GRAIN AND PRODUCE.

Continued liberal northwest receipts, dull Liverpool cables and a good increase in the European visible caused a lower opening in wheat at Chicago on Tuesday. Prices soon recovered, however, on covering of shorts and absence of selling pressure, and closed around the top, at an advance of ¾c from previous day.

Winnipeg followed Chicago, opening fractionally lower, but rallying on improved cash demand. The May option sold as high as $1.06¼ and closed only ¼c lower, a net gain of ½c from previous session. No. 1 northern wheat at the close was quoted at $1.02½.

In accord with the strength of other markets, local dealers raised Manitoba wheat ½c all round, placing Nos. 1 and 2 northern at $1.12½ and $1.10½ respectively. Other grains were unchanged.

Local grain dealers' quotations are as follows:

Manitoba wheat—No. 1 northern, $1.12½; No. 2 northern, $1.10½, track, lake ports; ½c over these prices with winter storage.

Chicago Gossip.

J. P. Bickell & Co say at the close: Wheat—Higher—Weaker cables and liberal receipts occasioned a lower opening, but continued good demand for cash turned market, and lack of offerings resulted in a good rally, closing session with a net gain of ¾c. Commercial news continues in favor of holders, but as trade is inclined to the short position do not buy on bulges, but on all declines we continue to advise purchases.

Erickson Perkins & Co. had the following:

Wheat—Reports indicate less disposition on the part of farmers to sell, but considerable in transit yet to come. To-day's market was simply another case of the floating speculative wheat having been absorbed and an oversold market. Therefore, we repeat our advice to those bearishly inclined to avoid selling on weak spots.

Corn—An oversold market, the accumulation of short sales for several days, started an advance in prices, which ran a full cent from opening values. Commission houses were fair buyers and the selling was chiefly on scale orders. This rally may put prices still higher temporarily, but in the end we must confront the cash position.

Oats—Prices moved in sympathy with other grains and rallied ¾c from the low point. Shorts covered and the selling was on resting orders.

Liverpool Grain and Produce.

LIVERPOOL, Feb. 8.—Closing—Wheat—Spot dull; No. 2 red western, winter, no stock; futures firm; March, 8s 1¼d; May, 7s 11d; July, 7s 10d. Corn—Spot new American mixed quiet, 5s 6½d; old American mixed, steady, 5s 8½d; futures steady; March, 5s 6¾d; May nominal. Hams—Short cut, dull, 62s 6d. Lard—Prime western, steady, 63s. Linseed Oil—Dull, 35s.

WATCH WESTON GROW.

Winding for two miles along the eastern bank of the River Humber sixty feet above the river basin, and less than three miles from the City of Toronto is the picturesque Village of Weston, with its six churches, spacious public school and high school. This is the most beautiful of all the residential suburbs of the city.

At both ends of the village are excellent factory sites of from one to twenty acres, convenient sidings from the G.T.R. and C.P.R. easily obtainable. There are eighteen trains daily, nine on each railway, to and from Toronto, timed to suit both business men and mechanics with monthly five-cent tickets to Union Station.

Streets and residences have electric light, gas is being arranged for, and an excellent waterworks system is now being installed, thus affording all modern conveniences. The suburban street railway gives a twenty-minute service, connecting at Keele-street with the Dundas cars, or a Bathurst and Davenport-road. Goulding & Hamilton, 106 Victoria-street, M. 3300, have a branch real estate office at 291 Main-street, Weston, and are selling building lots, any frontage at from $4.00 to $15.00 per foot, residences with gardens and fruit from $900 to $4500, also farms from $70 per acre up, also several houses to rent.

A case is cited in The Experiment Station Record, in which certified milk supplied from a certain dairy was found to contain traces of copper. Upon investigation, it was found that the origin of the copper was from a boiler compound, and had been transmitted to the milk by means of live steam employed in sterlizing the milk cooler.

February should be the time for the amateur gardeners to select their spring seeds and towards the close of the month to sow seeds of verbenas, lobelias, cockscombs, double petunias, sweet sultan schizanthus and mignonette in pots or boxes in the window. These will come in useful in early spring for window boxes and hanging baskets.

Looking for Husband.

To allow the police time to locate her husband, who disappeared after turning her over to the officers on a charge of being insane, Mrs. Helen J. Reid, adjudged insane by the doctors, was remanded a week in police court yesterday morning. Magistrate Ellis declared that the husband had been before him for abusing the woman and he was very anxious to have him located.
