Note and Comment

The semi-finals and final of the charity curling bonspiel will be curled to-night at the Queen City Rink. The four rinks remaining are J. Ormerod, Aberdeen; C. Bulley, Prospect Park; A. Walker, Queen City, and G. G. McKenzie, Lakeview. The draw will be made at 7.30, when the semi-finals will start. The winners play the final, starting at 9 o'clock.

Jim Corbett will be chief second for James J. Jeffries in the battle with Jack Johnson in California July 4 next. At least, he says so himself. Jim is in the city, playing at the Majestic, and after telling his stock monolog stories he satisfies the fancy by a talk on the fight. The chief second would not call his man to win as a certainty. Far from it—"For I believe," he says, "Jeffries has a tough job on his hands." Corbett continues, declaring that should Jeffries train to his old-time form he will surely bring the championship back to the white race: "For Jeff can hit some; I met him twice and should know."

Ben Houser keeps up the good work with the stick. The Philadelphia team won again on Sunday at Atlanta, Ga., defeating the Georgia Technical team 5 to 2. The despatch says: All of the Athletics' runs were made in the first five innings, when they bunched hits with three errors and a base on balls. Egan, Mack and Houser starred at the bat, each man getting two safe swats, and all of these bingles figured in the run-getting.

To the north woods for everyone, when the deer season opens next fall. John D. Burnham, chief game protector of New York State, has just made a statement that at least one thousand deer had died in the Adirondacks during the present winter, and that it would not be surprising if double that number of dead deer were found when the snow melted.

Hamilton Herald: The C.F.A. is composed at the present time of two teams, the Britannias and West Torontos, and its organization was the result of some trouble in Toronto soccer circles. Unless it can get the Hamilton teams to work with it there is little chance of it existing thruout the season. The local teams are not favorable to joining the outlaw organization, and if there is any intercity league it will be formed in connection with the Toronto and District League.

"These two dozen clubs," said Secretary Tom Robertson, in reporting the list of teams already in affiliation with the Toronto and District, "will attend to the funeral obsequies of the Mic-Mac League."

The Philadelphia cricket team will leave from New York for Bermuda next Saturday on the SS. Oceana of the Quebec Line. A series of international matches will be played in Bermuda. The Philadelphia team will include J. J. McDonogh, H. V. Hordern, L. Montgomery, W. P. O'Neil, Richard Patton, C. H. Clark, Montgomery Harris, A. J. Henry, Randal Williams, A. F. Valentine and P. N. LeRoy.

The winter's record of the Wanderers warranted their lifting the Stanley Cup, as one of the Montreal papers says: The team as a whole, in their match Saturday with Ottawa, gave additional evidence of their right to be styled one of the best balanced hockey sevens ever turned out in Canada. The impression of balance has been noted since the beginning of the season, and if the regular seven had played against Haileybury in Haileybury the team would be still undefeated. That was Wanderers' only defeat of the season. One more match remains for Wanderers. They must defeat Canadians on Wednesday, and that looks like an easy proposition. The honors will be theirs by defeating the Canadians. A defeat by Canadians would bring Ottawa and Wanderers on even terms, unless Renfrew defeats Ottawa Tuesday night.

Rapid Water, a well-known racer, for whom S. C. Hildreth paid $10,000 three years ago, has been purchased by R. J. Mackenzie, who will race the horse and later place him at the head of his stud.

F. C. Stern, one of England's very wealthy young turfmen, recently rode his horse to victory twice in one day at a steeplechase meeting. Mr. Stern last July paid $75,000 for the brood mare Flair and her foal. Twenty-four hours later he sold the foal to Sir Ernest Cassel for $15,000.

La Fleche, one of the best mares on the English turf, will be mated this season with Richard Croker's Orby, whose stud fee is $500. Sir Sutton Sykes, owner of La Fleche, has long been noted for each year obtaining extraordinarily high prices for the yearlings which he sends to market. His custom has been to mate his mares with the most fashionable stallions.

Not only is Lord Rosebery given a great chance to win this year's Derby with Neil Gow, but English turf writers are already proclaiming that he may win the Derby of 1911 with a son of Cyllene, which has not yet been seen in public.

The annual meeting of the Ontario Cricket Association was held last night in the Walker House. President D. A new feature this year will be the playing of a Western Ontario team of a series of matches in Toronto, while a Toronto team will tour in the north, playing in Barrie, Orillia and other places. The All Ontario v. Toronto and Ontario v. Quebec matches will also be carried out again this year.

Fourth Test Match.

LONDON, March 7.—At Capetown today England was all out for 243 in the first inning of the fourth test match.

C. B. A. Gossip.

President Frank Johnston of the C. B. A. was called home from Detroit owing to the death of his nephew, he leaving Eddie Sutherland there to do the missionary work for the C.B.A. Frank may go back to Detroit to-day.

Eddie Sutherland wired last night from Detroit that he had secured four more American teams to compete in the C.B.A., and has promises of half a dozen more.

Glen Fisher of Chicago, now leading the A.B.C. at Detroit in the singles with 660, and known to many of the Toronto bowlers, will be here for the C.B.A. tourney. It is to be hoped that he and Larry Sutton of Rochester arrive at the same time, for a match game between these two would be worth seeing.

George Shore, who used to bowl with Carswells in the Printers' League and the Torontos in the Toronto League, is here for the C.B.A. with the Ottawa team.

The Toronto bowlers who have returned from Detroit say that the old wooden balls are being used by all the cracks on the other side. Of course, all these balls are loaded.

Good Scores at Detroit.

DETROIT, March 7.—The leaders were undisturbed in to-day's contests in the tournament of the American Bowling Congress. The average of the scores was high, but there was no phenomenal work, and the scores have climbed so high that it will take shootinf far above the general run to beat the top-notchers.

Joe Shaw and Joe Rivest of Chicago were the leaders of the day's squads in the two-man events. They shot 1185 and jumped into sixth place.

Another Chicagoan, Walter Peters, had the best count in the singles, with 639, which landed him in fifth place. C. Kroll of Cleveland had the next best score and slipped into tenth place with 633.

In the five-man squad, the Saramitas of Wheeling, W.Va., rolled into second place with the high count of 2872. Their good total was due to a third game of 1021, the second highest of the tournament.

In the five-man events the Libertys of Rochester are now fifth with 2789, Elks No. 31 of Syracuse are sixth with 2787, and the Rovers of Buffalo are eighth with 2770.

Individual scores to-day included: J. Fentherstonhaugh 594, J. A. Lockie 567, A. E. Goodwin 567, J. Gress 556, H. W. Pollack 546, J. G. Floss 566, Wm. J. Lueth 566 and H. Kuster 565, all of Buffalo.

Detroit Five Coming.

The basketball game between West End and Detroit on Friday looks to be one of the fastest of the season. The west enders have been practising hard for this game and are going to make it a hard contest. The team will line up a little different than usual, Robertson taking Tait's place on the forward and Harman in Bickel's place, with Brock in centre and Vogan and Montgomery on the defence. This defence is putting up a strong game. They have just struck their gait and are working well together.

PRESTON BEATS KINGSTON

Goes to Kingston To-Morrow Night With Lead of Three Goals.

PRESTON, March 7.—The fastest and most brotherly hockey game was played here to-night between the Kingston and Preston junior. The call was sounded at sharp 8.15, when the boys were cheered by about 1500 people. Everything passed off very pleasantly and everybody was pleased. The first 15 minutes the score was 3—3, and at half-time it did not change; the next 15 minutes it was 3—5 in favor of the home team. The last 15 minutes Preston scored another goal, which made the score 6—3 in favor of Preston. The line-up was as follows:

Preston (6)—Goal, Short; point, Bowman; cover, Rahn; rover, Walker; centre, Beith; right wing, Shearer; left wing, Sullivan.

Kingston (3)—Goal, Marchand; point, Davidson; cover, Hylands; rover, Brouse; centre, Hunt; right wing, Sommerville; left wing, Molan.

St. Miques vs. Parkdale To-Morrow.

Good hard ice is promised for to-morrow night's game between Parkdale and St. Michael's in the first of the home-and-home games for the senior O. H. A. championship. St. Miques are the favorites in the betting, but many are not overlooking Parkdale, for they think the paddlers will give them a hard run for the J. Ross Robertson Cup. The plan for the game is on sale at 189 Yonge-street.

Game on Thursday Night.

It will be some hockey game on Thursday night at Mutual-street Rink, when the White Company, champions of the western district of the Senior Interassociation Hockey League, clash sticks with the fast Broadview seven, champions of the eastern section of the same league.

The White Company lost the first game of the season and since have been sweeping everything before them, while the east end boys are still to be beaten in the city, and also picked the watches at the Markham tourney, so they claim you can now watch them change the clean record of the White Company.

This game will be handled by Gander Addison of Parkdale C.C. fame, so the patrons can depend upon one grand game of fast, clean hockey all the way. Tickets can be had at 343 Yonge-street.

Mutuals Win by 4 to 3.

A game of hockey took place at Mutual street Rink last night between the Mutuals and Combines. At full time the score was 3—3. Playing five minutes' overtime, the Mutuals proved the better stick-handlers, and won by 4 to 3. Ted Marriott refereed and proved satisfactory to both teams. The line-up:

BRITISH UNITED CONCERT

Big Crowd Enjoy Excellent Program in Labor Temple—Nurse Wins.

The fourth annual concert of the British United Athletic Club was held last night at the Labor Temple before a full house. An excellent program of singing and dancing, together with a fine line of boxing and wrestling, was provided. The feature event of the evening was the wrestling bout between Sheridan of Oshawa, the 115-lb. champion of Scotland, and Art Nurse of Central Y.M.C.A. for a gold medal, donated by the B.U.A.C. Sheridan was touted to be a wonder, and was fully expected to get the jewelry in a hurry, but surprises will be sprung, as was the case last night. The men seemed to be evenly matched, and neither gained any advantage in the first five minutes. At the seven-minute mark the local boy got a scissors hold and forced the Scottish champion to hoist the white flag. In the second period Sheridan was expected to even up, but such was not the case. Nurse rushed his man from the start, and in three minutes pinned him with a shoulder hold, thus winning the medal. The boxing and wrestling bouts by the Midgets were well received by the spectators.

ANTI-MUZZLERS PROTEST AGAINST DOG REGULATION

Say Order is Cruel, Torturous and Unnecessary, and Ask for Its Repeal.

Four hundred anti-muzzlers, including a sprinkling of women, were present in St. Andrew's Hall last night to protest against the official flat ordering the muzzling of all dogs on Toronto streets.

A resolution, moved by Frank Slatter, and seconded by Capt. George Vennels, declaring that the muzzling operation was "cruel, tortorous and unnecessary," was passed almost unanimously. The resolution stated that the wagon place don the streets for the arrest of stray dogs for four months of the year should be continued in operation all the year round, and also the muzzling order should be rescinded.

But one adverse delivery, that of Dr. William Mohl, was tolerated by the audience, and only after Rev. P. C. Laverton Harris had threatened to resign his chairmanship would the meeting consent to give the doctor a fair hearing.

The ladies were the chief offenders, one indignant feminine anti-muzzler loudly proclaiming the opinion that the speaker was in the pay of the muzzle manufacturers.

Raised With Dogs.

"I have been raised with dogs all my life," said Frank Slatter, president of the Ontario Kennel Club, in introducing the resolution, a statement which elicited considerable laughter, until the speaker explained that he referred to his canine connection.

He expressed the opinion that the outcry of rabies emanated from people who were interested in the erection of Pasteur institutions. In conclusion, he stated that the civic authorities would show more sense if they looked into the question of a pure water supply than attempting to enforce the muzzling order.

Flowers of Speech.

"Superfluity of stupidity," was Post Sabine's characterization of the by-law.

"It spoils the physiognomy of a dog," he observed, "when you put a wire cage on his face. I would rather muzzle the politicians than the dogs any day."

He also ventured the opinion that the city water was enough to give rabies to either biped or quadruped.

Capt. G. Vennels related a long string of doggy anecdotes, instancing the case of his Newfoundland dog, which had saved a man from drowning in the bay.

"Had that dog been muzzled," he asked the audience, "how could he have saved a human life, even if it had been that of Dr. J. A. Macdonald of The Globe?"

Muzzle the Editors.

The mad dogs of the press who were responsible for this outcry, should be muzzled, he stated, and concluded by hinting darkly that someone who had an ax to gring was behing this muzzling movement.

Dr. D. W. McPherson, speaking with 40 years' experience as a veterinary surgeon, was prepared to pay $100 to any man who could point to a case of rabies in Toronto, and Rev. J. M. Wilkinson, C. Carlisle, Dr. J. Edwards also spoke in favor of the resolution.

Dr. Mohl, whose views differed from the audience, had considerable difficulty in telling the meeting that he was in favor of drastic measures for the stamping out of rabies, his concluding statement that he approved of the government's action being received with an outburst of cat-calls and hisses.

Rev. P. C. Laverton Harris presided.

Body Guards Indoor Champions.

The final games of the Garrison Indoor Baseball League was played last night, and resulted in a victory for the Body Guards by two runs. Score: Body Guards, 18; Mississagua Horse, 16. Batteries—Nicholson and Wooley; Seddon and Bartlett.

Ottawa Has Highest Score At Fourth C.B.A. Opening

Dr. Pinard's Team Rolls 2655 By Consistent Work—To-day's Program.

Owing to the absence of Mayor Geary in Ottawa it fell to the lot of Ald. McGuire to set the ball rolling in the fourth C.B.A. tournament, which opened last night at the Athenaeum alleys. After a few introductory remarks by Ald. McGuire, he and Ald. May rolled the first ball down the drives, the former running into a split, while Ald. May had the pleasure of seeing his go down the gutter.

Six teams rolled last night, five in the open event and one in the novice, the results showing Ottawa the leaders for the first night with 2655, they showing consistent work all thru with F. Archambault the high roller with 571.

To-day's program has another outside team rolling, the ideals of London, who roll at 3 o'clock, while this afternoon and evening the Ottawa, Montreal and London bowlers will roll their doubles and singles.

Floss took the world's champion, Jimmy Smith, to bowl exhibition at Sandusky on Friday evening against a bowler of that city and instead of that the management made arrangements with Louis Franz, the champion bowler of the west, to meet Smith. This exhibition at Sandusky was bowled on brand new alleys and Smith won seven out of nine games, beating Franz by 124 pins, the match being total pins. It looked bad for Smith after the first game, Franz having a lead of 60 pins, but Smith made up in the following games:
