INTERNATIONAL

THROAT AND LUNG INSTITUTE.

Offices—London, Eng.; Montreal, P. Q.; Toronto, Ont.; Winnipeg, Man.; Detroit, Mich.; and Boston, Mass.

The Greatest Institution of the kind in the World

If you have already contracted any disease of the respiratory tract, such as **Laryngitis, Bronchitis, Catarrh, Asthma, Consumption,** or **Catarrhal Deafness,** which is produced by catarrh, you should at once consult the Surgeons of the International Throat and Lung Institute, who make a specialty of these diseases, and who use the **Spirometer** invented by Dr. M. Souvielle of Paris, ex-Aide-Surgeon of the French Army, the only instrument by which medicated air can be conveyed to the lungs through the nasal passages, and without the aid of heat. Hundreds suffering from diseases of the lungs and throat are being cured monthly by these surgeons, who, without the aid of this new and wonderful instrument—the spirometer—would certainly die.

Physicians and sufferers are invited to try the instrument at the offices free of charge.

Persons unable to visit the Institute can be successfully treated by letter addressed to the International Throat and Lung Institute, 13 Philips' square, Montreal; or 173 Church street, Toronto, where French and English specialists are in charge.

Also for the construction of a lock, together with the enlargement and deepening of the upper entrance of the Rapide Plat Canal, or middle division of the Williamsburg Canals.

Tenders will also be received until TUESDAY, the 27th day of November next, for the extension of the pier work and deepening, etc., of the channel at the upper entrance of the Galops Canal.

A map of the head or upper entrance of the Cornwall Canal and the upper entrance of the Rapide Plat Canal, together with plans and specifications of the respective works, can be seen at this office, and at the Resident Engineer's office, Dickenson's Landing, on and after Tuesday, the 30th day of October next, where printed forms of tender can be obtained.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and further, an accepted Bank cheque for the sum of *Two Thousand Dollars* must accompany the Tender, which sum shall be forfeited if the party tendering declines entering into contract for the works at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

This Department does not, however, bind itself to accept the lowest or any tender.
