A PANDEMONIUM OF WOE.

The Annual Pilgrimage to the Holy Shrine of Lourdes Presented a Gruesome Spectacle.

WASTED FORMS, WITHERED LIMBS,

Disease-Devoured Faces and Bowed Bodies Abounded on All Sides as the Train Arrived.

Lourdes, France, May 15.—The annual pilgrimage to the shrine of Our Lady of Lourdes is now at its height. Fully 40,000 sufferers and their attendants are quartered here. The town is crowded to its utmost capacity. Over 5000 arrived in one day from Paris alone. When the special trains, bearing their burdens of suffering, disease, sorrow, woe and misery, arrived at the station, the scenes were heartrending. Some of the poorer sufferers painfully dragged themselves along the road toward the hospitals on foot. Those unable to walk were carried on mattresses by friends or relatives to the quarters assigned them. It was a pandemonium of woe.

Some pathetic scenes were witnessed. One young woman scarcely out of her teens slowly and painfully hobbled from a train. Death was written in her wan face and wasted figure. A blue-bloused porter tenderly helped her from the station platform and into a carry-all, where she sank exhausted and died before reaching the Grotto.

Wasted forms, withered arms and legs, diseased, devoured faces, bowed bodies abounded on all sides. Amid all this misery, however, shone the star of pure faith—a light that brought the multitude to pray in the Grotto and bathe in the pool.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me." ed

Budget of Interesting News From a Wide District Culled For The World.

BUSINESS OF TOWNSHIP COUNCIL.

Death of a Well-Known Junction Resident—Assessment of North Toronto Districts.

Toronto Junction, May 15.—(Special.)—The flag flying at half-mast from the tower of the Town Hall this morning was the first intimation many of our citizens received that ex-Councillor J. A. Bull had passed away, and as the news spread, expressions of sorrow and regret were heard on many lips. Jovial and cheerful with friends on Saturday, he was probably the last man in town that one would have expected to see on the streets no more. On returning to his home on Saturday evening he was taken suddenly ill with acute Bright's disease, and about 5 o'clock this morning he died.

The late John Alfred Bull was a son of William Bull, one of the pioneer carriage builders of West York, a business to which he succeeded upon the death of his father, and in which he was engaged until his demise. His life was spent at Carlton, and his education was received at the old Springmount school, now marked by the clump of pines standing on the corner of St. Clair-avenue and Dufferin-street. Mr. Bull was married in 1877 to Miss Sarah McDonald, by whom he had four children, all of whom pre-deceased him. He leaves three brothers and two sisters: James Bull of Rochester, N.Y., William Bull of Niagara Falls, Joseph Bull of Toronto, Mrs. W. J. Reazin of Pickering and Mrs. McLean of Toronto Junction. He had a wide connection, among his second cousins being T. H. Bull, ex-clerk of the peace, Jacob Bull, ex-Reeve of Weston, R. J. Bull, ex-county councillor, and Dr. Bull of Lambton Mills.

The funeral will take place on Wednesday at 2 o'clock from his late residence, No. 357 Weston-road, to Prospect Cemetery, and will be conducted by the Worshipful Master and officers of Stanley Lodge, A., F. and A. M., of which deceased was immediate Past Master. Mr. Bull was also a Past District Deputy Master of the District Orange Association and a member of Purple Star Lodge, L.O.L., No. 602. During the years 1894, 1895, 1896, 1898, and after the lye-election in 1897, he was a member of the Toronto Junction Town Council, and always identified himself with the town's best interests. In politics he was a Conservative.

News Notes.

The concert and social in the basement of Victoria Presbyterian Church to-night was a very enjoyable event. Particular mention may be made of the milkmaids' drill, the tambourine drill, the rendition by the choir and the selections of the Misses Lloyd, Borland and De Guerre.

The West York License Commissioners met to-night and granted a transfer of the license from the O'Neil estate, Islington, to James Goodwin. They also granted a transfer of license from Ed Jackson to Walter Palmer of Richmond Hill.

Mrs. Hunwick of Dundas-street, near Lambton Mills, a wealthy lady, died this morning. The bulk of her property goes to charities.

The Executive Committee of the Town Council to-night received a proposition from the Citizens' Band to hand over their uniforms and certain instruments to be kept in trust by the Council in consideration of receiving an allowance to assist them in paying for tuition and hall rent.

Swansea.

Swansea, May 15.—Charles Bray, whilst making bridge iron in the Swansea Forging Company's Works, accidentally let a bar fall, which fell on his toe and broke it. Alex Ockleby, of the same factory, had two fingers smashed in the blacksmith shop.

Weston.

Weston will celebrate May 24 by baseball and lacrosse matches, sports, races, tug-of-war and cake-walk. In the evening a concert will be held. All the arrangements are being made by the Canadian Order of Foresters.

North Toronto.

The newly-appointed inspector, Mr. D. Fotheringham, is making his tour of the Eglinton School.

The bi-monthly meeting of the Town Council will be held at the hall to-night.

The new pastor of Zion Baptist Church will be tendered a reception by the congregation at the church on Wednesday evening.

Messrs. J. Burke and J. Muirhead, assessors for the southeast and northeast sections of York Township, have returned their assessment rolls. The former shows a decrease of $4100 on last year and the latter $2500.

Considerable discussion on the proposition of the Metropolitan Railway to operate the water and electric plant of the town, is at present going on. Many claim that the concessions asked by the railway would destroy the charter obtained by the town from the Suburban Water and Light Company some years ago.

York Township Council.

A special meeting of the council was held yesterday to talk over matters of road improvements that had been brought to the attention of the members during their recent visit through the municipality. Reeve Duncan presided, the other members all being present.

Councillor Armstrong of North Toronto asked for the installation of an electric light at Cemetery Hollow, as under present conditions it was dangerous to traffic. Mr. Armstrong stated that his council were willing to defray half the expense, and the Reeve, thinking the offer a very fair one, the councillors fell in line, and the light will be put up.

Councillor Sylvester objected to allowing Scarboro' Township to trifle with the feelings of York, as an account for half the repair of a deviation of the town line has been owing now for more than a year by the former. To bring the matter to a focus, on the suggestion of Mr. Sylvester, the account will be entered in the Division Court.

East Toronto financiers are not the most careful in the world, as the loss of a cheque for $26.67 shows. The cheque was paid by the township to the village last August, and, having been lost, the smaller municipality asked that another be issued, but the council did not feel disposed to have two warrants floating around for the same amount.

A petition was received from Little York, signed by Mr. A. Johnston and 32 others, asking for the installation of a waterworks system to give fire protection and supply for street watering. The Reeve and Councillors Sylvester and Goulding will look up the G.T.R., to see if any arrangement can be made whereby the railway company will provide the water wanted.

The request of Mr. J. Broom of Toronto Junction to compel the bakers to supply the township with either two or four-pound loaves, did not meet with much approval, and the applicants were referred to the County Council to try that body on the innovation.

Mr. A. J. Anderson asked for the amount of school moneys due to Toronto Junction, and, failing the comparison of the two municipalities' treasurers' accounts, an amount of $1400 was passed as a part payment.

A tangle in the question as to whether a tax sale of lands could be held, necessitated an opinion from Solicitor Bull, and on his advice only lands in arrears for the year 1895 can at the present time be disposed of. This will likely be done, and the sale will be held in the fall.

Engineer Gibson managed to get the members in a good frame of mind, and after much discussion special grants for improvements were made, as follows: Vaughan plank road, $200; Yonge-street, north of Willowdale, $300; Spadina-road, $150; while sidewalks will be laid on Weston-road bridge, York Mills bridge and Coxwell-avenue.

W. A. MURRAY & CO. LIMITED.

W. A. Murray & Co., LIMITED. 17 to 27 King St. E. and 10 to 16 Colborne St., Toronto

THE LOAN COMPANIES' COMBINE.

Banking and Commerce Committee Discussed the Amalgamation and Held It Over.

Ottawa, May 15.—The Canadian Inland Transportation Company's bill was taken up at the Banking and Commerce Committee to-day. The bill was reported, with some amendments. The clause giving power to the company to deal in grain was struck out, and the power to build and operate tramways was restricted to not more than five miles in length for any one line.

The Atlas Loan Company's bill was left over, at the request of Mr. Fielding.

A bill to incorporate the Canada Permanent and Western Canada Mortgage Company was next considered. Mr. Blackstock, of Beatty & Blackstock, explained the bill. He said that money could only be loaned now for about the same interest as was given it in England.

Mr. Wood of Hamilton favored the bill, and Mr. McMullen pointed out to the Government the danger of all the loan companies joining together and squeezing the farmers for higher interest.

Dr. Sproule and Mr. Clarke Wallace spoke against the large powers which were being given to the company, and the danger of their increasing the interest. Mr. Osler supported the bill.

It may be explained that the bill is for incorporating the Canada Permanent, the Freehold, the Western Canada and London, Ontario Loan Companies. The clause in regard to investment was held over.

The bill was allowed to stand over until the next meeting.

LORD HERSCHELL WAS RICH.

Not a Millionaire, But Enough to Keep One Comfortably.

London, May 15.—The will of the late Baron Herschell, the former Lord Chancellor and member of the Anglo-American-Canadian Commission, who died in Washington on March 1 last, was probated today. The estate is valued at £153,000.

Bicycle Workers' Union.

Toledo, O., May 15.—The Executive Committee of the International Union of Bicycle Workers announces the election of F. J. Argus of Toronto, Ont., as vice-president of the organization. They also announce their purpose to wage vigorous campaigns during the next few months.

MAIL DRIVER ARRESTED.

William Ball Taken in Custody at Brockville Under a Serious Charge.

Brockville, Ont., May 15.—A young man named William Ball, who has been for some time employed as mail driver here, was tonight arrested on a charge of abstracting registered letters and articles of value from the mails. Several complaints have been made of late to the postmaster, and strict watch has been kept. The result was that suspicion pointed to William Ball. The Chief of Police and postmaster searched his room to-night, and found certain articles and letters of which he could not give a satisfactory account, and he was promptly taken into custody.

FEAST OF WEEKS.

Second Festival of the Jewish Year is Being Generally Celebrated.

Shovuos, the second festival of the Jewish year, began Sunday night and will conclude to-day at sunset. The festival is observed for two distinct reasons—firstly, because it marks the completion of the wheat harvest in the Holy Land, and secondly, because it commemorates the giving of the Ten Commandments on Mount Sinai.

The Jews have four names for this festival: 1, Chag Hashovuos, feast of weeks, because seven complete weeks have been counted from the Passover; 2, Yom Habekurim, day of first ripe fruits, because on this day the first ears of the ripe wheat were offered in the Temple; 3, Chag Hakotzur, harvest festival, because it was the period of the wheat harvest; 4, Zman Matau Torah, the time of giving the law, because on the sixth day of Sivan, corresponding this year with the 15th day of May, the Ten Commandments were given by God from the top of Mount Sinai.

THE PEG-LEG MUST DIE.

Efforts to Secure a Commutation Have Failed at Ottawa.

Ottawa, May 15.—The Cabinet has decided that the law shall take its course in the case of M. Brown, who shot and killed Policeman Toohey in London, Ont., and Lord Minto has signed an order to-day approving the decision. Brown, therefore, will be hanged on Wednesday next, the 17th inst. Radcliffe has arrived to make the necessary preparations.

A MAN'S SOUL LIES IN HIS STOMACH.

The Reason Why we Have so Many Cynics.

If Every Pessimist Were to Cure his Dyspepsia by the Use of Dodd's Dyspepsia Tablets the World Would be so Much the Happier.

Why do some men look at everything in a cheerful light? No matter what happens they always see the bright side of it. Such men are always happy and they cheer up everybody near them.

Look at Jones there, laughing and slapping his pale-faced friend on the back. "How are you, old man?" he almost shouts. "Glad to see you. Great weather we're having; wet, but great weather for the farmers. Makes a man feel brand new."

Jones looks as if he felt brand new, but his friend doesn't.

"I think it's miserable weather," says he.

"Oh, no. It's fine; just what we need at this time of the year," says Jones.

"I don't see it," says his friend. "Wet, sloppy, dirty under foot and dark over head. It gives a man the blues, spoils his appetite. Makes him feel like jumping off the end of the dock."

"Oh, pshaw, man, brace up," says Jones. "Your stomach is out of order—that's what's the matter with you."

"I know it is," says his friend.

"I used to be a chump like you," says Jones; "always down in the mouth, couldn't enjoy a good square meal and couldn't digest it afterwards. But I swore off all that."

"What did you do?" asked his pale-faced friend with interest.

"I took Dodd's Dyspepsia Tablets," said Jones.

"Did they cure you?" asked his friend.

"Look at me," said Jones.

Dodd's Dyspepsia Tablets are for sale at all druggists, at fifty cents a box.

THE ROBERT SIMPSON COMPANY LIMITED

TUESDAY, MAY 16, 1899.
