and connected with the said extension by bona fide customers in the said town of Carleton's Corner and within the district through which the proposed extension is to be made when the said extension shall have been made and completed and further that the said Commissioners will pay the town annually for a period of ten years now next ensuing the sum of two dollars and fifty cents for each kitchen tap which may hereafter at any time within the said period of ten years be connected with the extension.

And the said town hereby agrees to apply to the local legislature of the province of Nova Scotia at its next session for legislation confirming this agreement and giving the said town all enabling powers necessary to enable it to make the said proposed extension and the said Commissioners also agree that they will join in such application if necessary and it is also agreed that if and when such legislation shall have been obtained then the said town will return to the said Commissioners the money hereinbefore mentioned with interest thereon at the rate of four per centum per annum for the time such money shall have been in the hands of the officials of the said town.

It is hereby mutually agreed that the bylaws and ordinances of the said town of Bridgetown now or hereafter in force in the said town shall apply to and be binding upon the said proposed extension and the customers connected herewith and that the said town shall not be liable in damages for any interruption in the supply of water to the said extension by reason of any break in any pipe now or hereafter used in the said system or said proposed extension thereof nor shall any such interruption work a breach of this agreement but no customer shall be required to pay for the water during any such interruption.

It is also mutually agreed that the said extension shall consist of not less than four inch pipe except west from the Lane which may be one inch. Said town will lay service pipes to the street line upon the application of any customer desiring the water and such customer shall lay the service pipe from the street line to the desired point on the property. If the number of kitchen taps shall at any time be less than twenty-five the said Commissioners will nevertheless pay the said town for twenty-five taps at two dollars and fifty cents each during each and every year for the said period of ten years but under no circumstances shall anything contained in this agreement be construed to impose any obligation or liability on the said Commissioners to pay the said town the said sum of two dollars and fifty cents per tap or any sum whatever in respect to such taps after the expiration of the said period of ten years but the same shall then cease and determine.

It is a further condition of this agreement that it shall be approved by a meeting of the ratepayers of the said town of Bridgetown as provided by section 143 of the Town's Incorporation Act before it shall be binding upon the said town.

In witness whereof the said town of Bridgetown has caused this agreement to be executed by its Mayor and Town Clerk and the seal of the said town to be affixed thereto and the said Commissioners have individually signed and sealed the said agreement and the secretary of the said commissioners has countersigned the same.

L. D. SHAFNER, Mayor.
F. L. MILNER, Town Clerk.

JOHN L. MARSHALL,
CHAS E. HICKS,
HENRY A. FREDERICKS,
Commissioners for Carleton's Corner.

INGLISVILLE.

Farming has begun in earnest and a quantity of potatoes and oats are in the ground.

Miss Gladys Messenger of Centreville is visiting her cousin, Miss Effie Durling.

Miss Annie Balcom of Lawrencetown has been visiting here.

Our oldest inhabitants, Mrs. Freeman Whitman and Mrs. R. Gates have been on the sick list.

It is the intention of those interested in missions to form a W. M. A. Society in the near future.

Miss Cassie Whitman, accompanied by Mrs. George Whitman, attended the Teachers' Institute at Annapolis.

Mrs. Albert Beals of Brockton, who is spending the winter with her parents, welcomed a son on the 10th.

Bret Harte died suddenly at Aldershot, England, last week, from hemorrhage.

ST. PIERRE A BURIED CITY.

St. Thomas, D. W. I., May 9—It is now estimated that forty thousand persons perished as a result of the fearful volcanic eruption in the Island of Martinique. The British schooner Ocean Traveller of St. John N. B., arrived at the Island of Dominica, British West Indies, at three o'clock this afternoon. She reported having been obliged to flee from the Island of St. Vincent, during the afternoon of Wednesday, May 7th, in consequence of a heavy fall of sand from a volcano which was erupting there. She tried to reach the Island of St. Lucia, but adverse currents prevented her from doing so. The schooner arrived opposite St. Pierre Martinique, on Thursday morning, the 8th. While about a mile off. the volcano of Mont Pelle exploded and fire from it swept the whole town of St. Pierre, destroying the town and shipping there including the cable repair ship engaged there.

Fort De France, Island of Matinique May 10—Advices received here from the vicinity of St. Pierre, ten miles from here, contain further details of the terrible volcanic upheaval which resulted in the utter destruction of that town and the death of nearly all its inhabitants. The crater of Mt. Pelle had been wearing its 'smoke cap' since the third day of May but there was nothing to indicate that there was the slightest danger. On that day a stream of boiling lava burst through the top of the crater plunged into the valley of the River Blanche, overwhelming the Guerin sugar works and killing a number of people.

About eight o'clock on Thursday morning a shower of fire rushed on St. Pierre to Le Precheur, a district having a population of 40,000, burning up everything in its path. St. Pierre is an absolute smoke waste, concealing 30,000 corpses, whose rapid decomposition necessitated in some cases, instantly completing their cremation, which was only partially accomplished by the lava.

The inhabitants of Fort De France were panic struck the morning of the disaster, when the sky suddenly darkened until it was as black as midnight. The sea shrank back thirty yards, hot rain began to fall, while gravel, the size of walnuts, poured on the town. This lasted about fifteen minutes and then the town began to assume its normal aspect.

The work of relief is progressing here on the most extensive scale possible. The lave continues to pour down the slopes of the mountains, slowly engulfing the whole north of the land, while fresh crevices are continually opening.

THE BEEF TRUST PROSECUTION.

(New York Outlook)

Whatever the outcome of Attorney-General Knox's proceedings against the combination of the packing-houses—and these are being pushed with vigor—the present crisis has occasioned an executive order which promises to remedy one of the greatest abuses in the meat industry of this country. For years, as is widely known, grazing on the public lands in the Far West has been practically in the hands of great cattle companies employing large forces of cowboys. And these companies, Secretary Hitchcock has found, have illegally fenced in large areas, claiming that it was necessary for the protection of their herds. This claim is of course disputed by the small herdsmen and settlers, who are 'fenced out' by the illegal wires and the Administration has taken the ground that the rights of the settlers are to be protected, and the law against the fencing in of the public domain to be enforced immediately and absolutely. The President has issued an order to this effect and the power of the military is at the disposal of the Interior Department is executing the order. It is not true, as claimed, that this order will have the effect of reducing the price of meat except in so far as small farms in the long run raises more live stock per acre, than the companies which depend on the mere grazing of their herds, but the order indicates the determination of the Administration to take away the unfair and illegal means by which the great companies have established their power. If grazing is permitted in the public domain, it must be on terms which are as open to the smallest herdsman as to the largest cattle company, and a just fee for the privilege should be paid into the public treasury. The legal proceedings against the Beef Trust have not yet resulted in any reduction in the price of dressed beef, but the spontaneous action of innumerable housekeepers in finding substitutes for beef has greatly reduced the demand therefor, and the price of cattle has also fallen.

S. A. SELF-DENIAL WEEK.

The Salvation Army throughout this territory is now actively engaged in oreparation for the annual Self-Denial Week which begins on Sunday, May 25th and closes Saturday, May 31st. The purposes of this week are now universally known and recognized as worthy of every support. In this country, under the leadership of Commissioner Eva Booth, the Army has made very satisfactory progress. Its social institutions number thirty-five and the latest annual report shows a most satisfactory result.

To support the institutions and the work in poor districts, as well as to extend operations and contribute towards the missionary work of the Army, it is desired to raise the sum of $25,000 in Canada. Cheerful contributions are solicited.

CHINESE LADY BUG.

Toronto, May 9—Information has been received at the Ontario Department of Agriculture from Washington to the effect that the Agricultural Department of the United States is contemplating introducing the Chinese Lady Bug across the border for the extermination of the San Jose scale. The insect feeds on the scale, and it is believed that when introduced into the country in sufficient numbers, it will exterminate the pest. A representative of the United States Agricultural Department recently secured in China sixteen of these bugs, but only two survived the trip across the ocean. These have multiplied, until now they have about fifty. The experiment will be watched with interest by the Ontario agricultural officials, and if it proves a success the bug will be introduced into Ontario.

OBITUARY.

MACKEOWN.

Mrs. M. E. MacKeown, mother of Sarah E. MacKeown, a well-known milliner of that city, died Monday evening at 8.15 o'clock at her home, 125 Jackson street, Lawrence, Mass. She was the widow of Moses MacKeown and had lived there for many years. She was a native of Nova Scotia, having been born in Granville Feb. 14th, 1836. At the time of her death she was aged 66 years, two months and four days. The cause of her demise was pneumonia of which she was stricken last Wednesday. She leaves two sons, Samuel, a jeweler of Springfield, and Fred a resident of Lowell, and one daughters, Sarah E., the well known milliner, and Mary E. a resident of Lowell, and one sister, Mrs. Snow Smith of Nova Scotia.

CENTREVILLE.

We are pleased to report that Mr. Fred Rice and family who four years ago moved to Deep Brook, have returned.

Mrs. Bingham left for Boston on Monday.

Mr. Charles Piggott has improved the appearance of his house by a coat of paint.

NEWS OF THE WORLD.

The Dominion government will ask for permission to vote $5,000 for the sufferers from the Martinique disaster.

Six hundred seats have been placed at the disposal of the Canadians at the Coronation, at a cost of ten shillings per day.

It is estimated that 30,000 Norwegians have sailed to America this year—double the number for the same period last year.

Paul Leicester Ford, the author, was shot and killed at his home in New York last week, by his brother, Malcolm J. Ford, who then shot himself.

The premiers of Ontario, Quebec and Prince Edward Island have replied to the invitation of Hon. James Sutherland to meet at Ottawa on the 20th, to discuss the control of the provincial fisheries.

It is rumored in steamship circles that the Morse syndicate which now controls the various lines running to Maine ports and St. John, is after the Plant Company's Nova Scotia and Prince Edward Island business, for which it is willing to pay, it is said, $500,000.

As a result of the recent tuberculosis conference two gentlemen have offered to build sanitaria in Canada at their own expense. One is Sir William McDonald of Montreal, who will erect one near Montreal, and the other is Mr. W. C. Edwards, M. P., whose sanitorium will be on the neighborhood of Ottawa.

A bill has been introduced into parliament respecting the city of Ottawa. This enlarges the commission established under the Washington of the north policy, by which the Dominion pays $60,000 a year for beautifying and improving the city of Ottawa. It is now proposed to add four members to the number appointed by the government, who may not be resident in Ottawa necessarily.

It's all right! What's all right?

Empire Liniment is All Right

Read what Mrs. Wile, of Lunenburg Co., says concerning Empire Liniment.

Empire Liniment M'f'g Co.,

Dear Sirs,—I have used your Empire Liniment and it has done wonders for me. I had catarrh of the worst kind and your liniment removed it. I also used your liniment for corns and pains of the soles of my feet (which kept me from going about) and today I walked to Bridgewater, a distance of two miles. You may use this testimonial so that others may be benefited as I have been, and I can truthfully say that there is no liniment on earth like the Empire Liniment.

MRS. ELIZA J. WILE.

Wileville, N. S., Sept. 10th, 1901.

Save the tags, they are valuable.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
SCOTT & BOWNE, Chemists
Toronto.
