Upper School Examination Results for Entrance Into the Faculties of Education

The following list contains the names of all the candidates who have passed no one or more parts of the upper school examination for entrance into the faculties of education at the University of Toronto and Queen's University, Kingston. The examination passed is indicated after each name. The certificates of those who have passed and the statements of marks of those who have failed will be mailed to the principals and inspectors in due course.

The appeal examiners have already re-read the papers of each candidate whose marks would in former years have justified an appeal. Where such candidate has still failed his statement of marks will be stamped as re-read and no further appeal will be allowed. In all other cases of failure appeals will not be refused if made before Sept. 1 and accompanied by the fee of $2. In view of all the precautions taken, however, it is most unlikely that such appeals would succeed.

Successful candidates who desire to attend the coming session of either faculty of education must make application to the dean of the faculty at the university concerned, from whom may be obtained the forms of application and all other necessary information. The session of the faculty opens on Sept. 30, when all candidates must be present. Applicants are required to be at least 19 years of age before Oct. 1.
